REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Cache Capital Corporation
Salt Lake City, Utah

We have audited the accompanying balance sheets of Cache Capital Corporation as of December 31, 2015 and 2014 and the related statements of operations, stockholders' equity and cash flows for each of the years in the two-year period ended December 31, 2015. Cache Capital Corporation's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cache Capital Corporation as of December 31, 2015 and 2014 and the results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming Cache Capital Corporation will continue as a going concern. As discussed in Note 5 to the financial statements, Cache Capital Corporation has incurred losses since its inception and has not yet established profitable operations. These factors raise substantial doubt about the ability of the Company to continue as a going concern. Management's plans in regards to these matters are also described in Note 5. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

part of these financial statements.

CACHE CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – Cache Capital Corporation was incorporated in the State of Utah on September 26, 2006. Its stated primary purpose of business is to make short term loans and to factor accounts receivable, invoices, and other items.

The Company has not yet generated significant revenues from their planned principal operations and is considered a development stage company. The Company has, at the present time, not paid any dividends and any dividends that may be paid in the future will depend upon the financial requirements of the Company and other relevant factors.

Revenue Recognition - The Company utilizes the accrual method of accounting whereby revenue is recognized when earned. Revenue is generated from interest received on loans receivable.

Income Taxes - The Company accounts for income taxes in accordance with ASC Topic No. 740, "Income Taxes." This standard requires the Company to provide a net deferred tax asset or liability equal to the expected future tax benefit or expense of temporary reporting differences between book and tax accounting and any available operating loss or tax credit carryforwards.

The Company adopted the provisions of ACS Topic 740, Accounting for Uncertainty in Income Taxes, on January 1, 2007. As a result of the implementation of ASC Topic 740, the Company recognized no increase in the liability for unrecognized tax benefits.

The Company has no tax positions at December 31, 2015 and 2014 for which the ultimate deductibility is highly certain but for which there is uncertainty about the timing of such deductibility.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. During the years ended December 31, 2015 and 2014, the Company recognized no interest and penalties. The Company had no accruals for interest and penalties at December 31, 2015 and December 31, 2014. All tax years starting with 2010 are open for examination.

Basis of Accounting – The Company's activities are accounted for using the accrual basis of accounting as required under generally accepted accounting principles. Income is recognized when earned and expenses are recognized when incurred.

Cash and Cash Equivalents – The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Loss Per Share – The computation of loss per share is based on the weighted average number of shares outstanding during the period presented in accordance with Accounting Standard Codification No. 260, "Earnings Per Share" [See Note 3].

CACHE CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated by management.

Fair Value of Financial Instruments – The Company estimates that the fair value of all financial instruments at December 31, 2015 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet.

Recently Enacted Accounting Standards – The Financial Accounting Standards Board (FASB) established the Accounting Standards Codification (“Codification” or “ASC”) as the source of authoritative accounting principles recognized by FASB to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States (“GAAP”). Rules and interpretive releases of the Securities and Exchange Commission (“SEC”) issued under authority of federal securities laws are also sources of GAAP for SEC registrants.

Recent Accounting Standards Update (“ASU”) through ASU No. 2016-15 which contain technical corrections to existing guidance or affect guidance to specialized industries or entities were recently issued. These updates have no current applicability to the Company or their effect on the financial statements would not have been significant.

NOTE 2 – STOCKHOLDERS’ EQUITY

At December 31, 2015 there are no shares of preferred stock issued or outstanding.

On October 4, 2006, the Company issued 2,700,000 shares of common stock (initial organization for \$2,700, or \$.001 per share).

On October 5, 2006, the Company issued 620,000 shares of common stock for \$31,000, or \$.05 per share.

On June 25, 2007, the Company issued 500,000 shares of common stock for \$125,000, or \$.25 per share.

CACHE CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 3 – LOSS PER SHARE

The following data show the amounts used in computing loss per share:

	For the Year ended December 31, 2015	For the Year ended December 31, 2014
Loss from continuing operations available to common shareholders (numerator)	\$ (21,816)	\$ (21,409)
Weighted average number of common shares outstanding used in loss per share during the period (denominator)	3,820,000	3,820,000

Dilutive loss per share was not presented, as the Company had no common equivalent shares for all periods presented that would affect the computation of diluted loss per share.

NOTE 4 – INCOME TAXES

The Company accounts for income taxes in accordance with ACS Topic No. 740, "Income Taxes". ACS No. 740 requires the Company to provide a net deferred tax asset/liability equal to the expected future tax benefit/expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. The Company has available at December 31, 2015 an operating loss carryforward of approximately \$193,800 which may be applied against future taxable income and which expires in various years through 2035.

The amount of and ultimate realization of the benefits from the operating loss carryforwards for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the loss carryforwards, the Company has established a valuation allowance equal to the tax effect of the loss carryforwards. The net deferred tax assets are approximately \$37,300 and \$33,100 as of December 31, 2015 and 2014 with an offsetting valuation allowance of the same amount. The change in the valuation allowance during the period ended December 31, 2015 is approximately \$4,200.

CACHE CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 5 – GOING CONCERN

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has incurred losses since inception and currently has no revenue generating activities. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard, management is proposing to raise additional funds not provided by operations through loans and/or common stock sales. There is no assurance that the Company will be successful in raising this additional capital or in achieving profitable operations. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

Building Lease Agreement – In October 2012, the Company signed a lease for operating space, which has been renewed annually since then. The current renewal will expire in October 2016. The Company is currently making a monthly payment of \$682. Lease expense for the year ended December 31, 2015 and 2014 was \$7,986 and \$7,749 respectively. The future minimum lease payment is \$6,820 as of December 31, 2015.

NOTE 7 – RELATED PARTY TRANSACTIONS

Shareholder Advances – During the years ended December 31, 2015 and 2014, an officer and shareholder of the Company, or entities related to him, made advances of \$20,750 and \$15,000 to the Company to pay expenses of the Company. At December 31, 2015 the Company owes \$35,750 to the shareholder. The advances bear no interest and are due on demand..

NOTE 8 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events from the balance sheet date through September 14, 2016 and determined there are no events to disclose.
