To all GeckoSystems' Stakeholders-

Recently I learned that Brown Brothers Harriman "misplaced" over 24% of all GOSY shares in the float of freely traded stock in 2012. (See attached.) This represents a multi-million dollar theft by deception and/or unjust enrichment. These stolen shares seem to have been used for several years to manipulate our stock price down. Essentially we believe that BBH prefers to drive us out of business to preclude paying the tens of millions of dollars in damages. I have personally lost several million dollars due to their alleged international criminal activities here.

We are aggressively seeking a prompt and equitable resolution regarding this egregious theft. (See attached.)

Sincerely,

R. Martin Spencer, MBA
Founder/CEO

Re: BBH Multi-million-dollar theft of GOSY stock

Dear Mr. Hutson:

My name is Martin Spencer. I founded GeckoSystems Intl. Corp. in 1997 to develop and provide *AI Mobile Robot Solutions for Safety, Security and Service*.TM We became publicly traded by satisfying FINRA's 15c211 process and requirements in 2007. As CEO of GeckoSystems, I take my stockholder fiduciary responsibilities, both legally and morally, very seriously.

Last month, we became of information and belief that BBH has participated in a scheme to unjustly enrich itself and others using wire fraud to steal fifty million (50,000,000) GOSY shares from one of our long-time shareholders. That theft represents over twenty-four percent (24.1%) of the shares in the public float. While this theft occurred some years ago, only recently did we uncover the evidence, with specificity, to substantiate the reality of this egregious theft and BBH's willing participation. (See attached.)

Our investor, Mr. Noah Clark, attempted to obtain your firm's assistance some weeks ago to effectuate the immediate return of his stolen GOSY stock. He was rebuffed and there has been no subsequent response to date. After being apprised by him of his experience, due to my fiduciary responsibility to all our shareholders, we are now prepared to initiate significant litigation, civil and/or criminal, against BBH. We will not do so prior to close of business the end of next week, November 11.

Ignoring this good faith attempt to resolve this matter prior to filing criminal charges with multiple local, state, and federal authorities is at your firm's peril.

I hope for, and prefer, a prompt, thoughtful and professional response to this communication.

Sincerely yours,

R. Martin Spender, MBA
Founder/CEO
