Management of the Company ("Management") believes that the following disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the audited financial statements and the notes thereto for the year ended September 30, 2015.

These unaudited financial statements reflect all adjustments, consisting only of normal recurring adjustments that, in the opinion of Management, are necessary to present fairly the financial position and results of operations of the Company for the periods presented. Operating results for the nine months ended June 30, 2016, are not necessarily indicative of the results that may be expected for the year ending September 30, 2016.

NOTE 2 – Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, the Company did not generate sufficient revenue to generate net income and has a limited operating history. These factors, among others, may indicate that there is substantial doubt that the Company will be unable to continue as a going concern for a reasonable period of time.

The financial statements do not include any adjustments relating to the recoverability and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis and ultimately to attain profitability. The Company intends to seek additional funding through equity offerings to fund its business plan. There is no assurance that the Company will be successful in raising additional funds.
