American Green continues to offer retailing, branding and commercial cultivating strategies in conjunction with its ongoing business with various licensed medical marijuana medical and retail dispensaries. The company has consulted with dispensary operators in California, Colorado, Washington, Oregon and Arizona. Being located in Arizona, a very effectively regulated legal cannabis market, American Green is focusing on providing goods and services that operators of licensed nonprofit cannabis dispensaries in regulated environments require. The Company makes licensing of its brand and logo available to these operators to advance American green's strategy of becoming a national recognized cannabis brand.

The Company's image is very attractive to a segment of the population, including both Millennials and Baby Boomers. As such, American Green is creating products for sale under license that appeal to these groups.

These include custom packaging for pre-rolls, cured flower and solvent free extractions. All products will be distributed by the producer under license throughout the state at participating dispensaries and retail locations.
