1. ORGANIZATION AND NATURE OF BUSINESS

Iconic Brands, Inc., formerly Paw Spa, Inc. ("Iconic Brands" or the "Company"), was incorporated in the State of Nevada on October 21, 2005. On May 15, 2015 (See Note 4), the Company executed an agreement to acquire a 51% interest in BiVi LLC, the brand owner of "BiVi 100 percent Sicilian Vodka" (the "Product").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (a) Basis of Presentation and Going Concern

The financial statements are prepared on a "going concern" basis, which contemplates the realization of assets and liabilities in the normal course of business; however, there is substantial doubt as to the Company's ability to continue as a going concern.

As of June 30, 2016, the Company had negative working capital of $1,136,830 and a stockholders' deficiency of $5,445,271. The Company also incurred a net loss of $2,521,223 for the six months ended June 30, 2016 and has accumulated losses of $16,878,281 as of June 30, 2016. These factors create substantial doubt as to the Company's ability to continue as a going concern.

The Company plans to improve its financial condition through its investment in BiVi LLC (see note 4). However, there is no assurance that the Company will be successful in accomplishing its objectives. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

(c) Fair Value of Financial Instruments

Generally accepted accounting principles require disclosing the fair value of financial instruments to the extent practicable for financial instruments which are recognized or unrecognized in the balance sheet. The fair value of the financial instruments disclosed herein is not necessarily representative of the amount that could be realized or settled, nor does the fair value amount consider the tax consequences of realization or settlement.

In assessing the fair value of financial instruments, the Company uses a variety of methods and assumptions, which are based on estimates of market conditions and risks existing at the time. For certain instruments, including cash and cash equivalents, accounts receivable, accounts payable, and accrued expenses, it was estimated that the carrying amount approximated fair value because of the short maturities of these instruments. All debt is carried at face value.

(d) Cash and Cash Equivalents

The Company considers all liquid investments purchased with original maturities of ninety days

or less to be cash equivalents.

(e) Accounts Receivable, Net of Allowance for Doubtful Accounts

The Company extends unsecured credit to customers in the ordinary course of business but mitigates risk by performing credit checks and by actively pursuing past due accounts. The allowance for doubtful accounts is based on customer historical experience and the aging of the related accounts receivable.

(f) Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market, with due consideration given to obsolescence and to slow moving items. Inventory at June 30, 2016 and December 31, 2015 consists of cases of BiVi Vodka purchased from our Italian supplier.

(g) Revenue Recognition

Revenue from product sales is recognized when all of the following criteria are met: (1) persuasive evidence of an arrangement exists, (2) the price is fixed or determinable, (3) collectability is reasonably assured, and (4) delivery has occurred. Persuasive evidence of an arrangement and fixed price criteria are satisfied through purchase orders. Collectability criteria are satisfied through credit approvals. Delivery criteria are satisfied when the products are shipped to a customer and title and risk of loss passes to the customer in accordance with the terms of sale. The Company has no obligation to accept the return of products sold other than for replacement of damaged products. Other than quantity price discounts negotiated with customers prior to billing and delivery (which are reflected as a reduction in sales), the Company does not offer any sales incentives or other rebate arrangements to customers.

(h) Shipping and Handling Costs

Shipping and handling costs to deliver product to customers are reported as general and administrative expenses in the accompanying statements of operations. Shipping and handling costs to purchase inventory are capitalized and expensed to cost of sales when revenue is recognized on the sale of product to customers.

(i) Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with Accounting Standards Codification ("ASC") Topic 718, "Compensation- Stock Compensation". For the six months ended June 30, 2016 and 2015, stock-based compensation totaled $0.

(j) Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those

temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is not more likely than not that some portion or all of the deferred tax assets will be realized.

(k) Net Income (Loss) per Share

Basic net income (loss) per common share is computed on the basis of the weighted average number of common shares outstanding during the period of the financial statements.

Diluted net income (loss) per common share is computed on the basis of the weighted average number of common shares and dilutive securities (such as stock options, warrants, and convertible securities) outstanding. Dilutive securities having an anti-dilutive effect on diluted net income (loss) per share are excluded from the calculation.

(l) Recently Issued Accounting Pronouncements

Certain accounting pronouncements have been issued by the FASB and other standard setting organizations which are not yet effective and have not yet been adopted by the Company. The impact on the Company's financial position and results of operations from adoption of these standards is not expected to be material.

(m) Reclassifications

Certain 2015 amounts have been reclassified to conform with current year presentation.

3. NOTE RECEIVABLE FROM MEDICAL MARIJUANA BUSINESS ACADEMY, LLC

On September 10, 2014, the "Company entered into a Share Exchange Agreement (the "Agreement") and merger with Medical Marijuana Business Academy, LLC, a company organized pursuant to the laws of the State of Colorado ("MMBA"), and MJ Business Academy, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company ("Merger Sub"), pursuant to which, on September 10, 2014, MMBA merged with and into Merger Sub, with Merger Sub continuing as the surviving entity that succeeded to all of the assets, liabilities and operations of MMBA and whereby MMBA effectively became our wholly-owned operating subsidiary (the "Merger").

At the effective time of the Merger, the outstanding membership interest units of MMBA, held by Phillip Stark and Charles Houghton, were exchanged for a total of 60,000,000 newly issued shares of the Company's common stock as consideration for the Merger, and as such, Mr. Stark and Mr. Houghton, as the sole members of MMBA, held a controlling voting interest in the Company's outstanding common stock. At Closing, the Company's former CEO, Richard DeCicco, also transferred his One (1) Share of Series A Preferred Stock to Mr. Stark and Mr. Houghton, giving them control of the Company's preferred stock, as well.

The Agreement contained customary terms and conditions for agreements of this type, including completion of due diligence by the parties and approval of the Merger by MMBA members. At the effective time of the Merger, MMBA's current officers and directors were appointed as officers and directors of the Company. The Merger became effective on September 10, 2014.

Effective on April 9, 2015, the Company, MMBA and Merger Sub entered into an Unwind Agreement (the "Unwind Agreement") whereby Mr. Houghton and Mr. Stark agreed to transfer their 60,000,000 shares of the Company's common stock, and to return the One (1) Share of Series A Preferred Stock to Mr. DeCicco, in exchange for the unwinding of the merger, and a return to Mr. Houghton and Mr. Stark of all of the membership interest units in MMBA. MMBA, LLC agrees to repay the $125,000.00 non-refundable investment to the Company by way of a promissory note, bearing one percent (1%) percent interest, payable over ten (10) years at the rate of $1,095.05 per month, commencing June 5, 2015. The Company wrote-off the remaining balance of the investment in MMBA of $60,000

At the Closing of the Unwind Agreement on April 23, 2015, Richard DeCicco was appointed President and Director of the Company and Merger Sub. Following Mr. DeCicco's appointment, Mr. Stark and Mr. Houghton resigned all officer and director positions in both the Company and Merger Sub, and Mr. DeCicco remains as sole officer and director of Iconic Brands, Inc.

As of the Closing of the Unwind Agreement, neither the Company, nor Merger Sub holds any right, title or interest in or to any of the assets of Medical Marijuana Business Academy, LLC. MMBA is a private entity once again owed solely by its Managing Members, Phillip Stark and Charles Houghton.

4. INVESTMENT IN BIVI LLC

On May 15, 2015, the Company entered into a Securities Exchange Agreement, by and among the members of BiVi LLC, a Nevada limited liability company ("BiVi") under which the Company is to acquire a 51% majority interest in BiVi in exchange for the issuance of (a) 1,000,000 shares of restricted common stock and (b) 1,000 shares of newly created Series C Convertible Preferred Stock.

Under the terms of the Securities Exchange Agreement, the Company is to provide working capital, from time to time, of up to $750,000.00 pursuant to a Working Capital Facility, which shall be repaid by BiVi from working capital generated from BiVi's operations. Provided that, in the event that the Company fails to provide working capital of at least $40,000 per month, and such failure shall continue for a period of sixty (60) calendar days thereafter ("Cure Period") then BiVi may, at its option, by written notice to the Company, declare a default. In the event of such default, the Company shall surrender the Majority Interest back to BiVi for retirement and the Holders of the Series C Preferred Stock shall surrender all outstanding shares back to Iconic for retirement ("BiVi Unwind"). In the event of the BiVi Unwind, BiVi shall issue a 5% promissory note to the Company ("Promissory Note") with a principal amount equal to the then outstanding unpaid balance of the Working Capital Facility advanced to BiVi prior to the Unwind, payable upon the acquisition of the majority of the outstanding stock or assets of BiVi, including but not limited to the BiVi Brand of products, by a third party, but in no event later than 36 months from issuance ("Maturity Date").

BiVi is beneficially owned and controlled by Richard DeCicco, the majority shareholder, President, CEO and Director of Iconic Brands, Inc.

From May 15, 2015 to March 31, 2016, the Company failed to provide BiVi working capital of at least $40,000 per month. As a result, BiVi stopped making sales of its BiVi Vodka product

through the Company in April 2016. The Company and BiVi are presently in discussions to perfect the Company's investment in BiVi.

Total	$ 1,036,583	$ 4,146,332	$ 947,793	$ 1,869,948

The above convertible notes contain variable conversion features based on the future trading price of the Company common stock. Therefore, the number of shares of common stock issuable upon conversion of the notes are indeterminate. Accordingly, we recorded the $1,869,948 fair value of the embedded conversion features at December 31, 2015 as a derivative liability. The $2,276,384 increase in the fair value of the derivative liability from

$1,869,948 at December 31, 2015 to $4,146,332 at June 30, 2016 was charged to loss from derivative liability.

The fair values of the embedded conversion features are measured quarterly using the Black Scholes option pricing model. Assumptions used to calculate the derivative liability at December 31, 2015 include (1) stock price of $0.0025 per share, (2) exercise price of $0.0012 per share, (3) terms ranging from 1 year to 2 years, (4) expected volatility of 332%, and (5) risk free interest rates ranging from 0.65% to 1.06%. Assumptions used to calculate the derivative liability at June 30, 2016 include (1) stock price of $0.0002 per share, (2) exercise prices ranging from $0.00005 to $0.0001 per share, (3) terms ranging from 1 year to 1.5 years, (4) expected volatility of 470%, and (5) risk free interest rates ranging from 0.45% to 0.52%.

7. CAPITAL STOCK

Preferred Stock

The one share of Series A Preferred Stock, which was issued to Richard DeCicco on June 10, 2009, entitles the holder to two votes for every share of Common Stock Deemed Outstanding and has no conversion or dividend rights.

The one share of Series C Preferred Stock, which was issued to Richard DeCicco on May 15, 2015 pursuant to the Securities Exchange Agreement (see note 4) for the Company's 51% investment in BiVi, entitles the holder in the event of Sale (as defined) to receive out of the proceeds of such Sale (in whatever form, be it cash, securities, or other assets), a distribution from the Company equal to Seventy Six and Ninety Three One Hundredths percent (76.93%) of all such proceeds received by the Company prior to any distribution of such proceeds to all other classes of equity securities, including any series of preferred stock designated subsequent to this Series C Preferred Stock.

Common Stock

For the six months ended June 30, 2016, the Company issued an aggregate of 418,855,308 shares of its Common Stock in settlement of convertible notes payable and accrued interest payable totaling $120,084.

8. INCOME TAXES

No income taxes were recorded in the three and six months ended March 31, 2016 and 2015 since the Company incurred losses in both periods.

Based on management's present assessment, the Company has not yet determined that a deferred tax asset attributable to the future utilization of the net operating loss carryforward as of June 30, 2016 will be realized. Accordingly, the Company has maintained a 100% valuation allowance against the deferred tax asset in the financial statements at June 30, 2016. The Company will continue to review this valuation allowance and make adjustments as appropriate.

Current United States income tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited.
