TYKHE CORPORATION AND SUBSIDIARY

(a development stage company)

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of **Tykhe Corporation** and its subsidiary **Crowd Connex Corporation** through July 31, 2016. All intercompany balances and transactions have been eliminated in consolidation.

Organization, Nature of Business (including development stage), and Basis of Presentation

Sellmybusinessnow.com, Inc., is a development stage company that was incorporated under the laws of the state of Michigan on August 2, 2007. The Company began operating under the name "**Sellmybusiness.com®**" on December 3, 2007. To date, the Company's activities have been limited to raising capital, obtaining financing, constructing its website and administrative functions. **Sellmybusiness.com®** intends to provide a single web portal for interested parties to find, buy and sell businesses, real estate and equipment and all the related services needed to support the transaction, including financing, incorporation, professional help and additional business resources. **Sellmybusiness.com®** intends to support businesses of all sizes and types, including start-ups, well-established companies, home-based businesses, closely-held companies, multinational public corporations and franchises. **Sellmybusiness.com®**'s real estate listing service will assist business people to buy, sell, lease or sublease commercial land and property. **Sellmybusiness.com®**'s equipment listing service will provide a portal to buy, sell or lease excess inventory, capital equipment, raw materials, vehicles, aircraft, ships and rail equipment.

On January 26, 2009, **Halberd Corporation**, a Nevada corporation, was formed by **Sellmybusinessnow.com, Inc.**'s founders in conjunction with a legal reorganization of the Company. **Halberd Corporation** is structured to act as the parent company of **Sellmybusinessnow.com, Inc.** As part of this action, and effective on January 28, 2009, all of the issued and outstanding shares of **Sellmybusinessnow.com, Inc.** common stock were exchanged on a 2,000-to-1 basis for **Halberd Corporation** common stock. As a result, the accompanying consolidated financial statements reflect this reorganization and are presented on a consolidated basis and are labeled as those of the parent company. **Halberd Corporation and Subsidiary** are collectively referred to as the "Company".

Effective February 1, 2011, Halberd Corporation entered into an agreement to spin off **Sellmbusinessnow.com, Inc.** in exchange for amounts due its largest related party debt holder.

TYKHE CORPORATION AND SUBSIDIARY
(a development stage company)

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Also on February 1, 2011, the Company purchased all the assets of *Precision Aviation, Inc.* a privately held Nevada Corporation. This purchase is a change in the direction of Halberd Corporation to a manufacturer of both short and long-range Unmanned Aircraft (UAV's). Halberd's UAV's are intended for both private and governmental use in such diverse industries as military, oil and gas, municipal, meteorological, forestry, agriculture and coastal/border surveillance.

Halberd Corporation acquired the domain SPYDRONES.COM to start developing a stronger brand recognition for Halberd Corporation's drones for retail markets comprised of but not limited to gaming, news reporting agencies, military, agriculture and cattle ranching both domestic and abroad. The Company will use the newly acquired domain to offer all levels of the company's drones as well as launch new platforms currently being developed for release in the near future.

Effective April 30, 2014, the Company disposed of its Unmanned Aircrafts business due to the Company's inability to execute its business plan with that business.

Effective August 1, 2011, the Company purchased the commercial building and related assets and liabilities of APM of the Carolinas, LLC. The acquisition will bring the company the proper facilities it needs to manufacture its short and long-range Unmanned Aircrafts. Effective July 31, 2014 the company unwound the purchase of the building for the amount owed.

Tykhe Corporation has changed its business model to a holding company and incubator of early stage high growth companies. Tykhe Corporation's new business plan is to help early stage companies get funded and eventually spin them off into their own public vehicles. Tykhe will retain a significant investment in the spun off business and distribute shares directly to their shareholders.

On June 30, 2014 the Company acquired control of Crowd Connex Corporation and its subsidiary Aspyre.com. Aspyre.com is developing a social media platform for teaching via video conferencing.

On September 13, 2014 the Company acquired voting control of I-Tap, Inc. I-TAP, Inc. is the developer of the electronic I-TAP draft beer dispensing system for the facility management, hospitality and food service industries. This deal was later scrapped because of differences between the management of I-TAP and that of Tykhe Corporation. Accounting activity will not be included after October 31, 2014.

TYKHE CORPORATION AND SUBSIDIARY
(a development stage company)

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Tykhe Corporation entered into an agreement with Aspyre, LLC on January 2, 2015 to manage a tax and consulting business operated by Aspyre, LLC.

The Company has adopted a fiscal year end of July 31.

Basis of Accounting

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP) for interim financial information. In the opinion of management, all adjustments considered necessary for a fair presentation have been included.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Segment Reporting

The Company has determined that it does not have any separately reportable business segments at July 31, 2016.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and demand deposits in banks. The Company considers all highly liquid investments purchased with original maturities of six months or less to be cash equivalents.

Revenue Recognition

The Company utilizes the guidance in Securities and Exchange Commission (SEC) Staff Accounting Bulletin (SAB) No. 104, *Revenue Recognition*, to recognize revenue. Under SAB No. 104, revenue is recognized only when persuasive evidence of an agreement exists, delivery of the service has occurred, the sales price is fixed or determinable and collectability is reasonably assured. Payments received in advance of services being rendered are recorded as deferred revenue and recognized on a straight-line basis over the service period.

TYKHE CORPORATION AND SUBSIDIARY
(a development stage company)

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

As the Company is in the development stage, it has generated limited revenues during the period ended July 31, 2016. Management believes the Company will principally derive its future revenue from selling unmanned drone airplanes and related services.

Property and Equipment

Management periodically reviews these assets to determine whether carrying values have been impaired.

Depreciation and Amortization

Depreciation on equipment is computed using the straight-line method over the estimated useful lives of the related assets which range from three to ten years.

Income Taxes

Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities. Deferred income taxes relate principally to the Company's net operating loss carry forward.

Concentration Risks

Financial instruments that potentially subject the Company to a concentration of credit risk consist of cash and cash equivalents and when they exist, trade accounts receivable. Cash and cash equivalents are deposited with high credit quality financial institutions. The Company's revenue and accounts receivable are primarily derived from sales of products and are typically settled within thirty business days.

Fair Value of Financial Instruments

The Company's financial instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, are carried at cost, which approximates their fair value because of the short-term maturity of these instruments.

notes bore interest at 10% per annum and were due on the earlier of the Company registering any of its securities under the Securities Act of 1933, or eighteen months after the date of the note (April through July 2009). In addition, each of the note holders could convert the entire outstanding amount of their note including accrued interest into shares of the Company's common stock at any time up to the maturity date of the respective note.

During January 2009, all of the convertible debt was converted to equity, resulting in the issuance of 4,508,000 shares of the Company's common stock. Related accrued interest of \$23,000 on these loans was also converted to equity, resulting in the issuance of 92,000 shares of the Company's common stock. All shares in this note have been adjusted to reflect the exchange discussed in Note 1.

During October 2009, the Company issued convertible promissory notes totaling \$115,000 to two shareholders. The notes bear interest at 12% and are due after the 12-month anniversary date or anytime after the 12-month anniversary date but not more than 36-months after the note maturity date. The notes and any unpaid accrued interest are convertible into shares of common stock at the average closing bid price of the stock over the preceding 10 trading days less a 25% discount. These notes and accrued interest were converted during June of 2012 for 39,019,104 shares of common stock.

During January 2010, the Company issued convertible promissory notes totaling \$170,475 to two shareholders. The notes bear interest at 12% and are due after the 12-month anniversary date or anytime after the 12-month anniversary date but not more than 36-months after the note maturity date. The notes and any unpaid accrued interest are convertible into shares of common stock at the average closing bid price of the stock over the preceding 10 trading days less a 25% discount. The notes were not converted as of July 31, 2015.

The Company received \$175,501 in financing during its last year to assist it with finishing its turn around. The amount will be converted into common stock at a later date. As of July 31, 2016 \$46,162 of this amount was repaid by the issuance of 72,894,773 shares of common stock respectively.

5. RELATED PARTY

Stock holders loaned money to the Company to cover operating expenses. Total debt as of July 31, 2016 and July 31, 2015 is \$11,568.

A related party provides accounting services and loans money to the company. The balance due as of July 31, 2016 and July 31, 2015, was \$191,129 and \$125,129, respectively.

The balance of the related party payable consists of accrued expenses and accounts payable due to various shareholders.

6. CAPITAL STOCK

The Company's initial common shares issued to its two founders and eight initial investors were issued for no consideration and are thus carried at a value of zero in the accompanying balance sheet as no services were performed or were required to be performed in order for any of the original investors to obtain their shares. Management determined the fair value of the initial shares to be zero given the start-up nature of the business which included a lack of operational history, lack of share liquidity and lack of corporate financing for operations at the time of issuance.

The Company has authorized 10,000,000 shares of preferred stock at a par value of \$0.001. No preferred shares are issued or outstanding as of January 31, 2009. Any preferences, rights, voting powers, restrictions, dividend limitations, qualifications, and terms and conditions of redemption shall be set forth and adopted by a board of directors' resolution prior to the issuance of any series of preferred stock.

During January 2009, the Company issued a private placement memorandum ("PPM") to increase the number of shareholders to a minimum of 35. The PPM resulted in the Company issuing 374,000 shares of common stock to 32 additional stockholders in exchange for cash consideration of \$93,500. The offering costs of \$12,500 were offset against the proceeds. In addition, during January 2009 seven vendors were owed a total of \$20,500 as of December 31, 2008 were issued 82,000 shares of common stock in settlement of amounts owed to them.

During March 2009, the Company issued 1,000,000 shares of common stock to a consultant (and related party) for organizational services rendered. The shares were valued at \$250,000 and the related expense was recognized as an operating expense during the quarter ended April 30, 2009

TYKHE CORPORATION AND SUBSIDIARY

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

As detailed in our S-1/A registration statement filed April 14, 2009, 656,000 common shares held by 48 existing shareholders were registered for resale. No additional capital was raised as a result of this registration.

During April 2009 the Company entered into an equity line of credit agreement which allows the Company to sell up to \$25,000,000 of the Company's common stock over the course of 48 months at 93% of the market price. As of July 31, 2011 no such sales have been entered into under the agreement.

During July 2009 the Company issued 70,000 shares of the Company's common stock to its seven member Board of Directors. The shares were valued at \$17,500 and the related expense was recognized as an operating expense during the quarter ended July 31, 2009.

During August 2009 the Company issued 240,000 shares of the Company's common stock to a consultant. The shares were valued at \$60,000 and the related expense was recognized as an operating expense during the quarter ended October 31, 2009.

During October 2009, the Company issued convertible promissory notes totaling \$115,000 to two shareholders. The notes bear interest at 12% and are due after the 12-month anniversary date or anytime after the 12-month anniversary date but not more than 36-months after the note maturity date. The notes and any unpaid accrued interest are convertible into shares of common stock at the average closing bid price of the stock over the preceding 10 trading days less a 25% discount. These notes and accrued interest were converted during June of 2012 for 39,019,104 shares of common stock.

During the quarter end April, 2013 shareholder debt was exchanged for common stock. The total debt exchanged for common stock was \$186,248. 53,247,035 common shares were issued to repay the debt.

On August 14, 2013, the Company issued 5,000,000 shares of its Preferred A stock to its only board member and officer for \$50,000 in debt owed to him. The preferred stock is designated with voting rights as a function of the outstanding common shares and accordingly put the board member in voting control of the Company.

On June 30, 2014 the Company issued 5,000,000 shares of its common stock to acquire control of Crowd Connex Corporation and its subsidiary Aspyre.com. Aspyre.com is developing a social media platform for teaching via video conferencing.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The Company received \$175,501 in financing during its last year to assist it with finishing its turn around. The amount will be converted into common stock at a later date. As of July 31, 2016 \$46,162 of this amount was repaid by the issuance of 72,894,773 shares of common stock respectively.

As of July 31, 2016 \$95,305 of accounts payable were repaid by the issuance of 150,497,554 shares of common stock respectively.

7. INCOME TAXES

The Company establishes valuation allowances in accordance with the provisions of SFAS No. 109, *Accounting for Income Taxes*. The Company continually reviews the realizability of deferred tax assets and recognizes these benefits only as reassessment indicates that it is more likely than not that such tax benefits will be realized.

As of July 31, 2016, the Company has a net operating loss carryforward for federal income tax purposes of approximately \$1,611,081 which expires through 2035, available to reduce federal taxable income, if any, of future periods.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets, liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred income tax liabilities and assets are summarized as follows as of July 31, 2016 and July 31, 2015:

	<u>July 31,</u> <u>2016</u>	<u>July 31,</u> <u>2015</u>

Net deferred income tax asset	\$ -	\$ -

TYKHE CORPORATION AND SUBSIDIARY
(a development stage company)

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

At July 31, 2016, the Company did not recognize any current or deferred federal or state income tax benefit because it has sustained operating losses since inception. The Company has provided a full valuation allowance on the deferred tax asset, consisting primarily of net operating loss carryforwards, because of uncertainty regarding its realizability.

8. OPERATING LEASE

The Company does not have any operating lease commitments.
