Management Discussion and Analysis

The new business strategy will seek to capture short and long-term value investment opportunities from fully operational companies as well as special situation start-ups. The

primary objective is to position ID Global within these companies in a manner that maximizes shareholder value. The company will invest in private equity, private debt, private real estate securities, other investments, technology investments, and special situation investments. These investments, in part of sometimes regarded as alternative assets, and ID Global will provide its shareholder base with the opportunity to participate in various industries by owning our publicly traded stock. Management utilizing a strict criteria and selection process will help mitigate risk and allow the company to build and maintain a diversified portfolio of companies. Our primary business objective is to increase net earnings by implementing this business strategy.

7) Describe the Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Company's offices are located at:
