TransGlobal Assets Inc. - Notes to Financials

NOTE 1 - General Organization and Business

TransGlobal Assets Inc. (“TMSH” or the “Company”) was incorporated in the State of Nevada on January 30, 2007 under the name of TimeShare Holdings, Inc. On February 28, 2011 the shareholders voted to change the Company’s name to TransGlobal Assets Inc. On June 1, 2013 the Board of Directors voted to issue a “Certificate of Dissolution” with the Secretary of State in Nevada withdrawing the Corporation. Effective June 7, 2013 the Company was incorporated in the State of Wyoming and the corporate offices were moved to 1903 Rayor Avenue, Cheyenne, WY 82001. The offices have been recently moved to 810 Pony Express Road, Cheyenne, WY 82009.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying un-audited interim financial statements include all information and footnotes required by accounting principles generally accepted in the United States of America (“GAAP”) for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of financial position and the results of operations for the periods presented have been included. Operating results for the periods are not necessarily indicative of the results that may be expected for future years. All transactions are denominated in US dollars.

Management’s Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management of to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ significantly from those estimates.

Fair Value of Financial Instruments

The fair value of financial instruments approximates their carrying values at period end dates due to their short maturities. These financial instruments consist of cash and cash equivalents, accounts receivable and accounts payable.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an initial maturity of 90 days or less to be cash equivalents.

Inventories

Inventories are stated at the lower of cost or market with cost being determined on the first-in, first-out method. Work in progress and finished goods inventory includes an allocation for capitalized labor and overhead. The Company routinely evaluates the carrying value of inventories and provides reserves when appropriate to reduce inventories to the lower of cost or market to reflect estimated net realizable value. As of December 31, 2016, no inventory existed for the Company and, accordingly, no reserve has been recognized at December 31, 2016.

Property and Equipment

Property and equipment are carried at depreciated cost. Gains or losses related to retirements or disposition of fixed assets are recognized in operations in the period incurred. Costs of normal repairs and maintenance are charged to expense as incurred, while betterments or renewals are capitalized. Depreciation commences at the time the assets are placed in service. Depreciation is provided using the straight-line method over the estimated economic lives of the assets or for leasehold improvements, over the shorter of the estimated useful life or the lease term, which are summarized as follows:

Computer equipment.....	3 – 5 years
Furniture and equipment.....	5 – 7 years
Leasehold improvements.....	7 years

Income Taxes

We compute income taxes in accordance with Financial Accounting Standards Statement No. 109 “Accounting for Income Taxes” (“SFAS 109”). Under SFAS 109, deferred taxes are recognized for the tax consequences of temporary differences by applying enacted statutory rates applicable to future years to differences between the tax bases of assets and liabilities and their financial statement carrying amounts. Also, the effect on deferred taxes of a change in tax rates is recognized in income in the period that included the enactment date.

Net Income (Loss) per Common Share

The net income per common share is computed by dividing net income by the weighted average of common shares outstanding.

Accounting Pronouncements

We do not expect that the adoption of any recent accounting pronouncements will have a material impact on our financial statements.

NOTE 3 – Going Concern

The accompanying financial statements have been prepared on a going concern basis, which assumes the Company will be able to meet its obligations and continue its operations for at least twelve months. The Company’s continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, to obtain additional financing as may be required, and ultimately to attain profitability. Potential sources of cash include new contracts, external debt, and the sale of shares of Company’s stock or alternative methods such as mergers or sale transactions. No assurances can be given, however, that the Company will be able to obtain any of these potential sources of cash. Furthermore, the Company may be unable to raise additional capital on commercially acceptable terms, if at all, and if the Company raises capital through additional equity financings, existing shareholders may have their ownership interests diluted.

Investors need to be aware of the risks involved when investing in TMSH. Any financial projections should not be construed as forecasts of actual operations; rather, they are hypothetical’s, based entirely upon assumptions. They are not a guarantee of future performance. Information contained herein has been prepared on the basis of assumptions and hypotheses. Future operating results may differ from projected results and those differences may be material and investors could lose a substantial or all of their investment in TMSH. We wish to caution investors that there are potential risks and uncertainties that could adversely our business.

NOTE 4 – Related Party Transactions

Administrative fees – During the period ended December 31, 2016 the Company has not paid nor booked any management fees.

NOTE 5 – Accounts Payable, Notes Payable, and Loans Payable
