QUARTERLY INFORMATION AND DISCLOSURE STATEMENT

All Information in this Information and Disclosure Statement has been compiled to fulfill the disclosure requirements of the Alternative Reporting Standard as set forth by OTC Markets Group: Guidelines For Providing Adequate Current Information Established By The OTC Markets Group. The enumerated items and captions contained herein correspond to the format as set forth in that guideline.

ALL INFORMATION FURNISHED HEREIN HAS BEEN PREPARED FROM THE BOOKS AND RECORDS OF UMAX GROUP CORP. ("COMPANY") IN ACCORDANCE WITH RULE 15c2(11) PROMULGATED UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED.

NO DEALER, SALESMAN OR ANY OTHER PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS NOT CONTAINED HEREIN WITH REGARDS TO THE COMPANY OR ITS ACTIVITIES OR PROSPECTS. ANY REPRESENTATIONS NOT CONTAINED HEREIN MUST NOT BE RELIED UPON AS HAVING BEEN MADE OR AUTHORIZED BY THE COMPANY.

DELIVERY OF THIS INFORMATION DOES NOT IMPLY THAT THE INFORMATION CONTAINED HEREIN IS CORRECT AS OF ANY TIME SUBSEQUENT TO THE DATE AS SET FORTH ON THIS "ISSUER INFORMATION AND DISCLOSURE STATEMENT".

Unless the context in this Information and Disclosure Statement otherwise requires, all references in this Information and Disclosure Statement to "our", "us" and "we" refer to UMAX Group Corp. and any subsidiaries.

All dollar amounts in this Report are stated in terms of U.S. dollars and are subject to currency fluctuations.

Safe Harbor for Forward-Looking Statements

When used in this report, the words "will", "expect", "anticipate", "continue", "estimate", "project", "intend" and similar expressions are intended to identify forward-looking statements within the meaning of Section 27a of the Securities Act of 1933 and Section 21c of the Securities Exchange Act of 1934 regarding events, conditions, and financial trends that may affect the Company's Future plans of operations, business strategy, operating results, and financial position. Persons reviewing this report are cautioned that any forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties and those actual results may differ materially from those included within the forward-looking statements because of numerous factors. Such factors include, among other things, uncertainties relating to our success, in judging consumer preferences, financing our operations, entering into strategic partnerships, engaging management, seasonal and period-to-period fluctuations in sales, failure to increase market share or sales, inability to service outstanding debt obligations, dependence on a limited number of customers, increased production costs or delays in production of new products, intense competition within the industry, inability to protect intellectual property in the international market for our products, changes in market condition and other matters disclosed by us in our public filings. From time to time forward-looking statements speak only as to the date they are made. The Company does not undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made. Where, in any forward-looking statement, the Company expresses an expectation or belief as to future results or events, such expectations or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished. Our actual results could differ materially from those anticipated in these forward-looking statements.

1) Name of the issuer and its predecessors (if any):

1. Balance Sheet for the 1st quarter ended July 31, 2017;
2. Statement of Income for the 1st quarter ended July 31, 2017; and
3. Statement of Cash Flows for the 1st quarter ended July 31, 2017.

6) Describe the Issuer's Business, Products and Services

A. A description of the issuer's business operations

The company is now partnering with projects that it deems feasible and profitable for shareholders, this allows startup companies and revenue generating companies to create jobs and revenue for the approve UMAX projects. UMAX knows the difficulty that startup companies have in procuring financing, hence the development of the public entity with the ability to capitalize on nonrefundable funds from the sales of shares of stock into the market. Below are a few subsidiaries we have designated that can generate revenue in the coming year.

Present Projects already engaged in joint ventures with UMAX Group Corp:

ROCKSTAR MINING CORP

UMAX owns 20% of Rockstar Mining Corp., a Nevada corporation, as agreed to under the executed formation documents, and presently holds two seats on the board of directors with voting rates this allows UMAX to maintain the ability to ensure profit sharing per the ownership documents thus increasing the value potentially of UMAX stock via the quarterly earnings and reporting. This company is very exciting and has a huge revenue potential. Rockstar Mining Corp. is in Northern Nevada Pershing County, near Imlay next to some of the richest and most prosperous gold mining district in the country. Close by are numerous operating mines, known for its high production capacity, in reference to gold production the USA come 4th in the world with China 1st Australia 2nd and Russia 3rd http://www.usagold.com/reference/globalgoldproduction.html important is that Nevada has very good tax laws when it comes to mining hence Rockstar chose Nevada over other states.

Rock Star Mining Corp. intends to begin mining on a small scale in early January, and then expand its operations to full scale during calendar year 2017. The President of the company believes that Northern Nevada is the best location to operate because approximately 10% of the world's gold is produced there, which is why so many other mining companies are operating in the area.

The history of the mine site can be found at the following web site:

www.westernmininghistory.com/mine_detail/10106921

Here you will see an exact location map and the mines history of production. We meet with one of the old workers who told us that they were working with old equipment and only 8 hrs. a day, yet still producing 5 OZ per day, we intend to run 20 hrs. per day with modern equipment.

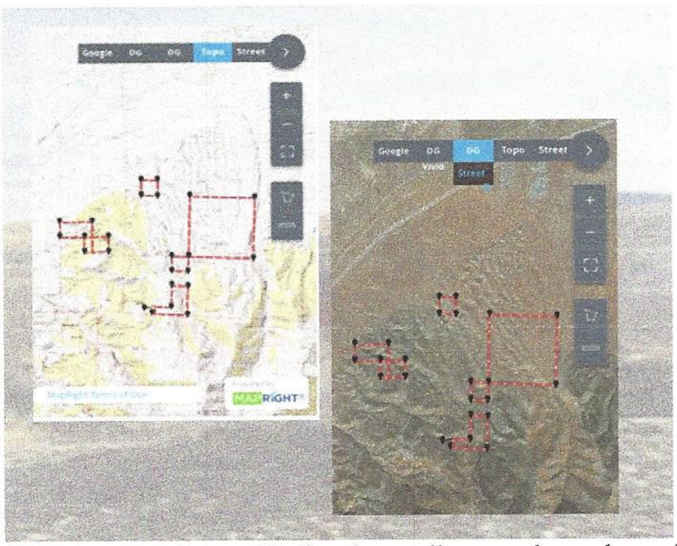
Phase 1: of the operation was to find the area in which we wanted to mine, Imlay Canyon Placers area was identified after discussing various options with our consulting mining engineer who pointed out where the placer gold in the valley was coming from, the company founded a private land parcel approximately 1000 acres with water rights and all mineral rights included. The land was secured as a lease option to buy, with balloon payments over the coming year, the total purchase price is $3,900,000 with the final option to purchase in Nov 2017 allowing Rockstar Mining ample time to produce gold as per the projections (See Exhibit).

Phase 2: The company has tested the land for gold and other precious metal such as Gold, Platinum and other rare earths, the test result can be found on our web site under the mining division, these are detail reports dating back to the 1984, which confirms our findings. UMAX has begun purchasing the equipment to move forward, recently the company acquired a 50T per hour wash plant for the initial months of operation and is in the process of raising further capital to purchase CAT earth moving equipment as well as dump trucks to transport the ore. Once we have secured all the equipment Phase 3 will begin.

Phase 3: Is the training and operations (SOP's) for the mine sight and certification of the employers, i.e. the crews that will work two shifts 12 hrs. per shifts, at this point we do not need permits are we are under the law running a recreation sized wash plant no bigger than a three-inch hose for water supply. Operations can begin in late January to February subject to obtaining the final equipment. At the same time permits for a larger plant will be in progress as the mine can support an additional wash plant of 200 tons per hour increase the profit margin considerably same crew more dirt.

Phase 4 The company intends either to continue raising money or have the money already raised to purchase the addition wash plant and additional operations costs due to expansion. If the funds are not raised via the PPM, the mine should be able to purchase the additional equipment from the production of gold, it would mean a slower ramp up period, however, in the mining industry the gold will still be there in a couple of months. The second wash plant will take approximately two months to deliver, hence it would be more advantageous to raise the capital in reserve to order the larger equipment.

Phase 5 Due to the fact that the parcels are large and some smaller acreage of 80 acres parcels are within one mile of the main 640 section, the mining company intend to re-invest and open the smaller parcels with a 50 Ton wash plant by the end of the year again increasing productivity (See Map).



Important to understand is that the smaller areas have always be prospected back to the 18 teen hundreds, whereby we have found old hand dug mine shafts and old sluices made from wood, these are historical data showing our company that mining has been part of this land for decades.

The company knows and believes that there is gold and other rare earths on the land secured by the mining company and with new and advanced technology, understands that it could be a very profitable area. The company believes that Northern Nevada in our area, there is so much gold not yet recovered that the mining operation could continue to expand and explore other areas once the initial mine becomes productive. This in turn lead to further growth and revenue potential.

UMAX Development, LLC (Utah)

Licensing:

UMAX GROUP CORP has all the necessary licensing and knowledge to install solar thermal units in UTAH and California. Aligning itself with qualified individuals in just one month, UMAX GROUP CORP has the following. Harmony Homes as agreed to joint venture with UMAX GROUP CORP in constructing homes via UMAX GROUP CORP Development Inc. in formation Harmony Homes has also agreed to run future business throw UMAX. and become joint signers on the bank accounts. Harmony Homes. The owner Brad Gill has built over 200 homes during his career and is a major shareholder in the parent company. UMAX Development LLC was formed in Utah in order to accommodate business in the future some funds from the A REG registration or the EZ Pass 2017 this will be to expand the core business and equipment allowing the company to do larger more qualified projects. The contractor's license can be reciprocated due to the fact that Brad Gill has help his license over ten years, whereby once the projects begin on the mining and geothermal plant his license will be reciprocated in Nevada to build various accommodation and business plant offices or any other required general construction requirements.

Phase One:

The company intends to do remodeling and upgrades of various residential units to enable on going cash flow, the company will need to increase its staff and equipment to accommodate the volume of potential projects. In phase two the company intends to look for raw land with the intention of mapping and rezoning the properties for commercial and residential development. In Phase three with significant capital the company can construct on some parcels of land new homes for resale.

Again, during the selling of B Class Shares each division is responsible for fund raising of accredited investors.

SOL UP SOLAR

SOL UP is located in Las Vegas and has been in business for over 5 years and has established itself in the market place of solar, with over 2 (Two) million USD in revenue yearly it has reached its growth potential hence the joint venture with UMAX. However, with the down turn of residential solar SOL UP sees a significant drop in revenue in the coming years and therefore wishes to enter and compete for larger commercial installations, with licensing and workers in place this is an ideal joint venture situation in order to grow to the next level and generate more significant revenue via the joint venture.

SOL UP in conjunction with the public company intends to access the local small cooperatives (Small Utility Companies) and over to build between 1 and 5 megawatt systems within the city limits, in accordance to the local cooperative required energy uses. This is a niche market that in conjunction with the funding from the REG A of the 10M EZ Facility offered by Black Bridge Capital this seems an ideal partnership.

SOL UP will seek to obtain 20 to 25 year PPA's (Power Purchase Agreements) from the utility companies bring enormous long-term revenue and with the price of solar installations and equipment significantly reduced over the past years this is the ideal time to approach such entities and offer our services.

Again, during the selling of B Class Shares each division is responsible for fund raising of accredited investors.

Conclusion: Once funded, UMAX GROUP CORP is ready to expand with projects ready to go. This is clearly the way of the future. We believe that the industries we are associating with will bring long term growth to the company and its shareholders. Allowing more projects and objectives to be undertaken and completed.

June 30

E. Principal products or services, and their markets

The Company is an emerging company looking to diversify its portfolio by investing, acquiring and joint venturing with cash flow positive business enterprises or acquire technology to be developed. To date, the Company has listed below the joint ventures entered into on or before FYE April 30, 2017:

Sol Up Solar, LLC ("Sol Up") – On or about December 1, 2016, the Company entered into a Joint Venture Agreement. Sol Up joint venture was entered for selling solar in UTAH as Sol Up has existing teams to do the installation, to date funding has prohibited the opening of an office location in UTAH, whereby Harmony Homes would do all the contractual work.

CleverTech, LLC ("CleverTech") – On October 25, 2016, the Company entered into a Joint Venture Agreement with CleverTech. Clever-tech is a technology based company that has invested a technology in which automated screen printing technology can apply a thin file of paste (Nano) that is applied to various services to create the desired application. The paste applied in specific ways and dried accordingly can produce various effects from heating, to light emitting elements that could potential reduce the need for LEDs and other condescend elements, other applications are energy storage and energy producing film similar in efficiency to that of solar panels. Clever-tech has signed a joint venture with UMAX and issued 1,000,000 shares to consolidate the agreement in North America, presently this technology is highly sensitive and may only be seen after signing a NDA, UMAX will eventually be seeking $5,000,000 to open the first factory in Las Vegas. UMAX has had discussion with government entities on establishing a factory in Las Vegas upon funding.

Harmony Home Utah, G.C. ("Harmony Home Utah") – On or about September 17, 2014, the Company entered into a Joint Venture Agreement with Harmony Home Utah. Harmony Home Utah was the first joint venture UMAX entered, the intention been to build custom homes with solar and green elements. By building custom homes with built in solar in the roof directly, the solar is automatically applied to the mortgage and no longer a retro fit scenario, this increases the value of the home by reducing long term utility bills.

Corporate Regulatory Group, Ltd. ("CRG") – On or about March 1, 2017, the Company entered into a revenue sharing agreement with CRG in order to in order to assist other companies that do not fit the criteria of a joint venture with UMAX, yet wish to go public on their own merits, this in turn UMAX owns 15% of CRG both in capital and consulting services but also any equity position taken in the companies that wish to go public.

Managed new financial solutions and business plans to adapt to the national economic crisis. Continue to oversee all aspects of the current business model and manage work flow. Project Manager – Destination Homes Oversaw production of residential homes in multiple subdivisions and off sight homes. Responsibilities included: Scheduling and managing subcontractors, preserve quality standards during the course of construction, meeting with homeowners to insure customer satisfaction, and maintaining good communication with sales agents to accommodate spec. sheet and change orders. Accomplishments, Established and implemented a variety of work orders and schedules. Created and implemented the program used for scheduling trade partners. Maintained a high level of customer and sub-contractor satisfaction, Construction Manager- Keepsake Homes Inc supervised all aspects of residential home building and organization of subcontractors. Responsibilities included: Estimating, creating cost break down projects, distributing work orders, negotiated contracts with subcontractors, worked closely with sales agents and homeowners to aid in putting sales together. Accomplishments: Created, instituted and managed cost effective and time efficiency programs. Obtained specific estimating and spreadsheet building experience. Increased overall knowledge and abilities in various construction trades. Owner/Operator- Crafted Homes Inc. (Dec.1999-April 2002) Oversaw, managed and maintained all aspects of running a construction business. Responsibilities Included:

Project management and supervision, invoicing and bookkeeping, bill collecting, maintaining good customer satisfaction and relations, onsite problem resolution, correlation and direction of all sub-contractors, hiring and training of all new employees.

<u>Donald Franco– Vice-President Geology/Mining Development</u> – Donald Franco was born in Bellingham, Washington on September 23, 1977. He graduated from South Kitsap High School in Port Orchard, Washington in 1996. After high school, he joined the United States Army as a Military Police Officer, where he served 9 years. He was assigned to various duty assignments, and several combat operations tours. He also was assigned to recruiting for the Army. Donald Franco attended the University of Maryland while in the Army, and left as a squad leader at the rank sergeant. He gained his leadership skills while in the Army. After Donald's enlistment was over, he moved to Las Vegas, Nevada where he was hired on by the Wackenhut Services as a Department of Energy Security Police Officer at the Nevada Test Site, where he worked for 3 years. Donald then worked in Sales for the next 10 years before becoming owner and President of ROCKSTAR Mining Corp. He is also married to his lovely wife Heather Franco and has no kids.

Donald Franco has gold prospecting experience and leadership skills, he has prospected on several claims and has belonged to various Gold mining associations. Claims prospected include, LDMA claims on Scott River and Klamath river in Northern California, claims owned by GSSN in Pahrump, Nevada and in Northwestern Arizona, and Claims owned by GPAA in Northwestern Arizona. He has also prospected BLM Land in various locations in Nevada and government land on the Snoqualmie River in Western Washington.

<u>Kurt Ludlow– Vice President of Business Development</u> – Kurt Ludlow began his entrepreneurial journey by becoming Co-Owner and Vice President of a sporting goods store, Sport and Shoe Inc., in 1993 in Elko, NV, the heart of the mining community in northern Nevada, which has produced 10% of the gold in the world. He was responsible for purchasing, acquiring new accounts, new vendor partnerships, and staffing. While in Elko, Kurt developed an understanding of the mining business and it's potential.

In 1998, he left Elko to take advantage of the mortgage boom in Las Vegas, NV. His tenacity, drive, and ability to learn quickly drove him straight to the top. By the fall of 2000, he developed The Ludlow Group under the umbrella of Silver State Mortgage, one of the top 200 banker/brokers in the country. Kurt's leadership skills enabled him to effectively execute the daily operations while overseeing a large staff that closed tens of millions of dollars monthly in transactions, and created incredible profitability. While involved in the mortgage world, Kurt also became co-owner of Aero Balloon of Las Vegas in 2005, providing thousands of tethered balloon rides in the Las Vegas valley.

In 2006, he began his career with ACN, the world's largest direct seller of telecommunications, energy, and banking. Within a year and a half, he became a Regional Vice President with the company, developing distribution across all 50 states and into 9 other countries. His natural leadership ability and relentless work ethic drove him to become a top producer and a Circle of Champions member for the company. He left the mortgage industry and Aero Balloon of Las Vegas in 2008 to pursue these larger industries.

Over the past ten years, Kurt has been invited to train and speak all over the country to audiences as large as 25,000+ people. Today he is responsible for developing thousands of representatives who have acquired tens of thousands of accounts worldwide. He has been documented several times in Success publications and has been a guest judge on The Celebrity Apprentice in 2009 and 2011. Mr. Ludlow has been able achieve this extraordinary success in such a short time because of his work ethic, humility, desire to serve, and no-quit attitude.

The Company's Board of Directors presently consists of one (1) member. The Company's Board of Directors may appoint a Compensation Committee to review all employee and consultant compensation, including payroll expenditures, salaries, stock options, stock incentives and bonuses. The Bylaws of the Company generally provide for majority approval of disinterested directors in order to adopt resolutions, including any borrowings by the Company or the issuance of any additional Common Stock or Preferred Stock.

The Board of Directors may appoint an Audit Committee. The Audit Committee will be authorized by the Board of Directors to review, with the Company's independent accountants, the annual financial statements of the Company prior to publication, and to review the work of, and approve non-audit services performed by, such independent accountants. The Audit Committee will make annual recommendations to the Board for the appointment of independent public accountants for the ensuing year. The Audit Committee will also review the effectiveness of the financial and accounting functions and the organization, operation and management of the Company.
