The cost of solicitation will be borne by the Company.

PROXIES AND VOTING RIGHTS

Management Solicitation

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy are directors or officers of the Company. **A shareholder eligible to vote at the Meeting has the right to appoint a person or a company, other than the persons designated in the accompanying form of proxy, who need not be a shareholder, to represent the shareholder and vote on the shareholder's behalf at the Meeting, and may do so either by inserting the name of that other person or company in the blank space provided in the form of proxy or by completing another suitable form of proxy.**

Shareholders are requested to date, sign and return the accompanying form of proxy for use at the Meeting if they are not able to attend the Meeting personally. To be effective, forms of proxy must be received by the Company's registrar and transfer agent, Computershare Investor Services Inc., no later

than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting (namely, by 10:00 a.m. (Pacific Time) on July 25, 2018) or any adjournment thereof at which the proxy is to be used. Proxies delivered by regular mail should be addressed to Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department. Proxies delivered by facsimile must be sent to Computershare Investor Services Inc., Attention: Proxy Department, at (416) 263-9524 or toll free at 1 (866) 249-7775. To vote by internet, visit the website address shown on the form of proxy provided. Follow the online voting instructions given to you and vote over the internet referring to your holder account number and proxy access number provided on the form of proxy that was delivered to you.

All non-registered shareholders who receive these materials through a broker or other intermediary should complete and return the materials in accordance with the instructions provided to them by their broker or other intermediary.

A shareholder who has given a proxy may revoke it by an instrument in writing duly executed and delivered either to Computershare Investor Services Inc. or to the registered office of the Company at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, that precedes any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or of any reconvening thereof, or in any other manner provided by law. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

Non-Registered Holders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the common shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the common shares. More particularly, a person is not a registered shareholder in respect of common shares which are held on behalf of that person (the "Non-Registered Holder") but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the common shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and directors or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. ("CDS")) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 *Communications with Beneficial Owners of a Reporting Issuer* of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Annual General Meeting, Information Circular and form of proxy (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders.

Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will receive either a voting instruction form or, less frequently, a form of proxy. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

- (a) **Voting Instruction Form.** In most cases, a Non-Registered Holder will receive, as part of the Meeting Materials, a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a "proxy

authorization form") which the Intermediary must follow. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the Non-Registered Holder's behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. Voting instruction forms in some cases permit the completion of the voting instruction form by telephone or through the internet. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Non-Registered Holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the form and insert the Non-Registered Holder's (or such other person's) name in the blank space provided and complete, sign and return the voting instruction form in accordance with the directions provided. A form of proxy giving the right to attend and vote will then be forwarded to the Non-Registered Holder.

- (b) **Form of Proxy.** Less frequently, a Non-Registered Holder will receive, as part of the Meeting Materials, a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of common shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the Non-Registered Holder's behalf), the Non-Registered Holder must complete the form of proxy and deposit it with Computershare Investor Services Inc. as provided above. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Non-Registered Holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxy nominees named in the form and insert the Non-Registered Holder's name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

Exercise of Discretion

The nominees named in the enclosed form of proxy will vote or withhold from voting the common shares represented thereby in accordance with the instructions of the shareholder on any ballot that may be called for. If a shareholder specifies a choice with respect to any matter to be acted upon, the common shares will be voted accordingly. The proxy will confer discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified; and
- (b) any other matter, including amendments to any of the foregoing, as may properly come before the Meeting or any adjournment thereof.

In respect of a matter for which a choice is not specified in the proxy, or unless otherwise provided in the proxy, the nominees named in the accompanying form of proxy will vote the common shares represented by the proxy for the approval of such matter.

As of the date of this Information Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting each nominee intends to vote thereon in accordance with the nominee's best judgement.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or an officer of the Company nor any proposed nominee at any time since the beginning of the Company's last completed financial year, or any associate of any such director or officer, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized share capital of the Company consists of an unlimited number of common shares without par value. As at the close of business on **June 22, 2018**, the record date (the "Record Date") set for purposes of the Meeting, there were 37,766,019 common shares issued and outstanding. Each common share carries, on any poll at the Meeting, one vote.

Only shareholders of record at the close of business on the Record Date, who either personally attend the Meeting or who have completed and delivered a form of proxy or voting instruction form in the manner and subject to the provisions detailed therein, shall be entitled to vote or to have their common shares voted at the Meeting.

To the knowledge of the Company's directors and executive officers, as of the Record Date, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, common shares carrying more than 10% of the voting rights attached to the outstanding common shares of the Company, except the following:

Name	No. of Common Shares Owned or Controlled	Percentage of Outstanding Common Shares
Marcy Kiesman*	4,243,060	11.2%

*3,855,000 common shares are held by Steveston Finance Inc., a company controlled by Marcy Kiesman.

APPOINTMENT OF AUDITOR

Unless directed otherwise by a proxy holder, the persons named in the accompanying proxy intend to vote the common shares represented by such proxy in favour of a resolution appointing Crowe MacKay LLP, Chartered Accountants, as auditor of the Company for the next ensuing year, to hold office until the close of the next annual general meeting of shareholders or until the firm of Crowe MacKay LLP is removed from office or resigns, at a remuneration to be fixed by the Company's board of directors (the "Board").

ELECTION OF DIRECTORS

The directors of the Company are elected annually and hold office until the next annual general meeting of shareholders or until their successors are duly elected or appointed, or until such director's earlier death, resignation or removal. In the absence of instructions to the contrary, the common shares represented by a proxy will be voted for the nominees herein listed.

MANAGEMENT DOES NOT CONTEMPLATE THAT ANY OF THE NOMINEES WILL BE UNABLE TO SERVE AS A DIRECTOR. THE COMPANY HAS NOT RECEIVED NOTICE OF, AND MANAGEMENT IS NOT AWARE OF ANY PROPOSED NOMINEE IN ADDITION TO, THE FOLLOWING NOMINEES:

The following persons are management's nominees for election as directors at the Meeting:

Compensation Discussion and Analysis

Philosophy and Objectives

The compensation program for the senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- To align executive compensation with shareholders' interests;
- To attract and retain highly qualified management;
- To focus performance by linking incentive compensation to the achievement of business objectives and financial results; and
- To encourage retention of key executives for leadership succession.

The Company's executive compensation program comprises three elements: base salary, bonus incentives and equity participation. The compensation program is designed to pay for performance. Employees,

including senior executives, are rewarded for the achievement of annual operating and financial goals, progress in executing the Company's long-term growth strategy and delivering strong total shareholder return performance.

The Company reviews industry compensation information and compares its level of overall compensation with those of comparable sized mineral exploration companies. Generally, the Company targets base management fees at levels approximating those holding similar positions in comparably sized companies in the industry and hopes to achieve competitive compensation levels through the fixed and variable components.

The Company's total compensation mix places a significant portion of the executive's compensation at risk and relies heavily on the award of stock options. The design takes into account individual and corporate performance. Compensation practices, including the mix of base management fees, short-term incentives and long-term incentives, are regularly assessed to ensure they are competitive, take account of the external market trends and support the Company's long-term growth strategies. Due to the early stage of the Company's development programs, the flexibility to quickly increase or decrease appropriate human resources is critical. Accordingly, the Company does not enter into long-term commitments with its officers.

Base Compensation

In the Board's view, paying base salaries or management fees which are competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. Base compensation is compensation for discharging job responsibilities and reflects the level of skills and capabilities demonstrated by the executive. Annual adjustments take into account the market value of the role and the executive's demonstration of capability during the year.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the executive meeting those strategic objectives and milestones, the executive's individual performance and sufficient cash resources being available for the granting of bonuses. The Board approves executive bonus compensation dependent upon comparable compensation levels based on recommendations of the Board as a whole, and such recommendations are generally based on survey data provided by independent consultants.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's stock option plan. Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. The amounts and terms of options granted are determined by the Board.

Option-Based Awards

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of the Company to achieve the long-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire and increase proprietary interest in the Company. The Company awards stock options to its executive

officers based upon the recommendation of the Board, which recommendation is based upon the Board's review of a proposal from the Chief Executive Officer. Previous grants of incentive stock options are taken into account when considering new grants.

Implementation and amendments to the existing stock option plan are the responsibility of the Board. The Company process for determining executive compensation is the result of a meeting of the independent directors whereby they set the compensation packages for each of the NEO's based on their number of years of experience and relevant education.

Compensation Risk Management

The Board considers implications of the risks associated with the Company's compensation practices and policies as part of its oversight and stewardship of the affairs of the Company and has not identified any risks arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The NEOs and directors of the Company are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in the market value of equity securities, granted as compensation, or held directly or indirectly by the Named Executive Officers or directors.

The Audit Committee must pre-approve all non-audit services to be provided to the Company or its subsidiaries by the auditor;
