NEVTAH CAPITAL MANAGEMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD DECEMBER 31, 2018 and DECEMBER 31, 2017
Unaudited

Note 1 – Organization and basis of accounting

Basis of Presentation and Organization

The Company was organized September 15, 1986, under the laws of the State of Nevada. The purpose of the Company is to perform any lawful activity permitted by the State of Nevada. The Company has never been able to commence any operations and in accordance with SFAS #7, is considered a development stage company.

On August 14, 1993, the Company amended its Articles of Incorporation changing the par value of the common stock from $1.00 per share to $0.001 per share, and increasing the authorized shares from 25,000 shares to 50,000,000 shares.

On November 17, 1993, the Company authorized a forward stock split on the basis of 40:1, increasing the outstanding shares of common stock to 1,000,000 shares.

On July 29, 1994, the Company approved a 2-for-1 forward stock split increasing the outstanding shares of common stock from 1,000,000 to 2,000,000 shares.

On March 20, 2019, the eight judicial District Court of Nevada appointed Custodian Ventures, LLC as custodian for Nevtah Capital Management Corporation, proper notice having been given to the officers and directors of Nevtah Capital Management Corporation. There was no opposition.

On March 21, 2019, the Company filed a certificate of revival with the state of Nevada, appointing David Lazar as, President, Secretary, Treasurer and Director.

The accompanying financial statements are prepared on the basis of accounting principles generally accepted in the United States of America ("GAAP"). The Company is a development stage enterprise devoting substantial efforts to establishing a new business, financial planning, raising capital, and research into products which may become part of the Company's product portfolio. The Company has not realized significant sales through since inception. A development stage company is defined as one in which all efforts are devoted substantially to establishing a new business and, even if planned principal operations have commenced, revenues are insignificant.

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company believes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital, or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

Note 2 – Summary of significant accounting policies

Cash and Cash Equivalents

For purposes of reporting within the statements of cash flows, the Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Income Taxes

The Company accounts for income taxes pursuant to FASB ASC Topic 740, *Income Taxes*. Under FASB ASC Topic 740, deferred tax assets and liabilities are determined based on temporary differences between the bases of certain assets and liabilities for income tax and financial reporting purposes. The deferred tax assets and liabilities are classified according to the financial statement classification of the assets and liabilities generating the differences.

The Company maintains a valuation allowance with respect to deferred tax assets. The Company establishes a valuation allowance based upon the potential likelihood of realizing the deferred tax asset and taking into consideration the Company's financial position and results of operations for the current period. Future realization of the deferred tax benefit depends on the existence of sufficient taxable income within the carry-forward period under the Federal tax laws.

Changes in circumstances, such as the Company generating taxable income, could cause a change in judgment about the reliability of the related deferred tax asset. Any change in the valuation allowance will be included in income in the year of the change in estimate.

Employee Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with ASC 718 Compensation - Stock Compensation ("ASC 718"). ASC 718 addresses all forms of share-based payment ("SBP") awards including shares issued under employee stock purchase plans and stock incentive shares. Under ASC 718 awards result in a cost that is measured at fair value on the awards' grant date, based on the estimated number of awards that are expected to vest and will result in a charge to operations.

Estimates

The financial statements are prepared on the basis of accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of December 31, 2018 and 2017, and expenses for the years ended December 31, 2018 and 2017, and cumulative from inception. Actual results could differ from those estimates made by management.

Subsequent Event

The Company evaluated subsequent events through the date when financial statements are issued for disclosure consideration.

Adoption of Recent Accounting Pronouncements

As of December 31, 2015, the Company adopted guidance codified in ASU 2015-03, *Interest - Imputation of Interest (Subtopic 835-30), Simplifying the Presentation of Debt Issuance Costs.* The guidance simplifies the presentation of debt issuance costs by requiring debt issuance costs to be presented as a deduction from the corresponding liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs is not affected. Therefore, these costs will continue to be amortized as interest expense using the effective interest method pursuant to ASC 835-30-35-2 through 35-3. The Company has applied this guidance retrospectively to all prior periods presented in the Company's financial statements.

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Recent Accounting Pronouncements

In February 2016, the FASB issued an accounting standards update for leases. The ASU introduces a lessee model that brings most leases on the balance sheet. The new standard also aligns many of the underlying principles of the new lessor model with those in the current accounting guidance as well as the FASB's new revenue recognition standard. However, the ASU eliminates the use of bright-line tests in determining lease classification as required in the current guidance. The ASU also requires additional qualitative disclosures along with specific quantitative disclosures to better enable users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. The pronouncement is effective for annual reporting periods beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, for nonpublic entities using a modified retrospective approach. Early adoption is permitted. The Company is still evaluating the impact that the new accounting guidance will have on its consolidated financial statements and related disclosures and has not yet determined the method by which it will adopt the standard.

Note 3- Going Concern

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company believes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

Note 4 – Discontinued Operations

The Company has fully impaired all assets since the shutdown of its operations in 2000 and has recorded the effects of this impairment as part of its discontinued operations. With the absence of a substantial amount of the old records and the passage of the statute of limitations the company has recorded a discontinued operations expense in 2000 the most current year since operations shutdown based on the accumulated records obtained to date through the first quarter 2019.

Note 5 – Common stock

As of December 31, 2018, a total of 112,594,949 shares of common stock with par value $0.001 remain outstanding.

Note 3 – Subsequent Event

On March 20, 2019, the eight judicial District Court of Nevada appointed Custodian Ventures, LLC as custodian for Nevtah Capital Management Corporation, proper notice having been given to the officers and directors of Nevtah Capital Management Corporation. There was no opposition.

On March 21, 2019, the Company filed a certificate of revival with the state of Nevada, appointing David Lazar as, President, Secretary, Treasurer and Director.

On March 26, 2019, the Company obtained a promissory note in amount of $120,500 from its custodian, Custodian Ventures, LLC, the managing member being David Lazar. The note bears an interest of 3% and is due and payable in full within 180 days following written demand.

On March 26, 2019, the Company issued 137,400,000 shares of common stock to Custodian Ventures, LLC at par for shares valued at $137,400 in exchange for settlement of a portion of a related party loan for amounts advanced to the Company in the amount of $16,900, and the promissory note issued to the Company in the amount $120,500.

Item 5. Description of the Issuer's Business, Products, and Services

.

A. Nevtah Capital Management Corporation, currently provides consulting services and is in the process of reorganizing its potential services and or products.

B. The Issuer's current primary SIC code is 2834.

C. The Issuer's Fiscal year end is December 31

D. The issuers principal service is:

   a. Consulting Services

Item 6. Description of the Issuers facilities

National Capital Management Corporation currently has no operating facility.

Item 7. Officers Directors and Control Persons

Name of Officer/Director and Control Person	Affiliation with Company (e.g. Officer/Director/Owner of more than 5%)	Residential Address (City / State Only)	Number of shares owned	Share type/class	Ownership Percentage of Class Outstanding	Note
