NOTES TO THE FINANCIAL STATEMENTS
Internally prepared by Management for the year ended December 31, 2017

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the presentation of the accompanying unaudited condensed consolidated financial statements follows:

General

The accompanying unaudited condensed consolidated financial statements of the Company, have been prepared in accordance with the rules and regulations (S-X) of the Securities and Exchange Commission (the "SEC"). Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles (GAAP) for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

The Company will recognize revenue in accordance with Accounting Standards Codification subtopic 605-10, Revenue Recognition ("ASC 605-10") which requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments will be provided for in the same period the related sales will be recorded.

ASC 605-10 incorporates Accounting Standards Codification subtopic 605-25, Multiple-Element Arrangements ("ASC 605-25"). ASC 605-25 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. There was no effect on implementing ASC 605-25 on the Company's financial position and results of operations.

Cash

The Company considers cash to consist of cash on hand and temporary investments having an original maturity of 90 days or less that are readily convertible into cash.

Net Loss per Common Share, basic and diluted

The Company has adopted Accounting Standards Codification subtopic 260-10, Earnings Per Share ("ASC 260-10") specifying the computation, presentation and disclosure requirements of earnings per share information. Basic loss per share has been calculated based upon the weighted average number of common shares outstanding.

Convertible Debt Instruments

If the conversion features of conventional debt instruments provide for a rate of conversion that is below market value at issuance, this feature is characterized as a beneficial conversion feature (“BCF”). A BCF is recorded by the Company as a debt discount pursuant to ASC Topic 470-20 “Debt with Conversion and Other Options.”

In those circumstances, the convertible debt is recorded net of the discount related to the BCF, and the Company amortizes the discount to operations over the life of the debt using the effective interest method. The Company was not required to record any BCF’s on any of the convertible debt it issued during the years ended December 31, 2016 and 2017.

NOTE 2 – GOING CONCERN MATTERS

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

The Company’s existence is dependent upon management’s ability to identify a merger candidate and develop profitable operations thereafter. Management is devoting substantial efforts to identifying a candidate as soon as practicable.

There can be no assurance that the Company’s efforts will result in a successful merger or profitable operations or the resolution of the Company’s liquidity problems.

There can be no assurance that any additional financings will be available to the Company on satisfactory terms and conditions, if at all.

NOTE 3 – CONVERTIBLE NOTES PAYABLE

On September 14, 2017, the Company issued a \$4,500 convertible promissory note to Diamond Dragon Capital for operating expenses. The Note is past due and the company may repay the note at any time. The conversion price is \$0.005445 per share. The total outstanding balance is \$4,636.

NOTE 5 – NOTES PAYABLE, RELATED PARTIES

As of December 31, 2017, there are no related party notes payable.

NOTE 5 – STOCKHOLDERS' EQUITY

The Company is authorized to issue 110,000,000 shares of stock with a par value of \$0.001 per share and 1,000,000 shares of preferred stock. As of December 31, 2017, the Company had 26,000,000 common shares outstanding and 1,000,000 shares of preferred stock issued and outstanding (Series A). The Board of Directors may fix and determine the relative rights and preferences of the shares of any series established.

NOTE 6 - STOCK OPTIONS

As of December 31, 2017, the Company has not granted any stock options.
