State below in reasonable detail why the Annual/Quarterly Report, could not be filed within the prescribed time period.

Pandemic COVID-19

As result of the outbreak of the COVID-19 virus, on May 1st, 2020, the Company evaluated its preparedness to file the Quarterly Disclosure Statement for the period ended March 31, 2020

Certain Company officers and management as well as professional staff and consultants were unable to timely conduct work required to prepare our Disclosure Statement for the period ended March 31, 2020. As a result, the Company will be unable to compile and review certain information required in order to permit the Company to file a timely and accurate Disclosure Statement for the period ended March 31, 2020, by the prescribed date without unreasonable effort or expense due to circumstances related to COVID-19.

On March 25, 2020, OTC Markets provided notice of conditional filing relief for companies affected by the Coronavirus in conjunction with similar relief provided by the SEC. (the "Notice") by giving ARS reporting companies an additional 45 days to file certain disclosure reports that would otherwise have been due between March 1 and July 1, 2020, such as the Company's Disclosure Statement for the period ended March 31, 2020. To qualify, companies must submit a Notification of Late Filing through OTCIQ.com, including a summary of why the relief is needed.

The Company is relying on the Notice for its Notification of Late Filing.

Anticipated Filing Date: Approximately 45 days after May 15, 2020.
