FINANCIAL STATEMENTS

For the Fiscal Years ended March 31, 2020 and 2019
(Unaudited)

Prepared by Management

(Stated in US Dollars)

NOTE TO READER

Megola, Inc. ("Megola" or "the Company") was incorporated in the State of Nevada under the name SuperiorClean, Inc. on March 29, 2001 to franchise and support third party carpet cleaning operations. On September 25, 2003, the Company changed its name to Megola, Inc. pursuant to an acquisition agreement with Megola, Inc., an Ontario company ("Megola Canada"). On November 26, 2003, the Company and Megola Canada completed the agreement by way of a reverse acquisition. Megola Canada was formed to sell physical water treatment devices to a wide range of end-users in the United States, Canada and internationally under a license granted by Megola GmbH in Germany. Megola operated up until March 2016 when it no longer had the financial resources to continue to meet its ongoing obligations in the normal course and was subsequently struck in the State of Nevada.

The Company was reinstated on May 9, 2018 and on May 17, 2018, the 8th District Court for Clark County, Nevada, entered an Order granting the application for custodianship of Megola, Inc. to International Venture Society, LLC.

On September 24, 2018, Mr. William Eric Ottens, formerly our sole officer and director, paid \$50,000 to the then controlling shareholder of the Company for 1 share of Special 2018 Series A Preferred Shares. This effected a change of control.

On May 21, 2020, Mr. William Eric Ottens resigned as the sole officer and director of the Company, and concurrently, Mr. Robert Gardiner was appointed President and a director and Mr. Rodney Nettles was appointed Secretary/Treasurer and a director.

As at the date of this report Mr. Ottens continues to be the controlling shareholder of the Company.

Upon discharge of the Company from Custodianship in fiscal 2018 (effected by the State of Nevada on February 2019) the Company adopted an opening balance sheet consisting only of those assets and liabilities identified during the custodianship. All assets and liabilities outstanding prior to the Company becoming defunct in fiscal 2016 were written off effective March 31, 2018, save for an identified advance payable to a company controlled by the officer and director of Megola Canada, our former 100% controlled subsidiary, and have been included in the Company's accumulated deficit. Concurrent with his appointment as the sole officer and director, Mr. William Eric Ottens, as the controlling shareholder, selected a fiscal year end of March 31. The Company is a shell, with no operations.

NOTE 1 - NATURE OF OPERATIONS

Description of Business:

Historical Information:

Megola, Inc. ("Megola" or "the Company") was incorporated in the State of Nevada under the name SuperiorClean, Inc. on March 29, 2001 to franchise and support third party carpet cleaning operations.

On September 25, 2003, the Company changed its name to Megola, Inc. pursuant to an acquisition agreement with Megola, Inc., an Ontario company ("Megola Canada"). On November 26, 2003, the Company and Megola Canada completed the agreement by way of a reverse acquisition. Megola Canada was formed to sell physical water treatment devices to a wide range of end-users in the United States, Canada and internationally under a license granted by Megola GmbH in Germany. Megola operated up until March 2016 when it no longer had the financial resources to continue to meet its ongoing obligations in the normal course and was subsequently struck in the State of Nevada.

The Company was reinstated on May 9, 2019 and on May 17, 2018, the 8th District Court for Clark County, Nevada, entered an Order granting the application for custodianship of Megola, Inc. to International Venture Society, LLC.

On September 24, 2018, Mr. William Eric Ottens paid \$50,000 to the then controlling shareholder for 1 share of Special 2018 Series A Preferred Shares. This effected a change of control, and Mr. Ottens became the sole officer and director of the Company. The Company is a shell, with no operations.

Current Information:

On September 25, 2018, the Company entered into a formal agreement to ratify the divestiture of the shares of our former controlled subsidiary, Megola Canada, in agreement with 1863942 Ontario Corporation, an entity controlled by the officer and director of Megola Canada who is also a shareholder of the Company. Under the terms of the agreement, the Company transferred the shares of Megola Canada to 1863942 Ontario Corporation and assumed certain debts incurred in prior periods in the amount of \$205,184 which were paid by 1863942 Ontario Corporation.

On December 24, 2018, effective February 13, 2019, the Custodianship of Megola, Inc. in the State of Nevada was discharged.

On January 25, 2020, the Board of Directors of the Company and the majority shareholder of the Company approved an Amendment to the Articles of Incorporation whereby the Company designated a series of Preferred Shares, being Series D, E, F and G. Concurrently they approved the cancellation of the 2018 Special Series B and D shares of preferred stock upon their return to treasury. Further the Company received and approved the consents of Mr. Rodney Nettles and Mr. Bob Gardiner to serve as members of the Board of Directors of the Company, such action to take place upon the Company filing all required reports with OTCMarkets. The aforementioned Certificate of Amendment was filed with the State of Nevada on February 28, 2020.

On January 30, 2020, Mr. Ottens entered into an agreement with Mr. Rodney Nettles, whereunder he agreed to sell his 1 share of 2018 Special Series A Preferred Stock for cash consideration of \$50,000. Further to this agreement, certain shareholders holding the 2018 Special Series B and the 2018 Special Series D Preferred stock agreed to cancellation of their shares for cumulative cash consideration of \$15,000 from Mr. Nettles upon closing of the sale of the 2018 Special Series A Preferred Stock, all of which transactions are dependent upon the filing of all reports required with OTC Markets. The transactions contemplated by this agreement have not yet closed.

On May 21, 2020, Mr. William Eric Ottens resigned as the sole officer and director of the Company, and concurrently, Mr. Robert Gardiner was appointed President and a director and Mr. Rodney Nettles was appointed Secretary/Treasurer and a director. As at the date of this report Mr. Ottens continues to be the controlling shareholder of the Company. The Company is currently a shell and is reviewing a number of possible acquisitions.

NOTE 2 – GOING CONCERN

The Company has liabilities of \$18,622,847 as at March 31, 2020 of which \$18,392,207 relate to certain derivative liabilities (ref: Note 7) and we have incurred operating losses to date. We have minimal cash on hand. The Company expects that while it is restructuring and reviewing acquisitions it will continue to incur operating losses. The Company has been funded to date by management and shareholders and expects this funding to continue until such time as it can acquire an operating business or undertake a financing. There can be no assurance that the Company will continue to receive this funding from management or that the funding it does receive will be sufficient to pay for its ongoing operations. Management's plans for the continuation of the Company as a going concern includes the identification and completion of acquisitions, the development of a commercially viable business, and the financing the Company's operations through issuance of its common stock and shareholder advances until such time as it has established profitable operations.

The recent COVID-19 pandemic could have an adverse impact on the Company going forward. COVID-19 has caused significant disruptions to the global financial markets, which may severely impact the Company's ability to raise additional capital and to pursue certain contracts. The Company may be required to cease operations if it is unable to finance its' operations. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report and is highly uncertain and subject to change. Management is actively monitoring the situation but given the daily evolution of the COVID-19 outbreak, the Company is not able to estimate the effects of the COVID-19 outbreak on its operations or financial condition in the next 12 months. There are no assurances that the Company will be able to meet its obligations, raise funds or conclude the acquisition of identified businesses. Further upon acquisition of any target businesses there is no guarantee these operations will be profitable.

The financial statements reflect all adjustments consisting of normal recurring adjustments, which, in the opinion of management, are necessary for a fair presentation of the results for the periods shown. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts of and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

NOTE 3 - USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of these financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 4 – SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles (US GAAP). In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature.

Fiscal Year End

The Company has selected March 31 as its fiscal year end.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable through the estimated undiscounted cash flows expected to result from the use and eventual disposition of the assets. Whenever any such impairment exists, an impairment loss will be recognized for the amount by which the carrying value exceeds the fair value. During the years ended March 31, 2020 and 2019, there was no impairment of long-lived assets.

NOTE 4 – SUMMARY OF ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

The Company follows the fair value measurement rules, which provides guidance on the use of fair value in accounting and disclosure for assets and liabilities when such accounting and disclosure is called for by other accounting literature. These rules establish a fair value hierarchy for inputs to be used to measure fair value of financial assets and liabilities. This hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels: Level 1 (highest priority), Level 2, and Level 3 (lowest priority).

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the balance sheet date.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3—Inputs are unobservable and reflect the Company’s assumptions as to what market participants would use in pricing the asset or liability. The Company develops these inputs based on the best information available.

Investments are reflected in the accompanying financial statements at fair value. The carrying amount of receivables and accounts payable and accrued expenses approximates fair value due to the short-term nature of those instruments. The estimated fair values for financial instruments are determined at discrete points in time based on relevant market information. These estimates involve uncertainties and cannot be determined with precision. The carrying amounts of lease receivables, accounts payable, and accrued liabilities approximate fair value given their short-term nature or effective interest rates, which constitutes level three inputs.

Basic and Diluted Loss Per Share

In accordance with ASC Topic 260 – "Earnings Per Share," the basic loss per common share is computed by dividing net loss available to common stockholders by the weighted average number of common stock outstanding. Diluted loss per common share is computed similar to basic loss per common share except that the denominator is increased to include the number of additional shares of common stock that would have been outstanding if the potential common stock had been issued and if the additional shares of common stock were dilutive.

Potential common stock consists of the incremental common stock issuable upon the exercise of common stock warrants (using the if-converted method), convertible notes, classes of shares with conversion features, stock awards and stock options. The computation of loss per share for the fiscal year ended 2019 excludes potentially dilutive securities of underlying preferred shares, because their inclusion would be antidilutive. During the fiscal year ended March 31, 2020, the Company recorded net income as a result of the change in value of its’ derivative liabilities during the year, as a result, computations of both basic and diluted loss per share is reported for the fiscal year ended March 31, 2020.

The table below reflects the potentially dilutive securities at each reporting period:

	<u>March 31, 2020</u>	<u>March 31, 2019</u>

Income Taxes

Income taxes are recognized in accordance with ASC 740, “Income Taxes”, whereby deferred income tax liabilities or assets at the end of each period are determined using the tax rate expected to be in effect when the taxes are actually paid or recovered. A valuation allowance is recognized on deferred tax assets when it is more likely than not that some or all of these deferred tax assets will not be realized.

Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.
