Quarterly Report **For the Period Ending: 30 September 2020**

As of 30 September 2020, the number of shares outstanding of our Common Stock was:

78,749,862

Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933 and Rule 12b-2 of the Exchange Act of 1934):

Yes: ☐ No: ☒ (Double-click and select "Default Value" to check)

Indicate by check mark whether the company's shell status has changed since the previous reporting period:

Yes: ☐ No: ☒

Indicate by check mark whether a Change in Control¹ of the company has occurred over this reporting period:

Yes: ☐ No: ☒

1) Name of the issuer and its predecessors (if any)

¹ "Change in Control" shall mean any events resulting in:

(i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becoming the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities;

(ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;

(iii) A change in the composition of the Board occurring within a two (2)-year period, as a result of which fewer than a majority of the directors are directors immediately prior to such change; or

(iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

The Company was originally incorporated in 1999, in the State of Nevada, under the name of Claremont Technologies Corporation.

On April 01, 2007, the Company changed its name from Claremont Technologies Corporation to China Ivy INC

On April 30, 2018, the Company changed its name from China Ivy to Resources Global Services Group

Issuer's current standing in its state of incorporation - **active**

Has the issuer or any of its predecessors ever been in bankruptcy, receivership, or any similar proceeding in the past five years?

Yes: ☐ No: ☒

4) Financial Statements

A. The following financial statements were prepared in accordance with:

- ☒ U.S. GAAP
☐ IFRS

B. The financial statements for this reporting period were prepared by (name of individual)⁴:

Name: **Mr Jean-Francois Meli**
Title: Chief Financial Officer
Relationship to Issuer: Treasurer, Director

⁴ The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

Provide the financial statements described below for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- C. Balance sheet.
- D. Statement of income.
- E. Statement of cash flows.
- F. Financial notes; and
- G. Audit letter, if audited

You may either (i) attach/append the financial statements to this disclosure statement or (ii) file the financial statements through OTCIQ as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial statements in a separate report as described above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. You may reference the document(s) containing the required financial statements by indicating the document name, period end date, and the date that it was posted to OTCIQ in the field below.

Financial statement information is considered current until the due date for the subsequent report (as set forth in the qualifications section above). To remain qualified for Current Information, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of each fiscal quarter-end date.

5) Issuer's Business, Products and Services

A. Summary of business operations

RGS Group focuses on Impact Investments that create positive social and environmental impact alongside financial return and measuring the achievement of both. Impact investment involves investing in companies or funds that offer both financial return and a positive social and environmental impact. It's about finding opportunities for great financial performance that also create real social and environmental good.

Our core business will be in property investment and developments, distribution of goods and services, hospitality, and services.

Resources Global Services Group is currently involved in a number of projects:

Project 1 (Completed)

This Project (Siem Reap) has been completed in December 2018 with a Cambodian based company, RGS Global, which has ownership of 2 land titles in Cambodia. The resultant land parcels are part of a mega project that has been earmarked for development of a Theme Park in Siem Reap. The development is structured and designed to be a world class entertainment resort city, catering to both locals and foreign visitors. Land prices in Siem Reap town continued to increase in 2018, due to the growing strength of the tourism industry, as reported by Khmer Times.

Projects in the Pipeline

Work in Progress - Assessing the viability of a number of projects. They are as follows:

- **Software Development**

From March 2020, during this period of lockdown due to the pandemic, Resources Global Services Group (RGSG) has been researching and reviewing the opportunities to work in partnership with start-up local companies in Australia in the software development arena. This is currently under review and work in progress is positive and promising. A small start-up company has been identified and the company has been offered a small government grant in their current project. We are monitoring its progress and we are being kept updated on their potential projects that will be coming on stream. Decision re partnership has a target timeframe of December 2020 or early January 2021.

- **Property Development in Australia**

For the last 9 months, Resources Global Services Group (RGSG) has been researching and reviewing the opportunities to work with local companies in Australia in the property investment and development arena. RGSG is working in partnership to acquire a parcel of land for the purpose of developing the land into multi-level dwellings. The parcel of land is in close proximity to shopping centers, bus stations and to tertiary educational facilities. The Reserve Bank's interest rate cuts have also boosted the increased demand in the housing market and led to the sudden increase in the housing prices and the shortfall of good, quality property for renters at an affordable price. RGSG is working together on a Feasibility Study with a local Property Development Company to assess the viability of the project. Feasibility Specialist has commenced to work out the costing of the various proposed options. Should the Feasibility Report establish the viability of the project, the partnership is anticipated to be concluded by the 4th Quarter of 2020 or the 1st Quarter of 2021 due to the Pandemic (Corona Virus).

RGSG is currently looking at funding opportunities/options to support the partnership with the Property Development Project. The identified property development project is situated in an affluent and popular, leafy suburb in Brisbane, 6 kilometers from the Brisbane CBD, modern shopping centers, upmarket cafes and restaurants, health and childcare facilities, close to Golf Course, the scenic wide expanse Brisbane River, close proximity to the University of Queensland and its numerous walkways. It offers its residents peace and quiet in its inner-city locale. It is a great potential for a successful business partnership.

- **a Training School in Phnom Penh, Cambodia**

- 1) Preliminary studies have found that there is a wide gap in the professionalism in sales and marketing for the local businesses. An in-depth study of the demographic market for training demand in different industries in Cambodia had been conducted and more training sessions have been planned for 2020.
- 2) It was noted that a number of professional training sessions have been conducted from August - December 2019 and it was professionally delivered to a group of local business participants. Courses on hold due to the pandemic.
- 3) Successful delivery and execution of the courses were noted. This project is still under review to check on the viability of the partnership. Project Delay due to pandemic to avoid unnecessary risks.

- B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference

None

- C. Describe the issuers' principal products or services, and their markets

Resources Global Services Group (RGSG) is an international infrastructure company involved in land acquisitions, property investments and integrated developments in the emerging South East Asia markets, market distribution of goods and services, hospitality and accounting services to service the local businesses.

Note 1

Ashley Edward Walker

Ashley is an Australian, based in Brisbane and has a broad experience base extending over a range of employment areas. His technical expertise spans from Marine to Civil Aviation (i.e. aerodrome design, Air Traffic Control support, processing applications for building developments around aerodromes, record drawings of ground facilities and a range of management roles. He was involved in significant projects such as the New Brisbane Airport and the redevelopment of the Cairns International Airport); Business Development and Export Advisor with the Australian Trade Commission. During his employment with the Australian Trade Commission, he was closely involved with numerous companies, assisting them to prepare their organizations for export markets around the world. This role also required close liaison with all levels of government and private bodies involved with assisting companies to export.

Note 2

Jean-Francois Meli

Jean-Francois is a CPA and a member of the Australian Institute of Company Directors, who has worked in Canada, the United States, France, England and New Zealand. He has been a Chief Financial Officer of a number of large corporations, including well-known brands such as Hans and Canterbury since 1990. He has 20 years of financial and operations management experience within the Manufacturing, Retail and Not-For-Profit sectors. He is a globally accomplished, influential Executive poised to deliver strategic visions and innovative thinking and in restoring profitability, streamlining operations and attaining commitment of key stakeholders.

Note 3

Siew Cheng Chua Ong

Siew has extensive experience in Program Management and IT systems development, managing customer facing project initiative changes for businesses and resource forecasting and scheduling and managing Vendor/Partner needs and delivery. She has worked extensively with both government and private sector organizations. Her expertise is in managing and implementing highly complex IT Programs and Quality Management in ISO Standard Certifications in Australia and New Zealand. Past clients include ANZ Bank, Virgin Australia, Origin Energy, QGC (Oil & Gas), Fonterra, Telecoms NZ, Ministry of Social Development & New Zealand Immigration Services. She managed and implemented the Governance Framework Transformation Program and the Data Warehousing System for Virgin Australia. She implemented a complex Infrastructure Transformation Program at NZ Telecom Ltd, managing the IT infrastructure environment and an Enterprise Wide server management tool (based in USA) deployed to 2000 managed servers in New Zealand

Note : The Company intends to appoint additional directors when deemed appropriate and to meet regulatory requirements should the Company pursue an active listing of its securities on one or more publicly traded exchanges.

8) Legal/Disciplinary History

A. Please identify whether any of the persons listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

None

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

None

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

None

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

None

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

None

Resources Global Services Group

NOTES TO FINANCIAL STATEMENTS

September 30, 2020

(Unaudited)

NOTE 1 - ORGANIZATION AND OPERATIONS

The Company was originally incorporated in 1999, in the State of Nevada, under the name of Claremont Technologies Corporation. On April 01, 2007, the Company changed its name from Claremont Technologies Corporation to China Ivy INC. On April 30, 2018, the Company changed its name from China Ivy to Resources Global Services Group.

Resources Global Services Group (RGSG) is an international infrastructure company involved in land acquisitions, property investments and integrated developments in the emerging South East Asia markets, market distribution of goods and services, hospitality and services, i.e. resources-based projects (water filtration in the systems in academic institutions).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in Australia (ASSB) and in the United States of America ("U.S. GAAP"). The preparation of financial statements in conformity with accounting principles generally accepted in Australia and in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing, and maintaining a system of internal accounting control and preventing and detecting fraud.

The Company's system of internal accounting control is designed to assure, among other items, that:

1) recorded transactions are valid.

2) valid transactions are recorded; and

3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

Income Taxes

There was no income tax for the three months period ended 30 September 2020.

Cash and Cash Equivalents

Cash and cash equivalents consist primarily of cash in readily available checking and saving accounts. Cash and cash equivalents are on deposit with financial institutions without any restrictions.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the accompanying financial statements, the Company had an accumulated loss for the year as at **September 30, 2020 of \$13,711** for the period.

Management believes that the actions presently being taken to further implement its business plan and generate revenues provide the opportunity for the Company to continue as a going concern. While the Company believes in the viability of its strategy to generate revenues and in its ability to raise additional funds, there can be no assurances to that effect. The ability of the Company to continue as a going concern is dependent upon the Company's ability to further implement its business plan and generate revenues.

Financial Instruments

The Company's financial instruments consist primarily of accounts payable and accounts receivable. The carrying amounts of such financial instruments approximate their respective estimated fair value due to the short-term maturities.

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision.

Cash and Cash Equivalent

Cash and cash equivalents consist primarily of cash in readily available checking and saving accounts.

Property, Plant and Equipment

The table below shows movements in net book value of our tangible assets during the financial year.

	Land and site improvements	Buildings	Other plant, equipment	Total property, plant and equipment
Net Book Value at 1 January 2020	347,397	-	-	347,397
Additions	-	-	-	-
Disposals	-	-	-	-
Depreciation Expenses	-	-	-	-
Impairment losses	-	-	-	-
Revaluation	268,503	-	-	268,503
Net Book Value at 30 September 2020	615,900	-	-	615,900

Impairment assessment

All non-current tangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable.

The recoverable amount of an asset is the higher of its fair value less cost of disposal and its value in use. Fair value less cost of disposal is measured with reference to quoted market prices in an active market.

Revaluation of assets

Following initial recognition at cost, a valuation of the land at Siem Reap, Cambodia conducted by Knight Frank – Cambodia was carried out on the 15th July 2016, to ensure that the carrying amounts of assets do not materially differ from the assets' fair values as at the reporting date. Revaluations for land, buildings and infrastructure are conducted every five years; other plant and equipment are revalued annually on a sample basis.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reverses a previous revaluation decrement of the same class that was previously recognised through profit and loss. Revaluation decrements for a class of assets are recognised through profit and loss except to the extent that they reverse a previous revaluation increment for that class.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Revenue

Revenue is measured at the fair value of the consideration received or receivable, net of discounts and taxes applicable to the revenue.

Foreign currencies translation

The accompanying financial statements are presented in Australian dollars ("AUD").

Translation gains and losses that arise from exchange rate fluctuations from transactions denominated in a currency other than the functional currency are translated into AUD at the rate on the date of the transaction and included in the results of operations as incurred. There were no material transaction gains or losses in the periods presented.

Goodwill

Goodwill acquired in a business combination is measured at cost. Cost represents the excess of what we pay for the business combination over the fair value of the identifiable net assets acquired at the date of acquisition. Goodwill is not amortised but is tested for impairment on an annual basis or when an indication of impairment arises. Goodwill amount arising on acquisition of joint ventures or associated entities constitutes part of the cost of the investment.

Related parties

We have acquired 51% ownership of the company RGS Global in the 4th quarter of 2018. One of our directors has a vested interest in this company. He (Mr Sherman Liew) is also performing the role of Vice President, Overseas Operations of this company, RGSG.
