Part C: Business Information

October 25, 2011

Item VIII Nature of Issuer's Business

A. Business Development.

Business Continuity Solutions, Inc. (“The Company” and/or “BCS”) provides backup, disaster, and recovery solutions for various businesses. The Company offers Neptune-11 Server solution for on-site backup, disaster, and recovery requirements; and appliance and support solutions. It also provides off-site Continuity Cloud solutions for off-site storage requirements; and managed services.

The Company was formerly known as Extreme Sports Marketing, Inc. f/k/a Exosphere Aircraft Company, Inc. (“Exosphere”) (OTCPK: EXSA). The Company recently changed its name and trading symbol to Business Continuity Solutions, Inc. (OTCPK:BUCS) and FINRA announced the name change on July 13, 2011.

On January 5, 2011, Exosphere entered into a Membership Interest Purchase Agreement with Business Continuity Solutions, LLC (the “LLC”), a North Carolina limited liability company, and Ramsey Dellinger, Chairman and CEO of the Company, whereby Exosphere purchased a 100% interest in Business Continuity Solutions, LLC. The transaction was an "Interests-Over" conversion, whereby the LLC owners transferred their LLC capital interests over to the new corporation in return for a proportionate amount of corporate stock, thus dissolving the LLC. The Corporation has recently amended and replaced the Membership Interest Purchase Agreement to a Stock Subscription Agreement replacing the consideration of preferred stock with common stock and altering the structure as an acquisition of substantially all of the assets the LLC.

While the operational conversion has taken place, the actual merger has not closed. The Agreement requires shareholder approval. To date, such approval has not been obtained.

The acquisition of Business Continuity Solutions, LLC, expected to close by December 31, 2011, will be accounted for as a reverse acquisition in accordance with Accounting Standards Codification (“ASC”) 805-40 Business Combinations. The Company determined for accounting and reporting purposes that Business Continuity Solutions, LLC is the acquirer because of the significant holdings and influence of the control group of BCS before and after the acquisition. As a result of the transaction, Business Continuity Solutions, LLC members will own approximately 68% of issued and outstanding common stock of Business Continuity Solutions, Inc. on a diluted basis. Therefore, any financial statements incorporated by reference herein are those of the LLC.

Business Continuity Solutions, Inc. was originally incorporated as a “C” corporation on July 7, 1997, under the laws of the State of Florida and under the name Mortgage Acquisition Group, Inc. The Corporation is based in Granite Falls, North Carolina.

The Company’s fiscal year is December 31. The Corporation has not been in bankruptcy, receivership and/or any similar proceedings, and there has been no material

October 25, 2011

reclassification, merger, consolidation, or purchase or sale of a significant amount of assets. The Corporation has not defaulted on the terms of any note, loan, lease, or other indebtedness or financing arrangement requiring the Corporation to make payments.

Although the Corporation has not experienced a change in control, the aforementioned Stock Subscription Agreement, if approved by the shareholders of the Corporation, would effectuate a change of control. Additionally, the Corporation has not increased by 10% or more any class of outstanding equity securities, although the Stock Subscription Agreement, if approved by the shareholders of the Corporation, would effectuate such an increase.

There are no stock splits planned, no current plans for dividends but this is entirely influenced by the performance of the company, no recapitalization, merger, spinoffs or reorganizations. The corporation authorized a 1000-to-1 reverse stock split of Common Stock whereby each stockholder as of June 19, 2006 (the “Record Date”), shall receive One (1) share for every one thousand (1000) shares then owned. No delisting of the issuers securities by any securities exchange or deletion from the OTC Bulletin Board.

The Corporation does not have any current, past, pending or threatened legal proceedings or administrative actions that could have a direct material effect on the Corporation’s business. However, the LLC is a defendant in a lawsuit seeking payment for services and/or products delivered (*N-Able Technologies, Inc. v. MSP on Demand, LLC and Ramsey Dellinger*). Principally, the dispute arises over alleged non-payments under contracts, however, the Plaintiff also alleges fraud and deceptive trade practices. The Plaintiff is seeking in excess of \$325,000 in damages. At present, no action has been taken in this case for over one year. The LLC and Mr. Dellinger indemnify the Corporation for any liability that may arise as a result of the transfer of assets under the Stock Subscription Agreement, but there are no guarantees that this indemnification will be sufficient protection for the Corporation. At the present, the Corporation does not believe that this claim will have a material and negative effect on the Corporation’s business. The Corporation does not have any current, past or pending trading suspensions by a securities regulator.

B. Business of Issuer

Business Continuity Solutions, Inc. provides backup, disaster, and recovery solutions for various businesses. The company offers Neptune-11 Server solution for on-site backup, disaster, and recovery requirements; and appliance and support solutions. It also provides off-site Continuity Cloud solutions for off-site storage requirements; and managed services.

The issuer’s primary SIC Code is 7379 - Computer related services, misc. The Company has been and is currently operational and is not, nor ever has been deemed a shell company. There are no parents or affiliates of the issuer, nor are there any

October 25, 2011

effects or consequences of any governmental regulations on the business due to the nature of the business and its services.

The Company spent zero funds on Research and Development over the past two years and no cost for such activities was borne by customers. There are no costs and effects to the Corporation due to compliance and environmental law. There are 12 full time employees.

Item IX The Nature of Products and/or Services

Products and Services

Neptune-11 Server

Our Neptune-11 Server is an on-site server appliance that serves as the disaster recovery solution for how businesses plan to survive everything from local equipment failure to global disaster. In addition, BCS serves as an important role to help the business planning process.

Our Neptune-11 products and services are designed to be tailored to fit the needs of business, regardless of organization size. For example; smaller businesses generally lack the in-house information technology (IT) resources to achieve these demanding planning, technical and process requirements. Therefore, many small to medium businesses (SMB's) either neglects to implement any data-oriented business continuity plan or else approach data backup and recovery in a sporadic, rudimentary fashion that fails to conform to the best practices of BCS.

Continuity Cloud

Continuity Cloud is an 'off-site' data storage solution for business. In the case of small businesses, not every organization needs the hassle and expense of having their own in-house disaster recovery server (like Neptune-11). Continuity Cloud for Windows lets these companies perform backup and recovery to and from the cloud with four layers of security so your information stays safe.

For larger companies Continuity Cloud serves to duplicate internal backup and data recover processes by also duplicating data backup to our off-site data center.

Distribution

Distribution is handled in one of two ways;

- a. Through our direct sales force which calls on end-user clients and...

October 25, 2011

- b. Through our reseller channel who purchase our products at wholesale prices and resell our products directly to end users.

At this point and time there are no announcements regarding material new products or services. The cloud computing and BDR markets are inter-related and rapidly evolving. The Company can expect increasing competition in the coming years. The market wants increased connectivity, convenience, business efficiency and security. How those value propositions are achieved is the question. BCS competes with large and small vendors in different segments of the cloud computing and virtualization markets, and expects new entrants will continue to enter the market and develop technologies that, if commercialized, may compete with our products.

Our competitive advantage is in the solution we offer will scale to deliver BDR services via a local appliance but will also give us the ability to deliver cloud based services for the client as that industry matures. We also, believe that BCS offers an opportunity for growth through acquisitions of other regional players that offer the same services or complementary services.

We do not depend on just a few customers, since we do business within many industries and markets. BCS does not have any patents, registered trademarks, licenses, franchises, concessions, royalty agreements or labor contracts at this time, though the Company does plan to file trademark applications through the US Patent and Trademark office in Washington, DC for “Continuity Cloud” and “Neptune-11” by the end of 2011.

BCS does not need any government approval to provide our products and/or services.

Item X: The Nature and Extent of the issuer’s facilities.

The Company leases the property in Granite Falls, North Carolina for \$850 per month. The square footage of the current space is approximately 2000 square feet. BCS has concluded its current lease agreement and is now operating on a month-to-month agreement, while it builds out its new space directly adjacent to its current location at 12 Falls Avenue in Granite Falls, NC. The new lease agreement will take effect once the build out is complete which is expected to be finished by January 2012. The new lease agreement is a three-year agreement based on monthly rent in the amount of \$1,100 per month for 4,000 square feet. The agreement also has a build out provision, which for every dollar spent on building improvements will go 100% towards future rent. The estimated cost of build out is currently budgeted at \$27,000. There are no other substantial leases, assets or real property at this time.

Part D: Management Structure and Financial Information

October 25, 2011

Item XI: The Name of the Chief Executive Officer, Members of the Board of Directors, as well as control persons.

A. Officers and Directors

Ramsey Dellinger – CEO/President/Chairman/Secretary/Sole Director

12 Falls Ave. Granite Falls, NC. 28630

Ramsey Dellinger has been involved in virtually every aspect of the technology industry, specifically hardware and software, for nearly 20 years and is a veteran founder and CEO/president of several profitable start-up ventures. Prior to founding Business Continuity Solutions, Inc., Mr. Dellinger was president and CEO of MSP On DEMAND since 2006, a predecessor to the Company and where he instituted a revolutionary new model for delivering Hardware as a Service (HaaS) by changing traditional Value Added Reseller’s business model. With the growing demand for managed services and the evolving technologies in which resellers delivered solutions at the time, Mr. Dellinger created a paradigm shift in the business model for technology resellers that allowed them to cost-effectively deliver both hardware and managed services for a monthly fee. Here he:

- Mentored companies in HaaS technology branding
- Led transformation of small to medium-sized resellers in the next generation of IT service as a HaaS provider.
- Developed the first HaaS based quoting tools for technology resellers.
- Grew reseller base by 20% annually.
- Was showcased on the cover of a Computer Reseller News (CRN) - Hardware at Your

Prior to MSP, he was founder and president of LAN-COM Technologies, Inc., which he grew to more than \$5M in revenue in the first year and acquired several other technology firms within the first four years. The company grew to over 25 employees and was recognized as one of North Carolina’s fastest growing technology resellers in 2000. Mr Dellinger received his Associate of Business & Music from Lenoir Rhyne College in 1992.

Compensation: \$150,000.00 Annually

B. **Legal/Disciplinary History:** None

C. **Disclosure of Family Relationships:** None

October 25, 2011

D. Disclosure of Related Party Transaction:

Ramsey Dellinger, the Sole Director/CEO/President/Chairman of the Corporation, has recently entered into a revised agreement (the Stock Subscription Agreement) for the subscription of approximately 140,000,000 shares of the common stock of the Corporation in exchange for substantially all of the assets of the LLC, of which Mr. Dellinger is the sole owner. The revised agreement amends and replaces an agreement made with the Corporation prior to Mr. Dellinger becoming a related person. The approximate dollar value of this transaction is \$150,000. The revised agreement is subject to shareholder approval, which has not yet been obtained.

E. Disclosure of Conflicts of Interest:

The Stock Subscription Agreement referenced in Item XI, Part D above is the only current conflict of interest and is subject to shareholder approval to mitigate the apparent conflict of interest.

Item XII: Financial information for the issuer’s most recent financial period.

Financial information for the most recent fiscal period will be posted to the OTC Disclosure and News Service as “Second Quarter 2011 Quarterly Report” and is incorporated by reference.

Item XIII Similar financial information for such part of the two preceding fiscal years as the issuer or its predecessor has been in existence.

None currently available.

Item XIV Beneficial Owners.*

Item XVI: Management’s Discussion and Analysis or Plan of Operation.

A & B - Plan of Operation and Management’s Discussion and Analysis of Financial Condition

Business Continuity Solutions, Inc. (“The Company” and/or “BCS”) provides backup, disaster, and recovery solutions for various businesses. The company offers Neptune-11 Server solution for on-site backup, disaster, and recovery requirements; and appliance and support solutions. It also provides off-site Continuity Cloud solutions for off-site storage requirements; and managed services. The company was formerly known as Extreme Sports Marketing, Inc. and changed its name to Business Continuity Solutions, Inc. in July 2011. Business Continuity Solutions, Inc. was originally incorporated on July 7, 1997 under the laws of the State of Florida and is based in Granite Falls, North Carolina. The Company has a fiscal year end on December 31st each calendar year.

The Company has generated profits and positive cash flows for the quarterly reporting period, reporting earnings of \$63,894, or approximately \$0.0006 per share. Despite this fact, with \$32,283 in cash and cash equivalents, as well as a negative equity balance of (\$126,455), the Company’s ability to continue as a going concern is in doubt and dependent upon achieving

October 25, 2011

greater revenue and profitability, as well as the Company's ability to obtain necessary financing to fund ongoing operations. The Company likely cannot continue to operate at current levels nor expand with the current revenues and profits it has at the present time. BCS will need to raise funds over the next 12 months or acquire/merge with another firm. Management believes, however, that its current and future plans will enable it to continue as a going concern and to profitably and dramatically grow, primarily for the following reasons:

- 1) The Company's historical ability to obtain new clients;
- 2) Extraordinary growth in the cloud computing and disaster recovery markets;
- 3) The relationship with its suppliers; and
- 4) Historical guidance – the Company's ability to maintain operations in the past with similar capital resources and conditions

The Company continues to seek external sources of financing in order to support existing operations and expand the range and scope of its business. The nature of the Company's business, while not overly asset intensive, is dependent on the purchase or leasing of equipment prior to servicing and billing clients. Therefore, growth is inhibited with the Company's current financial resources.

While there are no assurances that financing can be obtained on acceptable terms and or in a timely manner management has taken the following steps to improve its position:

1. Finding new equipment at reasonable terms and pricing;
2. Implementing various cost-cutting measures;
3. Locate new suppliers and contractors, and negotiate more favorable terms with existing ones;
4. Retain key employees; and
5. Research and/or develop new products, which often includes special promotions to specific target markets and does not include any new types of equipment.

C. Off Balance Sheet Arrangements

There are no off balance sheet arrangements

Part E: Issuance History

Item XVII: List of securities offerings and shares issued for services in the past two years.

The Corporation has not issued any shares pursuant to an offering in the past two years. On September 21, 2011, the Corporation issued 1,000,000 shares of its common stock to Capital

October 25, 2011

Consulting Inc., having an address of PO Box 83-2085, Delray Beach, FL 33483, for services to be rendered. Capital Consulting, Inc. is to provide the Corporation with marketing services in exchange for the shares.

Item XVIII Material Contracts

STOCK SUBSCRIPTION AGREEMENT

RECITALS:

A. Reference is made to that certain Membership Interest Purchase Agreement entered into by the Parties in January of 2011, whereby the Corporation was to acquire Seller as a wholly owned subsidiary of the Corporation in exchange for Subscriber to receive certain shares in the Corporation as well as the acquisition by Seller of another company (the “MIPA”).

B. Subscriber owns one hundred percent (100%) of the membership interests in Seller.

C. Upon and since the execution of the MIPA, the Corporation has operated Seller as a wholly owned subsidiary of the Corporation, subject only to the voiding provisions of the MIPA should a Closing not occur thereunder.

D. Despite the technical default of all Parties under the MIPA, the Parties have continued to operate towards a Closing pursuant to the terms thereof.

E. The Parties wish to enter into this new Agreement to supersede and replace in its entirety the MIPA as of the date hereof.

F. Subscriber desires to subscribe in, to and for certain shares of the Corporation in exchange for the conveyance and transfer of all of the assets of the Seller (the “Transaction”).

G. The Parties understand and acknowledge that for the Transaction to be completed the shareholders of the Corporation must approve of the Transaction, and the Financial Industry Regulatory Authority must be provided with sufficient and complete corporate records regarding the Transaction so as to provide notice to the market of a change in control in the Corporation. If that approval cannot be obtained or the issuance accomplished for any reason, there will be a failure of consideration and the Transaction will be void.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. Incorporation of Recitals. The foregoing recitals are incorporated into and made a part of this Agreement.

2. Consideration.

a. Seller and Subscriber. Seller and Subscriber agree to the following:

i. Subscriber will cause Seller to convey, assign, set over and transfer to the Corporation all, and not less than all, of the Seller’s assets, along with those liabilities incurred by Seller in the ordinary course of its business, *specifically excepting* Seller and Subscriber’s liability arising out of or connected to the action commonly known and referred to as MSP on Demand vs. N-able Tech., which Seller and Subscriber have previously discussed with the Corporation; and

October 25, 2011

ii. Seller and Subscriber will continue to allow Seller to operate as a wholly owned subsidiary of the Corporation until such time as this Transaction fully and finally closes; and

iii. Seller and Subscriber will supply the necessary documentation to the Financial Industry Regulatory Authority (“FINRA”) and OTC Markets Group to close this Transaction.

b. Corporation. In exchange for Seller and Subscriber’s consideration, Corporation agrees to the following:

i. The Corporation shall not distribute any monies from Seller to itself or any shareholders until the Transaction is completed and closed; and

ii. Subject to shareholder and appropriate regulatory approvals of the Transaction, the Corporation shall issue to Subscriber 140,000,000 restricted common shares; and

iii. On or before the Closing Date, the Corporation shall cause acquire 36,000,020 or its common shares to become authorized but unissued shares of the Corporation.

3. Seller Retained Earnings and 2010 Net Income. Seller and Subscriber shall be entitled to all of Seller’s retained earnings as of December 31, 2010 (the “Retained Earnings”).

4. Closing. The Closing of this Agreement shall occur within thirty (30) days of the latest to occur of (i) shareholder approval of the Transaction, (ii) issuance of public notice by FINRA of the Transaction, if necessary, or (iii) appropriate regulatory authority approval or announcement, including OTC Markets Group, of the Transaction, if necessary.

5. Closing Documents. On the Closing Date, the Parties shall execute and deliver the documents described below (the “Closing Documents”), as necessary for the Closing. Closing of this Agreement is expressly contingent upon the Parties agreement as to the terms and conditions and form and substance of the Closing Documents. If the parties are unable to agree upon the terms and conditions of each and every Closing Document, Closing hereunder shall not occur. The Closing Documents are as follows:

a. Appropriate instruments conveying from Seller to the Corporation all of Seller’s assets and liabilities as set forth in Section 2(a)(i) above, including but not limited to one or more Bill(s) of Sale and an Assignment and Assumption Agreement; and

b. The usual and necessary Seller and Corporation authorizations and resolutions authorizing the Transaction, including shareholder approvals identified herein and other approvals as may be necessary; and

c. A Stock Certificate evidencing Subscriber’s ownership of the Corporation’s stock as described in Section 2(b)(ii) herein; and

d. One or more cancelled Stock Certificates evidencing the Corporations acquisition of 36,000,020 shares of its common stock as described in Section 2(b)(iii); and

e. Such other and further documents as shall reasonably be required in connection with the Closing of this Agreement.

October 25, 2011

Item XIX Articles of Incorporation and Bylaws

The Articles of Incorporation and Corporate Bylaws have been posted to the OTC Disclosure and News Service and named as such, and are incorporated by reference.

Item XX Purchases of Equity Securities by the Issuer Affiliated Purchasers

There have been no purchases of equity securities by the Corporation's affiliated purchasers to date. Pursuant to the aforementioned Stock Subscription Agreement, however, the Corporation will be redeeming 36,000,020 shares of its common stock upon the close of said agreement. These shares will be returned to the Corporation's treasury as authorized but unissued shares.

Item XXI Issuer's Certifications

I, Ramsey Dellinger, as Chief Executive Officer and Director of Business Continuity Solutions, Inc. ("the Company") certify that:

- a. I have reviewed this Information Statement and related references herein.
- b. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made,, in light of the circumstances under which such statements were made,, not misleading with respect to the period covered by this disclosure statement.
- c. Based upon my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this disclosure document.

Date: October 25, 2011
