Guidelines for Providing Adequate Current Information (Version 10.0 -1/14/2011)

Because the Company wants to provide more meaningful and useful information, this Quarterly Report contains certain "forward-looking statements" (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended). These statements reflect our current expectations regarding our possible future results of operations, performance, and achievements. These forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, regulation of the Securities and Exchange Commission, and common law. Wherever possible, we have tried to identify these forward-looking statements by using words such as "anticipate," "believe," "estimate," "expect," "plan," "intend," and similar expressions. These statements reflect our current beliefs and are based on information currently available to us. Accordingly, these statements are subject to certain risks, uncertainties, and contingencies, which could cause our actual results, performance, or achievements to differ materially from those expressed in, or implied by, such statements. These risks, uncertainties and contingencies include, without limitation, the factors set forth under "Item 4; Management's Discussion and Analysis of Plan of Operation." We have no obligation to update or revise any such forward-looking statements that may be made to reflect events or circumstances after the date of this Annual Report.

Item 3: Interim financial statements.

The Financial Information for the Issuer's fiscal period ending September 30, 2011 is set forth in Exhibit 3.1, attached hereto, the content of which is incorporated herein by reference and includes the Balance Sheet, Statement of Operations for the Nine Months Ending September 30, 2011 and Statement of Cash Flows, January 1 through September 30, 2011.

Item 4. Management's discussion and analysis or plan of operation.

The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this quarterly report and in the Investor Disclosure Statement filed, November 30, 2011. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include, but are not limited to those discussed below and elsewhere in the aforesaid November 30, 2011 publication, particularly in the section entitled "Risk Factors". Our financial statements are prepared in accordance with United States Generally Accepted Accounting Principles. We are a development stage company and have generated little revenue to date.

RESULTS OF OPERATIONS

We have incurred recurring losses to date. Our financial statements have been prepared by management from the books and records of the company assuming that we will continue as a going concern and, accordingly, do not include adjustments relating to the recoverability and realization of assets and classification of liabilities that might be necessary should we be unable to continue in operation. We expect we will require additional capital to meet our long term operating requirements. We expect to raise additional capital through, among other things, the sale of our Belgian subsidiary Smokefree Innotec Bvba.

CURRENT PERIOD ENDING SEPTEMBER 30, 2011 COMPARED TO FISCAL YEAR ENDED DECEMBER 31, 2010.

Our net gain to date for nine months of the current year is \$1,264,032. This is due primarily to lowering costs and the gain realized from the sale of the Company's Belgian subsidiary, Smokefree Innotec Bvba for \$1,110,000.00 to The James Denverson Corp. of Florida, a competitor e-cigarette company that has proprietary product consisting of a single use e- cigarette, so they may gain access to the European and international markets. The net Ordinary Income/ (loss) for the nine months of 2011 is loss of (\$100,558); offset by the \$1,364,590 Other income derived from the sale of the Company's subsidiary. The Company's share of the revenue receivable from the shopping cart sales is \$38,500; and since the operator of the shopping cart circumvented the company in purchasing product sub-assemblies from the Company suppliers, paying for them directly, the Company had only a cost of goods sold amounting to \$500.00 in the form of shipping costs billed to the Company, which were more accurately re-categorized as miscellaneous expense.

The total expenses for the Company in the first nine months of 2011 amounted to \$139,058, projected to be under \$145,000 by year end., approximately \$8,000 under 2010 (a 5% reduction) as a result of reduced compensation due to the ex-President who resigned July 1, 2011, and the present management receiving no compensation during the remaining six (6) months of 2011, and without being reimbursed for expenses incurred by them on behalf of the Company. The total number of shares outstanding at the end of the first eight month period of 2011 are 633,403,973 shares.

Item 5. Legal proceedings.

In addition to the matters set forth at Item VIII.A.11 of the Issuers Initial Investor Disclosure Statement, published November 30, 2011, as Supplemented, the Issuer has entered into arbitration with Eric and Charles Fuentes over the existence, terms and conditions of a marketing agreement between the parties. The filing due date for the Fuentes to pay the Proceed Fee has passed but AAA has yet to give notice of termination of the arbitration. The Fuentes claim the sum of \$130,000 following termination of the purported relationship. The Issuer denies the existence of the relationship and that any money is due to the Fuentes.

Item 6. Defaults upon senior securities.

There has been no material default in the payment of principal, interest, a sinking or purchase fund installment, or any other material default not cured within 30 days, with respect to any indebtedness of the issuer exceeding 5% of the total assets of the issuer.

Item 7. Other information.

For the quarter ending September 30, 2011 there are no items that the issuer would be required to include in a Current Update.

Item 8. Exhibits.
