The following Management's Discussion and Analysis of Financial condition and Results of Operations of the Company should be read in conjunction with the Financial Statements and notes related thereto included in this Annual Report.

Management's Discussion and Analysis or Plan of Operation

KMA Global Solutions International, Inc. ("KMAG" or the "Issuer") was incorporated on March 9, 2006 under the laws of the State of Nevada. The Company's fiscal year end is January 31. The Company has never been subject to bankruptcy, receivership or any similar proceeding. There are no current, past or pending trading suspensions by a securities regulator.

KMAG has been engaged in the Electronic Articles Surveillance (EAS) industry since inception. Shrinkage (the value of goods which are not paid for) is caused primarily by shoplifting and employee theft. EAS solutions are designed to act as a deterrent to control the problem of merchandise theft. To address this market opportunity, KMAG built the necessary infrastructure to be a source for EAS solutions worldwide. Our operations now include a baggage handling solution using KMAG's RFID application and process along with a unique IP for tracking baggage for both the airline and the baggage owner. KMAG is applying an RFID tag to baggage tickets in a bulk format allowing for in airport use. This will enable the owner of the luggage to track his or her own luggage from the moment the bag is checked in at the airport and confirm your luggage is located on the plane and once again upon your arrival at your destination and or transit. Certain airlines have agreed to unique pilot projects as well as a smart phone application for the baggage owner. KMA has delivered initial product to the client during the fourth quarter year ending 2012 and is awaiting further development of our client's platform before further production is required. We continue to work closely with our client and will adapt our product to best fit any change required by their platform.

KMAG has developed high speed packaging line equipment which is being tested and built that can apply, read and write a RFID tag in a variety of different tag configurations onto a variety of consumer packaging. Specifically we are working with a customer that will use this equipment in the start up phase for tracking merchandise from production throughout distribution to the customers dock. The opportunity is based on applying RFID tags to different packaging containing liquids that allow for reading with 100% confidence. This closed loop start up phase will transition into point of purchase retail solution which will allow for third party use at retail. The potential for this project to spread to other users is viable.

Equipment has been installed at our primary customer and is being used as a full production machine. Further development is ongoing as we start to promote the equipment to other manufactures.

KMAG is the assignee of active patents issued by the U.S. Patent and Trademark Office (as well as corresponding foreign patents granted in Germany, Spain, France, Italy, Netherlands, United Kingdom and Mexico). These patents relate to a sew-on security label, which anticipates and incorporates RFID technology, improvements and manufacturing processes. KMAG also has patent applications pending in the U.S. (as well as corresponding foreign patent applications in Mexico, Germany, Spain, France, Italy, Netherlands, United Kingdom and Canada) relating to its dual technology EAS label and high speed process, which anticipates and incorporates RFID technology and improvements thereof.

KMAG has developed a New Solution called the fashion Shoe tag which is intended to be used at retail to protect Fashion Footwear without damaging the shoe. The solution has been developed to contain both EAS and RFID technology. Initial testing has been successful. KMAG has spent \$27,530 USD developing the tags and building test molds to produce these tags. Further R&D expenditures will occur as we develop more sophisticated solutions for niche markets.

On March 10, 2006, KMAG entered into a merger/reincorporation with Espo's Ltd. ("Espo's"), a corporation formed under the laws of the State of New York on September 7, 2001 and KMAG was the surviving corporation. Espo's had operated since its inception as a retail provider of sporting goods and athletic apparel, with a focus on aquatic sports products. Espo's shares traded on the

Pink Sheets under the symbol "EPOL." As a result of the merger/reincorporation, shares of former Espo's common stock currently trade on the Pink Sheets under the symbol "KMAG."

On March 15, 2006, KMAG entered into an acquisition agreement with KMA Global Solutions, Inc., a corporation formed on April 1996 under the laws of the Province of Ontario, Canada ("KMA (Canada)") whereby KMAG purchased 314,400 shares of KMA (Canada) common stock in exchange for an equal number of shares of KMAG's common stock. KMA (Canada) was a multinational provider of diversified electronic article surveillance ("EAS") solutions for retail security applications in a variety of consumer industries, including apparel, multimedia, sporting goods, grocery and over-the-counter pharmaceuticals. Concurrent with the acquisition agreement, KMAG transferred its assets and liabilities acquired from ESPO's to other entities unaffiliated with KMAG.

On February 8, 2010 the Company converted certain Accounts Payable in the amount of \$294,067 into Convertible Debentures of the Company with an expiry date of June 30, 2011 and had an interest rate of 10% per annum. The interest was added to the principal and became payable at the expiry date. The holders converted the Convertible Debentures in common shares of the Company at a price equal to 66.67% of the quoted share price on the trading day immediately preceding the day on which the Notice of Conversion was delivered to the Company. The Debentures were converted on April 26, 2011.

The Company used the discounted cash flow method of valuing the convertible notes. The Company used a normal rate of interest of 18% representing an estimate of the interest rate that would have been required had the Debentures not been convertible. The difference in the discounted value was allocated to Contributed Surplus. The Contributed Surplus was amortized and provides an accretion in the value of the Convertible Debentures over the term. The accrued interest has been expensed monthly over the term of the Convertible Debentures.

The debentures were converted and 434,420,100 shares issued on July 19, 2011. There is no convertible debt remaining.

In February 2010 KMAG licensed its intellectual property to r-pac International Hong Kong, which has distribution in numerous countries and an in depth customer list, and the financial resources to make the most of the technology. KMAG is currently receiving royalty payments from the license.

As of February 21, 2011 KMAG spun off its three subsidiaries to the KMAG shareholders. The three subsidiaries include KMA Global Solutions, Inc. a Canadian corporation through which the Company conducted its operations, KMA Global Solutions (Hong Kong), Inc. a Hong Kong corporation which was a manufacturing subsidiary, and KMA Global Solutions USA, Inc. which manufactured EAS products for the packaging industry.

KMAG distributed to its shareholders the shares of capital stock that it owned in each of those subsidiaries. Specifically, KMAG distributed to each of its shareholders of record as of February 21, 2011, one share of each such subsidiary's stock for each share of KMAG common stock owned by that shareholder as of that date. On February 21, 2011, KMAG owned 175,000,000 shares of stock of each of its subsidiaries. Accordingly, all of the 175,000,000 shares of stock KMAG owned of each of its subsidiaries were distributed to KMAG's shareholders as of that date. As a result, as of February 21, 2011, KMAG has no subsidiaries and they are not included in the financial statements at April 30, 2012.

KMAG continues to promote and sell EAS solutions and develop products used by its retail customers in both EAS and RFID. KMAG continues to promote the existing business and has augmenting its existing intellectual property and knowledge of the RFID industry.

Although there is no present agreement or understanding for KMAG to make any particular acquisition, it does intend to attempt to seek out, entertain and evaluate proposals for acquisition of other assets and/or business opportunities in exchange for shares of its common stock. There cannot, of course, be any assurance that any such acquisition proposals will be made to or located

by KMAG, and it is probable that any which the board of directors might entertain may be on terms that would be deemed unfavorable to and have a dilutive effect on KMAG's existing shareholders.

KMA Global Solutions International Inc. is located at 438 Gibraltar Drive suite 11 Mississauga Ontario. We are located in a 4800 square foot facility where current operations and record keeping takes place.

KMA GLOBAL SOLUTIONS INTERNATIONAL, INC.

CERTIFICATE OF DESIGNATION

OF SERIES A CONVERTIBLE PREFERRED STOCK,

KMA Global Solutions International, Inc. (the "Corporation"), a corporation organized and existing under the laws of Nevada, does hereby certify that, pursuant to authority conferred upon the Board of Directors of the Corporation by the Articles of Incorporation, as amended, of the Corporation, it has adopted resolutions (a) authorizing the issuance of 25,000,000 shares of Series A Convertible Preferred Stock (the "Series A Preferred Stock"), of the Corporation and (b) providing for the designations, preferences and relative participating, optional or other rights, and the qualifications, limitations or restrictions thereof, as follows:

1. Designation and Number of Shares. There shall be hereby created and established a series of Preferred Stock designated as "Series A Convertible Preferred Stock" (the "Series A Preferred Stock"). The authorized number of shares of Series A Preferred Stock shall be 25,000,000. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in Section 8 below.

2. Rank. The Series A Preferred Stock shall with respect to distributions of assets and rights upon the occurrence of a Liquidation rank (i) senior to all classes of common stock of the Corporation (including, without limitation, the Common Stock, par value \$0.001 per share (the "Common Stock"), of the Corporation), and (ii) senior to each other class or series of Capital Stock of the Corporation hereafter created which does not expressly rank pari passu with or senior to the Series A Preferred Stock (the "Junior Stock").

3. Dividends. If the Corporation shall pay any dividends to holders of the Common Stock, the holders of shares of Series A Preferred Stock shall be entitled to dividends on an as-converted basis with the Common Stock.

4. Liquidation Preference.

(a) Priority Payment. Upon the occurrence of a Liquidation, the holders of shares of Series A Preferred Stock shall be entitled to be paid for each share of Series A Preferred Stock held thereby, out of, but only to the extent of, the assets of the Corporation legally available for distribution to its stockholders, an amount equal to \$0.013 (as adjusted for stock splits, stock dividends, combinations or other recapitalizations of the Series A Preferred Stock, the "Liquidation Preference") plus, as provided in Section 3 above, all accrued and unpaid dividends, if any, with respect to each share of Series A Preferred Stock, before any payment or distribution is made to any

Junior Stock. If the assets of the Corporation available for distribution to the holders of Series A Preferred Stock shall be insufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, then all of the assets available for distribution to holders of the Series A Preferred Stock shall be distributed among and paid to such holders ratably in proportion to the amounts that would be payable to such holders if such assets were sufficient to permit payment in full.

(b) No Additional Payment. After the holders of all shares of Series A Preferred Stock shall have been paid in full the amounts to which they are entitled in paragraph 4(a), the shares of Series A Preferred Stock shall not be entitled to any further participation in any distribution of assets of the Corporation and the remaining assets of the Corporation shall be distributed to the holders of Junior Stock.

(c) Notice. Written notice of a Liquidation stating a payment or payments and the place where such payment or payments shall be payable, shall be delivered in person, mailed by certified mail, return receipt requested, mailed by overnight mail or sent by telecopier, not less than ten (10) days prior to the earliest payment date stated therein, to the holders of record of the Series A Preferred Stock, such notice to be addressed to each such holder at its address as shown by the records of the Corporation.

5. Voting Rights.

In addition to any voting rights provided by law, the holders of shares of Series A Preferred Stock shall have the following rights: Each share of Series A Preferred Stock shall entitle the holder thereof to vote, in person or by proxy, at a special or annual meeting of stockholders (or in any action by written consent), on all matters voted on by holders of Common Stock, voting together as a single class with other shares entitled to vote thereon, on an as-converted basis with the Common Stock.

6. Conversion. The holders of the Series A Preferred Stock shall have conversion rights as follows:

(a) Right to Convert. Each share of Series A Preferred Stock shall be convertible at the option of the holder thereof (except as prohibited by law), in full or in part, into twenty five (25) fully paid and nonassessable shares of common stock of the Corporation, subject to adjustment as provided in this Section 6 (the "Conversion Rate").

(b) Delivery of Common Stock Upon Conversion. The Company shall, no later than the close of business on the fourth (4th) business day after receipt by the Company of all necessary documentation duly executed and in proper form required for conversion, including the original Preferred Stock Certificates to be converted (or after provision for security or indemnification in the case of lost or destroyed certificates, if required), and a notice of conversion in a form reasonably acceptable to the Company, deliver or cause to be delivered the number of shares of Common Stock to which the holder shall be entitled as aforesaid.

(c) No Fractional Shares. If any conversion of the Series A Preferred Stock would create a fractional share of Common Stock or a right to acquire a fractional share of Common Stock, such fractional share shall be disregarded and the number of shares of Common Stock issuable upon conversion, in the aggregate, shall be the next lower number of shares.

(d) Reservation of Stock Issuable Upon Conversion. The Company shall at all times reserve and keep available or make provision to increase, reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of effecting the conversion of the Series A Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all then outstanding Series A Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of Series A Preferred Stock, the Company will take such corporate action as may be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

(e) Adjustment to Conversion Rate.

(i) Adjustment to Conversion Rate Due to Stock Split, Stock Dividend, Etc. If, prior to the conversion of all of the Series A Preferred Stock, the number of outstanding shares of Common Stock is increased by a stock split, stock dividend, or other similar event, the Conversion Rate shall be proportionately adjusted.

(ii) Adjustment Due to Merger, Consolidation, Etc. If, prior to the conversion of all Series A Preferred Stock, there shall be any merger, consolidation, exchange of shares, recapitalization, reorganization, or other similar event, as a result of which shares of Common Stock of the Company shall be changed into the same or a different number of shares of the same or another class or classes of stock or securities of the Company or another entity or there is a sale of all or substantially all the Company's assets, then the holders of Series A Preferred Stock shall thereafter have the right to receive upon conversion of Series A Preferred Stock, upon the basis and upon the terms and conditions specified herein and in lieu of the shares of Common Stock immediately theretofore issuable upon conversion, such stock, securities and/or other assets which the Holder would have been entitled to receive in such transaction had the Series A Preferred Stock been converted immediately prior to such transaction, and in any such case appropriate provisions shall be made with respect to the rights and interests of the holders of the Series A Preferred Stock to the end that the provisions hereof (including, without limitation, provisions for the adjustment of the Conversion Rate and of the number of shares issuable upon conversion of the Series A Preferred Stock) shall thereafter be applicable, as nearly as may be practicable in relation to any securities thereafter deliverable upon the exercise hereof.

7. No Reissuance. No share or shares of Series A Preferred Stock acquired by the Corporation by reason of conversion or otherwise shall be reissued as
