Accountant's Compilation Report

To the Board of Directors
Ramoil Management, Ltd.
Irvine, California

I have compiled the accompanying balance sheet of Ramoil Management, Ltd. as of September 30, 2015, and the related statements of operations, retained earnings, and cash flows for the nine months then ended. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

A handwritten signature in black ink that reads "John Newton Bowman". The signature is written in a cursive, flowing style.

RAMOIL MANAGEMENT LTD
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

SEPTEMBER 30, 2015

NOTE 1 – DESCRIPTION OF OPERATIONS

Ramoil Management, Ltd. (the Company) is a Wyoming corporation originally formed in Delaware in 1986. Effective May 4, 2012, pursuant to an agreement dated April 20, 2012; the Company acquired 100% of the outstanding common stock of Terlyn Technologies, Inc. through an exchange of stock. On May 11, 2012, The Company changed its name to Terlyn Tech International, Inc. Effective April 20, 2013 this arrangement was revoked through the reversal of this exchange of stock. The Company subsequently changed its name back to Ram Oil Management Ltd. The Company is currently pursuing business opportunities related to the development of innovative products that supply the medical, research, and pharmaceutical industries. The company is additionally establishing domestic and international partnerships with businesses that develop and sell proprietary consumer products and services. Product lines for the consumer, music and entertainment sectors are in development in California. Initial product sales began in the quarter ended December 31, 2015. These initial sales were promotionally priced at the Company's cost.

On October 23, 2015, the shareholders of the corporation voted to change the name of the corporation from Ramoil Management, Ltd. to Advantis Corporation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting – The Company presents its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles.

(b) Cash and cash equivalents – Cash and cash equivalents are defined as cash and investments that have a maturity of less than three months.

(c) Use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates and assumptions impact, among others, the valuation allowance for deferred tax assets, due to continuing and expected future losses, and share-based payments. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from estimates.

(e) Share based payments - Generally, all forms of share-based payments, including stock option grants, restricted stock grants and stock appreciation rights, are measured at their fair value on the awards' grant date, and based on the estimated number of awards that are ultimately expected to vest. Share-based payment awards issued to non-employees for services rendered are recorded at either the fair value of the services rendered or the fair value of the share-based payment, whichever is more readily determinable. The expense resulting from share-based payments are recorded as a component of general and administrative expense.

RAMOIL MANAGEMENT LTD
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

SEPTEMBER 30, 2015

(f) Income taxes - Company accounts for income taxes in accordance with accounting guidance now codified as FASB ASC Topic 740, "Income Taxes," which requires that the Company recognize deferred tax liabilities and assets based on the differences between the financial statement carrying amounts and the tax bases of assets and liabilities, using enacted tax rates in effect in the years the differences are expected to reverse. Deferred income tax benefit (expense) results from the change in net deferred tax assets or deferred tax liabilities. A valuation allowance is recorded when it is more likely than not that some or all deferred tax assets will not be realized

(g) Intangible Assets – Finite lived intangible assets such as purchased intellectual property, licenses, patents, trademarks and similar assets are amortized over their estimated useful lives, generally for periods ranging between 3 and 20 years. The Company continually evaluates the useful lives of these assets. Once these assets are fully amortized, they are removed from the Consolidated Balance Sheets.

(h) Loss per share -Net loss per common share is computed pursuant to FASB ASC Topic 260, "Earnings per Share." Basic loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. Diluted loss per share income is computed by dividing net loss by the weighted average number of shares of common stock outstanding and potentially outstanding shares of common stock during the period. There were no potentially dilutive shares outstanding as of June 30, 2015. The loss per share is reported as zero as the computed loss is less than \$.01.

NOTE 3 – GOING CONCERN

The Company's financial statements were prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has minimal revenues and has generated losses from operations. The Company anticipates further losses from operations. These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments relating to the recovery of recorded assets or the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 4 – INCOME TAXES

The Company is taxed as a corporation under the Internal Revenue Code. The Company has operating losses and no provision for federal income taxes has been included in the financial statements. The Company has a net operating loss carry forward available to offset future income taxes. The Company has fully reserved for any benefits of these losses. The deferred tax

RAMOIL MANAGEMENT LTD
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

SEPTEMBER 30, 2015

Purposes are recognized, as appropriate. Realization of the future tax benefits is dependent on the Company's ability to generate taxable income within the net operating loss carry forward period.

NOTE 6 – RELATED PARTIES

The Company's shareholders have advanced the Company funds and deferred personal compensation to continue operations during the development phase. It is anticipated these amounts will be repaid when the Company has sufficient operating cash flow.

During the current accounting period, salaries and consulting fees due shareholders and officers have been accrued, but not paid. Consulting fees and salaries are currently being accrued in the amount of \$29,167 per month since July 1, 2015. The remaining amounts recorded during the current period relate to amounts which have been payable in prior periods but had not been recorded until the current period.

NOTE 7 – EXTINGUISHMENT OF DEBT

On August 27, 2015 the corporation entered into an agreement with Michael Goeree, a retired officer of the Company, to settle all outstanding obligations of Ramoil for the amount of \$875,000. As of June 30, 2015 the financial statements disclose \$1,062,500.00 due Mr. Goeree for accrued and unpaid salaries payable, plus \$110,859.36 in shareholder advances.

On April 19, 2015 Ramoil made a Convertible Promissory Note in favor of the officer in the Principal amount of \$1,102,963. Under the terms of that note, Goeree had the right to convert the debt into the common stock of Ramoil.

Under the provisions of the August 27th agreement, Goeree will receive \$20,000 in cash and 10,000,000 shares of free trading stock. Under terms of the agreement the shares are to be Transferred by December 1, 2015. The balance of the debt, or \$855,000, will not accrue interest and is convertible at the discretion of management. Accordingly, the remaining debt has been classified as long term debt.

The total amount of debt and liabilities extinguished amounted to \$348,526. The agreement with Mr. Goeree resulted in the extinguishment of debt in the amount of \$302,526. The additional Reduction in debt, or \$46,000, resulted from negotiations with prior consultants who no longer provide services to the corporation.

6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

A. Description of the issuer's business operations:

Ramoil Management, Ltd. (the Company) is a Wyoming corporation originally formed in Delaware in 1986. Effective May 4, 2012, pursuant to an agreement dated April 20, 2012; the Company acquired 100% of the outstanding common stock of Terlyn Technologies, Inc. through an exchange of stock. On May 11, 2012, The Company changed its name to Terlyn Tech International, Inc. Effective April 20, 2013 this arrangement was revoked through the reversal of this exchange of stock. The Company subsequently changed its name back to Ramoil Management Ltd. The Company is currently pursuing business opportunities related to the development of innovative products that supply the medical, research, and pharmaceutical industries.
