ADVANTIS CORPORATION NOTES TO COMPARATIVE FINANCIAL STATEMENTS (UNAUDITED)

MARCH 31, 2019

NOTE 1- DESCRIPTION OF OPERATIONS

On October 23, 2015, the board of directors of Ramoil Management, Ltd. (the Company) voted to amend the articles of incorporation of the corporation to change the name of the company to Advantis Corporation.

The Company is a Wyoming corporation originally formed in Delaware in 1986. The Company is currently pursuing business opportunities related to the development of Pharmaceutical Grade CBD extractions, concentrates and medicines, in Nevada, California and Florida. The Company has recently registered to do business in the states of Oregon and Washington. Initial product sales promotion began in the quarter ended September 30, 2016. The Company recognized sales of \$145,760.00 in the First Quarter of 2019.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (a) Basis of accounting The Company presents its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles.
- (b) Cash and cash equivalents Cash and cash equivalents are defined as cash and investments that have a maturity of less than three months.
- (c) Use of estimates -The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates and assumptions impact, among others, the valuation allowance for deferred tax assets, due to continuing and expected future losses, and share-based payments. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statement s, which management considered in formulating its estimate could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from estimates.
- (e) Share based payments Generally, all forms of share-based payments, including stock option grants, restricted stock grants and stock appreciation rights, are measured at their fair value on the awards' grant date, and based on the estimated number of awards that are ultimately expected to vest. Share-based payment awards issued to non-employees for services rendered are recorded at either the fair value of the services rendered or the fair value of the share-based payment, whichever is more readily determinable. The expense resulting from share-based payments are recorded as a component of general and administrative expense.
- (f) Income taxes Company accounts for income taxes in accordance with accounting guidance now codified as FASB ASC Topic 740, "Income Taxes," which requires that the Company recognize deferred tax liabilities and assets based on the differences between the financial statement carrying amounts and the tax bases of assets and liabilities, using enacted tax rates in effect in the years the differences are expected to reverse. Deferred income tax benefit (expense) results from the change in net deferred tax assets or deferred tax liabilities. A valuation allowance is recorded when it is more likely than not that some or all deferred tax assets will not be realized

ADVANTIS CORPORATION NOTES TO COMPARATIVE FINANCIAL STATEMENTS (UNAUDITED)

MARCH 31, 2019

(g) Loss per share- Net earnings (loss) per common share is computed pursuant to FASB ASC Topic 260, "Earnings per Share." Basic earnings (loss) per share is computed by dividing net earnings (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted (earnings) loss per share income is computed by dividing net loss by the weighted average number of shares of common stock outstanding and potentially outstanding shares of common stock during the period. There were no potentially dilutive shares outstanding as of December 31, 2018. The (earnings) loss per share is reported as zero as the computed earnings (loss) per share is less than \$.01.

NOTE 3- GOING CONCERN

The Company's financial statements were prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. Though the revenues of the Company continue to grow the revenues have not exceeded the operating expenses, including accrued expenses. Accordingly, they continue to generate losses from operations. These financial statements do not include any adjustments relating to the recovery of recorded assets or the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 4- INCOME TAXES

The Company is taxed as a corporation under the Internal Revenue Code. The Company has incurred operating losses prior to 2018, and no provision for federal income taxes has been included in the financial statements. The Company has a net operating loss carry forward available to offset future income taxes. The Company has fully reserved for any benefits of these losses. The deferred tax purposes are recognized, as appropriate. Realization of the future tax benefits is dependent on the Company's ability to generate taxable income within the net operating loss carry forward period.

NOTE 5- RELATED PARTIES

The Company's shareholders have advanced the Company funds and deferred personal compensation to continue operations during the development phase. It is anticipated these amounts will be repaid when the Company has sufficient operating cash flow.

During the current accounting period, salaries and consulting fees due shareholders and officers have been accrued, but not paid. Consulting fees and salaries are currently being accrued in the amount of \$79,000 per quarter. Current Consulting Contracts include Hossein Mahdavi since 2008, Dwight Chornomud since 2012, Chris Thue since 2016, and Jay Ryu since 2016.

NOTE 6- LONG-TERM DEBT

On September 3, 2015, the corporation finalized an agreement with Michael Goeree, a retired officer of the Company, to settle all outstanding obligations of Ramoil Management, Ltd., the predecessor company, for the amount of \$875,000.

Under the provisions of the agreement, Goeree has received \$20,000 in cash and 10,000,000 shares of free trading stock. The balance of the debt, or \$855,000, will not accrue interest and is convertible at the discretion of management. Accordingly, the remaining debt has been classified as long-term debt. On July 11, 2017 the company issued a reduction of the long-term debt of \$133,875 and a group of 3rd party Shareholders were issued 133,875,000 shares.
