

Airware Labs Announces Name Change to Item 9 Labs Corp. and New Ticker Symbol "INLB"

On April 26, 2018, Airware Labs Corp ("Airware" or the "Company"), was notified by the Financial Industry and Regulatory Authority ("FINRA") that the Company's previously announced name change to Item 9 Labs Corp., reflecting the Company's new business direction within the Cannabis Bio-Medical industry and a ticker symbol change has been approved. Effective on the open of market April 27, 2018, the Company's name will be Item 9 Labs Corp. and will trade under the ticker symbol 'INLB'.

In order to complete the name change, the Company filed an amendment to the Certificate of Incorporation which was effective with the Delaware Secretary of State on April 3, 2018. A copy of the Company's Certificate of Amendment of Certificate of Incorporation reflecting these changes is attached hereto. Additionally, a new Cusip number has been issued for the Company's common shares.

The corporate name change was taken pursuant to the Company's acquisition of BSSD Group, LLC, an Arizona limited liability company, doing business as Item 9 Labs, which was completed on March 21, 2018. In conjunction with the acquisition, Airware closed on a material definitive financing agreement in the principal amount of \$1.09 million.

About Item 9 Labs Corp.:

Item 9 Labs Corp. (OTC: INLB) is focused on the development of technology and products that administer high-quality medical marijuana through a novel, proprietary intra-nasal delivery system to deliver significant health benefits. The Company is headquartered in Southern Arizona where it owns and operates 50 acres, the largest property in the U.S. zoned to grow and cultivate the medical marijuana flower. Item 9 has a proven track record of providing consumers with high-quality medical marijuana flower and products focused on organic, cost-effective solutions for whole body health. By combining high-quality, medical-grade product with the Company's proprietary nasal mucus-membrane delivery system, Item 9 plans to produce the industry's first market medicated nasal delivery device that administers specific cannabinoid dosing to meet the growing demand of today's modern Cannabis consumer.
