

Supplemental Information – New Agri-Tech Cooperation Agreement

November 28, 2022 | Alternaturals, Inc. (the “Company”, “OTC: ANAS”) has signed a strategic cooperation agreement with Shianyi (Beijing) Digital Technology Co., Ltd. The Company believes this new agreement is beneficial to both parties with developing new agri-tech products and methods to increase its development of new technologies for vertical smart farms.

ANAS management is expected to visit Mainland China in October 2022 to meet with partners and to select locations to establish its new industrial demonstration bases in agricultural science and technology parks. The Company expects to update shareholders with any new announcements and disclosures.

The Company has released a press release regarding the signing of this new agreement with Shianyi (Beijing) Digital Technology Co., Ltd.

About Alternaturals, Inc.

Alternaturals, Inc. is a publicly-traded Nevada corporation trading on OTC Markets as ANAS. The Company is a development-stage entity entering the vertical agricultural technology (agri-tech) industry and seeks to expand through organic growth in innovation and cooperation with leading businesses in the agri-tech industry.
