**Note A – Nature Of Business And Summary Of Significant Accounting Policies**

On July 5, 2011 Title Consulting Services, Inc. a Delaware Corporation, redomiciled to Nevada from Delaware and changed its name to Andiamo Corporation (the “Company”). The Company is a holding company for several corporations. The Company owns a software application company.

*Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized at the time when the services are provided and earned and expenses are recorded when incurred.

*Cash and Cash Equivalents*

For purposes of the statement of cash flows, the Company considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

*Income Taxes*

The Company files as a regular C corporation for federal tax purposes.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

*Advertising*

The Company expenses all advertising and marketing costs as incurred. Advertising and marketing costs for the quarter ended January 31, 2017 was \$723.

*Fair Value of Financial Instruments*

The Company believes that the carrying value of its current assets and current liabilities approximate the fair value of such items due to their short-term nature. The carrying amounts of cash, accounts receivable, accounts payable and other liabilities are carried at amounts that reasonably approximate their fair values.

*Property and Equipment*

Property and equipment are stated at cost. The Company provides for amortization on the straight-line method and depreciation on the straight-line and MACRS methods over the estimated useful lives of the related assets. Major classes of property and equipment and their related lives are as follows:

Software - 3 to 15 years

**Andiamo Corporation**  
**Notes To Consolidated Financial Statements**  
**January 31, 2017**

Maintenance and repairs are expensed as incurred. Replacements and betterments are capitalized.

*Asset Impairment*

When the Company has long-lived assets which have a possible impairment indicator, the Company estimates the future cash flows from the operation of these assets. Because events and circumstances frequently do not occur as expected, there will usually be differences between the estimated and actual future cash flow and these differences may be material. If the estimated cash flows recoup the recorded value of the assets; they remain on the books at that value. If the net recorded value cannot be recovered, the assets are written down to their market value if lower than the recorded value.
