A. A description of the issuer's business operations Previous;

The Overview: Advanced Lighting Solutions, Inc. (the issuer) has been a real estate development company, which specializes in developing Eco-friendly real estate technology and luxury real estate in highly desirable Houston locations.

The issuer did acquire and develop land in Texas, then build, markets and sell custom homes. The issuer is a publicly traded company on Pink Sheets, symbol AVLS, which did acquire County Real Estate Properties, a Houston based company that owns land in the greater Houston area. The issuer is now a developmental stage company upon its May 2008 acquisition of County Real Estate Properties its now 99%-owned subsidiary. Its primary and secondary Codes are respectively 6552 and 6552-9901. The issuer is a corporation domiciled in the state of Wyoming, capitalized by its 140 and growing investors. A collective of Houston's finest Contractors, Builders, and Real Estate Experts united to make the smartest investment decisions possible. Conjoining developing with higher end properties and Complete construction with strategic lower income development properties to secure worthwhile returns for investors across the board Aspiring to take largest possible advantage of the poor state of the real estate market through foreclosures, REO's, and short-sales, the issuer will become the largest company of its kind in its center of business, Houston, Texas.

A description of the issuer's business operations ongoing;

Primary Business Overview; <http://www.otcexchange.company>

OTC Exchange, Inc. is a conglomerate of businesses that focus on the development and success of small "public" business in the United States. We are poised to meet the needs of public companies and investors at every level. OTC Exchange, Inc is the "NEW" fresh face of small public business online.

Through our OTC Division(s), The OTC Exchange and the OTC Exchange Community organizes and provides a transparency "community" layer for securities listed on the OTCQX, OTCQB, OTC Pink and OTC GREY/OTO tiered marketplaces. It is the objective of OTC Exchange, Inc. to provide clarity and transparency in the investment process for the common investor.

The OTC Exchange & OTC Exchange Community helps businesses and customers in five key areas creating better informed and more efficient financial marketplaces: Public Company News Services, Trading Services, Issuer Disclosure Services, Real Time/Delayed Market Data Services and a cutting edge investor community. OTC Exchange, Inc. has created a group of companies that work with investors and businesses to create the opportunity to meet, explore, advertise and develop relationships.

OTC Exchange – Directory: <https://www.otcexchange.consulting>

We understand how hard it is to find the right service provider for your company. When you are on a budget, you need to make smart decisions, not costly ones. Whether looking for a good broker, transfer agent, legal counsel or an adviser; it is imperative to make the right choice the first time. Who better to trust, than the people who know exactly what you're experiencing, because they too are public company executives? Our listing system lets you streamline and critique each and every service provider listed.

OTC Exchange – Newswire: <http://www.otcexchanges.info>

Through its OTC Exchange OTCPressWIRE service, OTC Exchange offers affordable press release distribution to the world's leading news services at market-leading low rates. OTC Exchange Newswire also publishes a number of market-leading business publications, including OTC Exchange Newswire Banking & Credit News, OTC Exchange Newswire Business Report, OTC Exchange Newswire Telecom OTCWorldwire, OTC Exchange Newswire Equity and Airline Industry Information.

OTC Exchange – Transparency & Disclosure Unit: <http://www.otcexchange.us>

The OTC Exchange and the OTC Exchange Community organizes and provides a transparency disclosure and transparency layer as well as a "community" layer for securities listed on the OTCQX, OTCQB, OTC Pink and OTC GREY/OTO tiered marketplaces. It is the objective of OTC Exchange, Inc. to provide clarity and transparency in the investment process for the common investor, while providing a cost effective, non-exhaustive, easy to understand, non – time consuming vehicle for small public companies.

OTC Exchange – Community: <http://www.otcexchange.us>

The OTC Exchange and the OTC Exchange Community organizes and provides a transparency "community" layer for securities listed on the OTCQX, OTCQB, OTC Pink and OTC GREY/OTO tiered marketplaces. It is the objective of OTC Exchange, Inc. to provide clarity and transparency in the investment process for the common investor. This goal is achieved by developing online awareness of our client's assets through comprehensive social engineering strategies whereby the public company can communicate effectively to the investment community.

OTC ATS: <http://www.otcexchange.trade>

OTC ATS trading platform empowers OTC traders by providing the latest features in a complete Direct Access trading application. Dynamic streaming quotes, charts and level 2 are just some of the features OTC ATS offers. All features are fully customizable which will allow the user to create and save multiple layouts.

OTC Exchange, Inc. – CPI Digital Assets

CPI Online Social Development:

Our Strategic Social Engineering Division consists of a team of professionals that work with small public businesses to build a brand and to create online awareness. Through our social engineering division, CP, Incorporated is a one-stop source to assist in all forms of advertising, marketing and investment development strategies. Our Social engineering division has the ability to take our client's web presence, products, employees, ideas and or company to the next level. This goal is achieved by developing online awareness of our client's assets through aggressive, comprehensive social engineering strategies.

CPI App Design:

CPI's App Design division is primary focused on children's E-Learning publications and E-Learning gaming apps for children between the ages of 2 thru 9. Corporately we see the online children's segment as fun and exciting but the E-Learning segment in particular as having huge growth potential and profitability for the company in the future.

CPI Photography & Digital Media Studios:

Digital media / content is quickly becoming a if not "THE" online commodity. CP, Incorporated is leveraging these creative technologies through HD Drone Video, HD On Site Video, Live HD Video, Still Photography & HD Sound Technologies that can be implemented through web mediums such as HTML5, SVG, CSS & Web-RTC in our ongoing projects.

CPI SVG/CSS Development:

The ability to keep up with "Real World" dynamic technologies and apply them online (or visa versa) is the key to online / offline success. This CPI development segment serves as a incubator for cutting edge coding solutions that apply what we continue to learn corporately in the digital world. Through, HTML5, CSS, JS and other coding technologies, all web delivery strategies and technologies are quickly becoming more efficient, less cumbersome and defiantly more intelligent.

Claire Magazine- Online:

Claire Magazine is a online news aggregator, blog commentary founded and launched in February 2013 by Chief Editor J.D.Jarvis Jr. The online magazine offers news, blogs, original content and covers politics, business, entertainment, environment, technology, popular media, lifestyle, culture, comedy, healthy living, food, women's interests, and local news. This medium also serves as the testing platform for CPI's Social API and Cross Browser Extensions.

CPI URL Assets:

The basis of any network begins with the URL's that are owned and operated, they too are assets and hold not only monetary but perceived value. Tracking / reporting on those assets and their value can be time consuming and cumbersome. Our CPI NetOp division shares this information publicly for accounting and online reference in this locale.

CPI NetOp

A network operations center (NOC, pronounced like the word knock), also known as a "network management center", is one or more locations from which network monitoring and control, or network management, is exercised over a server, telecommunication or satellite network. The CPI Network Operations Center (NOC) takes a proactive approach to it's own network and server management to provide the highest level of customer service and web delivery. We view robust web delivery service just like we view technology: not as an add-on, but as a fundamental part of our solution.

CPI Real-Estate / Network Server Assets

Please see #6 (a); A description of the issuer's business operations Previous

NOTES TO FINANCIAL STATEMENTS
PERIOD ENDING JUNE 30, 2015**

NOTE 1 - GENERAL ORGANIZATION AND BUSINESS

Advanced Lighting Solutions, Inc. (the issuer) was primarily a real estate development company, which specialized in developing Eco-friendly real estate technology and luxury real estate in highly desirable Houston locations. The issuer acquires and develops land in Texas, then builds, markets and sells custom homes. The issuer is a publicly traded company on Pink Sheets, symbol AVLS, which has acquired County Real Estate Properties, a Houston based company that owns land in the greater Houston area. The issuer is now a developmental stage company upon its May 2008 acquisition of County Real Estate Properties its now 99%-owned subsidiary. Its primary and secondary Codes are respectively 6552 and 6552-9901. The issuer is a corporation domiciled in the state of Wyoming, capitalized by its 140 and growing investors. A collective of Houston's finest Contractors, Builders, and Real Estate Experts united to make the smartest investment decisions possible. Conjoining developing with higher end properties and Complete construction with strategic lower income development properties to secure worthwhile returns for investors across the board Aspiring to take largest possible advantage of the poor state of the real estate market through foreclosures, REO's, and short-sales, the issuer will become the largest company of its kind in its center of business, Houston, Texas.

NOTE 1a - GENERAL ORGANIZATION AND BUSINESS EXPANSION ONGOING

In the first quarter 2015 the company will continue it's growth process with it's expansion into the financial technology sector.

CP Incorporated is a conglomerate of businesses that focus on the development and success of small business in the United States. We are poised to meet the needs of public companies and investors at every level. CP, Incorporated is the face of small business online. Our Strategic Social Engineering Division consists of a team of professionals that work with small businesses to build a brand and to create online awareness. Our wholly owned subsidiary, the OTC Exchange Group helps businesses and customers in five key areas creating better informed and more efficient financial marketplaces: Public Company News Services, Trading Services, Issuer Disclosure Services, Real Time/Delayed Market Data Services and a cutting edge investor community. CP, Incorporated has created a group of companies that work with investors and businesses to create the opportunity to meet, explore, advertise and develop relationships.

Through its social engineering division, CP, Incorporated is a one-stop source to assist in all forms of advertising, marketing and investment development strategies. Our Social engineering division has the ability to take our client's web presence, products, employees, idea's and or company to the next level. This goal is achieved by developing online awareness of our client's assets through aggressive, comprehensive social engineering strategies.

The OTC Exchange Group and the OTC Exchange Community organizes and provides a transparency "community" layer for securities listed on the NASDAQ, S&P 500, NYSE, AMEX, DOW JONES, OTCQX, OTCQB, OTC Pink and OTC GREY/OTO tiered marketplaces. It is the objective of CP Incorporated to provide clarity and transparency in the investment process for the common investor.

In the second QTR 2015 the company continues this expansion by the development of it's URL assets and the ongoing development of it's OTC and CPI network assets.

Please take the time to notate the corporations new website located at: [Http://www.otcexchange.company](http://www.otcexchange.company)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of and Basis of Presentation - The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States (GAAP).

Use of estimates - The preparation of financial statements in conformity U.S. GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Ultimate realization of assets and settlement of liabilities in the future could materially differ from those estimates. Significant estimates include the valuation of common and preferred stock issued for services rendered, amortization of fixed assets and the valuation of deferred taxes.

Cash and cash equivalents – Cash equivalents are considered to be all highly liquid investments with a maturity of three (3) months or less at the time of purchase. Cash at the end of each period reflects amounts on deposit with banking facilities.

Property and Equipment - Fixed assets, stated at cost, are depreciated on the straight-line method for financial statement reporting purposes, over the estimated useful lives of the assets. Leasehold improvement costs are depreciated over the shorter of the lease term or their useful life. Repairs and maintenance costs are expensed as incurred. Betterments or renewals are capitalized when they occur.

Long-Lived Assets – The Company evaluates long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. When indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets is less than the assets' carrying amount. The Company measures the amount of such impairment by comparing the assets' carrying value to the assets' present value of the expected future discounted cash flows. Impairment charges, if any, are recorded in the period realized

Fair Value of Financial Assets and Liabilities - Fair value is defined under GAAP as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the primary or most advantageous market for an asset or liability in an orderly transaction between market participants on the measurement date. GAAP establishes a fair value hierarchy requiring an entity to maximize use of observable inputs and minimize use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Revenues - The Company recognizes revenue when all of the following criteria have been met:

- Persuasive evidence of an arrangement exists;
- Delivery has occurred or services have been rendered;
- The fee arrangement is fixed or determinable; and
- Collectability is reasonably assured.

Earnings (Loss) per Share - Basic earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the weighted average number of common shares during the year or period presented. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year or period presented. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. Diluted earnings (loss) per share are the same as basic earnings (loss) per share when the Company has a loss. The Company has no common stock equivalents for the year ended December 31, 2014.

Income Taxes - Income taxes are provided in accordance with ASC 740, *Income Taxes*. A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year for deferred tax assets and liabilities.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets may not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Uncertainty in Income Taxes- In June 2006, ASC 740-10 was established regarding the uncertainty in income taxes. ASC 740-10 establishes a recognition threshold and measurement for income tax positions recognized in an enterprise's financial statements in accordance with accounting for income taxes. ASC 740-10 also prescribes a two- step evaluation process for tax positions. The first step is recognition and the second step is measurement. For recognition, an enterprise judgmentally determines whether it is more-likely-than-not that a tax position will be sustained upon examination, including resolution of related appeals or litigation processes, based on the technical merits of the position. If the tax position meets the more-likely-than-not recognition threshold, it is measured and recognized in the financial statements as the largest amount of tax benefit that is greater than 50% likely of being realized. If a tax position does not meet the more-likely-than-not recognition threshold, the benefit of the position is not recognized in the financial statements.

Tax positions that meet the more-likely-than-not recognition threshold, at the effective date of ASC 740-10, may be recognized or, continued to be recognized, upon adoption of ASC 740-10. The cumulative effect of applying the provision of ASC 740-10 shall be reported as an adjustment to the opening balance of retained earnings for that fiscal year. ASC 740-10 applies to fiscal years beginning after December 15, 2006 with earlier adoption permitted. The Company has determined that additional accrual for income taxes is not necessary.

Stock Based Compensation - The Company accounts for employee and non-employee stock awards under ASC 718, whereby equity instruments issued to employees for services are recorded based on fair value of the instrument issued and those issued to non-employees are recorded based on the value of consideration received or fair value of the equity instrument, whichever is more reliably measurable.

The Company accounts for stock options granted to non-employees in accordance with ASC 718-10 and ASC 505- 50, "Accounting For Equity Instruments That Are Issued To Other Than Employees For Acquiring, Or In Conjunction With Selling, Goods Or Services." ASC 505-50 establishes the measurement principles for transactions in which equity instruments are issued in exchange for the receipt of goods or services. The Company has relied upon the guidance provided under ASC 505-50 to determine the measurement date and the fair value re- measurement principles to be applied, and recognizes as an expense the estimated fair value of such options as calculated using the Black-Scholes model. The fair value is remeasured during the service period at each balance sheet date, and is amortized over the remaining service period to vesting for each option or the remaining term of the recipient's contractual arrangement, whichever is shorter. The Company recognizes compensation costs, net of an estimated forfeiture rate, on a pro rata basis over the requisite service period of each vesting tranche of each award. The Company considers voluntary termination behavior as well as trends of actual option forfeitures when estimating the forfeiture rate.

Advertising - The Company follows the policy of charging costs of advertising to expense as incurred.

Recent accounting pronouncements - In June 2014, the FASB issued an Accounting Standards Update No. 2014-10, "Development Stage Entities (Topic 915) - Elimination of Certain Financial Reporting Requirements, Including an Amendment to Variable Interest Entities Guidance in Topic 810, Consolidation ("ASU 2014-10)". The objective of ASU 2014-10 is to improve financial reporting by reducing the cost and complexity associated with the incremental reporting requirements for development stage entities. ASU 2014-10 is effective for annual reporting periods beginning after December 15, 2014, and interim periods therein. The Company has elected early implementation, as permitted by the standard, for the year ended December 31, 2014. All development stage language disclosures and amounts have been removed as a result of the adoption of ASU 2014-10.

In August 2014, the FASB issued ASU No. 2014-15, Presentation of Financial Statements—Going Concern. The provisions of ASU No. 2014-15 require management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. Specifically, the amendments (1) provide a definition of the term substantial doubt, (2) require an evaluation every reporting period including interim periods, (3) provide principles for considering the mitigating effect of management's plans, (4) require certain disclosures when substantial doubt is alleviated as a result of consideration of management's plans,

(5) require an express statement and other disclosures when substantial doubt is not alleviated, and (6) require an assessment for a period of one year after the date that the financial statements are issued (or available to be issued). The amendments in this ASU are effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. The Company is currently assessing the impact of this ASU on the Company's consolidated financial statements.

NOTE 3 - ONGOING CONCERN

The Company has suffered recurring losses from operations and has a working capital deficit. The Company will likely continue to incur losses until they achieve market stability. The company will attempt to raise capital necessary to grow the operations. There is no guarantee that the Company will be successful in raising the necessary capital needed, or if operations will be sustained to achieve profitability. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

NOTE 4 - STOCKHOLDERS' EQUITY (DEFICIT) & ONGOING SHARE REDUCTION

The Company is authorized to issue 250,000,000 shares of common stock.

As of June 30, 2015 the Company had 120,387,000 shares issued and outstanding.

The company did not issue any additional shares of stock in the period from March 31, 2015 and period ending June 30, 2015. A total of 50,000,000 shares were retired in July 2015 and the company has lowered it's issued and outstanding shares by a significant amount in the period ending June 30, 2015 due to the fact of corporations continued debt restructuring and reduction, by doing so the debt holders subsequently have returned a significant amount of shares to treasury resulting in the lowered I/O common stock of the company.

The company is continuing to work with it's transfer agent in retiring approximately an additional ninety million (90,000,000) common shares from the books and records. The company will also continue to investigate other speculative issuance that took place during the time period (January 01, 1999 thru January 01, 2009). The company will continue to keep the shareholders apprised of all issues as they arise. The issuer has come to terms with the financiers of the County Real Estate Properties for the retirement of the 1.7 million dollars in debt and the return of any stock previously issued. The company expects to be able to reflect these changes in the company's financial statements in the 3rd and forth qtr financial statements 2015.

**Re: Deficiency Notice Pursuant to FINRA Rule 6490
Advanced Lighting Solutions, Inc. – CAS-36273-K0Z8H0
Company-Related Notification Relating to Proposed Name Change to OTC Exchange,
Inc. and Voluntary Symbol request**

Dear Mr. Morgan:

Pursuant to FINRA Rule 6490, FINRA's Department of Market Operations ("Department") received your request to process documentation related to the above-referenced Company-Related Action for Advanced Lighting Solutions, Inc. ("AVLS"). This letter hereby notifies you that pursuant to FINRA Rule 6490(d), the Department has determined that such request is deficient and it is necessary for the protection of investors, the public interest, and to maintain fair and orderly markets that documentation related to the above-referenced Company-Related Action will not be processed.

The Department's deficiency determination is based on the following factors:

1. As set forth in FINRA Rule 6490(d)(3)(3), FINRA has actual knowledge that the issuer, associated persons, officers, directors, transfer agent, legal adviser, promoters or other persons connected to the issuer or the Securities Exchange Act ("SEA") Rule 10b-17 Action or Other Company-Related Action are the subject of a pending, adjudicated or settled regulatory action or investigation by a federal, state or foreign regulatory agency, or a self-regulatory organization; or a civil or criminal action related to fraud or securities laws violations. Specifically:
 - FINRA has actual knowledge that Carrera Capital Inc. is a beneficial shareholder of AVLS, holding over twenty-nine percent (29%) of AVLS common stock as of June 30, 2015. In August 2008, the Securities and Exchange Commission ("SEC") filed a civil complaint against David B. Stocker ("Stocker"), a Phoenix, Arizona attorney, and his wholly-owned corporation, Carrera Capital, Inc. ("Carrera Capital") (See, SEC v. David B. Stocker and Carrera Capital, Inc., Civil Action No. 2:08-CV-1475 (D. Arizona), Litigation Release No. 20681). The referenced Civil Action alleges that

Investor protection. Market integrity.

9509 Key West Avenue t 240 386 4000
Rockville, MD
20850-3329 www.finra.org

perpetrated multiple instances of corporate identity theft. Beginning in early 2006, Stocker allegedly found several companies whose stock had once traded in the public markets, but that had become defunct corporations and were no longer operating. When he found such a company, Stocker allegedly incorporated a new company under the same name in the same State and, using his authority to act for the new company, purported to act on behalf of the old company. Specifically, Stocker allegedly caused stock in the old companies to be exchanged for stock in the new companies under the false pretense that the old company was undergoing a reverse stock split. Stocker then allegedly caused the new companies to issue large blocks of stock to Carrera Capital, or to other persons, such that Stocker or the other persons typically held ninety-nine percent (99%) of the stock in the new companies. Through this scheme, Stocker was allegedly able to gain control of public shells without having to pay for them or otherwise deal with the former control persons. The SEC alleges that Stocker profited from the scheme by selling the shell companies for cash payments.

Because an exchange of stock under false pretenses took place, fraud occurred in the offer or sale and in connection with the purchase or sale of a security, the SEC thus alleges that Stocker violated Section 17(a) of the Securities Act of 1933 and Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder. The issuance of stock in the new companies to the shareholders of the old companies also allegedly constituted an unregistered distribution of stock in violation of Sections 5(a) and (c) of the Securities Act of 1933, and the SEC charged the defendants with violating these provisions.

Stocker and Carrera Capital consented to the injunctions without admitting or denying the allegations. They were also barred from participating in the sale of penny stocks, and held liable jointly for disgorgement and prejudgment interest totaling \$680,604, which will be satisfied by a restitution order against Stocker in the criminal case, U.S. v. David B. Stocker, case no. 1:09CR118 (E.D. Va. filed March 11, 2009). Stocker also consented to resolve two other civil injunctive actions pending in federal district courts in Michigan and Texas. For further information see (LR 20681, Aug. 12, 2008); [SEC v. Fisher, et al., No. 07-cv-12552 (E.D. Mich.)] (LR 20154, (June 14, 2007); [SEC v. Offill, et al., No. 07-cv-1643 (N.D. Tex.)] (LR 20302, Sept. 27, 2007); [U.S. v. Stocker, No. 1:09CR118 (E.D. Va.)] (LR 20944, Mar. 11, 2009) [SEC v. David B. Stocker, et al., Civil Action No. CIV-08-1475-PHX-FJM, (D. Ariz.)]

The above activity involving Carrera Capital as a beneficial shareholder of AVLS, together with the 2008 SEC complaint involving Carrera Capital & Stocker have raised concerns for FINRA regarding the protection of investors and the transparency to the marketplace as it relates to the proposed corporate action request. As such, the Department has deemed AVLS's corporate action submission to be deficient under FINRA Rule 6490(d)(3)(3).

Mr. James Morgan

Re: Stock Certificate #6000 Improperly issued to Carrera Capital, Inc.

To whom it may concern,

You are hereby directed and authorized to immediately cancel stock certificate #6000 issued to Carrera Capital, Inc. and any additional stock certificates to David B. Stocker or affiliates. A Board of Director's resolution is attached. The stock certificate was improperly issued to David B. Stocker and/or his Company, Carrera Capital, Inc.

Reference is made to a certain document titled "Advanced Lighting Carrera Capital Issuance" that we received from an employee of yours, Suzanne Rogers, on July 22, 2015. The document attempts to justify the issuance of 50,000,000 shares of Advanced Lighting Solutions, Inc., a Wyoming Corporation (the "Corporation") to Carrera Capital, Inc. A certificate was simply issued on the wrong issuer. Please review this document in detail and correct this error. The issuance was erroneously made and is improper due to the following: (a) the Unanimous Written Consent of Board of Directors and Majority Shareholder in Lieu of Special Meeting is not signed and notarized, by a person authorized to issue stock in this corporation; (b) the aforementioned document was never filed with the Wyoming Secretary of State's office, nor were they ever notified of his authorization as an officer of Advance Lighting Solutions, Inc., a Wyoming corporation; (c) thus, Mr. Davis B. Stocker was never elected to the board of directors of Advanced Lighting Solutions, Inc., a Wyoming Corporation and was never appointed President of the Corporation, thus was never authorized to issue said stock; (d) additionally, reference is made to the same document and specifically the portion of the document titled "Subscription Agreement." This is a subscription agreement by and between Advanced Lighting Solutions, Inc., a Nevada Corporation ("AVLS Nevada"), and Carrera Capital, Inc. This document suggests that Carrera

Advanced Lighting Solutions, Inc.
FM 3083/Teas Rd at Plantation Dr , Suite 100 Conroe, TX 77303
(214) 799-0542
otcexchange@gmail.com

Capital, Inc. purchased 50,000,000 shares of AVLS Nevada, ;(e) this is NOT a subscription agreement by and between Carrera Capital, Inc. and Advanced Lighting Solutions, Inc., a **Wyoming** Corporation. This is the documentation you provided to us and as far as we know is the sole document in your possession to justify the issuance of stock certificate #6000 to Carrera Capital, Inc.

Stock Certificate #6000 issued to Carrera Capital, Inc. should never have been issued, and thus, this mistake should be corrected and the certificate cancelled, as it was not properly issued.

We have alerted you to this error in previous correspondence since January 10, 2015. Please review the attached correspondence from FINRA regarding Carrera Capital, Inc. and David B. Stocker. It is imperative that stock certificate #6000 be cancelled immediately, and that we be notified of this, so that we can proceed with our corporate action. You should correct this grievous error immediately. Lack of immediate action will force us to take other action, which may include legal action.

This entire package and letter is simultaneously being sent to the Securities and Exchange Commission and FINRA, which regulates the issuance of this stock.

Very truly yours,

James Morgan

**ACTION BY WRITTEN CONSENT OF THE BOARD OF DIRECTORS AND
THE CHAIRMAN AND CEO
OF
ADVANCED LIGHTING SOLUTIONS, INC.
A WYOMING CORPORATION**

The undersigned, being all of the Board of Directors and Chairman / CEO of ADVANCED LIGHTING SOLUTIONS, INC., a Wyoming Corporation ("Corporation"), hereby waives notice and takes the following actions by written consent in lieu of a meeting on July 22, 2015 pursuant to and in accordance with the Securities And Exchange Commission act(s) of 1933 / 1934 and provisions of the Wyoming state Statutes.

ADVANCED LIGHTING SOLUTIONS, INC. hereby authorizes and ratifies the following actions, taken by unanimous consent;

(Location)

This meeting is being held and called to order by the Corporation's CEO and Shareholders that represent over 51% of all corporate shares issued and outstanding at the offices of the corporations attorney Jay Wright located in Montgomery County Texas at approximately 12:00pm cst.

(Recorder)

The meeting is being recorded by electronic means for transcription purposes by the Corporation's secretary at a later date.

(Made Available)

All information will be made available to the Corporation's newly appointed financial audit firm "Tingle & Assoc." and for viewing at the next annual shareholders meeting. Further, this resolution will be made available to all shareholders who request a copy in writing, sent to the corporate address.

(Preface)

It has been brought to the 'Corporation's Officer's' & Board Of Director's' attention on several occasions that the Board Of Director's should take whatever steps necessary to cancel stock certificate #6000 in the amount of 50,000,000 restricted common shares improperly issued to CARRERA CAPITAL, INC., David B. Stocker and or any affiliates of such on or about April 10, 2006.

Attached hereto, the board of directors is attaching to this board resolution the following backup documentation to be included in the record and made available to all corporate parties forthwith.

(Attachments)

1. Letter from FINRA dated July 21, 2015 concerning David B. Stocker & Carrera Capital, Inc. ("Carrera"). This is a very complete and thorough explanation of Mr. Stocker / Carrera's checkered past as well as the conclusions from the SEC on said persons.
2. Current Shareholders List (as of July 15, 2015) documenting the shares amount, certificate number and the date of the issued shares to the aforementioned.
3. Supporting documentation supplied by the Corporation's transfer agent of record - Pacific Stock Transfer (Back Up Documentation) to how the shares were actually issued.

This document demonstrates that;

(a) Mr. Stocker acted in congress with the Corporation's previous transfer agent (Holliday Stock Transfer) namely its owner and President Tom Locke.

(b) While Mr. Stocker has never and was never an officer or director of Advanced Lighting Solutions, Inc. a Wyoming Corporation, this documentation also proves the improper and fraudulent nature of the transaction as well as the likely involvement of the Corporation's previous transfer agent, or at the very least their negligence in issuing the stock certificate, by their acceptance of such a document having knowledge and records of who the officers and directors actually were at the time of issuance.

4. Supporting documentation from the "False Domicile" Nevada demonstrating the intent and attempt by Mr. Stocker to fraudulently move the domicile from Wyoming to Nevada and create a "like kind corporation".

(a) This documentation provides further evidence that not only did Mr. Stocker try to move the Corporation's domicile and or "Pirate" the Corporation but they created a fictitious board of directors as well as creating fraudulent common shares in the Corporation.

5. The "current" officers and directors of the Corporation as well as the previous Board of Directors of the Corporation dating as far back as 2009-2010 noticed the aforementioned issuance and brought it's fraudulent nature to the attention of both Sharron Owens and Mr. Tom Locke (Owners/Operators) of Holliday Stock Transfer on or about June 10, 2009 in preparation for the Corporation's updated filing(s) to OTC Markets Group, Inc. The Corporation has diligently perused the removal of the aforementioned shares ever since. The last such communication on the matter was communicated to Holliday Stock Transfer's purchaser (Pacific Stock Transfer Company) on or about January 2015.

(Additional discovery / discussion points)

1. David B. Stocker ("Stocker") was never an officer or director of Advanced Lighting Solutions, Inc., a Wyoming Corporation ("the Corporation").

(See Corporate Filings Wyoming:

<https://wyobiz.wy.gov/business/FilingDetails.aspx?eFNum=255220249207145106048239226043122078123222247017>).

2. The Unanimous Written Consent of Board of Directors and Majority Shareholder in Lieu of Special Meeting document dated April 3, 2006 (attached hereto as Exhibit A) is improper and illegal due to the fact that Stocker was never elected to the Board of Directors of the Company and was never appointed an officer. He was never an authorized issuer for the company on the transfer agent's books and records. Thus Stocker's signatures representing himself as President and Sole Director on page nine (9) of Exhibit A are not bona fide signatures of the Corporation.

3. The Subscription Agreement (pages 3-9 of Exhibit A) States that Carrera Capital, Inc. is purchasing 50 million shares of Advanced Lighting Solutions, Inc., a Nevada Corporation ("AVLS Nevada" and a separate entity). Stocker may well have been the President and Sole Director of AVLS Nevada, and may very well have purchased 50 million shares of AVLS Nevada. However, Stocker never purchased 50 million shares of the Corporation which is a Wyoming Corporation. The fact that the Subscription Agreement and the Resolution evidenced in Exhibit A are from two different Corporations indicates the fact that 50 million shares of the Corporation should never have been issued to Carrera Capital, Inc. and were improperly issued.

4. Whether by error or due to collusion, the 50 million shares of the Corporation were improperly issued and should never have been legally issued to Carrera Capital, Inc. The Corporation holds the current transfer agent (Pacific Stock Transfer Company) and it heirs and successors responsible for this improper issuance and demands that the shares held in the name of Carrera Capital, Inc. be cancelled immediately.

5. Additionally, Carrera Capital, Inc. and specifically David B. Stocker (collectively referred to as "Stocker") are deemed to be "Bad Actors" as described in SEC regulations* and FINRA Rules;

*Disqualification of Felons and Other "Bad Actors" from Rule Offerings and Related Disclosure Requirements

*A Small Entity Compliance Guide¹- September 19, 2013

Additionally, Stocker is the subject of numerous civil complaints by the SEC against Stocker. Thus, the Company reasonably demands that the 50 million shares of the Company issued to Carrera Capital, Inc. be cancelled immediately.

<https://www.sec.gov/info/smallbus/secq/bad-actor-small-entity-compliance-guide.htm>

(Action Taken)

It is the unanimous opinion of the current and true board of directors as listed in the Corporations true domicile of Wyoming;

1. Whereas, the board of directors has agreed unanimously that the aforementioned shares, certificate as provided the corporations transfer agent of record and attached hereto #6000 in the amount of 50,000,000 restricted common shares should be cancelled and deleted from the corporations shareholders list immediately, and that "ANY" other affiliated stock share(s) or shareholder(s) shall be deleted as well.

2. Whereas, the Corporation's current transfer agent, attorney and regulating bodies be made aware of this board of director's finding(s), conclusion(s) and action(s) immediately forthwith:

IN WITNESS WHEREOF, it being in the best commercial interest of the Corporation, the undersigned, being all of the members of the board of directors and the Chairman and CEO of ADVANCED LIGHTING SOLUTIONS, INC., has executed this action by unanimous written consent as of this July 22, 2015

Mr. James Morgan /s/James Morgan *Jm* Date: July 22, 2015

Re: Stock Certificate #6000 Improperly issued to Carrera Capital, Inc.

Ladies & Gentlemen:

Enclosed please find a board of directors' resolution authorizing the cancellation and return to treasury of the certificate(s) as indicated below:

Date	Cert #	# Shares	Registered in name of
<u>April 10, 2006</u>	<u>#6000</u>	<u>50,000,000</u>	<u>Carrera Capital, Inc.</u>

We hereby certify that said shareholder(s) hold no legal interest in said stock.

We do hereby agree, for ourselves, our successor, assigns, heirs, executors or administrators, at all times now and hereafter to indemnify and hold harmless Pacific Stock Transfer Company, its principals and their successors and assigns from and against all losses or damages that may arise by reason thereof, and all costs, charges, expenses and all actions or suits, whether groundless or otherwise, it being the purpose of this agreement of indemnity to fully protect said transfer agent and its principal, their successors and assigns in the premises.

In the absence of Advanced Lighting Solutions, Inc. assuming liability and providing for Pacific Stock Transfer Companies defense, Pacific Stock Transfer Company will be authorized to reissue shares which are the result of any demand made by a shareholder with a valid claim to the certificate. The Board of Directors agrees to reserve the above amount of shares in its authorized but un-issued treasury on its books and records until such time as the shareholder submits confirmation of the return to treasury. Please note that as of July 24, 2015 Advanced Lighting Solutions, Inc. was valued at \$0.0001 per share.

Re: Deficiency Notice Pursuant to FINRA Rule 6490
Advance Lighting Solutions, Inc. – CAS-36273-K0Z8H0
Company-Related Notification Relating to Proposed Name
Change to OTC Exchange, Inc. and Voluntary Symbol request

Dear Mr. Morgan,

I have served in the capacity of Special Securities Counsel to Advanced Lighting Solutions, Inc. (a *Wyoming* corporation, herein referred to as the "Company"). In that capacity, you have asked me to review a letter from the Financial Industry Regulatory Authority ("FINRA"), assist in providing a resolution thereto, and opine as to the validity of cancellation of stock erroneously issued to Carrera Capital, Inc., pursuant to ownership of another entity identified as Advance Lighting Solutions, Inc. (a *Nevada* corporation).

While FINRA is correct that stock was issued to Carrera Capital, Inc. and a certificate issued that totaled Fifty Million (50,000,000) shares, and that Carrera Capital, Inc. was owned by David B. Stocker, I believe it came to an incorrect conclusion since the shares were erroneously issued by the previous transfer agent, Holliday Stock Transfer and they appeared on the records of the Company. They were subscribed from Advanced Lighting Solutions, Inc. (a *Nevada* corporation), and were invalidly issued by Advanced Lighting Solutions, Inc. (a *Wyoming* corporation). There was no authorization ever provided for the issuance of the stock by the Company. The stock has been properly canceled by the Company and removed from the outstanding shares of the Company by the successor Transfer Agent, Pacific Stock Transfer, who has acquiesced to, and cooperated with, the cancellation and removal of said shares from the recorded outstanding shares of the Company. I have been provided with such an updated listing of the outstanding active certificates through today, July 24, 2015. Said shares have indeed been removed.

It is my opinion, after reviewing the information provided me, the shares were invalidly and improperly issued in the first instance, and were legally and validly cancelled by the Company. Further, I have reviewed information provided me by the Company that indicates FINRA may now re-review the submitted information excluding these "bad actors," as the problem of the

Letter to Advanced Lighting Solutions, Inc.
July 24, 2015
Page 2

"bad actors" has now been rectified. As provided in their Rule 6490(d)(3)(3), they are precluded from allowing and approving the requested actions for a company which includes "bad actors," as with Carrera Capital, Inc. and David B. Stocker. As this hurdle has been properly rectified, you should immediately re-submit the information with FINRA, specifically including the most recently received information obtained from Pacific Stock Transfer, which indicates the removal of any ownership interest directly or indirectly belonging to David B. Stocker.

This opinion may be used in conjunction with the above-referenced filing with FINRA, and is based upon information received by me, and representations made to me, relating to such filings. Differing facts will result in a different conclusion and will invalidate this opinion.

No person or entity other than the Company and the Financial Industry Regulatory Authority is entitled to rely upon this opinion. The Company and the Financial Industry Regulatory Authority, however, are granted full and complete permission and rights. The opinion expressed herein is made pursuant to the Securities Act of 1933 and the Securities Exchange Act of 1934.

Sincerely,

A handwritten signature in black ink, appearing to read "John T. Root, Jr.", with a stylized flourish at the end.
