AV1 Group, Inc. is a publicly traded investment and holding company established to identify, secure, and monetize emerging growth companies, technologies and ecommerce businesses positioned for exponential growth. The Company seeks to discover inspired entrepreneurs with revolutionary concepts which can make a substantial footprint in markets that the Company believes to have considerable growth potential. AV1 Group, Inc.'s comprehensive business model also includes a division which delivers internally created projects that are poised for revenue generation, and a platform enabling the Company to develop embryonic stage subsidiaries under one umbrella, bringing a spectrum of backgrounds to the table, thus providing a significant resource of experience, knowledge and expertise to every venture. AV1 Group, Inc. explores every opportunity to help each sector exceed their revenue goals while building close, active working relationships; preparing each respective division to be a robust competitor in their chosen markets.

Growth Spectrum

The GrowthSpectrum product line is an array of industry specific, state-of-the-art lighting equipment that will be marketed to the cannabis industry. The Company's strategic partnership with the LED manufacturer, branded under the GrowthSpectrum line, allows entry into a fast growing market with minimal overhead. This will enable the Company to spearhead into producing revenue. **CannaLighting** will be targeting grow houses nationally in an effort to deliver the GrowthSpectrum brand of LEDs.

Cannalighting

The CannaLighting sector of the corporate structure is actively building strategic relationships in the LED sector in accordance with a marketing model that, while requiring a minimal budget to launch, will yield the potential opportunity to be able to provide solutions for an ever increasing number of grow houses and cultivation centers nationally.

The LED lighting sector is an intricate key to the indoor agricultural environments that these harvesting facilities represent, since the majority of these crops are grown indoors. U.S. retail cannabis sales will rise more than five-fold over the next five years, from an estimated \$2.2-\$2.6 billion in 2014 to \$7.4-8.2 billion in 2018, according to an article recently published by Marijuana Business Daily.

Dental Cannatizer

The Company has signed a definitive agreement for the purchase of a cutting edge technology that the Company is rebranding as the "Dental Cannatizer"; a cutting edge dental cleansing tool which can provide superior results due to its revolutionary design and the integration of hemp oil infusing replacement cartridges.

This state-of-the-art device is unique in its design which utilizes increased water pressure to flush out harmful bacteria, plaque, and miniscule food particles which accumulate from millions of microscopic spaces located on the teeth and gum valleys where a toothbrush or floss can't reach. Conveniently constructed for use in the shower, its design includes the dispensing of hemp oil, which is highly recognized for its numerous holistic attributes.

The Cannatizer thoroughly cleans teeth and gums by flushing fissures and pits in teeth (the most common place for cavities) to remove bacteria, residues, and other contaminants, leaving teeth absolutely sparkling; allowing re-mineralization to occur naturally and organically with the restorative and medicinal qualities that hemp oil provides. The antiseptic and anti-inflammatory benefits of hemp oil are well known to contain unique properties that are very beneficial. With the marketing of this device, the Company is setting up a dual revenue source, revenues derived from the initial transaction, and the residual revenue to follow generated by the repeat sales of the replacement hemp infusion cartridges.

AVI GROUP, INC.
NOTES TO THE CONSOLIDATED
UNAUDITED FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 – NATURE OF OPERATIONS AND BASIS OF PRESENTATION

AVI Group, Inc. is a development stage investment and holdings company. The Company was originally organized as a Florida corporation on April 23, 1998. Since its inception, the Company is an investment and holdings group. Through its acquisition of Marijuana Incubator Group, Inc., a Wyoming corporation, on April 1, 2014, and the Company focused its investment and holdings to identify, secure, and monetize emerging growth companies in a number of sectors that include cannabis related technologies and ecommerce businesses. For more information visit: <http://www.avigroup.com>.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

In the opinion of management, the accompanying balance sheets, statements of operations, stockholders' deficit and cash flows include all adjustments, consisting only of normal recurring items, for their fair presentation in conformity with accounting principles generally accepted in the United States. These financial statements are presented in United States dollars.

Property

The Company does not own or rent any property. Our principal executive offices are located in San Diego, California.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturity of three months or less to be cash equivalents.

Use of Estimates and Assumptions

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Treatment of Subsidiaries

The Company's principal holdings include a 100% equity interest in a 100% equity interest in Lost in Space, LLC, a Delaware limited liability company, a 49% equity interest in DENT Group, Inc., a Wyoming corporation. The Company reports the results of its operations on a consolidated basis.

The Company consolidates the financial results of the entities in which it has controlling financial interests, and as a consequence, the assets and liabilities of all such entities are presented on a consolidated basis in the Company's financial statements.

Income Taxes

The Company follows the liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax balances. Deferred tax assets and liabilities are measured using enacted or substantially enacted tax rates expected to apply to the taxable income in the years in which those differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment.

Net Loss per Share

Basic loss per share includes no dilution and is computed by dividing loss available to common stockholders by the weighted average number of common shares outstanding for the period. Dilutive loss per share reflects the potential dilution of securities that could share in the losses of the Company. Because the Company does not have any potentially dilutive securities, the accompanying presentation is only of basic loss per share.

NOTE 3 – GOING CONCERN

The Company's financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The net loss for the twelve months ended December 31, 2016 was \$(62,624). The Company does not have a source of revenue sufficient to cover its operation costs giving substantial doubt for it to continue as a going concern. The Company will be dependent upon the raising of additional capital through placement of our common stock in order to implement its business plan, or merge with an operating company. There can be no assurance that the Company will be successful in either situation in order to continue as a going concern. The Company is funding its initial operations by way of issuing Founder's shares.

NOTE 4 – CAPITAL STOCK

The Company's capitalization is 20,000,000,000 common shares with a par value of \$0.00001 per share, of which there are 101,203,098 shares issued and outstanding, and 5,000,000 preferred shares with a par value of \$0.0001 per share, of which there are 100,000 shares issued and outstanding.

The Company completed a one-for-twenty thousand (1:20,000) reverse split of its outstanding common stock, as approved by a vote of its shareholders at a special meeting on February 3, 2016 with a Market Effective Date of March 30, 2016.

As of December 31, 2016, the Company has not granted any stock options and has not recorded any stock-based compensation.

NOTE 5 – INCOME TAXES

We did not provide any current or deferred U.S. federal income tax provision or benefit for any of the periods presented because we have experienced operating losses since inception. Accounting for Uncertainty in Income Taxes when it is more likely than not that a tax asset cannot be realized through future income the Company must allow for this future tax benefit.

NOTE 6 – CONVERTIBLE LOANS PAYABLE

Six-Twenty Capital Management, LLC	\$104,450
------------------------------------	------------------

As of December 31, 2016, the Company issued convertible notes totaling **\$104,450** with interest at 10% per annum to Six-Twenty Capital Management LLC in exchange for cash received (\$14,769 at June 30, 2015; \$15,945 at October 31, 2015; \$51,271 at June 30, 2016, \$13,320 at September 30, 2016 and \$9,145 at December 31, 2016). The notes are convertible at the holder discretion at par value of the Company's common stock. Due to the illiquid trading price of AV1 Group, Inc., common stock, which is trading near or below par value, the Company acknowledges that Six-Twenty cannot realize the value of the note based upon the current conversion price, and therefore, as consideration for Six-Twenty's forbearance in collection matters the Company has negotiated and amended the conversion prices. Six-Twenty, will not, at any time own, or convert into common stock an amount equal to or greater than 9.9% of the issued and outstanding common stock of AV1 Group, Inc., at the time of such conversion.
