Beverly Hills Group, Inc.
(fka Motion Picture Hall of Fame, Inc.)
Notes to Financial Statements
March 31, 2015
(Unaudited)

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Beverly Hills Group, Inc. (“the Company”) was incorporated in the State of Nevada on March 2, 2000 as The Motion Picture Hall of Fame, Inc. in order to create, develop and manage a themed attraction dedicated to the history and art of making motion pictures, and to create, build and maintain a Motion Picture Hall of Fame (the “Themed Attraction Business”). On August 22 2014, the Company acquired assets and intellectual property related to a line of beauty and skin care and Nutraceuticals products (the “Cosmetic Assets”) that the Company intends to launch under the name “Latitud 32.” The Company intends to use these products as a base line portfolio and to continue researching, developing and launching natural ingredient products. Immediately after acquiring the Cosmetic Assets, the Company sold all assets and intellectual property related to the Themed Attraction Business. Accordingly, the Company changed its operational focus to developing the products related to the Cosmetic Assets and discontinued its operation in the Themed Attraction Business upon transfer the related assets and intellectual property (see Note 9).

The Company declared a 1-for-30 reverse stock split of its common stock that became effective on July 8, 2014, All references in the accompanying financial statements as to the Company’s equity structure and to the number of shares outstanding and per-share amounts have been restated to reflect in the indicated amendment to the articles of incorporated and to the 1:30 reverse stock split.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Expenditures for maintenance and repairs are charged to earnings as incurred. Additions, renewals and betterments are capitalized. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and a gain or loss is included in operations. Depreciation of property and equipment is provided using the straight-line method for substantially all assets with estimated lives of five to seven years. As of March 31, 2015 the Company had no property and equipment.

Use of Estimates

The Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Company accounts for its income taxes under the provisions of ASC Topic 740, "Income Taxes." The method of accounting for income taxes under ASC 740 is an asset and liability method. The asset and liability method requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between tax bases and financial reporting bases of other assets and liabilities. The Company had no material unrecognized income tax assets or liabilities for the three months ended March 31, 2015. The Company recognizes income tax interest and penalties as a separately identified component of general and administrative expense. During the three months ended March 31, 2015, there were no income tax, or related interest and penalty items in the income statement, or liabilities on the balance sheet.

Issuance of shares for Service

The Company accounts for the issuance of equity instruments to acquire goods and services based on the fair value of the goods and services or the fair value of the equity instrument at the time of issuance, whichever is more reliably measurable.

Stock-based Compensation

The Company accounts for stock-based compensation under ASC Topic 505-50, formerly Statement of Financial Accounting Standards ("SFAS") No. 123R, "Share-Based Payment" and SFAS No. 148, "Accounting for Stock-Based Compensation – Transition and Disclosure – An amendment to SFAS No. 123." These standards define a fair-value-based method of accounting for stock-based compensation.

Basic and diluted net loss per Share

The Company reports earnings (loss) per share in accordance with ASC Topic 260-10, "Earnings per Share." Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. The Company did not have any dilutive instruments outstanding as of March 31, 2015.

GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has incurred net losses from inception to March 31, 2015 of \$20,840,094 and as of March 31, 2015 has a working capital deficit of \$789,932. Losses are expected to continue for the immediate future. In addition, the Company's cash flow requirements have been met by the generation of capital through private placements of the Company's common stock and loans. No assurance can be given that this source of financing will continue to be available to the Company and demand for the Company's equity instruments will be sufficient to meet its capital needs. The financial statements do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, to retain its current financing, to obtain additional financing, and ultimately to generate revenues.

3. INTANGIBLE ASSETS

On August 22, 2014, Beverly Hills Group acquired from a third party certain intangible assets pertaining to skin care and beauty products created by seller that the Company plans to manufacture and market. Under the terms of the agreement the Company is to issue seller 50,000 shares of its common stock. Seller agreed to execute a lock up agreement restricting the sale of the common shares purchased to no more than 10,000 shares during each of the three month period for a total of the twelve months beginning at the closing date and no more than 20,000 shares during a three month period for the next twelve month period. The lock up agreement terminates 24 months from the closing date.

The Company valued the intangible assets at the \$37,500, based upon the trading price of the 50,000 shares on the closing date of \$0.75 per share. As the intangible assets have no defined life, the intangible assets acquired are not subject to amortization.

4. NOTES PAYABLE

In August 2002, the Company received a loan from an unrelated individual amounting to \$180,000. Interest on this loan is \$1,050 per month and payable monthly. The loan was due and payable on October 30, 2007. In May 2014, the Company issued a replacement convertible promissory note to the holder of this debt in the principal amount of \$335,850, reflecting the principal and accrued interest of the August 2002 note payable through March 31, 2014. The convertible promissory note accrues interest at 6% per annum and permits the holder to convert principal and accrued interest, subject to a 9.99% ownership limitation, into shares or common stock at a conversion price of \$0.0025 per share. On November 15, 2014, the Company received a conversion notice requesting the issuance of 5,081,734 shares upon conversion of \$12,704.34 of the note's outstanding balance, leaving a principle amount of \$323,145.66. The Company issued out 5,081,734 shares on January 6, 2015. On April 6 2015, the Company received a conversion notice requesting the issuance of 5,790,000 shares upon conversion of \$14,475.00 of the note's outstanding balance, leaving a principle amount of \$308,670.66. The Company issued out 5,790,000 shares on April 16, 2015.

5. LOANS PAYABLE - OTHER

During the three months ended March 31, 2015, an unrelated third party made advances and directly paid Company expenses. The Loan Payable is unsecured, non-interest bearing and due on demand.

6. INCOME TAXES

No provision has been made for income taxes. Through March 31, 2015, the Company incurred net operating losses for income tax purposes of approximately \$20,840,094. The net operating loss carryforwards may be used to reduce taxable income through the year 2034, subject to limitations pursuant IRC Section 382. The net deferred tax asset balance due to net operating loss carryforward as of March 31, 2015 was approximately \$7,294,033. A 100% valuation allowance has been established against the deferred tax asset, as the utilization of the loss carryforward cannot reasonably be assured.

7. SHAREHOLDERS' EQUITY

Effective October 17, 2003, the Company executed a 10 to 1 reverse stock split for all outstanding common stock with par value of \$0.0001.

Effective July 1, 2013 the Company increased its authorized capital to 150,000,000 common shares with \$0.0001 par value.

Effective June 5, 2014 the Company increased its authorized capital to 300,000,000 common shares with \$0.001 par value.

Effective July 8, 2014 the Company split its issued common shares 1 for 30 leaving the authorized capital unchanged.

All common stock amounts have been retroactively restated to reflect this split as well as the weighted average and per share amounts.

8. DISCONTINUED OPERATIONS

On August 22, 2014, the Company spun out the assets of its Motion Picture Hall of Fame concept including \$25,000 and all intellectual properties associated therein to an entity owned by the former management of the Company. In exchange for the transferred assets, the Company's shareholders each received an option to purchase shares in the new entity at par value to acquire the same percentage of shares it had in the Company prior to the change in new management.

9. SUBSEQUENT EVENTS
