EXPLANATORY NOTES FOR THE 2017 ANNUAL GENERAL MEETING

These Explanatory Notes have been prepared to assist shareholders with their consideration of the resolutions set out in the Notice of Annual General Meeting dated 13 October 2017.

ORDINARY BUSINESS

Financial Statements and Reports

The *Corporations Act 2001* (Cth) (**Corporations Act**) requires the Company's Financial Report, the accompanying Auditor's Report and the Directors' Report for the year ended 30 June 2017 to be laid before the Annual General Meeting.

An electronic copy of the Company's Financial Report (and accompanying Auditor's Report and Directors' Report) is available on our website www.bionomics.com.au.

A reasonable opportunity for discussion of the Company's Financial Report (and accompanying Auditor's Report and Directors' Report) will be provided at the Annual General Meeting. There will be no formal resolution put to the meeting in relation to this item of ordinary business.

RESOLUTION 1: Adoption of Remuneration Report

The Remuneration Report for the year ended 30 June 2017 is set out in the 2016-17 financial statements, which are available on Bionomics' website at www.bionomics.com.au.

Pursuant to section 250R(2) of the Corporations Act, a resolution that the Remuneration Report be adopted must be put to the vote at the Company's Annual General Meeting. The vote on the proposed resolution is advisory only and does not bind the directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the Company's remuneration practices and policies.

Pursuant to the Corporations Act, if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive AGMs, shareholders will be required to vote at the second of those AGMs on a resolution (a "spill resolution") to decide whether an extraordinary general meeting of shareholders (**EGM**) is to be held within 90 days of the date of that AGM to consider the election of the Company's directors (other than the CEO and Managing Director). If a spill resolution is passed (that is, more than 50% of votes cast are in favour), all of the Company's directors (other than the CEO and Managing Director) will cease to hold office at the end of the EGM, unless re-elected at that meeting.

The Chairman will allow a reasonable opportunity for members to discuss the Remuneration Report.

RESOLUTION 2: Re-election of Non-Executive Director – Mr Peter Turner

Mr Peter Turner will retire by rotation at the Annual General Meeting as required by the Company's Constitution and, being eligible, offers himself for re-election.

Mr Turner was appointed to the Board on 16 June 2016 and last elected at the Annual General Meeting held on 8 November 2016. Whilst Mr Turner was only recently elected by members, Bionomics Constitution requires at least one director to stand for re-election every year and being one of two equal longest serving directors, Mr Turner has put himself forward for re-election.

The Board considers Mr Turner's experience as an executive in big Pharma to be of the highest calibre and his skill set increases the breadth and capacity of the Board. Mr Turner has made a strong contribution in his 17 months tenure as a director and he has the commitment and capacity to continue to serve as a director if re-elected.

As reported in the 2017 Annual Report, Mr Turner's experience and expertise is as follows;

Mr Turner is a former senior executive with global experience in CSL, a large multinational organisation in the biopharmaceutical industry. He has been an Executive Director and COO of CSL and was the founding President of CSL Behring working in Europe and the United States from 2000 to 2011. Mr Turner provided strategic, technical and commercial leadership and was responsible for the integration of large company acquisitions in Europe, the United States and Japan. He has been responsible for significant company re-structuring and turnaround and has overseen thirteen new product launches in the United States and Europe and more in other jurisdictions. During his tenure, overseas sales grew from US\$140 million to \$3.4 billion. Mr Turner is a Non-Executive director of Virtus Health and the Chair of NPS MedicineWise. He is a former Chair of Ashley Services Group.

The Board (with Mr Peter Turner abstaining), recommends that shareholders vote in favour of the re-election of Mr Peter Turner.

SPECIAL BUSINESS

BACKGROUND TO RESOLUTION 3

Resolution 3 set out in the Notice of Annual General Meeting is being put before shareholders for the purpose of ASX Listing Rule 10.14 and for all other purposes.

Listing Rule 10.14 requires a listed company to obtain shareholder approval for the issue of securities under an employee incentive scheme such as the Bionomics Employee Share Option Plan (**Option Plan**) to a director (or an associate of a director) of the Company.

Under section 208 of the Corporations Act a public company cannot give a financial benefit to a related party unless an exception applies or shareholders have in a general meeting approved the giving of that financial benefit to the related party. Dr Rathjen is a related party of the Company due to the fact that she is a director of the Company and the issue of share options to Dr Rathjen constitutes a "financial benefit". However, the directors are of the view that the exemptions under section 211 of the Corporations Act (remuneration and reimbursement) apply; namely the financial benefit is attributed to Dr Rathjen's employment with the Company and is a reasonable part of her remuneration. Accordingly, the directors are not seeking shareholder approval under section 208 of the Corporations Act, although shareholder approval must be obtained pursuant to ASX Listing Rule 10.14.

RESOLUTION 3: ASX Listing Rule 10.14 – Proposed Issue of Share Options to Dr Deborah Rathjen: For the year ended 30 June 2017

The Company proposes to issue 75,000 bonus share options to Dr Rathjen as part of her total remuneration package for the year ended 30 June 2017. The non-executive directors consider that these options are well deserved and that such an arrangement is in the Company's best interests as it aligns the interests of Dr Rathjen with the interests of the Company's shareholders in building sustainable value. The rationale for issuing these bonus share options is to reward performance whilst at the same time preserving the Company's cash.

The non-executive directors have approved, subject to approval by the Company's shareholders, the offer to Dr Rathjen of 75,000 bonus share options on the following terms:

- An exercise period commencing on the date of issue of the share options and ending on the date that is five years after the date of issue of the share options.
- Each of these share options will, if exercised at any time during the share option exercise period, entitle Dr Rathjen to subscribe for a fully paid ordinary share in the Company.
- Each share option will have an exercise price of \$0.44. The exercise price of \$0.44 per share option is based on a seven (7) day VWAP of the Company's shares at 16 August 2017, when the offer of share options to Dr Rathjen was approved by the non-executive directors (subject to approval by shareholders).
- The proposed options are in line with the practice for all senior management who have been invited to accept share options.

Resolution 3 is being put to shareholders for the purposes of ASX Listing Rule 10.14 and for all other purposes. The following information is provided in relation to the terms of the share options and for the purposes of ASX Listing Rule 10.15:

- (a) the maximum number of share options that may be acquired by Dr Rathjen is 75,000;
- (b) the share options will be issued to Dr Rathjen for no consideration (but will have an exercise price as described above);
- (c) details of share options issued to directors since last approval are; Dr De Souza was issued with 500,000 Options in assuming the role of Chairman of the Company; Mr Turner, Mr Wilson and Mr Fisher were each issued 500,000 Options following their respective appointments as Directors of the Company; Dr Rathjen was issued 1,000,000 Options as part of her new employment contract (500,000 share options as part of a long term incentive and 500,000 options as part of a commercialisation incentive); all allocations approved at the 2016 AGM;
- (d) the directors of the Company as listed below are each entitled to participate in the Option Plan:

Dr Errol De Souza
Dr Deborah Rathjen
Mr Peter Turner
Mr David Wilson
Mr Alan Fisher
- (e) a voting exclusion statement in respect of this Resolution is set out in the Notice of Annual General Meeting;
- (f) there is no loan in relation to the acquisition by Dr Rathjen; and
- (g) if Resolution 3 is approved, the share options are expected to be issued by 15 December 2017 (and in any event, by no later than 15 November 2018).

The share options will not be quoted on the ASX.

The Board (with Dr Rathjen abstaining), recommends that shareholders vote in favour of the proposed issue of share options to Dr Rathjen.

RESOLUTION 4: ASX Listing Rule 7.2, Exception 9 – Approval of Bionomics Limited Employee Equity Plan

Resolution 4 seeks shareholder approval for the Bionomics Limited Employee Equity Plan (**EEP**). The EEP replaces the Employee Share Option Plan that was previously approved by shareholders at the Company's Annual General Meeting in 2014. The EEP has been drafted to reflect changes to the income tax legislation governing employee share schemes, governance changes in respect of the type of equity instruments that are granted to employees and directors, the circumstances in which they are granted, and to provide administrative flexibility.

The underlying purpose of the EEP is to align employees' and directors' interests with shareholders' interests by providing them with equity as part of their remuneration arrangements. This will enable the Company to attract and retain top-level employees and directors.

The procurement and retention of first class executives and employees capable of managing the Company's operations and achieving the Company's strategic objectives is always a difficult task for a relatively young Company, without an earnings history, such as Bionomics. In order to compete with well-established companies, the Board considers the Company essentially has one of two choices: either offer higher cash remuneration or issue equity under a plan such as the EEP.

The EEP enables the Board to award different types of equity instruments tailored to specific application. These can include Rights to acquire shares contingent on meeting specified performance metrics, Options to acquire shares on payment of an exercise price, Rights and/or Options that are contingent on remaining in employment, among others.

Approval of the EEP by shareholders is required for an exception to ASX Listing Rule 7.1, which restricts (in certain circumstances) the issue of new securities in any 12-month period to 15% of issued shares without shareholder approval. Exception 9(b) of ASX Listing Rule 7.2 provides that an issue of securities under an employee incentive scheme (such as the EEP) is exempt from the operation of ASX Listing Rule 7.1 for a period of three years from the date shareholder approval is obtained.

If shareholders approve Resolution 4, the grant of equity instruments (and the issue of any new Shares pursuant to these equity instruments) under the EEP will not be included in the 15% limit imposed by ASX Listing Rule 7.1 for a period of three years from the date of the Annual General Meeting.

If Bionomics elects to transfer (or procure the acquisition and transfer) of Shares to an employee or director to meet his or her entitlements under the Employee EEP (rather than issue new Shares), Bionomics may be considered to be providing financial assistance to that person or any Plan Trustee that it appoints to acquire Shares.

Under section 260C(4) of the Corporations Act, Bionomics may provide such financial assistance under an employee share scheme approved by Bionomics in general meeting. Accordingly, Bionomics is also seeking approval of the EEP for the purposes of section 260C(4) of the Corporations Act.

In accordance with ASX Listing Rule 7.2, Exception 9(b), the following information is provided to shareholders:

- A summary of the terms and conditions of the Employee Equity Plan is set out below.
- As this is a new plan subject to shareholder approval, no issues of equity instruments under this plan have been made.
- a voting exclusion statement for Resolution 4 is included in the Notice of Meeting.

For a copy of the EEP, please contact the Company on 08 8354 6100 or by email to info@bionomics.com.au.

Summary of Employee Equity Plan

Eligibility	The Board has discretion to determine which employees or non-executive directors of the Group or other persons are eligible to participate. Director grants that may result in a new issue of shares on exercise of rights must also receive separate shareholder approval (Eligible Participants).
Terms of grant	A grant of equity instruments under the Plan is subject to both the Plan Rules and the terms of the specific grant.
Administration of Plan	The Employee Equity Plan is administered by the Board that may delegate responsibilities to a committee of the Board and/or specified officers of the Company or such other third parties as it considers appropriate.
Exercise price	Unless the Board determines otherwise, the exercise price of share options granted under the Employee Equity Plan will be the weighted average closing price of the Company's shares traded on ASX for the 7 trading days immediately preceding the date on which the invitation is made.

Exercise period	Unless the Board determines otherwise, the equity instruments will become exercisable in equal tranches over a five year period and each tranche can be exercised during the period from the date on which they vest under the terms of the specific grant to the date specified in the terms of the grant that can be no later than the seventh anniversary of the date of grant of the equity instruments.
Lapse and forfeiture	<p>The equity instruments will lapse at the end of their relevant exercise period determined by the Board on grant. However, unless the Board or the terms of the specific grant prescribe otherwise, if the Eligible Participant ceases to be an Eligible Participant for any reason (other than by death, retrenchment or retirement), then:</p> <p>(a) any equity instruments held by that participant for which the exercise period has commenced will lapse 30 days after the date the participant ceased to be an Eligible Participant; and</p> <p>(b) any equity instrument held by that participant for which the exercise period has not commenced will lapse on the date the participant ceased to be an Eligible Participant.</p>
Shares issued	A share issued on the exercise of an equity instrument will be a fully paid ordinary share in the Company ranking equally with, and having the same rights and entitlements as, other ordinary shares in the Company on issue at the date of allotment of the share (other than rights and entitlements accrued prior to the date of allotment of the share).
Delivery of shares	The Board can decide whether to purchase Shares on-market or issue new Shares on exercise of equity instruments.
Restrictions on transfer	An Eligible Participant must not assign or transfer an equity instrument (without the Company's consent), other than a transfer to a legal personal representative in the event that an Eligible Participant has died or become subject to mental health legislation.
Reorganisations or bonus issues	The entitlement of a holder of an equity instrument to Shares or their cash equivalent value will be adjusted to take account of any bonus issues as if the equity instrument had been exercised before the determination of any entitlements in respect to those issues. Any exercise price will be adjusted in the case of a discounted rights issue in accordance with a formula prescribed by ASX Listing Rules. In the case of a reorganisation of issued capital, the entitlement to shares will be adjusted as required by the ASX Listing Rules from time to time.
Performance hurdles and other vesting and exercise conditions	Subject to the terms of the Plan, the vesting and exercise of equity instruments may be conditional on performance hurdles, service requirements, and the satisfaction of any other vesting and exercise conditions set by the Board at the time of grant of the equity instruments.
Early vesting	Equity instruments may vest (in whole or in part) earlier than the vesting date in some circumstances, subject to exercise of the Board's discretion and compliance with the ASX Listing Rules, including if there is a change of control event (such as a takeover bid or scheme).
Restriction on disposal	The Board may impose a restriction on disposal of shares allocated on exercise of an equity instrument.

Clawback	Where, in the opinion of the Board, an equity instrument vests, or may vest, to a Participant as a result of the fraud, dishonesty, breach of obligations or knowing material misstatement of financial statements by a Participant or an employee of the Group other than the Participant and, in the opinion of the Board, the equity instrument would not otherwise have vested, the Board may determine that it has not vested and may, subject to applicable laws, determine any treatment in relation to the equity instrument (including resetting conditions, deeming Shares to be forfeited and/or new instruments be granted subject to substitute conditions) to ensure that no unfair benefit is obtained by the Participant as a result of the actions of another person.
Dilution	Shares will not be issued unless the Board is satisfied that the number of Shares offered or that may be offered under this plus any other equity plan over the previous 3 years is less than 5% of the total shares on issue.
Hedging	A Participant must not enter into any scheme, arrangement or agreement (including options and derivative products) under which the Participant may alter the economic benefit to be derived from an Equity Instrument.
Variations	The Board may terminate, suspend or amend the terms of the Employee Equity Plan at any time. However, the Board may not without the consent of the Participants amend any restriction or other condition relating to the Plan that materially reduces the rights of Participants, except in certain circumstances (for example, if the amendment is required to comply with the ASX Listing Rules or the Corporations Act). After equity instruments have been granted, the terms and conditions for a particular grant cannot be changed without the consent of the Participant.

Recommendation

The Directors as potential recipients of equity instruments under the Employee Equity Plan have an interest in Resolution 4 and therefore abstain from making any voting recommendation to shareholders.

The Chairman of the Meeting intends to vote all available Proxies in favour of this resolution.
