5) Financial Statements

Provide the financial statements described below for the most recent fiscal year end or quarter end to maintain qualification for the OTC Pink Current Information tier. For the initial disclosure statement (qualifying for Current Information for the first time) please provide reports for the two previous fiscal years and any interim periods.

- A. Balance sheet;
- B. Statement of income;
- C. Statement of cash flows;
- D. Financial notes; and
- E. Audit letter, if audited

The financial statements requested pursuant to this item shall be prepared in accordance with US GAAP by persons with sufficient financial skills.

You may either (i) attach/append the financial statements to this disclosure statement or (ii) post such financial statements through the OTC Disclosure & News Service as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial reports separately as described in part (ii) above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. The balance sheet, statement of income, statement of cash flows and financial notes for the first quarter of fiscal 2016 were posted through the OTC DNS as a separate report and are incorporated by reference.

Information contained in a Financial Report is considered current until the due date for the subsequent Financial Report. To remain in the OTC Pink Current Information tier, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of its fiscal quarter-end date.

6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

- A. a description of the issuer's business operations;

Borealis Exploration Limited ("Borealis") is a technology development company. Through various operating subsidiaries, Borealis invents, patents, develops and acquires new technologies that it considers major technological innovations and which, it believes, have high probabilities of generating proprietary products that Borealis can own and exploit for the benefit of both their users and its shareholders. The Borealis technologies include new materials and technologies for more efficient and lower-cost generation of electrical power, more powerful and effective electric motors, and silent, non-polluting cooling and refrigeration systems. The first of these technologies to come to market is the WheelTug® aircraft electric drive system, which will provide major economic and environmental benefits to both airlines and airports. All Borealis technologies are expected to fundamentally change basic industries. Borealis anticipates that some of its patented and proprietary industrial advances will enable entirely new industries and open new fields for scientific exploration and commercial development for many decades to come.

- B. Date and State (or Jurisdiction) of Incorporation:

August 26, 1968 in Canada

- C. the issuer's primary and secondary SIC Codes;

6719 and 3510

D. the issuer's fiscal year end date;

September 30

E. principal products or services, and their markets;

Borealis's most advanced principal product is a nose-wheel motor technology that enables aircraft to drive themselves on the ground without turning on their engines. The market for this product consists of airlines and airports. Borealis's other principal products include cool chips and power chips which harness nanotechnology to produce thermal and electric energy more efficiently and at a lower cost. The market for these products is refrigeration/cooling and power production industries. Borealis also owns through subsidiary companies iron ore and other mineral properties in Canada.

7) Describe the Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Borealis's subsidiary, WheelTug plc, has a lab in Baltimore, Maryland where it builds and tests various components off the WheelTug system. WheelTug is the nose-wheel motor technology that enables aircraft to drive themselves on the ground without turning on their engines.

8) Officers, Directors, and Control Persons
