## Independent Auditors' Report

To the Board of Directors and  
Stockholders of Bowlin Travel Centers, Inc.

We have audited the accompanying balance sheets of Bowlin Travel Centers, Inc. (the Company) as of January 31, 2016 and 2015, and the related statements of income, stockholders' equity, and cash flows for each of the years in the three-year period ended January 31, 2016. Bowlin Travel Center, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bowlin Travel Centers, Inc. as of January 31, 2016 and 2015, and the results of its operations and its cash flows for each of the years in the three-year period ended January 31, 2016 in conformity with accounting principles generally accepted in the United States of America.

**Notes to Financial Statements**  
**January 31, 2016**

**(1) Summary of Significant Accounting Policies**

**(a) Description of Business**

Bowlin Travel Centers, Inc. (BTC or the Company) is located in Albuquerque, New Mexico. The Company's tradition of serving the public dates back to 1912, when the founder, Claude M. Bowlin, started trading goods and services with Native Americans in New Mexico. The Company's principal business activities include the operation of ten travel centers and six restaurants strategically located along well-traveled interstate highways in New Mexico and Arizona where there are generally few gas stations, convenience stores or restaurants. Eight of the Company's travel centers offer fuel and the Company operates six full-service restaurants under the Dairy Queen/Brazier, Dairy Queen or Subway trade names. All of the Company's ten travel centers offer a unique variety of Southwestern merchandise to the traveling public in the Southwestern United States, primarily New Mexico. They also sell convenience store food such as chips, nuts, cookies and prepackaged sandwiches along with a variety of bottled and canned drinks.

**(b) Cash and Cash Equivalents**

The Company considers all liquid investments with an original maturity of three months or less to be cash equivalents. The Company places its temporary cash investments with a local financial institution. Funds in excess of the \$250,000 insured by the Federal Deposit Insurance Corporation (FDIC) are invested in overnight US Treasuries.

The Company also considers receivables from credit card transactions that are typically reimbursed within three business days as cash and cash equivalents. Receivables from credit card transactions included in cash and cash equivalents at January 31, 2016 and 2015 were \$136,001 and \$84,646 respectively.

**(c) Marketable Securities**

Marketable securities consist of certificates of deposits with maturity dates greater than three months and less than one year. All are fully insured by the Federal Deposit Insurance Corporation (FDIC), as they do not exceed their \$250,000 limit.

**(d) Inventories**

Inventories consist primarily of merchandise and gasoline for resale and are stated at the lower of cost or market value, with cost being determined using the first-in, first-out (FIFO) method. The Company capitalized \$137,499 and \$118,390 of direct and indirect costs incurred during fiscal years ending January 31, 2016 and January 31, 2015 respectively.

**(e) Property and Equipment**

Property and equipment are carried at cost. Maintenance and repairs, including the replacement of minor items, are expensed as incurred, and major additions to

**BOWLIN TRAVEL CENTERS, INC.**  
**Notes to Financial Statements**  
**January 31, 2016**

property and equipment are capitalized. Depreciation is calculated by the Company using primarily straight-line.

**(f) *Intangible Assets***

Debt issuance costs are deferred and amortized over the terms of the respective borrowings on a straight-line basis which is not materially different from the effective interest method. Franchise fees are amortized on a straight-line basis over the shorter of the life of the related franchise agreements or the periods estimated to be benefited, ranging from ten to twenty-five years.

**(g) *Sales and Cost Recognition***

Sales of merchandise are recognized at the time of sale and the associated costs of the merchandise are included in cost of sales.

**(h) *Income Taxes***

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

**(i) *Excise and Transaction Privilege Taxes***

The Company collects and remits various federal and state excise taxes on petroleum products. Gasoline sales and cost of goods sold included excise taxes of \$1,456,603, \$1,270,245 and \$1,260,728 for fiscal years ended January 31, 2016, 2015 and 2014, respectively.

The Company also collects and remits transaction privilege taxes on sales. Gross receipts taxes of approximately \$905,245, \$795,937 and \$750,247 were collected and remitted for fiscal years ended January 31, 2016, 2015 and 2014, respectively. Sales and cost of sales are presented net of gross receipts taxes.

**(j) *Impairment of Long-lived Assets and Long-lived Assets to Be Disposed Of***

The Company reviews its long-lived assets and certain identifiable intangibles for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be

**BOWLIN TRAVEL CENTERS, INC.**  
**Notes to Financial Statements**  
**January 31, 2016**

disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

**(k) *Financial Instruments***

The Company's financial instruments are cash and cash equivalents, marketable securities, accounts receivable, notes receivable, accounts payable, accrued liabilities and long-term debt. The carrying amounts of cash and cash equivalents, marketable securities, accounts receivable, notes receivable, accounts payable, accrued liabilities and long-term debt approximate fair value.

**(l) *Use of Estimates***

Management of the Company has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these consolidated financial statements in conformity with generally accepted accounting principles in the United States of America. The Company has identified the estimated useful lives of its fixed assets and the valuation of deferred taxes as its significant estimates. Actual results could differ from those estimates.

**(m) *Earnings Per Share***

Earnings per share of common stock, both basic and diluted, are computed by dividing net (loss) income by the weighted average common shares outstanding, assuming the shares distributed on January 30, 2001 were outstanding for all periods presented. Diluted earnings per share is calculated in the same manner as basic earnings per share as there were no potential dilutive securities outstanding for all periods presented.

On September 29, 2008, the Company issued a press release announcing plans to begin a stock repurchase program whereby up to 1,000,000 shares of its common stock outstanding may be repurchased in the open market or in privately negotiated purchases from time to time, depending on market conditions and other factors. The purchases will be funded from available working capital and will be made in accordance with applicable securities laws and regulations. On September 18, 2015, the Board of Directors resolved to continue the repurchase program for another year, subject to earlier termination or extension as provided by the Board.

The Company repurchased 20,986 of its outstanding common shares, as treasury stock, for fiscal year ended January 31, 2016 at an average price per share of approximately \$1.4162, for a total repurchase of \$29,721. The common stock issued and outstanding was reduced by 20,986 shares or \$21 (20,986 shares times the par value of \$0.001), and additional paid in capital was reduced by \$29,700. The reduction in shares issued and outstanding and additional paid in capital is reflected in the accompanying balance sheet.

The Company repurchased 31,874 of its outstanding common shares for fiscal year ended January 31, 2015 at an average price per share of approximately \$1.406, for a total repurchase of \$44,829. The common stock issued and outstanding was reduced

**BOWLIN TRAVEL CENTERS, INC.**  
**Notes to Financial Statements**  
**January 31, 2016**

by 35,874 shares or \$32 (31,874 shares times the par value of \$0.001), and additional paid in capital was reduced by \$44,797. The reduction in shares issued and outstanding and additional paid in capital is reflected in the accompanying balance sheet.

There was no issuance of the Company's outstanding common shares for fiscal years ended January 31, 2016, 2015 and 2014, respectively.

**(n) *Reclassifications***

Certain 2015 and 2014 amounts have been reclassified to conform to 2016 presentation. Such reclassifications had no effect on net income. Property held for sale is reclassified as a component separate from property and equipment in the balance sheet in accordance with FASB ASC 205-20-45 – Accounting for Impairment or Disposal of Long-lived Assets. Management's intent is to sell the Company's retail location located in Edgewood, New Mexico, in the ensuing fiscal year. This location was closed in October 2007.

**(o) *Accounts Receivable***

Accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Accounts receivable are written off when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded when received.

**(p) *Deferred Revenue***

The current portion of deferred revenue consists of advertising revenue received in advance for billboards that the Company rents. This revenue is recognized in income as services are provided over the term of the contract.

**(q) *Advertising Costs***

Advertising costs are expensed as incurred. Advertising expense was approximately \$159,400, \$108,322 and \$101,470 for fiscal years ended January 31, 2016, 2015 and 2014, respectively.

**(r) *Freight Costs***

General and administrative expense includes inbound freight costs incurred to acquire inventory for sale. Inbound freight costs are expensed as incurred. Freight expense was approximately \$153,385, \$119,063 and \$112,554 for fiscal years ended January 31, 2016, 2015 and 2014, respectively.

**(s) *Concentration in Suppliers***

The Company is an authorized ExxonMobil retailer. On April 1, 2015, the Company entered into a Marketer PMPA (Petroleum Marketing Practices Act) agreement with Western Refining Wholesale, LLC ("Western"). Western will provide ExxonMobil

**BOWLIN TRAVEL CENTERS, INC.**  
**Notes to Financial Statements**  
**January 31, 2016**

branded motor fuels to the Company for resale at five of the Company's ExxonMobil branded locations. The agreement has a ten-year term expiring March 31, 2025, and requires the Company to purchase certain annual minimum quantities of gasoline and diesel at a distributor's markup price of \$0.015 per gallon. In addition, Western will award the Company \$225,000 for approved Exxon image upgrades.

Termination of the Company's ExxonMobil distributorship eliminated the dealers the Company was doing business with. Annually this will eliminate approximately \$3,625,000 in fuel sales as well as approximately \$3,620,000 in cost of fuel purchased. The net effect on gross profit of \$5,000 is immaterial to the overall financial statements. The Company will also forfeit a one percent discount on gallons purchased, or approximately \$78,500 each year.

All of the Company's Arizona locations are Shell brand as a result of the Company entering into a retail supply agreement with Arizona Fuel Distributors, L.L.C. during fiscal year ended 2008. The agreement allows the Company to purchase fuel paying a distributor's markup price of \$0.015 cents per gallon. There are no minimum or maximum gallon purchase requirements for the Company under the retail supply agreement with Arizona Fuel Distributors, L.L.C

**(2) Property and Equipment**

Property and equipment consist of the following at January 31:

	<b>Estimated life (years)</b>	<b>2016</b>	<b>2015</b>

The Company's Edgewood, New Mexico location was closed October 31, 2007 and the property remains for sale and therefore has been identified as a component as defined in FASB ASC 205-20-45 – Accounting for Impairment or Disposal of Long-Lived Assets. The carrying value of the property of approximately \$487,000 and \$412,000 has been reclassified as assets held for sale in the January 31, 2016 and January 31, 2015 balance sheets. In October 2015, the Company razed the building adding approximately \$75,000 to the land cost. The Company continues to list the property for sale. There was no operational activity during fiscal years 2016, 2015 and 2014 and therefore no results of operations.

**(3) Intangible Assets**

**Notes to Financial Statements**  
**January 31, 2016**

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities are as follows at January 31:

	<b>2016</b>	<b>2015</b>
Deferred tax assets –		
At January 31, 2016 deferred revenue principally due to accrual for financial reporting purposes	\$ 8,350	\$ 8,350
At January 31, 2016, compensated absences, principally due to accrual for financial reporting purposes	44,019	51,609
At January 31, 2016, contributions, principally due to limitation as a result of net operating losses	27,408	23,647
At January 31, 2016, net operating loss, principally due to limitation as a result of net operating losses	44,521	378,082
Other	9,648	—
Total gross deferred tax assets	133,946	461,688
Deferred tax liabilities:		
Property and equipment, principally due to differences in depreciation	703,264	745,317
Other	—	3,789
Total gross deferred liabilities	703,264	749,106
Net deferred tax liability	\$ 569,318	\$ 287,418

Total gross deferred liabilities decreased as a result of less eligible assets for fiscal year end 2016 for the Company’s election to take the 168 allowance of 50% for assets placed in service February 1, 2015 through December 31, 2015 as allowed by the 2010 Tax Relief Act compared to eligible assets for fiscal year end 2016.

Estimated taxable income is approximately \$728,000. When applied to the net operating loss carryforward, the amount of unused tax totaled approximately \$114,000 at January 31, 2016 which creates a deferred tax asset of approximately \$45,000. The loss carry forward will expire in 2031, 20 years after inception.

The Company adopted the provisions of FASB ASC 740-10-15 “Accounting for Uncertainty in Income Taxes” on February 1, 2009. Upon adoption, the Company recognized no change to opening retained earnings.

In the normal course of business, the Company’s tax returns are subject to examination by various taxing authorities. Such examinations may result in future tax and interest assessment by these taxing authorities. Accordingly, the Company believes it is more likely than not that it will realize the benefits of tax positions it has taken in its tax returns

or for the amount of any tax benefit that exceeds the cumulative probability threshold in accordance with FASB ASC 740-10-15. Differences between the estimated and actual amounts determined upon ultimate resolution, individually or in the aggregate, are not expected to have a material adverse effect on the Company's financial position. There are no uncertain tax positions as of January 31, 2016 and 2015, respectively.

The Company is not under examination for open tax years January 31, 2015, January 31, 2014 and January 31, 2013, respectively.

**(8) Profit-Sharing Plan**

The Company maintains a qualified defined contribution profit-sharing plan that covers substantially all employees. The plan year end is December 31. The elected salary reduction is subject to limits as defined by the Internal Revenue Code. The Company provides a matching contribution and additional discretionary contributions as determined by resolution of the board of directors. Legal and accounting expenses related to the plan are absorbed by the Company. The Company's contributions to the profit-sharing plan were \$65,555, \$60,891 and \$51,365 for the years ended January 31, 2016, 2015 and 2014, respectively.

**(9) Commitment and Contingencies**

The Company leases land at several of its retail operating locations. Included in general and administrative expenses in the accompanying statements of income is rental expense for these land leases of \$160,135, \$154,840 and \$151,338 for the years ended January 31, 2016, 2015 and 2014, respectively. The Company also leases land where several of its retail billboards are located and rent expense for these leases was \$218,588, \$223,635 and \$220,778 for the years ended January 31, 2016, 2015 and 2014, respectively.

The leasing agreements for the various locations include 5 to 35 year leases with remaining lives on those leases ranging from approximately 1 to 22 years at January 31, 2016. One of the contingent rentals has a fixed payment amount of \$10,800 plus 3% of merchandise sold plus \$0.02 of gasoline gallons sold. One of the contingent leases has a fixed annual payment of \$26,237 adjusted every five years according to the consumer price index (CPI) plus 2.5% of merchandise sales and \$0.0025 of gasoline gallons sold. One of the contingent rentals is due to expire in September 2016 and discussions to renew the lease are in progress. In most cases, the Company is responsible for certain repairs and maintenance, insurance, property taxes or property tax increases, and utilities.

Future minimum rental payments under these leases are as follows:

Year ending January 31:	
2017	\$ 226,006
2018	185,387
2019	170,792
2020	163,755
2021	128,905
Thereafter	<u>783,722</u>
Total	<u>\$ 1,658,567</u>

**BOWLIN TRAVEL CENTERS, INC.**  
**Notes to Financial Statements**  
**January 31, 2016**

Future expenditures include approximately \$100,000 to complete fuel containment upgrades.

The Company is periodically subject to claims and lawsuits that arise in the ordinary course of business. It is in the opinion of management that the disposition or ultimate resolution of any such claims and lawsuits will not have a material adverse effect on the financial position of the Company.

**(10) Fair Value Measurements**

The Company uses a hierarchy that prioritizes the inputs used in measuring fair value such that the highest priority is given to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Marketable securities are valued at cost plus accrued interest.
