List any stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization either currently anticipated or that occurred within the past 12 months:

On August 23, 2016, Barton Hollow, LLC ("Barton Hollow"), a Nevada limited liability company, and stockholder of the Issuer, filed an Application for Appointment of Custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Issuer by Order of the Court on January 26, 2016 (the "Order"). In accordance with the provisions of the Order, Barton Hollow thereafter moved to: (a) reinstate the Issuer with the State of Nevada; (b) provide for the election of interim officers and directors; and (c) call and hold a stockholder meeting. In addition, Barton Hollow elected Adam S. Tracy as the lone director and officer of the Issuer.

Subsequently, on January 17, 2017, the Custodian, together with the Issuer's lone director caused the Issuer to enter into an Agreement and Plan of Merger with Luthor Web Development, Inc ("LWD"), a Florida corporation (the "Merger Agreement"). Concomitant therewith, and as a condition precedent to closing of the contemplated merger transaction, the Custodian and director of the Issuer caused Roy Capasso to be named the Issuer's sole Director and Officer, at which time Mr. Tracy resigned. On January 25, 2017, the final Merger was closed between the Company and Luthor Web Development, Inc. ("LWD").

The Merger was originally designed as a reverse subsidiary merger pursuant to Section 368(a)(2)(E) of the Internal Revenue Code. That is, upon closing, the original plan was that LWD was going to merge into a newly-created Nevada subsidiary corporation called LWD Acquisition, Inc., which was to be created especially for this purpose. However, the parties elected to consummate the Merger without creating the acquisition sub, therefore, on January 25, 2017, LWD merged into the Company, with the members of LWD receiving shares of the common stock of the Issuer as consideration therefor. In exchange, the Company received 100% of the issued and outstanding shares in LWD. LWD survives as a wholly owned subsidiary of the Company.

On March 20, 2017, a Notice of Special Meeting Shareholder was sent to the shareholders where the following items were to be voted: (1) The election of the following nominee(s) to serve as the directors of the Company until the next meeting of its Stockholders: Roy Capasso, Vito M. Visconti, and Diego Visconti as Directors of the Company; and (2) To transact any other business as may properly come before the Special Meeting or any adjournment(s) thereof. The record date of the hearing was April 3, 2017. On March 28, 2017, the Company filed with FINRA to change the company name to CarSmartt, Inc. and requested a symbol change. FINRA has approved these corporate actions and the Company name has changed to CarSmartt, Inc.

On May 9, 2017, following the special meeting of the Issuer's Stockholders, Barton Hollow filed a Motion to Discharge Custodianship and Issue Final Order in the District Court and on May 23, 2017, that Motion was granted and the District Court issued an Order discharging the custodianship. As of March 31, 2018, the Company decided to convert the outstanding liabilities to equity, due to the creditors insolvent and/or collectability. On January 24, 2018 CarSmartt, Inc. and Archer Robotics, LLC. (Aitheon) entered into a Development and License Agreement to improve and implement the autonomous vehicle platform for packages delivery services.

On April 16, 2018 CarSmartt, Inc. acquired Mining Boys, Inc., with a store of mining Equipment in USA. Mining Boys' operations sell, own and host bitcoin mining servers.

On May 9, 2017, following the special meeting of the Issuer's Stockholders, Barton Hollow filed a Motion to Discharge Custodianship and Issue Final Order in the District Court and on May 23, 2017, that Motion was granted and the District Court issued an Order discharging the custodianship.

### 3) Issuance History

As of March, 31 2019, there are **381,465,001** shares of the Company's common stock issued and outstanding.

During the preceding two (2) years, the Company has issued the following securities:

On January 25, 2017, we issued 325,000,000 shares and on April 16, 2018 we issued additionally 300,000,000 shares of our common stock to The Joker Group, Inc., a Florida corporation. The control person for The Joker Group, Inc is Antonella Visconti, our Director.

On June 15, 2017, we issued 32,000,000 shares to Patient Trac, Inc. under 3(a)(10) in settlement of claims under a lawsuit filed against the Company on May 26, 2017 in the Circuit Court of Sarasota, Florida, Case No. 2017-CA-2681-NC. The 32,000,000 shares were issued without restricted legend per the terms of a Settlement Agreement under 3(a)(1) dated June 5, 2017 and a Court Order dated June 9, 2017.

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Organization, History and Business

Carsmartt, Inc. ("the Company") was incorporated in Nevada on February 27, 2007.

### Note 2. Summary of Significant Accounting Policies Revenue Recognition

Revenue is derived from contracts with our consumers. Revenue is recognized in accordance with ASC 605. As such, the Company identifies performance obligations and recognizes revenue over the period through which the Company satisfies these obligations. Any contracts that by nature cannot be broken down by specific performance criteria will recognize revenue on a straight-line basis over the contractual term of period of the contract.

### Accounts Receivable

Accounts receivable is reported at the customers' outstanding balances, less any allowance for doubtful accounts. Interest is not accrued on overdue accounts receivable.

<sup>4</sup> The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

## **Allowance for Doubtful Accounts**

An allowance for doubtful accounts on accounts receivable is charged to operations in amounts sufficient to maintain the allowance for uncollectible accounts at a level management believes is adequate to cover any probable losses. Management determines the adequacy of the allowance based on historical write-off percentages and information collected from individual customers. Accounts receivable are charged off against the allowance when collectability is determined to be permanently impaired.

## **Stock Based Compensation**

When applicable, the Company will account for stock-based payments to employees in accordance with ASC 718, "Stock Compensation" ("ASC 718"). Stock-based payments to employees include grants of stock, grants of stock options and issuance of warrants that are recognized in the consolidated statement of operations based on their fair values at the date of grant.

The Company accounts for stock-based payments to non-employees in accordance with ASC 505-

50, "Equity-Based Payments to Non-Employees." Stock-based payments to non-employees include grants of stock, grants of stock options and issuances of warrants that are recognized in the consolidated statement of operations based on the value of the vested portion of the award over the requisite service period as measured at its then-current fair value as of each financial reporting date.

The Company calculates the fair value of option grants and warrant issuances utilizing the Binomial pricing model. The amount of stock-based compensation recognized during a period is based on the value of the portion of the awards that are ultimately expected to vest. ASC 718 requires forfeitures to be estimated at the time stock options are granted and warrants are issued to employees and non-employees, and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. The term "forfeitures" is distinct from "cancellations" or "expirations" and represents only the unvested portion of the surrendered stock option or warrant. The Company estimates forfeiture rates for all unvested awards when calculating the expense for the period. In estimating the forfeiture rate, the Company monitors both stock option and warrant exercises as well as employee termination patterns. The resulting stock-based compensation expense for both employee and non-employee awards is generally recognized on a straight-line basis over the period in which the Company expects to receive the benefit, which is generally the vesting period.

## **Loss per Share**

The Company reports earnings (loss) per share in accordance with ASC Topic 260-10, "Earnings per Share." Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted earnings (loss) per share has not been presented since there are no dilutive securities.

## **Cash and Cash Equivalents**

For purpose of the statements of cash flows, the Company considers cash and cash equivalents to include all stable, highly liquid investments with maturities of three months or less.

## **Concentration of Credit Risk**

The Company primarily transacts its business with one financial institution. The amount on deposit in that one institution may from time to time exceed the federally-insured limit.

## **Depreciation**

Equipment is stated at cost less accumulated depreciation. Major improvements are capitalized while minor replacements, maintenance and repairs are charged to current operations. Depreciation is computed by applying the straight-line method over the estimated useful lives, which are generally three to five years.

## **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **Business segments**

ASC 280, "*Segment Reporting*" requires use of the "*management approach*" model for segment reporting. The management approach model is based on the way a company's management organizes segments within the company for making operating decisions and assessing performance. The Company determined it has one operating segment as of March 31, 2017.

## **Income Taxes**

The Company accounts for its income taxes under the provisions of ASC Topic 740, "Income Taxes." The method of accounting for income taxes under ASC 740 is an asset and liability method. The asset and liability method requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between tax bases and financial reporting bases of other assets and liabilities.

## **Recent Accounting Pronouncements**

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company's financial reporting, the Company undertakes a study to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company's financials properly reflect the change. The Company currently does not have any recent accounting pronouncements that they are studying and feel may be applicable.
