FOREWORD

Basis of Presentation; Explanatory Notes.

This is the quarterly report by Central Wireless, Inc., a Colorado corporation (the "Issuer", the "Company", "we", "us", "our", "ourselves", or "ours"), for the quarter ending June 30, and in some cases, although not required, for earlier periods based on management's determination to provide our stockholders and investors with a more complete material understanding of our history and performance) (this "Report").

We will further discuss the status of our former and existing plan of operations in the material set forth under Item 6, *Issuer's Business, Products, and Services*, and under Item 5, *Financial Statements*, and elsewhere in this Report as deemed necessary by management for any investor or shareholder to make an informed decision about us.

For interpretative purposes respective to our responses in this Report, we consider ourselves a "small business", as that term is defined in 17 CFR 230.157.

Information Unknown or Not Available; Disclaimer of Control.

Due to a significant number of factors beyond our control, we are not in possession of an outsized number of our general corporate documents and financial historical data and records, and, we cannot obtain the same without unreasonable effort and expense, if at all. We believe these records are in the possession of certain of our former officers, directors, and/or principal shareholders, and, as such, have not been delivered to our current senior executive management following a series of changes in our control.

While we believe the information in this Report is accurate; however, without possessing and examining all of our records, our management cannot state that the information contained in this Report is complete. To that extent, we are relying on the disclaimer more fully described in Rule 12b-22 of the Securities Exchange Act of 1934 (17 CFR 240.12b-22).

Non-Reliance on Third-Party Information.

With the exception of the records maintained (i) by the Office of the Secretary of State of the State of Colorado and available on its website or (ii) by the United States Securities and Exchange Commission on its website, if any information in this Report was originally provided to us by a third party or incorporated by reference herein in reliance of any such third-party's statements, we cannot warrant or represent the accuracy or sufficiency of any such information, and, we shall not be held liable for the authenticity of any such third-party information. You may form your own conclusions based on the available information therefrom obtained.

Advice of Forward-Looking Statements.

There are various sections of this Report that contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We use words such as "believe", "intend", "expect", "anticipate", "plan", "may", "will", and similar expressions (in either their singular or plural forms) to identify forward-looking statements. All forward-looking statements, including, but not limited to, projections or estimates concerning our former business or plan of operations, including demand for our products and services, mix of revenue streams, ability to control and/or reduce operating expenses, anticipated operating results, cost savings, product development efforts, general outlook of our business and industry, our business, competitive position, adequate liquidity to fund our operations, and meet our other cash requirements, are inherently uncertain as they are based on our management's expectations and assumptions concerning such future events. These forward-looking statements are subject to numerous known and unknown risks and uncertainties. You should not place undue reliance on these forward-looking statements. Our actual results could differ materially from those we anticipate and convey by the use of such forward-looking statements, and, for many reasons, are subject to certain risks. All forward-looking statements in this Report are made as of the date hereof, based on information available to us (taking into consideration that certain information is unknown or not available to us) as of the date hereof, and we assume no obligation to update any forward-looking statement or information contained in this Report.

Item 1. Name of the Issuer and its Predecessors.

We were incorporated in the State of Colorado as a domestic, for-profit corporation on May 23, 2014. Prior to that, the name of the Issuer was “Fuzznbuzz Brands, Inc.”. By amendments to our Articles of Incorporation, on November 27, 2015, we changed our name to “National Corporate Systems, Inc.”, and, on January 10, 2016, we changed our name to “Central Wireless, Inc.”.

On July 16, 2014, we entered into a non-bankruptcy triangular reorganization and contemporaneous share exchange pursuant to the applicable provisions enumerated in Section 368, *et seq.* of the Internal Revenue Service Code of 1986, as amended (the “Code”). Central Utah, which was converted and redomiciled to a Colorado corporation on April 4, 2014, formed and organized Fuzznbuzz Brands, Inc. in Colorado; then, Fuzznbuzz formed and organized FNB Merger Sub, Inc. in Colorado. In general terms, under the terms of the merger agreement and plan of reorganization, which includes a share exchange, Central Utah merged into FNB Merger Sub, which was automatically dissolved, and Central Utah performed a share exchange with Fuzznbuzz, where Fuzznbuzz received all of Central Utah’s shareholders and Central Utah received 100 shares of Fuzznbuzz’s common stock. Following the effect of the merger, reorganization, and share exchange, Fuzznbuzz changed its name, first to “National Corporate Systems, Inc.”, then to “Central Wireless, Inc.”, as stated above.

Our predecessor, Central Wireless, Inc. was incorporated in the State of Utah on March 6, 1987 (“Central Utah”). Central was initially incorporated under the name “Wonder Capital, Inc.”, which it continued to use until February 1995. Then, Central Utah changed its name to “Dry Dairy International, Inc.”, which name it continued to use until September 1999. Thereafter, Central Utah changed its name to “Dryden Industries, Inc.”, which it continued to use until April 2000. Lastly, Central Utah then changed its name to “e resources inc.”, which it used until August 16, 2002, when it changed its name to “Central Wireless, Inc.”.

(We have provided a more detailed explanation of our formation and organization in Item 6 hereof, *Issuer’s Business, Products, and Services.*)

Item 2. Address of Issuer’s Principal Executive Office.

The physical address for our principal executive office is located at 304 S. Jones Blvd, Suite 754, Las Vegas, NV 89107. The telephone number associated with our principal executive office is (702) 960-4047.

Our website is www.centralwireless.us as of the date of this Report. If you are interested in contacting us over the Internet, you may do so by sending an e-mail info@centralwireless.us.

We have not performed a stock split, paid a stock dividend, effected a recapitalization of our securities, entered into a merger, acquired any material asset, partnership or corporation, effected a spin-off during the preceding 12 months.

Item 4. Issuance History.

There did occur four events that resulted in an increase of total shares outstanding of our Common Stock and one event that resulted in the issuance of Preferred Stock during the two years preceding the date of this Report.

4.1 Change in Control. On February 4, 2014, our former president and the holder of the overwhelming majority in number of shares of our Common Stock, Kenneth W. Brand, entered into an arrangement with Electronic Merchant Systems Rochester, Inc., a New York corporation (“EMSR”), and First Hudson Trust of New York, a Massachusetts Trust operating under the laws of the State of Oklahoma (“First Trust”); whereby, in exchange for the timely and successful reorganization of the Company, EMSR and First Trust would acquire control of the Company by our issuance to them of that number of shares of Preferred Stock that would give them not less than 66-2/3 of the voting power of the Company.

As the result of this transaction, a change in our control occurred and Michael P. Grande, EMSR’s President and Chief Executive Officer, was appointed as our Chairman, President, and Chief Executive Officer, and Randolph S. Hudson, First Trust’s Managing Administrative Trustee, was appointed to serve as our Senior Executive Vice-President and Vice-Chairman of the Board.

The consideration for the Preferred Stock was by Messrs. Grande and Hudson’s agreement to work for the company in exchange for the extinguishment of their wages, which at February 4, 2016, amounted to \$182,000.

Consequently, each of EMSR and First Trust received 17,500,000 of our Preferred Stock. As the securities issued to EMSR and First Trust were debt securities, they did not require registration or qualification in any jurisdiction. We have not subsequently registered the Control Stock; however, the Control Stock does appear on the stock transfer ledger maintained by our stock transfer agent.

The Control Stock is not listed on any regional or national exchange, and the Control Stock is not quoted over-the-counter on any electronic intermediary quotation system.

The shares were issued by our stock transfer agent on one certificate held by EMSR and First Trust jointly; and, the certificate does state the shares have not been registered under the Securities Act. The certificate does not have stated thereon any restriction on the transferability of the shares. However, our stock transfer agent has stamped the certificate “Control Shares”.

The transaction was filed on Form D, *Notice of Exempt Offering of Securities*, on November 3, 2015, to report the issuance of the debt securities on May 23, 2014. The nature of the exempt offering was made in reliance of Securities Act Section 4(a)(5). There was no minimum investment required of EMSR or First Trust and there were no cash proceeds to the Company.

4.2. Form D Exempt Offering. On November 3, 2015, our president filed a Form D *Notice of Exempt Offering of Securities* with the SEC.

The nature of the exempt offering was made in reliance of Securities Act Rule 504(b)(1)(i).

The exempt offering was not registered with any jurisdiction; however, it was qualified by the automatic effectiveness by the laws of the State of New York, where the exempt offering was conducted.

The number of shares offered was 2,640,000; the number of shares that were delivered to the subscribers was 2,640,000; the price at which the shares were offered was \$26,400; and, there were no proceeds payable to the Issuer.

The shares were those of our Common Stock and are eligible to be traded. *(Additional information on our Common Stock and the tradability of shares of our Common Stock may be found in Item 3 hereinabove.)*

The certificates that evidence the shares of our Common Stock issued pursuant to this exempt offering (i) contain a legend that the shares have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, and (ii) contain a legend that set forth restrictions on transferability and sale of the shares under the Securities Act of 1933. The legends are imprinted on the face of the certificate by our stock transfer agent.

4.3. Form D Exempt Offering. On November 3, 2015, our president filed a Form D Notice of Exempt Offering of Securities with the SEC.

The nature of the exempt offering was made in reliance of Securities Act Rule 504(b)(1)(iii).

The exempt offering was not registered with any jurisdiction; however, it was qualified by the automatic effectiveness by the laws of the State of New York, where the exempt offering was conducted.

The number of shares offered was 600,000,000; the number of shares that were delivered to the subscribers was 600,000,000; the price at which the shares were offered was \$397,000; and, there were no proceeds payable to the Issuer. The exempt offering amount reflected the settlement to two individuals by the issuance of shares of our Common Stock to extinguish debt that was owed to the individuals by the Company.

The shares were those of our Common Stock and are eligible to be traded. *(Additional information on our Common Stock and the tradability of shares of our Common Stock may be found in Item 3 hereinabove.)*

The certificates that evidence the shares of our Common Stock issued pursuant to this exempt offering (i) contain a legend that the shares have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, and (ii) contain a legend that set forth restrictions on transferability and sale of the shares under the Securities Act of 1933. The legends are imprinted on the face of the certificate by our stock transfer agent.

4.4. Form D Exempt Offering. On November 3, 2015, our president filed a Form D Notice of Exempt Offering of Securities with the SEC.

The nature of the exempt offering was made in reliance of Securities Act Section 4(a)(5).

The exempt offering was not registered with any jurisdiction; however, it was qualified by the automatic effectiveness by the laws of the State of New York, where the exempt offering was conducted.

The number of shares offered was 33,000,000; the number of shares that were delivered to the subscribers was 33,000,000; the price at which the shares were offered was \$330,000; and, there were no proceeds payable to the Issuer. The issuance of the shares under the exempt offering was intended to extinguish employment-related liabilities to the Issuer.

The shares were those of our Common Stock and are eligible to be traded. *(Additional information on our Common Stock and the tradability of shares of our Common Stock may be found in Item 3 hereinabove.)*

The certificates that evidence the shares of our Common Stock issued pursuant to this exempt offering (i) contain a legend that the shares have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, and (ii) contain a legend that set forth restrictions on transferability and sale of the shares under the Securities Act of 1933. The legends are imprinted on the face of the certificate by our stock transfer agent.

4.5 Change in Control. On February 4, 2016, our co-control shareholders, EMSR and First Trust entered into a stock sale and business development transaction with Charles Townsend; whereby, Mr. Townsend would acquire control of the Company by EMSR and First Trust's issuance to him of 35,000,000 shares of our Preferred Stock ("Control Stock").

As the result of this transaction, a change in our control occurred. Our sole officer and director resigned after appointing Mr. Townsend as our Chairman of the Board, President, and Chief Executive Officer. The consideration for the Preferred Stock was \$40,000.

Because the securities issued to Mr. Townsend were debt securities, they did not require registration or qualification in any jurisdiction. We have not subsequently registered the Control Stock; however, the Control Stock does appear on the stock transfer ledger maintained by the company.

The Control Stock is not listed on any regional or national exchange, and the Control Stock is not quoted over-the-counter on any electronic intermediary quotation system

Advice of Forward-Looking Statements.

There are various sections of these notes that contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We use words such as "believe", "intend", "expect", "anticipate", "plan", "may", "will", and similar expressions (in either their singular or plural forms) to identify forward-looking statements. All forward-looking statements, including, but not limited to, projections or estimates concerning our former business or plan of operations, including demand for our products and services, mix of revenue streams, ability to control and/or reduce operating expenses, anticipated operating results, cost savings, product development efforts, general outlook of our business and industry, our business, competitive position, adequate liquidity to fund our operations, and meet our other cash requirements, are inherently uncertain as they are based on our management's expectations and assumptions concerning such future events. These forward-looking statements are subject to numerous known and unknown risks and uncertainties. You should not place undue reliance on these forward-looking statements. Our actual results could differ materially from those we anticipate and convey by the use of such forward-looking statements. All forward-looking statements in these notes are made as of the date hereof, based on information available to us (taking into consideration that certain information is unknown or not available to us) as of the date hereof, and we assume no obligation to update any forward-looking statement or information contained in these notes.

NOTE 1. NATURE OF OPERATIONS AND DISCONTINUED OPERATIONS.

Central Wireless, Inc. ("Central" or the "Company") is seeking a business combination with a qualified candidate with greater than minimal or no assets, or, the Company is seeking to acquire an ongoing business or asset that it can develop.

Central (formerly National Corporate Systems, Fuzznbuzz Brands, Inc., e-resources inc., Dryden Industries, Inc., Dry Dairy International, Inc., and Wonder Capital, Inc.), was incorporated under the laws of the state of Utah on March 6, 1987. On April 4, 2014, Central Wireless, Inc., a Utah corporation ("Central Utah"), and our predecessor-in-interest, was

redomesticated from Utah to Colorado. Subsequently, on July 16, 2014, our board of directors and control shareholders, acting by written consent, entered Central Utah and Fuzznbuzz into a reorganization in reliance of the procedure set forth in Section 368(b)(1) of the Internal Revenue Code of 1986, as amended. As the result of the reorganization, all of the Company's previous debts, liabilities, and obligations were remanded to FNB Merger Sub, Inc., which became Central Utah, and Central emerged with no liabilities and obligations.

In 2015, our previous plan of operations called for us to manufacture, sell, and distribute marijuana in those jurisdictions where such manufacture, sale, and distribution is legal. Moreover, as an additional segment of our former plan of operations, the Company intended to apply for a U. S. Federal drug manufacturers, importers, and exporters license from the Drug Enforcement Administration, so that it could manufacture, sell, import, export, and otherwise distribute marijuana and marijuana byproducts legally throughout the United States and the District of Columbia. To that end, we formed FNB Pharmaceuticals, Inc. in Colorado ("FNB") to serve as a vehicle in which to conduct our business. Due to a lack of sufficient working capital and because the regulatory impositions were significant and costly to comply with, on November 5, 2015, we discontinued our operations. Furthermore, on November 5, 2015, our board of directors sold FNB to our former principal executive officer and co-control shareholder for \$10, and, we sold our domain names to Mr. Grande, too, thereby, effectively discontinuing operations.

On April 2007, the Company's primary focus was to obtain Federal Drug Administration (FDA) 510(k) approval for "IV" related products and to have developed a marketing plan to deliver the products to market. At that time, the Company had built a solid base of distribution business in the New England area and negotiated the licensing rights to several medical products. These licensing rights would have afforded the Company the ability not only to distribute the products in the New England area, but to market these products throughout the United States, thus creating the potential for a much larger revenue source. For the remainder of 2007 and into 2008, the Company intended to continue to increase the New England distribution base of business with continued sales growth of the existing product base. The Company intended to simultaneously continue to develop the licensed products to be ready for market in Q4 2007. Q1 and Q2 of 2008 were intended to be the national implementation phase of these products. Due to limited or no working capital and due to the lack of a qualified marketing plan to pursue this line of business, the Company discontinued these operations on June 13, 2007.

Prior to that, we were conducting business in the development and construction of towers for the transmission of broadband, cellular, and other wireless communications signals. We also provided related services, including site acquisition, zoning and engineering services, and antennae and line installation. We provided various consulting services to our customers, including lease negotiation, assistance in regulatory matters, and tower design. We functioned as the general contractor, and hired construction subcontractors on an as-needed basis to build towers to our customer's specifications. Due to limited working capital and the failure of a municipality to pay our contract, we discontinued this business in September 2006.

On February 20, 2003, Central Wireless entered into a share exchange agreement to exchange 100,000,000 shares of Central Wireless stock for 100,000,000 shares of Alliance Towers, Inc. from the personal holdings of Robert Sandburg, Kenneth W. Brand and Michael S. Delin. The exchange was considered in the best interest of the Company. The acquired shares of Alliance Towers, Inc. were acquired for possible investment purposes in the future and to align Central Wireless with Alliance Towers. Additionally, Central Wireless and Alliance Towers, Inc. entered into a Letter of Agreement, dated April 11, 2003, to perform design and construction services for Alliance Towers, Inc. Pursuant to the agreement, Alliance Towers' construction plans would include Central Wireless doing the site acquisition for the Company and also construction management of the tower(s) being built for Alliance Towers. Estimated revenues from each tower include \$8,500 for site acquisition, \$1,500 to \$5,000 for zoning services and \$20,000 construction management fee, for a total of approximately \$30,000 to \$33,500 per tower.

During 2003, we have performed site acquisition work and construction management for three towers facilities, all for Alliance Towers. In 2004, we completed site acquisition and construction services on a fourth site for Alliance Towers.

On October 14, 2003, we entered into an agreement with Diversified Management, L.L.C. to purchase materials to build eight telecommunications towers in Georgia. We issued 400,000,000 shares of common stock in exchange for these

materials. Central Wireless has constructed and sold materials for four of these towers to Alliance Towers. Central Wireless does not have plans to use the remaining materials at any specific locations. In 2006, we disposed of our interest in Diversified Management, LLC.

In June 2005, the Company disposed of its investment in Alliance Towers. Alliance Towers was the Company's main client, and this resulted in the loss of the Company's client and it becoming non-operational.

On May 18, 2006, the Company issued 1,092,700,000 shares of common stock. The Company issued 804,700,000 to Kenneth Brand, our Chief Executive Officer, and 288,000,000 shares to Steve Troyan, in exchange for accrued and unpaid compensation and repayment of debt owed by the Company. The stock was priced at its fair market value, or \$0.0001 per share.

On April 17, 2007, the board of directors and stockholders of the company approved that certain share exchange between the company and Summit Medical Technologies, Inc., a New Hampshire corporation. Under that certain agreement, Summit transferred to the company 19,500,160 shares of Summit Common Stock, no par value, and the Company transferred to Summit 100 shares of the Company's Series A Preferred Stock, par value \$0.01 per share. The Company's Series A Preferred Stock is convertible into 11,073,757,200 shares of the (Utah) Company's common stock, par value \$0.001 per share. The share exchange agreement was rescinded by mutual agreement of the parties and determined to be null and void and of no further effect on or before June 13, 2007.

On April 18, 2007, the Company's board of directors acting together with the Company's majority common stockholders acted by written consent to increase the authorized number of shares of the Company's common stock from two billion shares to twenty billion shares.

Employees.

As of December 31, 2015, we employed one full-time employees, Randolph S. Hudson who serves as our Chairman of the Board, President, Chief Executive Officer, Acting Secretary, and Acting Treasurer. We consider our relations with our employee to be good.

Accounts Payable – Officers.

Accounts payable-officers represents payroll amounts accruing to our senior executive officers, Michael P. Grande and Randolph S. Hudson. It may also include unreimbursed expenses including travel, lodging, and meal expenses incurred by them, respectively. At December 31, 2015, the accounts payable to officers amounted to approximately \$175,750. Mr. Grande resigned all of his positions with the Company on January 26, 2015; thus, he no longer accrued wages under his employment agreement, which effectively was cancelled on that date.

Subsidiaries.

As of December 31, 2015, the Company had no operating subsidiaries.

The Company's Board of Directors sold our single operating subsidiary, FNB Pharmaceuticals, Inc., a Colorado corporation ("FNB"), to our co-control shareholder, Michael P. Grande, for \$10.

Revenue and Expense Recognition.

Revenues are earned in accordance with SEC Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition in Financial Statements," as amended by SAB 104, "Revenue Recognition." The Company considers amounts to be earned once evidence of an arrangement has been obtained, services are delivered, fees are fixed or determinable, and collectability is reasonably assured.

Intangible Assets.

Intangible assets are domain names that will be used to promote the Company's business and activities, and, by themselves, may constitute an independent asset that may be sold, depending on the need of any one or more of the Company's domain names by independent third parties. While domain names are typically issued for only a fixed time, generally one year, such domain names are subject to renewal by the web host provider or another independent agency. Domain name renewals occur routinely and at nominal cost. There are currently contractual, competitive, economic, and other factors that limit the useful life of our domain names. As a result, our domain names are treated as indefinite-lived intangible assets and the Company will evaluate the useful life determination for its domain names each year to determine whether events and circumstances continue to support an indefinite useful life.

Product Development Expenses.

The Company charges all product development costs as incurred. Types of costs incurred in product development expenses include employee compensation, consulting, travel, facility costs, along with equipment and technology costs.

Advertising Costs.

The Company recognizes advertising expenses in accordance with Statement of Position 93-7 "Reporting on Advertising Costs." Accordingly, the Company expenses the costs of producing advertisements at the time production occurs, and expenses the costs of communicating advertisements in the period in which the advertising space or airtime is used.

Income Taxes.

The Company accounts for its income taxes in accordance with Statement of Financial Accounting Standards No. 109, which requires recognition of deferred tax assets and liabilities for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date.

As of December 31, 2013, the Company had available net operating loss carryovers that will expire in various periods through 2025. Such losses may not be fully deductible due to the significant amounts of non-cash service costs. The Company has established a valuation allowance for the full tax benefit of the operating loss carryovers due to the uncertainty regarding realization.

As the result of that certain statutory reorganization pursuant to Section 368(b)(1), *et seq.*, of the Internal Revenue Code of 1986, as amended, management is uncertain whether the Company remains entitled to any such loss carryovers.

Stock-based Compensation.

The Company applies Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees, and Related Interpretations", in accounting for stock options issued to employees. Under APB No. 25, employee compensation cost is recognized when estimated fair value of the underlying stock on date of the grant exceeds exercise price of the stock option. For stock options and warrants issued to non-employees, the Company applies SFAS No. 123, "Accounting for Stock-Based Compensation". SFAS No 123 requires the recognition of compensation cost using a fair value based method whereby compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. The Company uses the Black-Scholes pricing model to calculate the fair value of options and warrants issued to non-employees. Stock issued for compensation is valued using the market price of the stock on the date of the related agreement. The Company granted no warrants or options to employees for compensation for the years ended December 31, 2015 and 2014.

Fair Values of Financial Instruments.

The carrying amounts of accounts payable, accrued liabilities, due to stockholder and convertible debentures approximate fair value because of the short-term maturity of these instruments.

Net Loss per Common Share.

The Company computes net loss per share in accordance with SFAS No. 128, "Earnings per Share" (SFAS 128) and SEC Staff Accounting Bulletin No. 98 (SAB 98). Under the provisions of SFAS 128 and SAB 98, basic net loss per share is computed by dividing the net loss available to common stockholders for the period by the weighted average number of shares of common stock outstanding during the period. The calculation of diluted net loss per share gives effect to common stock equivalents, however, potential common shares are excluded if their effect is antidilutive. For the years ended December 31, 2015 and 2014, no options and warrants were excluded from the computation of diluted earnings per share because their effect would be antidilutive.

Accounting for Uncertainty in Income Taxes.

We recognize the effect of tax positions only when they are more likely than not to be sustained. Our management has determined that we had no uncertain tax positions that would require financial statement recognition or disclosure. We are not subject to U. S. Federal, state, or local income tax examinations for any period prior to 2015.

Working Capital and Other Sources of Liquidity.

As at December 31, 2015, our working capital was limited or non-existent, and, for us to resume or initiate operations, it would be necessary for us either (i) to seek a business combination with a qualified company with qualified assets, (ii) issue equity or debt securities, or (iii) borrow money and pay interest at a higher than market rate.

We do not have any sources of liquidity available to us at present.

Discontinued Operations.

On November 5, 2015, we effectively discontinued operations by selling our sole operating subsidiary and our domain names to our co-control shareholder, Michael P. Grande, for \$10 each. The sale did not affect our position with regard to income taxes.

New Accounting Pronouncements.

In April 2015, FASB issued ASU No. 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which changes the presentation of debt issuance costs in the financial statements. ASU 2015-03 requires an entity to present such costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs will continue to be reported as interest expense. The guidance is effective for annual reporting periods beginning after December 31, 2016, with early adoption permitted. The guidance will be applied retrospectively to each period presented. The adoption of this standard update is not expected to have any impact on the Company's financial statements. Management has not opted to adopt the provisions enumerated in ASU 2015-03 until after December 31, 2016.

NOTE 2. RELATED PARTY TRANSACTIONS.

Due to Officers.

The Company entered into employment agreements with our Chairman of the Board, President, and Chief Executive Officer, Michael P. Grande, and with our Senior Executive Vice-President and Vice-Chairman of the Board, Randolph S. Hudson. The employment agreements called for the Company to pay each of them a base salary of \$65,000 per year, effective February 4, 2014. The term of the employment agreements were perpetual and could be terminated by either the Company or either of them, respectively, upon the giving of 90 days' notice. Mr. Grande resigned all of his positions with

the Company on January 26, 2015, thereby, effectively, terminating his employment agreement and relinquishing all of his pay beyond that date.

Mr. Grande represents Electronic Merchant Systems Rochester, Inc., a New York corporation (“EMSR”), one of our control shareholders, and Mr. Hudson represents First Hudson Trust of New York, a Massachusetts Trust operating under the laws of the State of Oklahoma (“First Trust”), one of our control shareholders.

On or about November 21, 2014, the Company entered into a Share Issuance/Claim Extinguishment Agreement; whereby, the Company owed Securities Counselors, Inc., an Illinois corporation (“SCI”), for professional fees, and, in exchange, agreed to issue SCI 2,857,143 shares of its common stock. SCI is represented by Randall S. Goulding, Esq., who is the attorney who arranged the sale of the Company to the Townsend Group on February 4, 2016

NOTE 3. LITIGATION.

On November 25, 2014, the Company was a participant in an action titled Securities Counselors, Inc. –v- Texas Wyoming Drilling Company, Case No. 14 L 825, in The Circuit Court for the 19th Judicial Circuit Lake County in Waukegan, Illinois; where under, Securities Counselors, Inc., an Illinois corporation (“SCI”), has agreed to relinquish its claims for professional services due it by the Company, in exchange for the issuance to it of 2,857,143 shares of the Company’s common stock. As of December 31, 2014, the Company has neither issued the shares nor paid SCI for the balance on the Company’s account. Management believes that if the Company were compelled to issue the stock or to pay the bill, the results of the litigation would not materially affect the Company nor its future ability to conduct its business, as such is then being conducted.

NOTE 4. COMMITMENTS FOR SHARES.

As the result of that certain action described in Note 3 above, the Company made a commitment to Securities Counselors, Inc., an Illinois corporation (“SCI”) to issue it 2,857,143 shares of its common stock, and, furthermore, in accordance with that certain litigation and to participate in the acquisition of certain property interests, has agreed to grant SCI the right to receive an additional 5,251,079,429 shares of its common stock. On May 4, 2016, an amended agreed order was filed and accepted by the Circuit Court for the 19th Judicial Circuit Lake County, Waukegan, Illinois relieving an obligation to issue 853,299,108 shares of it’s common stock to SCI and/or its assignees. This reduced the 5,251,079,429 shares of common stock to be issued to SCI to 4,397,772,321 shares. In order for the Company to be able to issue said additional shares, the Company’s Board of Directors and/or the majority of its shareholders would have to increase the Company’s authorized capital for its Series A Common Stock from five billion shares to seven billion that would accommodate its current shareholders, plus the SCI right for such additional shares.

NOTE 5. STOCKHOLDERS’ DEFICIT.

The stockholders’ deficit for the quarter-ended June 30, 2016 is \$7,953. This has increased from March 31, 2016 through Notes payable for expenses paid by a third party.

NOTE 6. COMMITMENTS AND CONTINGENCIES.

The Company made a commitment to Securities Counselors, Inc., an Illinois corporation (“SCI”) to issue it 2,857,143 shares of its common stock, and, furthermore, in accordance with that certain litigation and to participate in the acquisition of certain property interests, has agreed to grant SCI the right to receive an additional 5,251,079,429 shares of its common stock. On May 4, 2016, an amended agreed order was filed and accepted by the Circuit Court for the 19th Judicial Circuit Lake County, Waukegan, Illinois relieving an obligation to issue 853,299,108 shares of it’s common stock to SCI and/or its assignees. This reduced the 5,251,079,429 shares of common stock to be issued to SCI to 4,397,772,321 shares. In order for the Company to be able to issue said additional shares, the Company’s Board of Directors and/or the majority of its shareholders would have to increase the Company’s authorized capital for its Series A Common Stock from five billion shares to seven billion that would accommodate its current shareholders, plus the SCI right for such additional shares.

NOTE 7. SUBSEQUENT EVENTS.

On February 4, 2016, Electronic Merchant Systems Rochester, Inc., a New York corporation (“EMSR”), and one of our control shareholders, together with First Hudson Trust of New York, a Massachusetts Trust operating under the laws of the State of Oklahoma (“First Trust”), also one of our control shareholders, entered into a sale and reorganization agreement with Charles Townsend; whereby, for valuable consideration, EMSR and First Trust sold, transferred, and conveyed their collective control shares in the Company to Mr. Townsend. Furthermore, as a condition of that certain agreement, Randolph S. Hudson, our Chairman of the Board, President, Chief Executive Officer, Acting Secretary, and Acting Treasurer, resigned all of his positions with the Company.

As a part of the transaction with The Townsend Group, Mr. Grande and Mr. Hudson effectively relinquished all of their mutual and respective rights and claims to any payroll or other compensation that was accruing and due them.

On July 18, 2016 the Company’s President was authorized by the board of directors and 100% of the Preferred A shareholders to amend the articles of incorporation in Colorado. The amendment changed the par value of the Preferred A and Common A shares to \$.0001. This is more in alignment with standard corporate business practices and reduces the optics of a “watered stock”. This does change the balance sheet with respect to the Additional Paid in Capital and shareholders’ deficit for 2014 and forward years.

As part of previous agreements to settle past disputes with debt holders, the ex-Director and CEO Kenneth W. Brand and others, the “Stock Purchase Agreement” has a clause to issue 674,280,000 shares to 16 individuals and entities. Those issuances should increase the issued and outstanding by that amount.

On July 22nd, 2016, Central Wireless, Inc. and Charles Townsend along with Inqubus, Inc. entered into an agreement to acquire Inqubus, Inc. as a subsidiary of Central Wireless, Inc. The transfer of preferred shares to Inqubus, Inc. is contingent upon meeting milestones over the next two years. The company will eventually be renamed to Inqubus, Inc. upon the meeting of the milestones or upon the mutual agreement of the board of directors. As part of the agreement Harris Kabir and Gary Laff will be named to the board of directors and Harris Kabir will be appointed to the CEO position of the company. The new address for the company is 10 Hughes Suite A101, Irvine, CA, 92618. The phone number is now (949) 682-9578.
