6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

A. a description of the issuer's business operations;

Donini Inc. ("we", "our", the "Company") was incorporated in the State of New Jersey. The Company has two Canadian subsidiaries, Donini Group, Inc. and Pizzacorp Franchises DTC, Inc., whose purposes are, respectively, to hold and control the intellectual property of the Company and to license the trademarks and oversee the licensed franchisees. Donini Group, Inc. is a wholly-owned subsidiary of the Company and Pizzacorp Franchises DTC, Inc. is a majority-controlled subsidiary of Donini Group, Inc. Through its Canadian subsidiaries, the Company is the franchisor of eight (8) pizza delivery restaurants operating under the trade name "Pizza Donini", with seating of between 23 to 50 seats and one (1) 120-seat, fully-licensed Italian restaurant operating under the trade name "Donini Resto Bar". All units are operated by third parties and are located in the Greater Montreal area, in the province of Quebec, Canada.

Effective September 1, 2009, three (3) of the Company's franchises terminated their relationship with Donini Inc.

During the year ended May 31, 2010, and as the licenses for the franchisees came due, the Company, for various reasons such as underperformance, were not renewed. Some franchisees elected to take over the licenses under newly-formed trade or operating names. During the year ended May 31, 2010, the Company disposed of its two (2) subsidiaries and all their related assets and incurred a loss of \$129,946 from their disposal.

The Company is currently evaluating other businesses for acquisitions.

B. Date and State (or Jurisdiction) of Incorporation:

Incorporated in the State of New Jersey on October 22, 1991

C. the issuer's primary and secondary SIC Codes; SIC CODE 5812 - Retail - Eating Places

D. the issuer's fiscal year end date;

MAY 31

E. principal products or services, and their markets;

Donini Inc. ("we", "our", the "Company") was incorporated in the State of New Jersey. Donini Inc.
Notes to the Consolidated Financial Statements

1. Nature of Operations and Basis of Presentation

Donini Inc. ("we", "our", the "Company") was incorporated in the State of New Jersey. The Company has two Canadian subsidiaries, Donini Group, Inc. and Pizzacorp Franchises DTC, Inc., whose purposes are, respectively, to hold and control the intellectual property of the Company and to license the trademarks and oversee the licensed franchisees. Donini Group, Inc. is a wholly-owned subsidiary of the Company and Pizzacorp Franchises DTC, Inc. is a majority-controlled subsidiary of Donini Group, Inc. Through its Canadian subsidiaries, the Company is the franchisor of eight (8) pizza delivery restaurants operating under the trade name "Pizza Donini", with seating of between 23 to 50 seats and one (1) 120-seat, fully-licensed Italian restaurant operating under the trade name "Donini Resto Bar". All units are located in the Greater Montreal area, in the province of Quebec, Canada.

The investment in Pronto Donini, LLC, is carried at equity, adjusted for the Company's proportionate share of Pronto's undistributed earnings or losses.

During the years ended May 31, 2009 and 2008, the Company ceased all of its production activities and its call center, outsourcing those functions to third parties. The subsidiaries that formerly performed these activities were re-organized in a bankruptcy-type proceeding and liquidated. The Company also converted all of its remaining operating units to franchised units, operated by third parties. This further reduced costs, but also substantially reduced gross revenues, which consisted of royalty payments and volume allowances of products to the franchise units.

During the year ended May 31, 2010, the Company disposed of its remaining 2 subsidiaries and all related assets and incurred a loss of \$129,946 from their disposal.

The Company is currently evaluating other businesses for acquisitions.

Basis of Presentation

These accompanying unaudited year-end financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the unaudited financial statements and notes thereto contained in the Company's May 31, 2011 Annual Report filed with the OTC Markets. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations have been reflected herein.

Going Concern

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. However, the accompanying financial statements reflect that the Company has incurred significant operating losses, has a deficit in shareholders' equity and a working capital deficit of \$740,418 at May 31, 2011. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations. As at May 31, 2011, the Company has accumulated losses of \$7,337,236 since inception. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Certain of the Company's subsidiaries filed proceedings similar to Chapter XI Bankruptcy Proceedings and have ceased all operations.

2. Significant Accounting Policies

Basic Presentation and Consolidation

These consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in US dollars. These consolidated financial statements include the accounts of the Company, its wholly owned subsidiaries, Donini Group, Inc. and Pizzacorp Franchises DTC, Inc. All inter-company accounts and transactions have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and

Donini Inc.
Notes to the Consolidated Financial Statements

expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to useful life and recoverability of long-lived assets, stock-based compensation, and deferred income tax valuations. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Cash and Cash Equivalents

The Company considers all highly liquid instruments with maturity of three months or less at the time of issuance to be cash equivalents.

Earnings (Loss) Per Share

The Company computes net earnings (loss) per share in accordance with ASC 260 *"Earnings per Share"*. ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing net earnings (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method.

Financial Instruments and Fair Value Measurements

ASC 820 *"Fair Value Measurements"* requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, amounts due from related parties, accounts payable, convertible notes payable, loans payable, loans from related parties, and amounts due to related parties. Pursuant to ASC 820, the fair value of cash equivalents is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The Company believes that the recorded values of all of other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The Company's operations are in Canada, which results in exposure to market risks from changes in foreign currency rates. The financial risk is the risk to the Company's operations that arise from fluctuations in foreign exchange rates and the degree of volatility of these rates. Currently, the Company does not use derivative instruments to reduce its exposure to foreign currency risk.

Notes to the Consolidated Financial Statements

Income Taxes

The Company accounts for income taxes using the asset and liability method in accordance with ASC 740, *"Income Taxes"*. The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized. The Company has adopted guidance issued by the FASB that clarifies the accounting for uncertainty in tax positions taken or expected to be taken on a tax return and provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if, based on its merits, the position is more likely than not to be sustained on audit by the taxing authorities. Any interest and penalties related to uncertain tax positions would be recorded as part of income tax expense. No such interest or penalties were incurred in 2011 or 2010.

Foreign Currency Translation

The Company's functional and reporting currency is the United States dollar. Occasional transactions may occur in Canadian dollars and management has adopted ASC 830 *"Foreign Currency Translation Matters"*. Monetary assets and liabilities denominated in foreign currencies are translated using the exchange rate prevailing at the balance sheet date. Non-monetary assets and liabilities denominated in foreign currencies are translated at rates of exchange in effect at the date of the transaction. Average monthly rates are used to translate revenues and expenses. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income.

Recently Adopted Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Donini Inc.
Notes to the Consolidated Financial Statements

On September 2, 2009, a portion of the Promissory Note was assigned to a third party and the Company issued 6,000,000 shares of common stock upon the conversion of the principal amount of \$6,000.

On January 15, 2010, portions of the Promissory Note were assigned to third parties and the Company issued 32,000,000, 22,000,000, 2,500,000 and 5,500,000 shares of common stock upon the conversion of the principal amounts of \$32,000, \$22,000, \$2,500 and \$5,500, respectively.

Due to underperformance of the franchisee's operations, the franchisee was unable to make the monthly instalments and defaulted on the Promissory Note. The franchisee filed for bankruptcy and the franchisee ceased its operations on June 21, 2010.

At May 31, 2011, the principal balance of \$150,000 on the Promissory Note plus \$126,167 in accrued interest remains unpaid.

Other terms of the Promissory Note are:

The Note is secured by a subordinated interest in all of the assets of the franchise;

In an event of default occurs, the lender, at his option, can demand immediate payment of any and all amounts then owing or become owing.

- b) On June 7, 2004, the Company entered into a Securities Purchase Agreement with Global Capital Funding Group, L.P. ("Global"), whereby Global purchased a \$1,500,000 convertible note (the "Note") for \$1,200,000. The Note was secured by the Company's accounts receivable, inventory, property and equipment, and general tangibles and matured on June 7, 2007.

Pursuant to the agreement, the Company issued a warrant to Global to purchase 500,000 shares of common stock as additional finance costs. In addition, the Company issued a warrant to an unrelated corporation to purchase 50,000 shares of common stock as a finder's fee. Both warrants were exercisable at \$0.495 per share and expired on June 7, 2009.

On October 1, 2004, the Company and Global entered into an Exchange Agreement whereby the Note was exchanged for a new note (the "new Note") in the amount of \$1,540,000. The New Note matured on June 7, 2006 and was secured by a first lien on the Company's non-real estate assets and the issuance and pledge of 8,400,000 shares of common stock.
