EFFTEC INTERNATIONAL, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(Unaudited - prepared by management)

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation and basis of presentation

The consolidated financial statements include the accounts of Efftec International, Inc. ("EII") and its wholly owned subsidiaries, Efficiency Technologies, Inc. ("Efftec"), Efftec GS, Inc. ("GS") and Black Nickel Acquisition Corp. III ("BNAC") collectively referred to as "the Company" or "the Companies". All significant inter-company balances and transactions have been eliminated in consolidation.

Fiscal years:

The company has a fiscal year beginning July 1 and ending June 30 of each year.

Organization

EII was originally incorporated on June 4, 1997 in Delaware as Communitronics Holdings, Ltd. On September 29, 1998, the Company changed its name to Dr. Squeeze International, Inc. and on June 11, 2001, the Company changed its name to American Resource Management, Inc. On July 19, 2007, the Board of Directors approved the re-domestication of American Resource Management, Inc. from Delaware to Nevada and simultaneously changed the name of the Company to Efftec International, Inc. The Certificate of Conversion was filed in Delaware on July 25, 2007.

Efftec was incorporated in Nevada on October 14, 2003, and was acquired by the Company in November 2003. The shareholders of Efftec were issued 2,000 shares of the Company's common stock in exchange for 100% of the common stock of Efftec.

GS was incorporated in Nevada on August 28, 2009 as a subsidiary of EII.

BNAC was incorporated in Delaware on May 26, 2005 and was acquired by the Company effective February 15, 2010 in exchange for 350,000 shares of the Company's common stock.

Effective June 30, 2013, the Company acquired Yam Yam, Inc. ("Yam Yam"), the successor to Yam Yam, LLC. During the year ended June 30, 2014, the Company terminated this transaction and all of Yam Yam's stock was returned.

Nature of business

EII is a holding company with three wholly owned subsidiaries.

Efftec developed a powerful, easy to use, Internet-based chiller tool called EffTrack™ that:

- Collects, stores and analyzes chiller operating data,
- Calculates and trends chiller performance,
- Diagnoses the cause of chiller inefficiencies,
- Notifies plant contacts when problems occur,
- Recommends corrective actions,
- Measures the results of corrective actions and
- Provides cost analysis of operational improvements.

Chillers are the single largest energy-using component in most industrial or commercial type facilities using water-cooled chillers for comfort or process cooling and can consume up to 50% of the facility's electrical usage. There is a vast array of operational and mechanical problems that occur causing a chiller to lose performance. Even small inefficiencies can result in thousands of dollars in energy waste. In November 2012, the Company completed sale of its equipment, inventory and all rights to its software in exchange for \$275,000 in cash and sufficient shares of common stock of the purchaser to provide a sales value of \$500,000 six months after closing. (Note 3).

GS was organized to sell EffTrack services to governmental entities and has not had any operations as of June 30, 2013.

BNAC is a reporting public company with whom the Company originally planned to merge and assume its reporting responsibilities. The Company determined to become a reporting company in a different manner and has fully impaired the goodwill of \$56,917 associated with BNAC.

Cash and cash equivalents

The Company considers all cash; cash in banks and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Earnings (loss) per common share

The Company is required to report both basic earnings per share, which is based on the weighted-average number of common shares outstanding, and diluted earnings per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive shares outstanding. At all periods presented all exercisable common stock equivalents were antidilutive and are not included in the earnings (loss) per share calculations. Accordingly, basic and diluted earnings (loss) per share are the same for all periods presented.

Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the financial statements for the purpose of conformity between periods presented.

Fair value of financial instruments

Financial instruments consist of cash, accounts receivable, accounts payable, accrued expenses and short-term borrowings. The carrying amount of these financial instruments approximates fair value due to their short-term nature or the current rates at which the Company could borrow funds with similar remaining maturities.

Contingencies

Certain conditions may exist as of the date financial statements are issued, which may result in a loss to the Company, but which will only be resolved when one or more future events occur or fail to occur.

NOTE 2: GOING CONCERN

The Company sold the assets and business of Efftec in November 2012 and acquired Yam Yam. (See Note 7). The Company planned to raise capital utilizing debt and equity to fund the continuing development operations of Yam Yam, and is currently utilizing the same means to fund its current operations in the mobile application sector. The company is experiencing continued operating losses and has a high debt obligation.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated statements have been prepared assuming that the Company will continue as a going concern. These consolidated statements do not reflect any adjustments that might result from the outcome of these uncertainties.

NOTE 3: CONVERTIBLE NOTES PAYABLE-SHAREHOLDERS

The Company has convertible notes payable with a group of shareholders, the majority of which accrue interest at 12% per annum and are convertible at various prices. The activity on the convertible notes payable is summarized as follows:

During the three months ended September 30, 2015, the Company issued two notes payable to an individual in exchange for \$1,750. The notes bear interest at 12% per annum and are due four months from the date of issuance. The notes mature in December 2015 and are unsecured.

During the year ended June 30, 2015, the Company issued ten notes payable to individuals in exchange for \$29,450. The notes bear interest at 7.5% and 12% per annum and are due five months to one year from the date of issuance. The notes begin maturing in June 2015 through December 2016 and are unsecured.

On December 11, 2014, the Company entered into a Settlement Agreement with BJB Services, Inc., in regards to an outstanding bill for services rendered. Pursuant to said Settlement Agreement, BJB Services, Inc. was issued a Convertible Promissory Note in the amount of \$7,700, bearing interest at 5% per annum.

On April 3, 2014, the Company entered into a Settlement Agreement with its former President and Chief Executive, Shawn Clinton, in regards to unpaid salary due. Pursuant to said Settlement Agreement, Mr. Clinton was issued a Convertible Promissory Note in the amount of \$21,000, bearing interest at 7.5% per annum.

Pursuant to his employment agreements with the Company, Mr. Desouza has been issued a series of Convertible Notes Payable as payment for monthly salaries due in lieu of payment in cash. Said notes range in face value from \$750 to \$2,500 and carry an interest rate of 7.5% per annum.

NOTE 4: INCOME TAXES

The Company has not recorded a deferred tax benefit or expense for the year ended June 30, 2015, as all net deferred tax assets have a full valuation allowance.

Actual income tax expense (benefit) applicable to net earnings (loss) before income taxes is reconciled with the "normally expected" federal income tax as follows for the years ended June 30, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
"Normally expected" income tax expense (benefit)	\$ (133,900)	\$ 234,400
(Increase) decrease in taxes resulting from:

Other	-	300
NOL correction	-	-
Valuation allowance	135,480	(262,300)
Balance, end of year	<u>\$ -</u>	<u>\$ -</u>

The net deferred tax assets at June 30, 2015 and 2014 are comprised of the following.

	<u>2015</u>	<u>2014</u>
Net operating loss carryforward	\$ 2,728,900	\$ 2,593,400
Depreciable and amortizable assets	-	157,700

The Company has available an unused net operating loss carryforward of approximately \$7,218,900 which will expire in various periods through 2033, some of which may be limited as to the amount available on an annual basis.

NOTE 5: STOCKHOLDERS' DEFICIT

All share references have been restated to give effect to the reverse split.

These shares are fully earned as of execution of this agreement.

NOTE 7: ACQUISITION

On August 15, 2013 and effective June 30, 2013, the Company acquired 100% of Yam Yam in exchange for 5,000,000 shares of its common stock and a contract payable to Yam Yam in the amount of \$500,000. The contract is payable beginning by the end of the fifth month after closing at the rate of \$55,000 per month for eight months with a final payment of \$60,000.

Yam Yam is a boutique software developer specializing in mobile applications and cloud-based services. Yam Yam is active in the area of large scale multiplayer games and has developed multiple proprietary client/server mobile tools and technologies.

The acquisition was accounted for using the purchase method of accounting and, accordingly, the consolidated statements of operations will include the results of Yam Yam beginning July 1, 2013. The assets acquired and the liabilities assumed were recorded at June 30, 2013 at the estimated fair values as determined by the Company’s management based on information currently available and on current assumptions as to future operations.
