Item 6. Describe the Issuer's Business, Products and Services.

Recent Change in Control. On May 1, 2013, a series of transactions was completed that resulted in a change in control of the Company (collectively, the "Transaction"). Pursuant to the Transaction, the following stock-related agreements were consummated: the Company sold 26,000,000 shares of its common stock to Avag Group, LLC for \$52,500 in cash; the Company sold 26,000,000 shares of its common stock to LTP Corp. for \$52,500 in cash, pursuant to a subscription agreement; and a total of 3,800,607 shares were tendered for cancellation by a total of nine shareholders.

At the closing of the Transaction, the Company's pre-Transaction directors resigned and were replaced by Whitney Wiseman, who is also our sole officer.

Debt Purchase Transactions. Pursuant to two debt purchase agreements, there occurred an assignment of an existing \$80,000 debt of the Company, separate and apart from the Transaction. The assigned debt, which is represented by an amended promissory note dated March 31, 2012, is convertible into shares of Company common stock at the rate of one share for each \$.00005 of principal amount converted; *provided, however*, that no such conversion shall result in the holder's becoming the beneficial owner of more than 9.9% of the outstanding shares of Company common stock.

Acquisition. Effective May 31, 2013, the Company acquired Restore Force, Inc., a Florida corporation ("RFI"), pursuant to a Plan and Agreement of Reorganization (the "RFI Agreement"). Pursuant to the RFI Agreement, the Company acquired all of the outstanding stock of RFI by the issuance of 350,000,000 shares of the Company's common stock. The sole shareholder of RFI was Whitney Wiseman, the Company's sole officer and director. Shareholders holding a majority of the outstanding shares of Company common stock approved the consummation of the RFI Agreement. In determining the number of shares of Company common stock to be issued under the RFI Agreement, the Company's Board of Directors did not employ any standard valuation formula or any other standard measure of value. By the terms of the RFI Agreement, all of the Company's pre-transaction assets were transferred to the former management of the Company, it having been determined to pursue a course of business that provided an opportunity for its shareholders to be in a better position to benefit from the Company's operations.

Change in Business. Effective with the closing of the RFI Agreement, the business operations and plan of business of RFI have become those of the Company, the prior business of the Company having been sold to the Company's former management.

Corporate Information. References to "the Company" include Restore Force, Inc., unless the context requires otherwise. The Company's principal office is located at 211 Commerce Way, Suite A, Jupiter, Florida 33458; its telephone number is 561-768-9057; its website is located at: www.restoreforce.com.

Business. The Company's business became that of RFI, immediately following the Company's acquisition of RFI.

About RFI. RFI, d/b/a Restore Force, serves Palm Beach County, Florida, with its damage restoration services, including water damage restoration, mold remediation and fire damage restoration. In addition, RFI provides re-construction services following its initial restoration efforts.

Restoration Services.

Water Damage Restoration. RFI provides its water damage restoration services with a keen awareness that water damage to home and businesses from flooding poses serious safety and health issues. With this awareness, RFI's services are delivered quickly, expertly and thoroughly, in order to minimize water damage at a flooded location. By delivering appropriate restoration treatment promptly, RFI reduces total costs of restoration and prevents the growth of mold and other contaminants.

RFI's Water Damage Restoration services include comprehensive damage assessment, thorough water extraction and removal of excess moisture, complete indoor air quality and humidity control, disinfection & anti-microbial treatments, sanitation and deodorization and direct insurance billing.

To assure the highest level of water damage restoration services, RFI has invested in state-of-the-art drying equipment. RFI's hi-tech equipment includes submersible pumps for use in high water situations, truck-mounted and portable units for quick water extraction and heavy-duty dehumidifiers and high-speed air circulators for complete humidity control during the water damage restoration process.

Mold Remediation. All RFI technicians are certified as Applied Microbial Remediation Technicians by the Institute of Inspection Cleaning and Restoration and hold Florida DBPR Mold Assessor licenses. RFI believes these certifications assist in conveying its expertise in mold remediation to its customers and, importantly, potential future customers.

RFI's certified technicians are trained in mold assessment and mold remediation techniques. During the mold assessment phase, RFI technicians identify the location and extent of the mold hazard in the subject structure. Mold remediation technicians record the extent of the contamination and moisture saturation levels to determine existing health hazards and develop a mold remediation plan. When necessary, laboratory tests are conducted.

Once the mold assessment has been completed and remediation plan finalized, that plan is implemented and the removal and clean-up of mold is completed. In this process, mold contaminant is controlled at the source, which prevents it from becoming airborne. When controlled at the source, health threats are severely reduced, as mold will not spread to clean areas.

To eliminate mold, RFI employs the following techniques, among others: wet-vacuuming water from floors, carpets and hard surfaces where contaminated water has accumulated; damp-wiping and scrubbing mold off non-porous surfaces using a water-detergent solution; employing High-Efficiency Particulate Air vacuuming for final cleanup of remediation areas and after all materials have been thoroughly decontaminated and dried; and discarding materials and furnishings that are contaminated with mold growth and, thus, unsalvageable.

Fire Damage Restoration. RFI provides its fire damage restoration and mitigation services, with a full understanding of the deceptive nature of smoke damage, as the type of smoke greatly affects the fire damage restoration process.

Upon arrival at a fire scene, RFI's technicians first test the soot, to determine which type of smoke damage has occurred. The testing reveals the soot to be wet smoke residue, dry smoke residue, protein residue, fuel oil soot or some other specific residue. Based on the test results, RFI employs the appropriate cleaning procedures as expeditiously as possible.

During the smoke damage restoration process, RFI may board up the affected premises, complete a thorough soot clean-up and acidic smoke removal procedure, undertake odor removal and indoor air quality control procedures, complete disinfection and anti-microbial treatments and sanitize and deodorize all household items.

Emergency Restoration Services. RFI technicians are available to customers on a 24-7, 365 basis.

Future Planned Additions to Services. Should the Company obtain necessary capital, its intends that RFI would expand its current slate of restoration services to include biohazard remediation. This service would have RFI performing remediation efforts after exposures to biological and chemical contaminants.

Change in Year End. In connection with the Company's acquisition of RFI, the Company made an election to change its year end from June 30 to December 31.

Item 7. Describe the Issuer's Facilities.

FOODFEST INTERNATIONAL 2000 INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

(unaudited)

NOTE 1 – BASIS OF PRESENTATION

The Balance Sheets and the Statements of Operations have been adjusted to reflect the acquisition of Restore Force, Inc. (see Note 2), as if the acquisition had occurred on December 31, 2011, and January 1, 2012, respectively.

NOTE 2 – CHANGE IN CONTROL TRANSACTION

On May 1, 2013, a series of transactions was completed that resulted in a change-in-control of the Company (collectively, the "Transaction"). Pursuant to the Transaction, the following stock-related agreements were consummated:

- the Company sold a total of 52,000,000 shares of its common stock to unaffiliated third parties for a total of \$52,500 in cash, pursuant to separate subscription agreements; and
- a total of 3,800,607 shares were tendered for cancellation by a total of nine shareholders.

At the closing of the Transaction, the Company's pre-Transaction directors resigned and were replaced by the Company's current director.

NOTE 3 – ASSIGNMENT OF CONVERTIBLE NOTE PAYABLE

Pursuant to two debt purchase agreements, there occurred an assignment of an existing \$80,000 debt of the Company, separate and apart from the change-in-control transaction and the RFI-acquisition transaction. The assigned debt, which is represented by an amended promissory note dated March 31, 2012, is convertible into shares of Company common stock at the rate of one share for each \$.00005 of principal amount converted; *provided, however*, that no such conversion shall result in the holder's becoming the beneficial owner of more than 9.9% of the outstanding shares of Company common stock. This assignment of debt transaction was approved by the Company's board of directors prior to the change-in-control transaction. At June 30, 2013, the remaining principal balance of this convertible promissory note was \$71,000.

NOTE 4 – ACQUISITION OF RESTORE FORCE, INC.

Effective May 31, 2013, the Company acquired Restore Force, Inc., a Florida corporation ("RFI"), pursuant to a Plan and Agreement of Reorganization (the "RFI Agreement"). Pursuant to the RFI Agreement, the Company acquired all of the outstanding stock of RFI by the issuance of 350,000,000 shares of the Company's common stock. The sole shareholder of RFI was Whitney Wiseman, the Company's sole officer and director. Shareholders holding a majority of the outstanding shares of Company common stock approved the consummation of the RFI Agreement. In determining the number of shares of Company common stock to be issued under the RFI Agreement, the Company's Board of Directors did not employ any standard valuation formula or any other standard measure of value.

NOTE 5 – DIVESTITURE OF ASSETS

By the terms of the RFI Agreement, all of the Company's assets in place prior to its acquisition of RFI were transferred to the former management of the Company, it having been determined to pursue a course of business that provided an opportunity for its shareholders to be in a better position to benefit from the Company's operations.

NOTE 6 – SALES OF COMMON STOCK

In May 2013, the Company sold 26,000,000 shares of its common stock to an unaffiliated third party for \$52,500 in cash, pursuant to a subscription agreement. Also in May 2013, the Company sold an additional 26,000,000 shares of its common stock to an unaffiliated third party for \$52,500 in cash, pursuant to a subscription agreement.

NOTE 7 – CANCELLATIONS OF COMMON STOCK

In May 2013, a total of 3,800,607 shares were tendered for cancellation by a total of nine shareholders, pursuant to separate agreements.

NOTE 8 – LOANS PAYABLE

The Company is obligated to repay a total of \$164,530 in loans obtained from unaffiliated third parties.

NOTE 9 – OTHER NOTES PAYABLE

The Company is obligated to repay a total of \$56,950 in notes issued in connection with the purchase of work vehicles.

The Company is obligated to repay a total of \$15,000 in a note issued in connection with a consulting agreement.
