#### **Review Report of Independent Registered Public Accounting Firm**

To the Board of Directors and Stockholders of FRMO Corporation and Subsidiaries

We have reviewed the accompanying condensed consolidated balance sheet of FRMO Corporation and Subsidiaries (the Company) as of November 30, 2020, the related condensed consolidated statements of income (loss) and comprehensive income (loss) for the three and six months ended November 30, 2020 and 2019, the condensed consolidated statement of stockholders' equity for the six months ended November 30, 2020 and 2019 and the condensed consolidated statements of cash flows for the six months ended November 30, 2020 and 2019. These condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with auditing standards generally accepted in the United States of America. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States) and in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the condensed consolidated financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements as of November 30, 2020 and for the three and six months ended November 30, 2020 and 2019 referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards of the Public Company Accounting Oversight Board (United States) and in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of FRMO Corporation and Subsidiaries as of May 31, 2020 (not presented herein) and, in our report dated August 14, 2020, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of May 31, 2020 is fairly stated, in all material respects, in relation to the consolidated financial statements from which it has been derived.

#### NOTE 1 - Nature of Business and Basis of Presentation

The interim condensed consolidated financial statements include the accounts of FRMO and its controlled subsidiaries (collectively referred to as the "Company"). As of November 30, 2020 and May 31, 2020, the Company held a 21.15% and 19.23% equity interest in Horizon Kinetics Hard Assets LLC ("HKHA"), a company formed by Horizon and certain officers, principal stockholders and directors of the Company. The noncontrolling interest of 78.85% and 80.77% in HKHA has been eliminated from results of operations for the periods ended November 30, 2020 and May 31, 2020. Total stockholders' equity includes, as a separate item, the amount attributable to the noncontrolling interests. The Company also holds a 4.95% interest in Horizon Kinetics LLC and earns substantially all of its advisory fees from Horizon. The Company maintains its corporate office in White Plains, New York.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information. The principles for condensed interim financial information do not require the inclusion of all the information and footnotes required by generally accepted accounting principles for complete financial statements. Therefore, these condensed consolidated financial statements should be read in conjunction with the consolidated financial statements as of and for the year ended May 31, 2020 and notes thereto. The accompanying condensed consolidated financial statements have not been audited by an independent registered public accounting firm in accordance with standards of the Public Company Accounting Oversight Board (United States) but, in the opinion of management, such financial statements include all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the Company's financial position and results of operations. The results of operations for the three months and six months ended November 30, 2020 may not be indicative of the results that may be expected for the year ending May 31, 2021.

Subsequent Events

The Company has evaluated all subsequent events from the date of the condensed consolidated balance sheets through January 14, 2021, which represents the date these interim condensed consolidated financial statements are available to be issued.

The recent outbreak of the coronavirus, also known as "COVID-19", has spread across the globe and is impacting worldwide economic activity. Conditions surrounding the coronavirus continue to rapidly evolve and government authorities have implemented emergency measures to mitigate the spread of the virus. The outbreak and the related mitigation measures have had and will continue to have a material adverse impact on global economic conditions as well as on the Company's business activities. The extent to which COVID-19 may impact the Company's revenue will depend on future developments, such as the ultimate geographic spread of the disease, the duration of the outbreak, travel restrictions, business disruptions, and the effectiveness of actions taken in the United States and other countries to contain and treat the disease. These events are highly uncertain and, as such, the Company cannot determine their financial impact at this time. No adjustments have been made to the amounts reported in these consolidated financial statements as a result of this matter.

#### **NOTE 3 - Adoption of New Accounting Pronouncements**

The Company has determined that no recently issued accounting pronouncements will have a material impact on its interim condensed consolidated financial position, results of operations and cash flows, or do not apply to its operations.

#### NOTE 8 - Net Income Per Common Share and Per Common Share Equivalent

Basic and diluted earnings per common share is calculated by dividing net income allocated to common stock by the weighted average common shares outstanding during the period. The weighted average number of shares of common stock used in the calculation of diluted earnings per share is adjusted for the dilutive effects of potential common shares including the assumed exercise of vested stock options based on the treasury stock method. Assumed exercise or conversion of potential common shares is only when the weighted average market price for the period exceeds the exercise price and the conversion price, and that the entity records earnings from continuing operations, as the inclusion of such adjustments would otherwise be anti-dilutive to earnings per share from continuing operations.

Potential common shares consist of unexercised stock options of 56,000 the six months ended November 30, 2020 and 2019.

As of November 30, 2020 and 2019 there were 32,000 vested options with an exercise price below the weighted average market price of the Company's common stock during the period.
