Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of the Company's common stock are entitled to one vote per share on all matters submitted to a vote of the shareholders, including the election of directors. Generally, all matters to be voted on by shareholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of our common stock that are present in person or represented by proxy. Except as otherwise provided by law, amendments to the Company's Articles of Incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of the Company's common stock. The Company's Article of Incorporation does not provide for cumulative voting in the election of directors. Holders of the Company's common stock will be entitled to such cash dividends as may be declared from time to time by the Board from funds available. Holders of the Company's common stock have no preemptive rights to purchase shares of the Company's common stock. The issued and outstanding shares of the Company's common stock are not subject to any redemption provisions and are not convertible into any other shares of the Company's capital stock. Upon liquidation, dissolution or winding up, the holders of the Company's common stock will be entitled to receive pro rata all assets available for distribution to such holders. The Company has never declared or paid any cash dividends on its common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or Sinking fund provisions.

Series A Preferred Stock. The Company has designated 1,000,000 shares of preferred stock as Series A Preferred Stock. The Series A Preferred Stock has voting rights of 1,000 votes for each share held.

3. Describe any other material rights of common or preferred stockholders.

None.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over The reporting period covered by this report.

There have been no material modifications to rights of holders of the company's securities that occurred over the reporting period covered by this report.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period**.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

GIB CAPITAL GROUP, INC.
Notes to Unaudited Financial Statements
June 30, 2023

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

GIB Capital Group, Inc. (the “Company”) was incorporated in the State of Nevada on September 14, 1999, as Camden Mines Limited. On October 12, 2004, the Company changed its name to Xinhua China Ltd. On February 28, 2019, Corporate Compliance, LLC filed an application for custodianship pursuant to NRS 78.347. The Eighth Judicial District Court of Clark County, Nevada granted custodianship over Xinhua China Ltd. to Corporate Compliance, LLC. On August 27, 2020, the Company changed its name to GIB Capital Group, Inc., its current name.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company’s unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits and customer receivables. The Company maintains cash with various major financial institutions. The Company performs periodic evaluations of the relative credit standing of these institutions. To reduce risk, the Company performs credit evaluations of its customers and maintains reserves when necessary for potential credit losses.

Cash and cash equivalents

We consider all highly liquid securities with original maturities of three months or less when acquired to be cash equivalents. There were no cash equivalents as of June 30, 2023, and June 30, 2022.

Stock-based Compensation

We account for equity-based transactions with nonemployees under the provisions of ASC Topic No. 505-50, Equity- Based Payments to Non-Employees (“ASC 505-50”). ASC 505-50 establishes that equity-based payment transactions with nonemployees shall be measured at the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. The fair value of common stock issued for payments to nonemployees is measured at the market price on the date of grant. The fair value of equity instruments, other than common stock, is estimated using the Black-Scholes option valuation model. In general, we recognize the fair value of the equity instruments issued as deferred stock compensation and amortize the cost over the term of the contract.

We account for employee stock-based compensation in accordance with the guidance of FASB ASC Topic 718, Compensation-Stock Compensation, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. The fair value of the equity instrument is charged directly to compensation expense and credited to additional paid-in capital over the period during which services are rendered.

Net Loss per Share

Net income (loss) per common share is computed pursuant to section ASC 260-10-45 of the FASB Accounting Standards Codification. Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss)

by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period. The weighted average number of common shares outstanding and potentially outstanding common shares assumes that the Company incorporated as of the beginning of the first period presented the Company's diluted loss per share is the same as the basic loss per share for the years ended June 30, 2023, and June 30, 2022, as the inclusion of any potential shares would have had an anti-dilutive effect due to the Company generating a loss.

Fair value of financial instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification ("Paragraph 820-10-35-37") to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (U.S. GAAP), and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company's financial assets and liabilities, such as cash, prepaid expenses and accrued expenses approximate their fair value because of the short maturity of those instruments. The Company's payables approximate the fair value of such instruments based upon management's best estimate of interest rates that would be available to the Company for similar financial arrangements at June 30, 2023, and June 30, 2022.

The Company does not have any assets or liabilities measured at fair value on a recurring or a non-recurring basis as of June 30, 2023, and June 30, 2022.

Income Taxes

We follow ASC 740-10-30, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are based on the differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the fiscal year in which the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the fiscal years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statements of Income in the period that includes the enactment date.

Recent Accounting Pronouncements

The Company has reviewed all recently issued accounting pronouncements and plans to adopt those that are applicable to it. The Company does not expect the adoption of any other pronouncements to have an impact on its results of operations or financial position.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company had an accumulated deficit at June 30, 2023, of \$13,269,647. The Company requires capital for its contemplated operational and marketing activities. The Company's ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these uncertainties.

NOTE 4 - STOCKHOLDERS' EQUITY

The Company is authorized to issue an aggregate of 500,000,000 common shares with a par value of \$0.00001 per share and 1,000,000 shares of Series A preferred stock with a par value of \$0.00001 per share.

On August 4, 2020, the Board of Directors authorized a one for one thousand (1:1,000) reverse stock split which became effective on August 27, 2020. All share amounts contained in the accompanying financial statements reflect this reverse split.

NOTE 6 - CHANGE IN CONTROL

On April 1, 2022, the Company and its majority shareholder, Mr. Soon Hua Tham, entered into a privately negotiated transaction and change in control with Marcos Chow Lam, an individual and former independent board member and former audit committee lead for GIB Capital Group Inc. The Board of Directors, with Marcos Chow Lam abstaining from voting, believed the transaction was in the best interests of the Company and ratified the decision to enter into an Agreement for a change in control. The majority shareholder, entered his votes for a change in control with Marcos Chow Lam and pursuant to the change in control, Kian Pang "KP" Choong, resigned as an independent director and audit committee member, along with Marcos Chow Lam who resigned as an independent director and audit committee lead, Lim Poh Chu, who resigned as a director, and Tong Yoong Kua, who resigned as Chairman of the Board. Their resignations were not due to any disagreements or matters related to the Company's operations, policies, or practices.

Effective on the same date, the majority shareholder, Mr. Soon Hua Tham, elected Marcos Chow Lam as the President, Chief Executive Officer and Chief Financial Officer and sole director of the Company and transferred his 1,000,000 shares of Series A Preferred Stock for \$0.30 cents per share. This represented the control block of GIB Capital Group Inc. Following this private stock purchase agreement Mr. Soon Hua Tham held no shares of capital stock in the Company.

In addition, effective on the same date, the Company accepted the resignations from Soon Hua Tham as the Company's President, Chief Executive Officer and Chief Financial Officer. Soon Hua Tham held no shares of the Company following his resignation and the transaction.
