Notes to the Interim Condensed Consolidated Financial Statements Periods ending June 30, 2016 and 2015

(Unaudited - In Canadian dollars)

1. General business description

Globex Mining Enterprises Inc. is a North American focused exploration and development property bank which seeks to create shareholder value by acquiring mineral properties, undertaking limited exploration and therefore readying them for optioning, joint venturing, or outright sale. Our current mineral portfolio consists of approximately 140 early to mid-stage exploration, development and royalty properties which contain Base Metals (copper, nickel, zinc, lead), Precious Metals (gold, silver, platinum, palladium), Specialty Metals and Minerals (manganese, titanium oxide, iron, molybdenum, lithium, rare earths and associated elements) and Industrial Minerals (mica, silica, potash, feldspar, pyrophyllite as well as talc and magnesite).

Globex was incorporated in the Province of Quebec and following the approval of shareholders on June 12, 2014, it was continued under the Canada Corporations Act, effective October 28, 2014. Its head office is located at 89 Belsize Drive, Toronto, Ontario M4S 1L3 and its principal business office is located at 86, 14th Street, Rouyn-Noranda, Quebec, J9X 2J1, Canada.

Globex trades on the Toronto Stock Exchange under the symbol GMX, in Europe on the Frankfurt, Berlin and Munich exchanges under the symbol G1M, Tradegate, Lang & Schwarz Stock exchanges and in the USA (OTCQX International) with the symbol GLBXF.

2. Basis of presentation and going concern

Basis of Presentation

These interim condensed consolidated financial statements have been prepared on a going concern basis, under the historical cost basis, as modified by the revaluation of financials assets and financial liabilities at fair value through the Interim Condensed Consolidated Statement of Income (Loss) and Comprehensive Income (Loss). All financial information is presented in Canadian dollars.

The Corporation's ability to continue as a going concern depends on its ability to realize its assets and to obtain additional financing. While it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. The application of International Financial Reporting Standards (IFRS) on a going concern basis may be inappropriate, since there is a doubt as to the appropriateness of the going concern assumption

The recoverability of amounts shown for mineral properties and related deferred costs is dependent upon the discovery of economically recoverable reserves, confirmation of the Corporation's interest in the underlying mineral claims, the ability of the Corporation to obtain necessary financing to complete the development, and future profitable production or proceeds from the disposal thereof.

These interim condensed consolidated financial statements have been prepared on a going-concern basis which contemplates that the Corporation will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. This assumption is based on the current net assets of the Corporation and management's current operating plans.

2. Basis of presentation and going concern (continued)

These interim condensed consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported amounts of revenues and expenses and the classification of statement of financial position items if the going concern assumption was deemed inappropriate, and these adjustments could be material. Management did not take these adjustments into account as it believes in the validity of the going concern assumption.

Statement of compliance

These interim condensed consolidated financial statements have been prepared by Management in accordance with IAS 34, Interim Financial Reporting.

The preparation of interim condensed consolidated financial statements in accordance with IAS 34 requires the use of certain critical judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied (Note 5) in the consolidated financial statements as at and for the year ended December 31, 2015.

Approval of financial statements

The Corporation's Board of Directors approved these interim condensed consolidated financial statements for the periods ended June 30, 2016 and June, 2015 on July 22, 2016.

3. Summary of significant accounting policies

These interim condensed consolidated financial statements have been prepared using the same accounting policies and methods of computation as compared with the most recent annual consolidated financial statements (Note 4) of the Corporation's audited financial statements for the year ended December 31, 2015 with the exception of the International Financial Reporting Standards adopted as described below.

The disclosure contained in these interim condensed consolidated financial statements does not include all the requirements in IAS 1 Presentation of Financial Statements. Accordingly, the interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements for the year ended December 31, 2015.

(a) International Financial Reporting Standards adopted.

In preparing these interim condensed consolidated financial statements for the six months ended June 30, 2016 and as at June 30, 2016, the Corporation has adopted the following new standards or amendments which were previously detailed in the consolidated financial statements for the year end December 31, 2015.

Effective date	New amendments or interpretations
	IAS 1 - Presentation of financial statements (narrow scope amendments).
	IFRS 10 Consolidated financial statements and IAS 28 Investments in
January 1, 2016	Associates and Joint Ventures.
	IFRS 11 Joint Arrangements:
	IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets:

3. Summary of significant accounting policies (continued)

The adoption of these standards has not resulted in any material changes in the interim condensed consolidated financial statements or reported results.

(b) New and revised International Financial Reporting Standards issued, but not yet effective

Certain new standards, interpretations, amendments and improvements to existing standards are not yet effective, and have not been applied in preparing these interim condensed consolidated financial statements.

IFRS 2 Share based payment (amendments published in June 2016)

On June 20, 2016, the IASB published final amendments to IFRS 2 that clarify the classification and measurement of share-based payment transactions. These amendments deal with variations in the final settlement arrangements including; (a) accounting for cash-settled share-based payment transactions that include a performance condition, (b) classification of share-based payment transactions with net settlement features, as well as (c) accounting for modifications of share-based payment transactions from cash-settled to equity.

These changes are effective for annual periods beginning on or after January 1, 2018. Management is in the process of evaluating the impacts of these changes on the Corporation.

IFRS 9 Financial Instruments (replacement of IAS 39):

In July 2014, the IASB completed the final element of the comprehensive responses to the financial crisis with the publication of IFRS 9 Financial Instruments. The package of improvements introduced to IFRS 9 includes a logical model for classification and measurement, a single, forward – looking "expected loss" impairment model and a substantially reformed approach to hedge accounting. The IASB had previously published versions of IFRS 9 that introduced new classification and measurement requirements (in 2009 and 2010) and a new hedge accounting model (in 2013). The July 2014 publication represents the final version of the Standard, replaces earlier versions of IFRS 9 and completes the IASB's project to replace IAS 39 Financial Instruments: Recognition and Measurement.

IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Early adoption is permitted. Management is in the process of evaluating the impacts of this standard on the Corporation.

IFRS 15 Revenue from Contracts with Customers:

In May 2014, the IASB issued IFRS 15 *Revenue from Contracts with Customers*, which establishes the principles that an entity shall apply to report useful information about the nature, amount, timing, and uncertainty of revenue and cash flows arising from a contract with a customer.

IFRS 15, replaces a number of standards and interpretations including IAS 18 *Revenue* which provides the guidance that the Corporation currently employs in recording Option revenue and Net Metal Royalty Revenues.

IFRS 15 is currently effective for annual periods beginning on or after January 1, 2018. Early adoption is permitted. Management is in the process of evaluating the impacts of this standard on the Corporation, and they have recognized that under this standard they will need to consider at the outset all forms of payments under the contract and the likelihood that all of the obligations will be met. This new standard may result in revenue recognition timing differences.

3. Summary of significant accounting policies (continued)

IAS 7 Statement of Cash Flows:

The objective of the amendments is to enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendments will require entities to provide disclosures that enable investors to evaluate changes in liabilities arising from financing activities, including changes arising from cash flows and non-cash changes.

The amendments to IAS 7 respond to investors' requests for information that helps them better understand changes in an entity's debt, which is important to their analysis of financial statements. These amendments are mandatory for annual periods beginning on or after January 1, 2017.

Management is in the process of evaluating the impacts of this standard on the Corporation.

IAS 12 Recognition of Deferred Tax Assets for Unrealized Losses:

The International Accounting Standards Board (IASB) published amendments to IAS 12 on January 19, 2016. The amendments, Recognition of Deferred Tax Assets for Unrealised Losses (Amendments to IAS 12), clarify how to account for deferred tax assets (DTAs) related to debt instruments measured at fair value. Only four paragraphs (including one on commencement) have been added or amended in the Standard itself but there are several pages added to the Basis for Conclusions. The revisions apply for periods beginning on or after January 1, 2017, with early adoption permitted.

Management is in the process of evaluating the impacts of this standard on the Corporation, but it is unlikely to have any impact.

4. Cash and cash equivalents

		June 30,	Dece	mber 31,
		2016		2015
Bank balances	Ś	572,989	\$	199,817
Barik balarices	Y	3, =,303	7	100,01

5. Cash reserved for exploration

	June 30,	De	cember 31,
	 2016		2015
Bank balances	\$ 230,118	\$	87,113
Short-term deposits	240,000		990,000
	\$ 470,118	\$	1,077,113

The Corporation raises flow-through funds for exploration under subscription agreements which require the Corporation to incur prescribed resource expenditures. The Corporation must use these funds for exploration of mining properties in accordance with restrictions imposed by the financing. If the Corporation does not incur the resource expenditures, then it will be required to indemnify these shareholders for any tax and other costs payable by them.

6. Investments

	June 30, 2016	Dec	ember 31, 2015
Great Thunder Gold Corp., 2.4 million shares	\$ 240,000	\$	-
Integra Gold Corp., 0.25 million shares	-		85,000
Rogue Resources Inc., 1.0 million shares	60,000		90,000
Canadian Metals Inc., 0.2 million shares	52,000		20,000
Knick Exploration Inc., 1.0 million shares	40,000		15,000
Sphinx Resources Inc., 1.2 million shares	30,000		6,000
Laurion Mineral Exploration Inc., 3.7 million shares	18,500		18,500
Mag Copper Limited, 1.7 million shares (i)	17,280		51,839
Renforth Resources Inc., 0.750 million shares	15,000		2,500
Other equity investments	54,396		28,065
Total	\$ 527,176	\$	316,904

⁽i) On September 9, 2015, Mag Copper Limited consolidated its shares on a basis of five for one. The 1.7 million Mag Copper Limited shares held by Globex represents approximately 7% of the outstanding shares (December 31, 2015 - 11%).

7. Accounts receivable

	June 30, 2016	December 31, 2015
Trade receivables	\$ 213,641	\$ 199,080
Bad debt provision	(180,765)	(175,000)
Net trade receivables	32,876	24,080
Taxes receivable	27,064	53,648
	\$ 59,940	\$ 77,728

Net trade receivables of \$32,876 (December 31, 2015 - \$24,080) consist primarily of amounts recoverable under joint venture arrangements and royalties. These items are all current and the Corporation anticipates full recovery of these amounts.

The taxes receivable represent harmonized and Quebec sales tax ("GST", "HST", "QST") receivable from Canadian taxation authorities.

8. Reclamation bonds

	June 30,	December 31,
	2016	2015
Nova Scotia bond - Department of Natural Resources	\$ 57,974	\$ 57,974
Option reimbursement	(50,000)	(50,000)
Net Nova Scotia bond	7,974	7,974
Washington State bond - Department of Natural Resources	144,832	155,109
	\$ 152,806	\$ 163,083

The reclamation and environmental bonds were posted by the Corporation to secure clean-up expenses in the event of mine closure or property abandonment as required by regulations or laws in the various jurisdictions. The bonds are carried at amortized cost and represent management's estimate of their right to reimbursement. Changes in the carrying value of the rights are recognized in income or loss in the period in which these changes occur.

9. Investment in joint venture

Balance, January 1, 2016	\$ 50,074
Add:	
Globex`s 50% share of DAL`s net income for the six months ended June 30, 2016	-
Balance, June 30, 2016	\$ 50,074

The Corporation holds a 50% ownership interest in Duparquet Assets Limited "DAL", a separate legal entity which was established in connection with a mining option agreement related to the Duquesne West Gold Property.

In accordance with IFRS 11, Joint Arrangements Globex's investment has been recorded using the equity method.

	June 30, 2016	Dece	ember 31, 2015
Assets			
Mineral property and deferred exploration expenses	\$ 29,534	\$	29,534

¹⁾ On January 7, 2016, the Devil's Pike Gold Property located in New Brunswick was acquired from Rockport Mining Corporation by issuing 350,000 Globex shares at a deemed value of \$87,500 (issue price of \$0.25 per share) and a one percent (1%) Net Smelter Royalty (NSR) payable after the property has produced 600,000 ounces of gold.

On June 28 2016, Globex issued 280,000 common shares of the Corporation at a deemed issue price of \$0.40 per Share as partial consideration for the acquisition of 69 mining claims in Duverny, Township held by seven persons comprising the "Groupe Succession Beauchemin." The shares represented a deemed payment of \$112,000.

The remaining \$40,329 represents cash payments.

11. Mineral properties (continued)

At each period end, the Corporation considers the facts and circumstances which suggest that the carrying value of properties and exploration and evaluation assets may exceed the recoverable amounts. The impairment provisions represent a charge against properties on which claims have lapsed or will be dropped in the near future as well as a charge against deferred exploration expenses on properties on which there are no immediate substantive expenditures planned or budgeted. General exploration expenses not allocated to specific projects are expensed as incurred.

The impairment provisions have no impact on the Corporation's cash flow or the cash and cash equivalents. While impairment provisions have been made against these properties, management believes that a recovery will take place in the future representing a substantial portion, if not all of the costs. The exact recovery will be subject to a number of factors including the successful negotiation of option or sale arrangements.

12. Deferred exploration expenses

	New

Trade payable and accrued liabilities	\$ 227,033	\$	264,818
Nyrstar advance payment	72,917		78,127
Sundry liabilities	68,607		62,096
	\$ 368,557	\$	405,041

The Nyrstar advance payment of \$72,917 (December 31, 2015 - \$78,127) represents a provisional payment made in 2015 based on the estimated zinc final settlement price which subsequently declined resulting in an overpayment. The liability will be offset against future metal royalty payments from Nyrstar.

14. Other liabilities

	June 30,	De	cember 31,
	2016		2015
Balance, beginning of period	\$ 251,715	\$	239,131
Additions during the period	-		255,022
Reduction related to the incurrence of qualified exploration			
expenditures	(148,453)		(242,438)
Balance, end of period	\$ 103,262	\$	251,715

The Other Liabilities represent the excess of the proceeds received from flow-through shares over the fair value of the shares issued. The reduction reflects the qualified expenditures incurred in the period.

15. Income taxes

Income and mining tax expense

	\$ 67,981	\$ 94,787	\$ 130,097	\$ 176,039		

18. Income (Loss) per common share

Basic income (loss) per common share is calculated by dividing the net loss by the weighted average number of common shares outstanding during the period. Diluted loss per common share is calculated by dividing the net loss applicable to common shares by the weighted average number of common shares outstanding during the period, plus the effects of dilutive common share equivalents such as warrants and stock options.

Diluted net income (loss) per share is calculated using the treasury method, where the exercise of options is assumed to be at the beginning of the period and the proceeds from the exercise of options and the amount of compensation expense measured, but not yet recognized in income are assumed to be used to purchase common shares of the Corporation at the average market price during the period.

18. Income (Loss) per common share

Basic and diluted income (loss) per common share

The following table sets forth the computation of basic and diluted income (loss) per share:

	TI	nree r	months ended	Six months ended				
	June 30,		June 30,	June 30,			June 30,	
	2016		2015		2016		2015	
Numerator								
Income (loss) for the period	\$ 58,611	\$	(47,142)	\$	(72,058)	\$	139,773	
Denominator								
Weighted average number of common								
shares - basic	45,037,157		41,243,755		44,903,969		41,243,755	
Effect of dilutive shares								
Stock options ("in the money") (i)	892,373		-		-		263	
Weighted average number of common								
shares - diluted	 45,929,530		41,243,755		44,903,969		41,244,018	
Income (loss) per share								
Basic	\$ -	\$	-	\$	-	\$	-	
Diluted	\$ -	\$	-	\$	-	\$	-	

⁽i) Stock options have been included in the income per share calculation, but excluded from the loss per share as they are anti-dilutive.

19. Share capital

In accordance with the Certificate of Continuance, under the Canada Business Corporations Act, effective October 28, 2014, the Corporation was authorized to issue an unlimited number of common shares and an unlimited number of preferred shares, issuable in series.

Changes in capital stock

		June 30,		December 31,				
		2016						
	Number of		Number of

Balance, end of period	46,402,706	\$ 54,145,657	44,447,706	\$ 53,592,497				

2016 Issuances

(i) On June 14, 2016, 1,320,000 units were issued at a price of \$0.40 per unit, for gross proceeds of \$528,000. Each unit is comprised of one common share and one common share purchase warrant.

19. Share capital (continued)

(ii) On January 7, 2016, Globex acquired a 100% interest in the Devil's Pike Gold Property located in New Brunswick by issuing 350,000 Globex shares at a deemed price of \$0.25 per share for a deemed value of \$87,500.

On June 28 2016, Globex issued 280,000 common shares of the Corporation at a deemed issue price of \$0.40 per share as partial consideration for the acquisition of 69 mining claims in Duverny, Township held by seven persons comprising the "Groupe Succession Beauchemin." The shares represented a deemed payment of \$112,000.

Share Issuance costs

(iii) Net of taxes of \$14,010 (2015 -\$20,803).

2015 Issuances

Private Placement

(iv) On November 26, 2015, the Corporation issued 3,203,951 Flow-Through units under a private placement with 2,537,285 "flow-through" units being issued to subscribers in Québec at a price of \$0.35 per unit, for gross proceeds of \$888,050 and 666,666 "flow-through" units at a price of \$0.30 per unit, for gross proceeds of \$200,000. The gross proceeds from the private placement were \$1,088,050.

Each of the units is comprised of one "flow-through" common share and one-half of a common share purchase warrant. Each full warrant entitles the holder to acquire one additional common share of Globex at a price of \$0.50 until November 26, 2017. The fair market value of the shares was \$833,027 based on the TSX closing price of the shares on November 25, 2015. In addition, 1,601,975 share purchase warrants were issued with an ascribed value of \$66,569 (\$0.042 per warrant). The warrants are exercisable at a price of \$0.50 per share until November 26, 2017.

Escrow Shares

At June 30, 2016, 36,100 (December 31, 2015 - 36,100) common share are held in escrow. These shares were issued as consideration for a property, which has since been abandoned, thus the shares will remain in escrow.

Warrants

		June 30, 2016			Dec	cember 31, 2015	
	Number of warrants Fair value			Number of warrants	Fair value		
Balance, beginning of period	1,751,975	\$	76,298	1,125,000	\$	41,902	
Private placements							
June 14, 2016 ⁽ⁱⁱ⁾	1,320,000		137,833				
November 26, 2015 (iii)	-		-	1,601,975		66,569	
Expired							
May 5, 2015	-		-	(975,000)		(32,173)	
Balance, end of period	3,071,975	\$	214,131	1,751,975	\$	76,298	

⁽i) On August 27, 2014, 150,000 share purchase warrants were issued in connection with a property acquisition and remain outstanding. Each warrant entitles the holder to acquire one additional common share at an exercise price of \$0.45 per warrant for a period of twenty-four months. These warrants expire on August 27, 2016.

⁽ii) On June 14, 2016, 1,320,000 warrants were issued in connection with a private placement. Each warrant entitles the holder to acquire one additional common share of Globex at a price of \$0.55 for a period of 18 months. These warrants expire on December 14, 2017. The fair value of each warrant has been estimated at \$0.104 per warrant, which resulted in a fair value of \$137,833 for the 1,320,000 warrants.

19. Share capital (continued)

The warrants have been valued using the Black-Scholes Model with the following assumptions:

- Stock price \$0.42 per share
- Exercise price \$0.55 per share
- Expected life 18 months

- Annualized volatility 69.9%
- Annual rate of dividends Nil
- Interest rate 0.63%

The warrants have been valued using the Black-Scholes Model with the following assumptions:

- Stock price \$0.26 per share
- Exercise price \$0.50 per share
- Expected life 24 months

- Annualized volatility 62.9%
- Annual rate of dividends Nil
- Interest rate 0.54%

Stock options

Under the Corporation's stock option plan (the "Plan"), the Board of Directors may, from time to time, grant stock options to directors, officers, employees of and service providers to, the Corporation and its subsidiaries. Stock options granted under the Plan may have a term of up to ten years, as determined by the Board of Directors at the time of granting the stock options.

In April 2016, the Board of Directors amended the 2006 Stock Option Plan so as to increase the number of shares that can be issued thereunder from 2,500,000 to 4,500,000. The amendment to the Plan was approved by the shareholders on May 31, 2016. On June 20, 2016, the Toronto Stock Exchange approved the listing and reservation of an additional 2,000,000 common shares for issuance upon exercise of stock options granted.

The amendment resulted in 2,050,000 (December 31, 2015 – 50,000) additional options available for grant under all option plans in addition to the common share purchase options currently outstanding.

The following is a summary of option transactions under the Plan for the relevant periods:

		June 30,		De	cember 31,
		2016			2015
		 Weighted			Weighted
	Number	average	Number		average
	of options	exercise price	of options	ex	ercise price

0.54	2.18	110,000	110,000	0.50 - 0.54
\$ 0.25	3.05	3,012,500	3,012,500	

Share-based compensation and payments

The Corporation uses the fair value method for stock options granted to directors, officers, employees and non-employees. Accordingly, the fair value of the options at the date of grant is charged to operations, with an offsetting credit to contributed surplus, over vesting periods (which can vary from immediate vesting to 5 years).

During the three-month period ended June 30, 2016, the total expense related to share-based compensation costs and payments amounting to \$3,118 for the three-month ended June 30, 2016 (June 30, 2015 - \$6,549) and for the six-month period ended June 30, 2016, \$7,796 (June 30, 2015 - \$14,034) are presented separately in the Interim Condensed Consolidated Statements of Income (Loss) and Comprehensive Income (Loss).

Restricted Share Unit Plan

In 2012, the Corporation adopted a Restricted Share Unit Plan (the "RSU Plan") for the Corporation's executives and key employees which is designed to attract and retain qualified individuals, to serve as executives and key employees of the Corporation and its subsidiaries and to promote the alignment of interests of such executives and key employees, on the one hand, and the shareholders of the Corporation, on the other hand. A maximum of 600,000 common shares may be issued from treasury under the RSU Plan.

To date, no shares have been issued under the RSU Plan.

Shareholders' Rights Plan

On June 12, 2014, the Shareholders approved the adoption of a new Shareholder Rights Plan (the "Rights Plan"). The Rights Plan was adopted to: (i) provide shareholders and the Board of Directors with adequate time to consider and evaluate any take-over bid made for the outstanding shares of the Corporation; (ii) provide the Board of Directors with adequate time to identify, develop and negotiate value-enhancing alternatives to any such take-over bid; (iii) encourage the fair treatment of shareholders.

The Rights Plan will be in effect until the close of business on the date of the first annual meeting of the shareholders of the Corporation following the third anniversary of the date of the Rights Plan (June 12, 2014).

20. Related party information

Polotod vouturouskie (voesiuskie)	June 30,	December 31,
Related party payable (receivable)	2016	2015
Jack Stoch Geonconsultant Limited ("GJSL")	(6,717)	\$ (6,717)
Chibougamau Independent Mines Inc.	(6,845)	(30,408)
Duparquet Assets Limited	170,166	169,168
	\$ 156,604	\$ 132,043

Chibougamau Independent Mines Inc. (CIM)

CIM is considered a related party as Globex Management consisting of the President and CEO, Executive Vice-President and Chief Financial Officer hold the same positions with both entities. In addition, the President and CEO holds a large number of common shares of both organizations through GJSL, a private company which is the principal shareholder of CIM, and Globex and therefore can significantly influence the operations of both entities.

Management services

On December 29, 2012, Globex entered into a Management Services Agreement with CIM under which the Corporation agreed to provide management services including administrative, compliance, corporate secretarial, risk management support and advisory services to CIM.

Management services income of \$18,220 was earned for the three-month period ended June 30, 2016 (June 30, 2015 - Nil) and \$20,720 management services income was earned during the six month period ended June 30, 2016 (June 30, 2015 – Nil).

Management compensation

The total compensation for the respective periods paid to directors and key management personnel having authority and responsibility for planning, directing and controlling the activities of the Corporation (Management personnel includes President and CEO, Executive Vice-President, Vice-President Operations and Chief Financial Officer, Treasurer and Corporate Secretary) are as follows:

	Three months ended			Six months ende				
	June 30,		June 30, June 30,		30, June 30,		June 30,	
		2016		2015		2016	2015	
Management compensation

22. Financial instruments

Capital risk management

The Corporation manages its common shares, stock options and retained earnings (deficit) as capital. The Corporation's objectives when managing capital are to safeguard the Corporation's ability to continue as a going concern while it pursues its objective of enhancing projects, properties or the development of properties to the benefit of all stakeholders. As a Canadian exploration corporation, its principal sources of funds consist of; (a) Option income on properties; (b) Metal royalty income; (c) Investment income; (d) proceeds from the issuance of common and flow-through shares and (e) other working capital items.

The Corporation manages the capital structure and makes adjustments to it in light of operating results in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Corporation issues shares, enters into joint venture property arrangements or disposes of properties. The Corporation's overall strategy remains unchanged from 2015.

The Corporation's investment policy is to invest its cash in low risk highly liquid short-term interest-bearing instruments selected with a duration which is expected to align with the Corporation's planned expenditures.

In order to facilitate the management of its capital requirements, the Corporation prepares annual expenditure budgets that are updated as necessary. The annual and updated budgets are approved by the Board of Directors. For capital management purposes, the Corporation has developed two objectives which are as follows:

- Retain cash and cash equivalents, cash reserved for exploration expenditures and accounts receivable which are equal to or greater than the committed exploration expenditures,
- Retain equity investments and debt instruments with a combined fair market value which are greater than twelve months of projected operating and administrative expenditures.

The Corporation is not subject to any externally imposed capital requirements.

22. Financial instruments (continued)

The Corporation may need additional capital resources to complete or carry out its exploration and development plans beyond December 31, 2016. The Corporation is currently pursuing a number of options including option and sale of properties as well as other financing activities.

The fair values of the Corporation's cash and cash equivalents, cash reserved for exploration, accounts receivable, accounts payable and accrued charges approximate their carrying values due to their short-term nature. The equity investments have been adjusted to reflect the fair market value at the period end based on quoted market rates.

Financial risk management objectives

The Corporation's financial instruments are exposed to certain financial risks including credit risk, liquidity risk, equity market risk, currency risk and fair value measurements recognized in the statement of financial position.

(a) Credit risk

The Corporation had cash and cash equivalents as well as cash reserved for exploration which totalled \$1,043,107 as at June 30, 2016 (December 31, 2015 - \$1,276,930). These funds are subject to a combination of the \$100,000 maximum guarantee per individual institution as provided by the Canadian Deposit Insurance Corporation ("CDIC"): CDIC, a federal Crown Corporation as well as a guarantee of \$1,000,000 provided by the Canadian Investors Protection Fund ("CIPF").

The Corporation does not believe that it is subject to any significant concentration of credit risk. Cash and cash equivalents are in place with major Canadian financial institutions. The maximum exposure to credit risk was:

	Ju Notes			De	ecember 31, 2015
Cash and cash equivalents	4	\$	572,989	\$	199,817
Cash reserved for exploration	5		470,118		1,077,113
Investments	6		527,176		316,904
Accounts receivable	7		59,940		77,728
		\$	1,630,223	\$	1,671,562

(b) Liquidity risk

Liquidity risk represents the risk that the Corporation will not be able to meet its financial obligations as they fall due. The Corporation manages liquidity risk through its capital structure and by continuously monitoring actual and projected cash flows. The Corporation finances its exploration activities through flow-through shares, operating cash flows and the utilization of its liquidity reserves.

The Board of Directors reviews and approves the Corporation's operating and capital budgets, as well as any material transactions out of the ordinary course of business.

Contractual maturities of financial liabilities are all under one year.

22. Financial instruments (continued)

(c) Equity market risk

Equity market risk is defined as the potential adverse impact on the Corporation's earnings due to movements in individual equity prices or general movements in the level of the stock market. The Corporation closely monitors the general trends in the stock markets and individual equity movements, and determines the appropriate course of action to be taken by the Corporation.

The Corporation currently holds investments in a number of Optionee companies which are subject to fair value fluctuations arising from changes in the Canadian mining sector and equity markets and currently these amount to \$527,176 (December 31, 2015 - \$316,904). Based on the balance outstanding at June 30, 2016, a 10% increase or decrease would impact income and loss by \$52,717 (December 31, 2015 - \$31,690).

(d) Fair value measurements recognized in the statement of consolidated financial position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

						otal financial assets at fair
June 30, 2016	Level 1	Level 2		Level 3		value
Financial assets						
Cash and cash equivalents	\$ -	\$ 572,989	\$	-	\$	572,989
Cash reserved for exploration	-	470,118		-		470,118
Equity investments	509,896	17,280		-		527,176
Accounts receivable	-	-		59,940		59,940
Reclamation bonds	-	152,806		-		152,806
Total financial assets	\$ 509,896	\$ 1,213,193	\$	59,940	\$	1,783,029

There were no transfers between level 1 and level 2 during the period.

The level 2 equity investments have been measured using the quoted price of the shares on the market which has been determined to be non-active. For all other financial assets and liabilities, the fair value is equal to the carrying value.

22. Financial instruments (continued)

								otal financial assets at fair
December 31, 2015		Level 1		Level 2		Level 3		value
Financial assets								
Cash and cash equivalents	\$	-	\$	199,817	\$	-	\$	199,817
Cash reserved for exploration		-		1,077,113		-		1,077,113
Equity investments		265,065		51,839		-		316,904
Accounts receivable		-		-		77,728		77,728
Reclamation bonds		-		163,083		-		163,083
Total financial assets	\$	265,065	\$	1,491,852	\$	77,728	\$	1,834,645

There were no transfers between level 1 and level 2 during the year.

23. Commitments and contingencies

At the period-end, the Corporation had no outstanding commitments other than in the normal course of business other than its commitment to incur qualified exploration expenditures to meet its flow-through obligations as described in note 5. At this time, Management anticipates meeting that obligation and as a result, no additional disclosures are required.
