**GREEN CURES & BOTANICAL DISTRIBUTION INC.
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014**

NOTE 1 – DESCRIPTION OF BUSINESS

Green Cures & Botanical Distribution Inc. (the "Company") was incorporated in the State of Colorado on September 22, 1986 under the name Petramerica Oil, Inc. The Company operated as Petramerica Oil, Inc. until the Company completed a transaction with Triton Distribution Systems, Inc., a Nevada corporation, and changed its name to Triton Distribution Systems, Inc. The Company operated as Triton Distribution Systems, Inc. from August 17, 2006 through May 7, 2014 when the Company adopted its current name.

On February 25, 2014, the Company completed the sale of its entire business, including all assets to Privileged World Travel Club, Inc., a Delaware corporation, under a Material Definitive Agreement entered on February 1, 2014. Under the Material Definitive Agreement, Privileged World Travel Club, Inc., assumed all of the Company's outstanding debts and agreed to indemnify the Company from any and all claims related thereto for a purchase price consisting of 4,062,500 shares of common stock of Privileged World Travel Club, Inc.

On February 25, 2014, control of the Company was transferred from Gregory Lykiardopoulos to Green Cures, Inc., a California corporation, pursuant to a Stock Purchase Agreement entered on February 5, 2014. Green Cures, Inc. acquired 8,000,000 shares of the Company's \$.001 par value Common Stock; 1 share of the Company's Series A Preferred Stock; 1,000,000 shares of the Company's Series B Preferred Stock; 4,250,000 shares of the Company's Series C Preferred Stock; and 8,000,000 shares of the Company's Series F Preferred Stock.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The unaudited financial statements as of September 30, 2014, reflect all adjustments which, in the opinion of management, are necessary to fairly state the Company's financial position and the results of its operations for the periods presented in accordance with the accounting principles generally accepted in the United States of America ("US GAAP").

The information included in this report should be read in conjunction with information posted under the Company's name on www.otcmarkets.com.

The operating results for the periods presented are not necessarily indicative of financial results for the full year. Moreover, the results do not provide a meaningful comparison against prior periods. The financial statements have been prepared based upon the Material Definitive Agreement entered on February 1, 2014, and closed on February 25, 2014, wherein Privileged World Travel Club, Inc., a Delaware corporation, (1) purchased the Company's entire business, including all assets; (2) assumed all of the Company's outstanding debts; and (3) agreed to indemnify the Company from any and all claims related thereto for a purchase price consisting of 4,062,500 shares of common stock of Privileged World Travel Club, Inc. As such, the financial statements reflect no operations, zero assets and zero liabilities as of February 25, 2014. Investors are cautioned that even though the financial statements reflect no operations, zero assets and zero liabilities as of February 25, 2014, none of the Company's creditors agreed to the assumption of the Company's outstanding debts by Privileged World Travel Club, Inc. and that if Privileged World Travel Club, Inc. is unable to honor its obligations to satisfy the Company's outstanding debts, then those creditors may have a claim against the Company.

The Company is currently a development stage company under the as defined by Statement of Financial Accounting Standards ("SFAS") No.7 *Accounting and Reporting by Development Stage Enterprises*.

The accompanying financial information has been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP)

Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from these estimates.

Fair value of financial instruments

For certain of the Company's financial instruments, including cash and cash equivalents, accounts payable and accrued expenses, the carrying amounts approximate fair value due to their short maturities.

Cash and cash equivalents

For purposes of the statements of cash flows, the Company defines cash equivalents as all highly liquid debt instruments purchased with a maturity of three months or less.

Furniture and equipment

Furniture and equipment are stated at cost and are depreciated using the straight-line method over their estimated useful lives of 3-7 years.

Revenue recognition

The Company applies the guidance within SEC Staff Accounting Bulletin No. 104, Revenue Recognition in Financial Statements (SAB 104) to determine when to properly recognize revenue. SAB 104 states that revenue generally is realized or realizable and earned when persuasive evidence of an arrangement exists, services have been rendered, the seller's price to the buyer is fixed or determinable and collectability is reasonably assured.

The Company's reporting currency is the US dollar (USD).

Stock based compensation

The Company accounts for stock option grants in accordance with SFAS No. 123(R), *Share Based Payment*. The Company records the cost of employee and non-employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. That cost is recognized over the period during which an employee is required to provide service in exchange for the award the requisite service period (usually the vesting period). No compensation cost is recognized for equity instruments for which employees do not render the requisite service. The grant-date fair value of employee share options and similar instruments is estimated using a Black-Scholes option-pricing model. If an equity award is modified after the grant date, incremental compensation cost will be recognized in an amount equal to the excess of the fair value of the modified award, if any, over the fair value of the original award.

Income taxes

The Company accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes." Deferred taxes are provided on the liability method whereby deferred tax assets are recognized for deductible temporary differences, and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the

opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

On January 1, 2007, the Company adopted Financial Accounting Standards Board (FASB) Interpretation No. 48, *Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109* (FIN 48). The Interpretation gives guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and requires that we recognize in our financial statements the impact of a tax position, if that position is more likely than not to be sustained upon an examination, based on the technical merits of the position.

Loss per share

The Company reports loss per share in accordance with SFAS No. 128, *Earnings per Share*. Basic loss per share is computed by dividing the net loss by the weighted average number of common shares outstanding. Diluted loss per share is computed by dividing net income by the weighted average number of common shares used in the basic earnings per share calculation plus the number of common shares that would be issued assuming exercise or conversion of all potentially dilutive common shares outstanding. The Company excludes equity instruments from the calculation of diluted weighted average shares outstanding if the effect of including such instruments is anti-dilutive to earnings per share. For the periods presented, all equity instruments are considered anti-dilutive.

Development Stage Company

The Company is subject to risks and uncertainties, including new product development, actions of competitors, reliance on the knowledge and skills of its employees to be able to service customers, and availability of sufficient capital and a limited operating history. Accordingly, the Company presents its financial statements in accordance with the accounting principles generally accepted in the United States of America that apply in establishing new operating enterprises. As a development stage enterprise, the Company discloses the deficit accumulated during the development stage and the accumulated statement of operations and cash flows from inception of the development stage to the date on the current balance sheet. Contingencies exist with respect to this matter, the ultimate resolution of which cannot presently be determined.

NOTE 3 – GOING CONCERN

The Company has sustained operating losses of \$35,541,443 since inception. The Company's operating losses include the losses of the predecessor operations of the Company. As noted above, on February 25, 2014, the Company completed the sale of its entire business, including all assets and liabilities, to Privileged World Travel Club, Inc. ("PWTC"), a Delaware corporation, under a Material Definitive Agreement entered on February 1, 2014. Under the Material Definitive Agreement, PWTC assumed all of the Company's outstanding debts and agreed to indemnify the Company from any and all claims related thereto for a purchase price consisting of 4,062,500 shares of common stock of Privileged World Travel Club, Inc. The Company's continuation as a going concern is dependent on management's ability to develop profitable operations, and / or obtain additional financing from its stockholders and / or other third parties.

The accompanying unaudited financial statements have been prepared assuming that the Company will continue as a going concern; however, the above conditions raise substantial doubt about the Company's ability to do so. The unaudited financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

If management projections are not met, the Company may have to reduce its operating expenses and to seek additional funding through debt and/or equity offerings.

NOTE 9 – SUBSEQUENT EVENTS

On June 5, 2014, the Company and Dr. Gerry Bedore entered into an Advisory Committee Member Agreement. Effective October 7, 2014, the Advisory Committee Member Agreement between the Company and Dr. Bedore was terminated by both parties. The company has recorded a compensation of \$5000 paid to Dr. Bedore, for his future participation in educational/informational videos about some of the company's products currently on the market. The company plans on recording these educational/informational videos during the first the quarter of 2015.

On July 25, 2014, the Company agreed to issue/sell 1,000,000 shares of Common Stock to 1 entity designated by its legal counsel, Weed & Co L.C., to insure the availability of legal counsel and to increase legal counsel's proprietary interest in the success of the Company. The Company recorded a compensation expense of \$1,000 based upon the \$.001 par value of the Company's Common Stock (\$10,400 based upon the closing stock price of the Company's Common Stock on July 25, 2014 of \$0.0104 per share). This transaction was exempt from registration under the Securities Act of 1933, based upon Section 4(2) for transactions by the issuer not involving any public offering.

Subsequent to September 30, 2014, the Company terminated its engagement of the law firm Weed & Co L.C., and requested the return of the shares of restricted stock.

6) Describe the Issuer's Business, Products and Services

The Company is a development stage company that retails and wholesales nutritional, medicinal and body care products. The products offered by the Company are made in the United States of America. Currently, some of our products are being manufactured of imported materials from the European Continent and Canada. The Company is currently Web-based and focuses on online retailing and sales.

The Company seeks to become the leading botanical and cannabis industry innovator, by providing the highest quality botanical products, hempseed oils and cannabis flower topical medicinal, as permitted by law. With our current and upcoming line of products including Green Magic, Green Cures and Rico Suave, we plan to be able to operate in numerous industries, including Nutritional Supplement/Dietary, Health and Wellness, Functional Beverages, Hemp, and Online Marketing. At the same time, the company expects to be able to capitalize on the strong growth that many of these industries are experiencing across the country and around the globe.

The Company is currently retailing its products labeled Green Magic through its Ecommerce site allbotanical.com, other third party Ecommerce sites, and physical retail stores in the state of California, Florida and Maryland. The company is currently retailing its products labeled Green Cures through a second Ecommerce site, allcbd.com. The Company is also in the process of adding a new line of products labeled **Rico Suave**, which will operate in the functional beverage industry. The Company is currently outsourcing the manufacturing and packaging of its products to different suppliers based in the state of California, and Nevada. As of the date of this report, the Company was not dependent on one supplier or provider of essential raw materials.

Competition in the market is expected to be price and quality of products. We believe that offering higher quality products than the competitors with more accessible pricing; together with, the effectiveness of our distribution network, coupled with marketing and geographic expansion, the Company and its products may be able to establish presence, branding recognition, and consumer preference within 1 year in the industries where the Company is seeking to operate.

The Company holds exclusive rights to the marketing, distribution and sale of products labeled Green Magic, a registered trademark, and products labeled Green Cures, a registered trademark. Green Cures Inc. and David Osegueda, the Founder of Green Magic and Green Cures, granted to the Company a Royalty Free Agreement to exclusively market, sell and distribute the products labeled Green Magic and Green Cures, both nationally and internationally. A License or Royalty Fee Agreement with terms that are not detrimental to the company may be negotiated and enter into effect if or when the company is able to produce positive cash flow in its balance sheets. The Company has submitted an application for trademark to the USPTO with the intent to use Rico Suave. Also, internally, the company has been granted by Green Cures Inc., an open and pending application for trademark with the intent to use CBD Centers.

We believe that offering higher quality products than the competitors with more accessible pricing; together with, the effectiveness of our distribution network, coupled with marketing and geographic expansion are key factors that if we are able to formulate and apply them properly, the Company and its products will establish presence and branding recognition within 1 year in the following markets:

A) Nutritional Supplement/Dietary

According to The Council Responsible for Nutrition (CRN), and economic and market research reports conducted by leading sales and marketing firms, the Nutritional Supplement/Dietary industry in the United States is worth over \$31 Billion. Over 50% of all Americans use some form of dietary supplement, and it is estimated that approximately 40% of Americans use nutritional supplements. Green Cures management believes that the aging US population, together with an increase in consumer health concerns, signals continuing growth and opportunity in this market.

B) Health and Wellness

Research also shows that the Health and Wellness industry in the United States generates over \$153 Billion per year, which accounts for approximately one quarter of global health and wellness sales. The health and wellness market has continued growing at a rate of about 5% annually, and management believes that much of this continued growth can be attributed to the American consumers' interest on promoting healthy lifestyles and total body wellness.

C) Functional Beverage

According to market data and industry research, the functional beverage industry in the United States is worth an estimated \$8.6 Billion dollars, which represents a growth of approximately 300% since 2004. This industry is one of the fastest growing subsectors of the functional food industry, with an annual growth rate of almost 20%. According to statistical analysis conducted by industry leaders, the functional beverage industry is growing at a much faster rate than the general food or beverage market in the US.

D) Hemp

According to estimates published by the Hemp Industry Association, in the year 2013, American retailers sold approximately \$581 million of products containing hemp seeds and hemp fiber. Due to the similarity in leaf shape, hemp is frequently confused with marijuana. Although both plants are from the species cannabis, hemp contains virtually no THC (delta-9 tetrahydrocannabinol), the active ingredient in marijuana. In the United States and many countries around the world, the consumption and use of Hemp is legal. Products like Hemp Fiber, Hemp Protein, and Hemp Oils are used every day by the general public. As a food or supplement, Hemp is rich in protein, omega fatty acids and high in fiber.

Marketing and Distribution Methods of the Products

Effective July 12, 2014, Green Cures & Botanical Distribution Inc., entered into a marketing and distribution agreement for selected products labeled Green Magic for a minimum period of six months, with InHealth Media Inc. ("IHM"), and Nutritional Products International Inc. ("NPI").

NPI, a Florida corporation, is currently acting as a consultant and marketing service representative concerning sales of Green Magic products in the U.S. territory. IHM, a Florida corporation, is currently

providing public relations and marketing services to Green Magic products.

Additionally, The Company plans to promote its products through:

- A) Conventional Media Advertising.
- B) Online Marketing.
- C) Guerilla Marketing.

Our marketing strategy is to promote and enhance our brands in targeted geographic locations, including selected areas in the State of California, New York, Florida, and Washington. Our strategy has been designed to strengthen our brands, products and increase awareness of our brands within selected geographic locations.

The Company is not dependent on one or a few major customers.

The Company is continuously following both state and federal lawmaking with respect to statutes and regulations involved in the medical cannabis industry to ensure compliance with applicable laws. The Company does not manufacture or carry any type of products that do not meet federally acceptable guidelines that allow for the sale and distribution of these products.

The Company was formed in Colorado on September 22, 1986. The Company's primary SIC Code is 7380 Services-Miscellaneous. The Company's fiscal year ends on December 31.

7) Describe the Issuer's Facilities

The Company currently leases an estimated 2,000 square feet of office space on a month to month basis. The offices are located at 20201 Sherman Way, Suite 101, Winnetka, CA 91306. The monthly lease payments are \$1,500.00.
