NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited interim financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information, and with the rules and regulations of the United States Securities and Exchange Commission ("SEC") to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. The unaudited interim financial statements furnished reflect all adjustments (consisting of normal recurring accruals) which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. Interim results are not necessarily indicative of the results for the full year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the estimated useful lives of property and equipment. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – GOING CONCERN

As reflected in the unaudited financial statements, the Company has an accumulated deficit of \$1,060,652 as of August 31, 2020, has no current operations and has generated no income to date. These factors raise substantial doubt about its ability to continue as a going concern. The financial statements have been prepared assuming that the Company will continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 4 – CONVERTIBLE NOTES PAYABLE

On April 8, 2014, the Company entered into a definitive agreement with an unaffiliated accredited entity and executed a convertible promissory note relating to a loan in the amount of \$75,000 at 8% interest per annum due December 31, 2014. The note's principal and interest are convertible at any time for common stock at the price of \$0.027 per share. This note was extended to June 30, 2015. This note is in default.

On June 17, 2014, the Company entered into a definitive agreement with an unaffiliated accredited entity and executed a convertible promissory note relating to a loan in the amount of \$75,000 at 8% interest per annum. The Warrants are callable at the option of GreenPlex for \$0.001 per Warrant at any time after June 30, 2015 when the Common Stock trades at an average closing sales price of \$0.75 or more for a period of 20 consecutive trading days, subject to the common stock underlying the warrants being registered with the Securities and Exchange Commission. This note is in default.

The two notes' principal and interest are convertible at any time for common stock at the price of \$0.15 per share. The notes expired March 30, 2015 and have not been extended. This note is in default.

NOTE 5 – NOTE PAYABLE
