OTC Pink Basic Disclosure Guidelines

(Version 1.1 – April 25, 2013)

The following information specifies forward-looking statements of our management; this Issuer Information Statement contains certain “forward-looking statements” (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended). These statements reflect our current expectations regarding our possible future results of operations, performance, and achievements. These forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, regulation of the Securities and Exchange Commission, and common law.

Wherever possible, we have tried to identify these forward-looking statements by using words such as “anticipate,” “believe,” “estimate,” “expect,” “plan,” “intend,” and similar expressions. These statements reflect our current beliefs and are based on information currently available to us. Accordingly, these statements are subject to certain risks, uncertainties, and contingencies, which could cause our actual results, performance, or achievements to differ materially from those expressed in, or implied by, such statements. These risks, uncertainties and contingencies include, without limitation, the factors set forth under “Item VI Describe the Issuer’s Business, Products and Services.” We have no obligation to update or revise any such forward-looking statements that may be made to reflect events or circumstances after the date of this Issuer Information Disclosure.

In preparing condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheet and revenue and expenses in the statement of operations. Actual results could differ from those estimates. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim and year end periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Holiday Island Holdings, Inc.
Notes to the Financial Statements
September 30, 2017 and 2016

Note 1 Organization, Business Operations and Summary of Significant Accounting Policies Organization and Business Operations

Holiday Island Holdings, Inc. ("HIHI") is a Delaware corporation formed in 1997, as VillageEDOCS, Inc. ("VEDO").

Summary of Significant Accounting Policies

Basis of Presentation

The Company prepares its financial statements in conformity with generally accepted accounting principles in the United States of America. In the opinion of management, all adjustments consisting of normal recurring adjustments necessary for a fair statement of the financial position at September 30, 2017 and 2017, the result of operations and cash flows for the years then ended have been made.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that reflect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Instruments

The Company's balance sheets include the following financial instruments: cash, loans from shareholders, accounts payable, accrued expenses and note payable to stockholder. The carrying amounts of current assets and current liabilities approximate their fair value due to the relatively short period of time between the origination of these instruments and their expected realization. The carrying values of the note payable to stockholder approximates fair value based on borrowing rates currently available to the Company for instruments with similar terms and remaining maturities.

Fair Value Measurement

All financial and nonfinancial assets and liabilities were recognized or disclosed at fair value in the financial statements. This value was evaluated on a recurring basis (at least annually). Generally accepted accounting principles in the United States define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on a measurement date. The accounting principles also established a fair value hierarchy which required an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs were used to measure fair value.

Level 1: Quotes market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that were corroborated by market data.

Level 3: Unobservable inputs that were not corroborated by market data.

Cash and Cash Equivalents

The majority of cash is maintained with a major financial institution in the United States. Deposits with this bank may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed on demand and, therefore, bear minimal risk. The Company considers all highly liquid investments purchased with an original maturity of six months or less to be cash equivalents.

Property and equipment

Property and Equipment is stated at cost. Depreciation is computed by the straight-line method over estimated useful lives. The carrying amount of all long-lived assets is evaluated periodically to determine if adjustment to the depreciation and amortization period or the unamortized balance is warranted. Based upon its most recent analysis, the Company believes that no impairment of property and equipment exists at September 30, 2017 and 2016.

Investment in Property and Other Long-Lived Assets

Long-lived assets such as property, equipment and identifiable intangibles are reviewed for impairment whenever facts and circumstances indicate that the carrying value may not be recoverable. When required impairment losses on assets to be held and used are recognized based on the fair value of the asset. The fair value is determined based on estimates of future cash flows, market value of similar assets, if available, or independent appraisals, if required. If the carrying amount of the long-lived asset is not recoverable from its undiscounted cash flows, an impairment loss is recognized for the difference between the carrying amount and fair value of the asset. When fair values are not available, the Company estimates fair value using the expected future cash flows discounted at a rate commensurate with the risk associated with the recovery of the assets. The Company did not recognize any impairment losses for any periods presented.

Advertising

The costs of advertising are expensed as incurred. Advertising expenses were \$0 and \$0 for the periods ended September 30, 2017 and 2017, respectively. Advertising expenses are included in the Company's selling operating expenses.

Recently Issued Accounting Pronouncements

We have reviewed the FASB issued Accounting Standards Update ("ASU") accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

Note 2

Going Concern

The accompanying unaudited financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which assumes the realization of assets and satisfaction of liabilities in the normal course of business, for the Company to continue as a going concern.

The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

Note 3 Property and Equipment

Property and equipment, as of September 30, consist of:

	2017	2016
Property & Equipment	\$ 17,817	\$ 15,250
Less accumulated depreciation	2,723	
	<u>\$ 15,093</u>	<u>\$ 15,250</u>

Depreciation of property and equipment was \$2,179 and \$0 the periods ended September 30, 2017 and 2016, respectively.

Note 4 Real Estate Owned

The company owns no real estate at this time, but it is pursuing the acquisition of \$3,300,000 in commercial income producing real estate.

Note 5 Options

The Company recognizes all share-based payments to employees, including grants of employee stock options to be recognized as compensation expense in the financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

Note 6 Income Taxes

The Company accounts for income taxes using the liability method. As such, deferred tax assets and liabilities are recorded based on the differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose, referred to as temporary differences. Deferred tax assets and liabilities at the end of each period are determined using the currently enacted tax rates applied to taxable income in the periods in which the deferred tax assets and liabilities are expected to be settled or realized.

Note 7 Prior Period Adjustment and Convertible Note Program

The Company recorded a prior period adjustment for accrued officer wages and related interest for these liabilities in the total amount of \$910,854. The wage accrual started in May 2011 and continued through May 2013. The interest accruals started in May 2011 and continue through December 30, 2017. The adjustments consist of \$579,625 wages and \$218,675 in interest recorded as of December 30, 2013 and an additional \$112,554 in interest recorded as of December 30, 2015. The 2017 interest is included in the statement of operations for September 30, 2017.

The Company during early 2015 began a capital raising program through the reassignment of various existing notes to outside investors who then convert the loans to restricted shares. The money received by the original note holders on re-assignment is then lent back to company in exchange for new loans.

In addition, certain officers and shareholders returned 395,273,537 shares to the Company in 2015 that were then cancelled.

During the year 2017, the Company initiated and executed a non-affiliate aged convertible note sale program resulting in the issue of 18,500,000 of unrestricted shares to the note buyers, and reduction of debt principal and interest of \$ 104,575.

Note 8 Describe the Issuer's Business, Products and Services General

A) A description of the issuer's business operations;

As announced in the November 11, 2015 Shareholder Letter, VillageEDOCS, Inc, ("VEDO") Holiday Island Holdings, Inc. predecessor, entered into a Real Estate Purchase Option Agreement with Holiday Island Development Corporation (HIDC), giving the Company the option to acquire all or parts of HIDC's real estate holdings located at Holiday Island, Arkansas in a planned multi-transaction process, funded by conventional financing and the issuance of securities.

That Real Estate Purchase Option Agreement has expired, but the Company continues to have access to income producing commercial and residential properties located at Holiday Island, Arkansas.

Holiday Island is a 4,000 acre resort / planned community with approximately 3,000 residents, a full complement of natural and developed recreational facilities, located on 53,000 acre Table Rock Lake between two national forests in the Ozark Mountains of Northwest Arkansas.

The real estate to be acquired includes approximately 15 buildings in the Holiday Island Shopping Center - the newest and largest shopping center in the area currently producing around \$ 600,000 annual gross income - 30 + lots in the Bluffs - an exclusive residential community - 38 acres of parcels - strategically located for a variety of residential and commercial uses located on the Island proper - and over 1,200 of building sites - all complete with full infrastructure (central water & sewer, and roads -, all within the boundaries of Holiday Island.

Post-acquisition, our strategic plan is to become a player in the local commercial and residential real estate markets.

Growth and product demand is planned to be facilitated at an accelerated rate by Holiday Island's proximity to booming Northwest Arkansas Metropolis, headquarters for industry leaders Wal-Mart, Tyson's Food, J.B. Hunt Transportation, and the cultural/entertainment venues of nearby Crystal Bridges Art Museum, Eureka Springs, Branson, MO., and the University of Arkansas.

The existing Developer and the recently appointed new board of directors of Holiday Island Holdings, who have extensive developing, marketing and selling experience with planned communities, specifically including Holiday Island, are on board to develop and implement a comprehensive real estate-based strategic plan.

Pursuant to our near and long-term plans, we accomplished the following during the years 2016 and 2017:

During 2016 the following was accomplished:

1) initiated and completed our 2-week PR program with Uptick Newswire, 2) continued aged note conversions, continuing to clean up the Company's balance sheet, 3) went live with a new state-of-the-art website with the investor benefits, 4) accepted Gray Tilden's resignation as COO and Director, 5) discontinued relationships with Yorkshire Capital and Meyer Consulting for a better and permanent long term solution for market awareness, investor relations programs, and capital raises, 6) pursued a merger with the owner of a Texas-based commercial property, 6) called off the merger as due diligence and certain conflicts of interest revealed the merger would not be in the best interest of the Company, or its shareholders, 7) arranged a formal consulting agreement with Rosen Capital to lead the Company's capital restructure, provide investor relations service, assist with market awareness, provide interim operating funds, and assist with the Company's near and long term capital raises, and asset roll-up.

During 2016, Rosen Capital made five (5) short term loans in the form of convertible promissory notes to the Company for operating capital, totaling \$ 26,500 with 10 % interest rate.

As of this writing during 2017, the following has been completed:

1) effective 12.20.16, successfully completed a Capital Table Reorganization, reducing the issued and outstanding shares from 4,249,204,723 to 141,694 that enables real and meaningful shareholder value going forward, 2) decreased the Company's authorized common stock from 12 billion to 750 million, effective February 21, 2017, 3) to keep the Company moving forward with its business plan, it will continue its formal agreement with Rosen Capital, LLC providing short term working capital, and assisting to develop and execute its post-reorganization plans designed to make the Company more attractive to both current shareholders and new investors, and to meet its short and long term financial goals, 4) continues pursuit of certain income producing commercial and residential properties located at Holiday Island, Arkansas, as described in the paragraphs 5 and 6 above in this Section, 5) such acquisitions are planned to start in 4th quarter of 2017, continue into 2018 and beyond, 6) currently, the Company is pursuing the acquisition of the only operating restaurant in the Holiday Island Shopping Center for \$120,000 plus land of \$80,000 with an annual ROI of 13.3 %; and the only 2 Medical Clinics and Heliport in the shopping center and local area – a successful acquisition of these medical properties would give the Company a monopoly of the local medical services – and, a \$1.5 million asset currently generating net annual income of \$170,000 with an ROI of 8.1 %; and the top 3 performing buildings in the center of the shopping plaza for \$2.0 million an annual net income of \$170,000 with an ROI of \$190,000 with an ROI of 9.2 %; a funding arrangement has been made with an Atlanta-based private investment firm committed to initially raise \$ 3.3 million to acquire the commercial properties detailed in 6) above, starting with the \$200,000 Mexican Restaurant and land via a planned unregistered offering.

B) Date and State (or Jurisdiction) of Incorporation: VillageEDOCS was incorporated in the State of Delaware in 1997 and has been in business since 1994. The Company's name was changed to Holiday Island Holdings, Inc. as of February 17, 2017.

C) the issuer's primary and secondary SIC Codes: 6550 Real Estate Development

D) the issuer's fiscal year end date; December 30st

E) principal products or services, and their markets;

Description of business, Market Segment, and Industry

Recreational Land / Planned Community Development, Marketing, and Sale of Commercial and Residential Properties, all located at Holiday Island, Arkansas.

Key Competitors

There are no other key competitors in the area. We will be the Exclusive Developer of the entire community with distinct and perpetual rights, including planning and zoning.

Method of Producing Products and Services

Products will be produced with the acquisition and further development of the commercial and residential properties including, but not limited to:

1) Multi-acre Parcels - Fully developed infrastructure multi-acre wooded parcels strategically located for commercial and residential uses, including:

- > Restaurants
- > Hotel/Motel
- > Hospitality Facilities / Services
- > Entertainment Facilities
- > Single Family Homes
- > Condominiums
- > Timeshare Complex

2) Shopping Center - The "Park" Shopping Center is the newest and largest shopping center in the area. The Park has approximately 128,000 square feet of spaces under lease with a 95 % occupancy, over 50 retail, professional, services, and medical tenants supported by a customer base of about 30,000 consumers within a 20 mile radius. Currently, gross lease income is ~ \$ 671,000, net income of ~ \$ 561,000, and a net operating income of 84 %. Gross and net income have a high upside as rents have not been significantly increased since inception by design to establish a tenant and services base.

3) Building Sites - Holiday Island has the largest single selection of building sites (fully developed lots - water, sewer, roads) in the area. These building sites are classified as follows:

1. Bluff Lots - Upgraded home sites - Exclusive neighborhood across from Holiday Island's main entrance with stunning views of the Ozark Mountains. These are large flat lots with all underground utilities, curbed asphalt streets, privacy fence, sidewalks and street lights, and one entrance and exit.

2. Island Lots - Upgraded homes sites - Lots on the "Island" - a 450 acre tract carved around the southern tip of Table Rock Lake. These lots have beautiful views of the lake and surrounding Ozark Mountains.

3. Golf Lots - Upgraded home sites - These home sites offer incredible views of the 18-hole championship golf course and fronts onto fairways.

4. Vista View Lots - Upgraded home sites - These home sites offer inspiring vistas from mid-hill to hilltops.

5. Water View Lots - Upgraded home sites - many lots have distant lake views of Table Rock Lake or the nearby Leatherwood Lake.

6. Cabin Lots - Entry-level home sites - Cabin lots are available for all sizes and tastes, from small, quaint "get-away-from-it-all" cabins, to the cabin showplace of your dreams.

Marketing

We will employ a variety of industry standard marketing including, but not limited to: direct mail, email campaigns, social media programs, TV, radio, weekend conferences/get-a-ways, signage, and word-of-mouth.

Our initial target market is Northwest Arkansas Metro, with a half million of prospective qualified buyers now, estimated to grow to one million in the next five to ten years.

NW Arkansas is 30 miles from Holiday Island. Our growth and product demand will continue to be fueled by proximity to NWA. NWA growth and affluence is created and accelerated by the global corporate giants headquartered there, including Wal-Mart, Tyson Foods, J.B. Hunt Transportation, and the cultural / tourism of nearby Crystal Bridges Art Museum (Alice Walton – one of the top richest women in the world), Eureka Springs, AR, Branson, MO, and the University of Arkansas.

Holiday Island sits between two National Forests in the Ozarks Mountains on a 53000 acre federal lake, Table Rock Lake. We plan to make Holiday Island the playground for affluent NWA residents, promoting it as a perfect place for a 2nd home, weekend get-a-way, vacation destination, retirement home.

We will also target the 10,000 / day baby boomers looking to retire in the sunbelt, along with the 10 million visitors in our area annually. Our Marketing Stage will begin upon the Acquisition of the first property, and it will continue in single transactions as other properties (Commercial and Residential) are acquired. Acquired as a whole, we will control the development of the entire town, and dominate the local retail, commercial, and residential markets.

Intellectual Property

Our greatest intellectual property is our management team, with combined over 100 years of industry experience, including specific knowledge and experience at Holiday Island in all aspects of its operation, including development, marketing and selling, and the influence and relationship with the local government (Arkansas - Suburban Improvement District).
