CORESOURCE STRATEGES, INC.
(Formerly VIBE I, Inc.)
NOTES TO FINANCIAL STATEMENTS
Internally prepared by management
For the nine months ended September 30, 2015

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the presentation of the accompanying unaudited condensed consolidated financial statements follows:

General

The accompanying unaudited condensed consolidated financial statements of the Company, have been prepared in accordance with the rules and regulations (S-X) of the Securities and Exchange Commission (the "SEC"). Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

The Company will recognize revenue in accordance with Accounting Standards Codification subtopic 605-10, Revenue Recognition ("ASC 605-10") which requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments will be provided for in the same period the related sales will be recorded.

ASC 605-10 incorporates Accounting Standards Codification subtopic 605-25, Multiple-Element Arrangements ("ASC 605-25"). ASC 605-25 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. There was no effect on implementing ASC 605-25 on the Company's financial position and results of operations, since the Company has not started generating revenue.

Cash

The Company considers cash to consist of cash on hand and temporary investments having an original maturity of 90 days or less that are readily convertible into cash.

Property and Equipment

Property and equipment are stated at cost. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less

any amount realized from disposition, is reflected in earnings. All acquired property and equipment has yet to be placed in service, therefore no depreciation was recorded for the period from date of inception through the three months ended June 30, 2015.

Long-Lived Assets

The Company follows FASB ASC 360-10-15-3, "Impairment or Disposal of Long-lived Assets," which established a "primary asset" approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for a long-lived asset to be held and used. Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Income Taxes

The Company has adopted Accounting Standards Codification subtopic 740-10, Income Taxes ("ASC 740-10") which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes consist primarily of timing differences such as deferred officers' compensation and stock based compensation accounting.

Net Loss per Common Share, basic and diluted

The Company has adopted Accounting Standards Codification subtopic 260-10, Earnings Per Share ("ASC 260-10") specifying the computation, presentation and disclosure requirements of earnings per share information. Basic loss per share has been calculated based upon the weighted average number of common shares outstanding.

Stock based compensation

The Company follows Accounting Standards Codification subtopic 718-10, Compensation ("ASC 718-10") which requires that all share-based payments to both employees and non-employees be recognized in the income statement based on their fair values.

As of September 30, 2015, the Company did not have any issued or outstanding stock options.

Convertible Debt Instruments

If the conversion features of conventional debt instruments provides for a rate of conversion that is below market value at issuance, this feature is characterized as a beneficial conversion feature ("BCF"). A BCF is recorded by the Company as a debt discount pursuant to ASC Topic 470-20 "Debt with Conversion and Other Options." In those circumstances, the convertible debt is recorded net of the discount related to the BCF, and the Company amortizes the discount to operations over the life of the debt using the effective interest method. The Company was not required to record any BCF's on any of the convertible debt it issued during the years ended September 30, 2015 and 2014.

Concentrations of Credit Risk

Financial instruments and related items, which potentially subject the Company to concentrations of

credit risk, consist primarily of cash, cash equivalents and trade receivables. The Company places its cash and temporary cash investments with high credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit.

Research and Development

The Company accounts for research and development costs in accordance with Accounting Standards Codification subtopic 730-10, Research and Development (“ASC 730-10”). Under ASC 730-10, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and development costs are expensed when the contracted work has been performed or as milestone results have been achieved as defined under the applicable agreement. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred. The Company did not incur any research and development expenses from date of inception through September 30, 2015.

Reliance on Key Personnel and Consultants

The Company has 1 full-time employees and no part-time employees. Additionally, the Company has consultants performing various specialized services. The Company is heavily dependent on the continued active participation of these current executive officers, employees and key consultants. The loss of any of the senior management or key consultants could significantly and negatively impact the business until adequate replacements can be identified and put in place.

Fair Value

Accounting Standards Codification subtopic 825-10, Financial Instruments (“ASC 825-10”) requires disclosure of the fair value of certain financial instruments. The carrying amount reported in the consolidated balance sheet for accounts payable and accrued expenses, advances and notes payable approximates fair value because of the immediate or short-term maturity of these financial instruments.

Reclassification

Certain reclassifications have been made to prior periods' data to conform to the current period's presentation. These reclassifications had no effect on reported income or losses.

Recent Accounting Pronouncements

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company's financial reporting, the Company undertakes a study to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company's financials properly reflect the change.

NOTE 2 – GOING CONCERN MATTERS

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying unaudited condensed consolidated financial statements. In addition, the Company is in a development stage, has yet commercialized its planned business and has not generated any revenues since inception. These factors among others may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations

and or upon obtaining additional financing to carry out its planned business. Management is devoting substantially all of its efforts to the commercialization of its planned product and processes, as well as raising additional debt or equity financing in order to accelerate the development and commercialization of additional products. There can be no assurance that the Company's commercialization or financing efforts will result in profitable operations or the resolution of the Company's liquidity problems.

There can be no assurance that any additional financings will be available to the Company on satisfactory terms and conditions, if at all. In the event the Company is unable to continue as a going concern, it may elect or required to seek protection from its creditors by filing a voluntary petition in bankruptcy or many be subject to an involuntary petition in bankruptcy. To date, management has not considered this alternative, nor does management view it as a likely occurrence.

The accompanying unaudited condensed consolidated statements do not include any adjustments relating to the recoverability of assets and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 3 – NOTES PAYABLE – UNERELATED THIRD PARTY

On May 6, 2011, Lino Luciani a former officer and director, loaned the Company an aggregate of \$197,992 in funds to the Company. The loan is payable upon demand with interest at 8% per annum. At September 30, 2012 interest accrued to this loan was \$10,868. The note contains an option to limiting the number of conversion shares received and hold at any point in time to no more than 9.99% of the Company's common stock then outstanding. Pursuant to ASC Topic 470-20, "Debt with Conversion and Other Options," the accrued compensation was recorded net of a discount that includes the debt's beneficial conversion feature of \$212,809. Since the accrued compensation is immediately convertible into common stock, discounts arising from beneficial conversion features are directly charged to expense pursuant to ACS 470-20-35. The beneficial conversion features were calculated using trading prices ranging from \$0.0001 to \$0.0015 per share and an effective conversion price of \$0.0015 per share.

NOTE 4 – NOTES PAYABLE, RELATED PARTIES

As of September 30, 2015 there are no notes payable.

NOTE 5 – STOCKHOLDERS' EQUITY

Preferred Stock

The Company is authorized to issue 50,000,000 shares of preferred stock with a par value of \$0.001 per share. As of September 30, 2015, the Company had 0 shares of preferred stock issued and outstanding. The Board of Directors may fix and determine the relative rights and preferences of the shares of any series established.

Common stock

The Company is authorized to issue 4,000,000,000 shares of \$0.001 par value common stock as of September 30, 2015. As of September 30, 2015, there were 12,200,196 shares of the Company's common stock issued and outstanding.

NOTE 6 - STOCK OPTIONS

As of September 30, 2015, the Company has not granted any stock options.

NOTE 7 - RELATED PARTY TRANSACTIONS

As of September 30, 2015 there were no related party transactions.

NOTE 8 - LITIGATION

The Company is subject at times to other legal proceedings and claims, which arise in the ordinary course of its business. Although occasional adverse decisions or settlements may occur, the Company believes that the final disposition of such matters should not have a material adverse effect on its financial position, results of operations or liquidity. There was no outstanding litigation as of September 30, 2015.

NOTE 9 - PRINCIPAL NUMBERS

The numbers contained in this filing are exclusively the accounting numbers for Coresource Strategies, Inc., formally known as VIBE I, Inc., formally known as Vidable, Inc.

NOTE 10 – FORWARD LOOKING STATEMENTS

This Quarterly Report includes a number of forward-looking statements that reflect Management's current views with respect to future events and financial performance. You can identify these statements by forward-looking words such as “may,” “will,” “expect,” “anticipate,” “believe,” “estimate” and “continue,” or similar words. Those statements include statements regarding the intent, belief or current expectations of us and members of our management team as well as the assumptions on which such statements are based. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risk and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements.

Readers are urged to carefully review and consider the various disclosures made by us in this report and in our other reports filed with the Securities and Exchange Commission and OTC Markets. Important factors currently known to Management could cause actual results to differ materially from those in forward-looking statements. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes in the future operating results over time. We believe that our assumptions are based upon reasonable data derived from and known about our business and operations. No assurances are made that actual results of operations or the results of our future activities will not differ materially from our assumptions. Factors that could cause differences include, but are not limited to, expected market demand for our products, fluctuations in pricing for materials, and competition.

END OF NOTES TO FINANCIALS

ITEM 6. ISSUER'S BUSINESS, PRODUCTS, AND SERVICES

Business Operations

Coresource Strategies, Inc. is dedicated to meeting your produced water solutions. Our Resource Management System, "RMS" is engineered to remove residual oil and solids more efficiently and cost effectively than traditional methods. CoResource Strategies is applying a patented proprietary technology to treat produced oilfield waste-water into usable, fresh water. Our ground-breaking technology is a 2 part system designed to reduce and reuse our most precious resource, water. Micro-Encapsulating Flocculating Dispersion (MFD) and desalination allow us to optimize and maximize our natural resources. The company's focus is to deliver produced fresh water and subsequent by-products from its processes which will be suitable for commercial, industrial and agriculture sustainability, while reducing the strain on our natural resources. Our Resource Management Systems are manufactured using North American parts and technology. We have the solution for your company's wastewater management needs. Whether it be clean, fresh water for reuse and/or surface discharge or high quality "kill fluid" and hydraulic fracturing quality brine. Coresource Strategies can help turn oilfield waste into our most precious resource... water.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

The following discussion and analysis should be read in conjunction with our financial statements and related notes included in this report. This report contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The statements contained in this report that are not historic in nature, particularly those that utilize terminology such as "may," "will," "should," "expects," "anticipates," "estimates," "believes," or "plans" or comparable terminology are forward-looking statements based on current expectations and assumptions. Various risks and uncertainties could cause actual results to differ materially from those expressed in forward-looking statements.

All forward-looking statements in this document are based on information currently available to us as of the date of this report, and we assume no obligation to update any forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements.

Change of Control and Change in Management

On September 15, 2015, the Company closed a business combination with Coresource Strategies, Inc. Pursuant to the agreement, the Company was to complete a 2000 to 1 stock reverse. In addition, the Company was to issue from its capital stock 12,000,000 shares of restricted common shares. This was done so on September 15, 2015.

On August 10, 2015, in connection with the stock purchase agreement described above, Mr. Mike Cribbin resigned as our President, Chief Financial Officer, and Secretary. The board of directors appointed Mr. Chris Tesarski as a director to fill a vacancy on the board of directors. The board of directors then appointed Mr. Tesarski as our President, Chief Financial Officer, and Secretary concurrent with the closing of the business combination agreement. Mr. Cribbin's resignation as a director was not based on any disagreement with us on any matter relating to our operations, policies or practices.

Date and State of Incorporation

We were incorporated in November 1998 in the state of Nevada as USA Telcom and subsequently changed our name in 2000 to USA Telcom Internationale. In 2004, we changed our name to ZannWell, Inc. and, in 2005, we changed our name to The Blackhawk Fund and in 2011 we changed our name to Vidable, Inc. In 2015, we changed the name to VIBE I, Inc and on October 26, 2015, changed the name to Coresource Strategies, Inc.

Primary and Secondary SIC Codes

Primary SIC Code: 8900

Issuers Fiscal Year End Date

The Issuer's fiscal year end is December 31.
