RESULTS OF OPERATIONS FOR THE YEAR ENDED JULY 31, 2015 and 2014

Revenue, Cost of Goods Sold, and Gross Profit

Our revenue, cost of goods sold, and gross profit for the period ended July 31, 2015 & 2014 were as follows:

	<u>2015</u>	<u>2014</u>
Revenue	\$ 78,833	\$ 109,814
Cost of Goods Sold	25,287	31,968
<i>Gross Profit</i>	<u>53,546</u>	<u>77,846</u>

Our revenue of \$78,833 for the period ended July. 31, 2015 has decreased over the same period in 2014. This is due to a shifted focus in our subsidiary divisions which is poised to lead the Company to higher sales through Consumer Direct Marketing as we increased efforts toward completion of the InkWay USA online platform. We expect our revenues to increase as we sell more products and continue with our sales plan to make our product available to a wider audience through infomercials, direct selling on television, our new direct marketing division, as well as continued catalogs orders.

In the period ended July 31, 2015, our cost of goods sold represented 32.07% of total revenue compared to the period ended July 31, 2014, in which the cost of goods sold represented 29.1% of our total revenue. Normally, we expect our cost of goods sold to increase while maintaining or reducing the proportion in which the cost of goods sold represents of the revenue.
