### **Management's Discussion and Analysis of Plan of Operation**

### **Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion and analysis should be read in conjunction with the financial statements and notes thereto included in this report. The statements contained in this report that are not purely historical are forward-looking statements which would include, but not be limited to, statements regarding our expectations, hopes, intentions or strategies regarding the future. Forward-looking statements include statements regarding: future product or product development; future research and development spending on our product development strategies, and are generally identifiable by the use of the words "may", "should", "expect", "anticipate", "estimates", "believe", "intend", or "project" or the negative thereof or other variations thereon or comparable terminology. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements (or industry results, performance or achievements) expressed or implied by these forward-looking statements to be materially different from those predicted. The factors that could affect our actual results include, but are not limited to, the following: general economic and business conditions, both nationally and in the regions in which we operate; competition; changes in business strategy or development plans; our inability to retain key employees; our inability to obtain sufficient financing to continue to expand operations; and changes in demand for products by our customers.

#### **Plan of Operation:**

Itonis, Inc. was originally incorporated in 2005 under the name of Kenshou, Inc. Later that year in December of 2005, the company changed its name to Itonis, Inc.

The Company had focused its acquisition and business development efforts in the homeopathic pharmaceuticals industry. The Company has also pursued a technological project revolving around the licensing of an e-check mobile app from MyECheck, Inc.

In the Summer of 2012, Itonis announced its formation of an Itonis Pharmaceuticals division headed by Dr. Charles Hensley, Ph.D., who had created the Zicam® cold remedy. Dr. Hensley and his team developed an anti-nausea remedy called Emesyl™. Guided by Dr. Hensley, the pharmaceutical division ordered the manufacture of Emesyl™ with Oasis Health Products as the manufacturer laboratory, and appointed Hensley Bros. Distribution as the distribution arm for Emesyl™. For a period, Hensley Bros. Distribution offered Emesyl™ for sale at [www.Amazon.com](http://www.Amazon.com).

In November 2014, Oasis Health Products was reportedly acquired by Migranade, Inc., which was founded by Dr. Hensley. Neither Oasis Health Products nor Migranade has filled the complete Emesyl™ order that Itonis had pre-paid to Oasis Health Products. Moreover, Hensley Bros. Distribution had not maintained the availability of Emesyl™ at [www.Amazon.com](http://www.Amazon.com), with the result that Itonis had directed that Hensley Bros. Distribution cease its offering of Emesyl™ at [www.Amazon.com](http://www.Amazon.com) until further notice.

Itonis has been examining its legal rights and positions with regards to its relationships with Oasis Health Products and Hensley Bros. Distribution, as well as with Dr. Hensley. The Company expects to overcome Oasis Health Products' failure to deliver on the pre-paid order.

Meanwhile, Itonis has been evaluating other laboratories to produce an Emesyl™ inventory. Also, Itonis has created a 30-second TV commercial which has now been placed on hold awaiting the manufacture of the new Emesyl™ supply.

Itonis is also awaiting MyECheck, Inc.'s mobile app to facilitate point of purchase transactions in the medical marijuana, gambling and general retail sectors. Itonis' licensing rights are merely pending MyECheck's finalization and delivery of the app.

## **Management's Discussion and Analysis of Financial Condition and Results of Operations**

The Company is presently focused on replacing its manufacturer for its Emesyl™ homeopathic anti-nausea product. The production of its Emesyl™ inventory will enable the Company to air its TV commercial to market Emesyl™ for retail sale.

The Company is also positioning itself to receive the final mobile app from MyECheck, Inc. The companies have been in communications to coordinate the delivery of the mobile app to Itonis, Inc.

### **Results of Operations:**

Itonis is a development stage company. The operating expenses occurred during the quarter ended August 31, 2015 and 2014 were \$26,927 and \$9,128 respectively.

In August 2012, the Company launched a new Itonis Pharmaceuticals division headed by Dr. Charles Hensley, Ph.D. to produce and market over the counter and prescription homeopathic preparations to treat both common ailments and chronic diseases. The Company placed a pre-paid order with Oasis Health Products to manufacture the initial inventory. Also, the Company had launched the retail sale of the Emesyl™ nausea relief product via Hensley Bros. Distribution, beginning with availability at [www.Amazon.com](http://www.Amazon.com). Since then, the Company has temporarily stopped using Hensley Bros. Distribution's services for reasons described below.

In November 2014, the Company's manufacture for Emesyl™ (Oasis Health Products) was reportedly acquired by Migranade, Inc., which was founded by Dr. Hensley. Neither Oasis Health Products nor Migranade has filled the complete Emesyl™ order that Itonis had pre-paid to Oasis Health Products. Moreover, Hensley Bros. Distribution had not maintained the availability of Emesyl™ at [www.Amazon.com](http://www.Amazon.com), with the result that Itonis had directed that Hensley Bros. Distribution cease its offering of Emesyl™ at [www.Amazon.com](http://www.Amazon.com) until further notice.

Itonis has been examining its legal rights and positions with regards to its relationships with Oasis Health Products and Hensley Bros. Distribution, as well as with Dr. Hensley. The Company expects to overcome Oasis Health Products' failure to deliver on the pre-paid order.

Meanwhile, Itonis has been evaluating other laboratories to produce an Emesyl™ inventory. Also, Itonis has created a 30-second TV commercial which has now been placed on hold awaiting the manufacture of the new Emesyl™ supply.

Previously in March 2014, the Company signed a licensing agreement with MyECheck, Inc. for the Company to implement a mobile app for point-of-purchase sales transactions in the medical marijuana, gambling, and general retail sectors. The Company is awaiting the final delivery of the app from MyECheck, Inc.

### **Off-Balance Sheet Arrangements**

*There are no off balance sheet arrangements.*

### **Legal Proceedings**

First Capital filed a claim against Itonis in Miami Dade County, Florida on January 12, 2012 for breach of contract relating to an agreement entered into for shareholder relations. Itonis was not served and therefore did not respond. A default judgment was

entered into against Itonis on March 6, 2012. Nothing has happened as of August 31, 2013. Itonis has been reviewing its options in this matter.

**Item 6            Issuer's Business, Products and Services**

**E.        principal products or services, and their markets;**

In August 2012, the Company launched a new Itonis Pharmaceuticals division headed by Dr. Charles Hensley, Ph.D. to produce and market over the counter and prescription homeopathic preparations to treat both common ailments and chronic diseases. The Company had launched the retails sale of the Emesyl™ nausea relief product, but currently the Company is repositioning itself with a new manufacturer as described above. The Company has identified the market for its Emesyl™ product line as the general public who suffers from nausea, and has produced a TV commercial that it plans to air in coordination with the manufacture of its new inventory.

In March 2014, the Company signed a licensing agreement with MyECheck, Inc. for the Company to implement a mobile app for point-of-purchase sales transactions in the medical marijuana, gambling, and general retail sectors. The Company is awaiting the final delivery of the app from MyECheck, Inc.

**Item 7            Issuer's Facilities**

**NOTE 1. DESCRIPTION OF BUSINESS AND ACCOUNTING POLICIES**

Description of Business - Itonis, Inc. (the "Company" or "Itonis") was incorporated on July 5, 2005 as Kenshou Inc. under the laws of the State of Nevada. On December 2, 2005, the Company changed its name to Itonis Inc.

The Company operates as a holding company and has embarked upon an aggressive plan to acquire high growth entrepreneurial companies that have established or are expected to establish themselves as leaders and successful enterprises in various market niches.

In 2013, the Company relocated its headquarters to an expanded facility within Orange County, California, in conjunction with its development of its pharmaceutical operations.

Use of Estimates and Assumptions - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation - These financial statements present the balance sheets and the related statements of operations, cash flows and stockholders' deficit of Itonis, Inc.

Fiscal Periods - The Company's fiscal year-end is November 30.

Cash and Cash Equivalents - For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents. The carrying value of these investments approximates fair value.

Inventory- The Company has capitalized \$18,000 in product costs related to Emesyl™.

Capitalized License Fees- The Company obtained a license for a mobile payment transfer application from MyECheck, Inc. The \$324,000 cost of the license has been capitalized pending commencement of sales.

Accounts Payable-Related parties- Amounts have been advanced by related parties to fund the operations of the Company. The advances are non-interest bearing, unsecured, and due on demand.

Derivative liabilities – The Company is contractually obligated to issue 1,200,000 more shares than it currently has issued. The values of these shares were originally recorded at their fair market value to determine the cost basis of the underlying transaction. The share liabilities are revalued at the end of each reporting period and the liabilities are adjusted to reflect current market value. The change in fair value is reflected separately in the Company’s Statements of Operations. As of August 31, 2015, the fair value of the obligated shares was \$3,480.

Income Taxes - The Company accounts for its income taxes in accordance with FASB Codification Topic ASC 740-10, “*Income Taxes*”, which requires recognition of deferred tax assets and liabilities for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Earnings (loss) Per Share - The Company reports earnings (loss) per share in accordance with FASB Codification Topic ASC 260-10 “*Earnings Per Share*”, Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted earnings (loss) per share has not been presented since the effect of the assumed exercise of options and warrants to purchase common shares (common stock equivalents) would have an anti-dilutive effect.

Fair Value of Financial Instruments - Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, requires disclosing fair value to the extent practicable for financial instruments that are recognized or unrecognized in the balance sheet. Fair value of financial instruments is the amount at which the instruments could be exchanged in a current transaction between willing parties. The Company considers the carrying amounts of cash, certificates of deposit, accounts receivable, accounts payable, notes payable, related party and other payables, customer deposits, and short term loans to

approximate their fair values because of the short period of time between the origination of such instruments and their expected realization. The Company considers the carrying amount of notes payable to approximate their fair values based on the interest rates of the instruments and the current market rate of interest.

**Recent Accounting Pronouncements-**

The Company has evaluated recent pronouncements through Accounting Standards Updates “ASU” 2015-09 and believes that none of them will have a material impact on the Company’s financial position, results of operations or cash flows. The Company adopted 2014-10 “Development State Enterprises” and eliminated all inception to date reporting.

**NOTE 2. GOING CONCERN**

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As of November 30 2014 the Company has incurred cumulative net losses of over \$14,500,000. Under current operations the Company requires capital for its operational and marketing activities to take place. The Company’s ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company’s contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. The ability to successfully resolve these factors raise substantial doubt about the Company’s ability to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts of and classification of liabilities that might be necessary in the event the company cannot continue in existence.

**NOTE 3. RELATED PARTY TRANSACTIONS**

Management of the Company has made non-interest bearing, unsecured, due on demand cash advances to the Company and has accrued amounts due an officer for services totaling \$ 633,634 as of August 31, 2015. The Company issued 145,000,000 common shares to officers under a 2012 share compensation agreement with a value of \$942,441, which is earned over periods that range from 12-24 months. The final \$45,875 of deferred compensation was expensed during 2014. Also during 2014, officers returned 99,222,230 of these shares with a value of \$382,786 to the Treasury. The Company also has accrued \$130,000 due an officer for services and issued another related party 50,000,000 shares with a value of 395,000 for services.

**NOTE 4. LOANS PAYABLE**

Through May 30, 2015, the Company had received \$552,537 in short-term loans from related parties. These loans are due on demand and are interest free. During the prior six months, the Company received an additional \$81,097 in loans from related parties.

**NOTE 5. STOCKHOLDERS’ DEFICIT**

**Preferred Stock:**

On June 4, 2012, the Board of Directors of the Company approved the designation of Series A preferred shares which provides voting rights equal to the greater of (i) One Thousand (1,000) votes for each share of Series A Preferred Stock or (ii) the number of votes equal to the number of all outstanding shares of Common Stock, plus one additional vote such that the holders of Series A Preferred Stock shall always constitute a majority of the voting rights of the Corporation. The authorization of said series is 5,000,000 shares.

500,000 shares of Preferred Shares were issued to related parties June 5, 2015.

**Common Stock:**

On May 25, 2012, shareholders of record holding over 50% of the issued and outstanding shares of the Company approved the increase in authorized shares from 300,000,000 to 1,000,000,000 shares. There were 997,955,289 shares of common stock outstanding as of August 31, 2015.

**Share Transactions:**

**Common Stock**

- One of the principals of Paramount Discoveries Inc. returned 28,000,000 share of common stock for failure to meet certain development milestones.
- The Company issued 80,000,000 shares with a value of \$176,000 for consulting services.
- Executives of the Company returned another 19,222,230 shares of stock with a value of 151,586.
- The Company issued 50,000,000 shares of stock to a related party for services with a value of \$395,000.

**2015:**

- The Company issued 18,800,000 shares of stock for services with a value of \$109,040.
- The Company issued 18,000,000 shares of stock for services with a value of \$142,200.

**NOTE 6. INCOME TAXES**

The provision for income taxes consists of approximately \$800 in State taxes for each of the years ended November 30, 2014 and 2013, respectively.

Deferred tax assets are comprised of the benefits of loss carry forwards for the years ended the November 30, 2014 and 2013 of approximately \$120,000 and \$107,000, respectively. Losses prior to December 1, 2009 were incurred in different industries and in foreign jurisdictions and their use would be limited to offset federal and state income taxes. These losses would also be limited by the change of control provisions in Section 382 and 383 of the Internal Revenue Code.

Management has concluded that the use of these loss carry forwards would be severely restricted and the effect of these losses is not included in this report.

Deferred taxes arise from temporary differences in the recognition of certain expenses for tax and financial reporting purposes. As of November 30, 2014, the company had significant timing differences for tax reporting purposes for the non-cash recognition of liabilities due for committed shares in excess of authorized shares, shares issued for services, and shares issued for compensation. The expenses related to these liabilities are treated as permanent differences between financial and tax reporting.

**(unaudited)**

At November 30, 2014 and 2013, management determined that realization of these loss carry forward benefits is not assured and has provided a valuation allowance for the entire amount of such benefits,

ASC 740 clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold, measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. Under ASC 740, we are required to recognize in the financial statements the impact of a tax position, if that position is more likely than not of being sustained on audit, based on the technical merits of the position. ASC 740 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods and disclosure. Our policy is to record interest and penalties related to unrecognized tax benefits in income tax expense. There were no unrecognized tax benefits recorded as of November 30, 2014 and 2013.

**NOTE 7. PARAMOUNT DISCOVERIES, INC.**

During 2014, the Company determined that Paramount Discoveries, Inc. was not meeting its development milestones and decided to stop funding the development of Paramount’s technologies. As part of this decision, one of the principals of the Paramount returned 28,000,000 shares of common stock that had been issued when the Company acquired the technologies. The Company concurrently wrote off \$640,000 that it had capitalized when Paramount was acquired. The company also abandoned \$30,000 in inventory costs related to Paramount.
