RESULTS OF OPERATIONS FOR THE PERIOD ENDED JANUARY 31, 2014 AND 2013

Revenue, Cost of Goods Sold, and Gross Profit

Our revenue, cost of goods sold, and gross profit for the period ended January 31, 2014 & 2013 were as follows:

	<u>January 31, 2014</u>	<u>January 31, 2013</u>
Revenue	\$ 57,132	\$ 338,374
Cost of Goods Sold	15,211	81,002
Gross Profit	41,921	257,372

Our revenue of \$57,132 for the period ended January 31, 2014 has decreased over the same period in 2013. This is due to a shifted focus in our subsidiary divisions which is poised to lead the Company to higher sales through Consumer Direct Marketing as we increased efforts toward completion of the InkWay USA online platform. We expect our revenues to increase as we sell more products and continue with our sales plan to make our product available to a wider audience through infomercials, direct selling on television, our new direct marketing division, as well as continued catalogs orders. In addition to our revenues decreasing compared to previous period, our cost of goods sold was \$15,211 for the period ended January 31, 2014, compared to \$81,002 for the period ended January 31, 2013.

In the period ended January 31, 2014, our cost of goods sold represented 26.6243% of total revenue compared to the period ended January 31, 2013, in which the cost of goods sold represented 23.9386% of our total revenue. Normally, we expect our cost of goods sold to increase as our revenues increase and we wish to continue to decrease the same ratio as we become more efficient with the greater number of products we sell.

Expenses and Net Profit (Loss)

Our expenses and net profit (loss) for the period ended January 31, 2014 and 2013 were as follows:

	<u>January 31, 2014</u>	<u>January 31, 2013</u>
Total Expense	\$ 111,183	\$ 267,205
Net Profit (Loss)	(69,262)	(9,833)

Our total expenses of \$111,183 for the period ended January 31, 2014 are outlined below and were less than our total expenses of \$267,205 for the same period one year ago. The significant decrease in our total expenses primarily related to increased Computer & Internet expenses for period ended January 31, 2013 paid a total of \$1,277 compared to period ended January 31, 2013 of \$28,788, Commissions for period ended January 31, 2014 paid a total of \$6,050 compared to period ended January 31, 2013 of \$58,006, Bank Charges for the period

ended January 31, 2014 were \$1,773, compared to \$16,396 for January 31, 2013—for a total difference of \$14,623 due primarily to less percentage based Merchant Services costs.

Our Primary Expenses for January 31, 2014 consisted of the Following:

	<u>January 31, 2014</u>	<u>January 31, 2013</u>
Website Development	\$ 21,304	\$ 10,000
Rent	9,867	20,468
Payroll	7,260	9,865
Commissions	6,050	58,006
Travel & Entertainment	5,455	13,873

Liquidity and Capital Resources

Our cash, total current assets, total assets, total current liabilities and total liabilities as of January 31, 2014 and 2013 were as follows:

	<u>January 31, 2014</u>	<u>January 31, 2013</u>
Cash	\$ 12,220	\$ 32,577
Inventory	506,374	437,583
Total Current Assets	523,807	516,169
Total Assets	520,257	587,386
Total Current Liabilities	1,053,887	1,070,251
Total Liabilities	1,559,387	1,508,251

Our total current assets increased by \$523,807 when compared to the current assets as of January 31, 2013 over January 31, 2014. Primarily due to an increase in our inventory in the amount of \$68,791 and a decrease in Accounts Receivable of \$40,796 compared to the same period in 2013 due primarily an increase in collection efforts.

Our total Current Liabilities were similar as of January 31, 2014 compared to January 31, 2013, this primarily relates to a decrease in Shareholder Loans in the amount of \$22,303. Additionally Accounts Payable increased by \$9,630 when compared to the same period one year prior.
