4. Issuance History

The Company has 4,000,000 shares of \$0.00001 par value common stock authorized.

On November 17, 2009, the Company issued 1 share of common stock for total proceeds of \$2. As of December 31, 2009 the proceeds had not been collected. The funds for the stock were deposited into the company bank account on March 4, 2010.

In a share exchange transaction that closed on May 3, 2010, Wishart acquired all the issued and outstanding shares of Vendum Batteries Limited through the issuance of 8,500,023 shares of Wishart. The Company treated the purchase of Vendum Batteries Limited as a reverse acquisition pursuant to the guidance in Appendix B of SEC Accounting Disclosure Rules and Practices Official Text. Accordingly, these transactions are recorded as capital transactions in substance rather than business combinations.

Therefore, the transaction is equivalent to the issuance of stock by the private company for the net monetary assets of Wishart, accompanied by a recapitalization. Accordingly, the reverse acquisition has been accounted for as a recapitalization.

For accounting purposes, Vendum is considered the acquirer in the reverse acquisition. The historical financial statements are those of Vendum consolidated with the parent, Wishart Enterprises, Inc. Earnings per share for periods prior to the merger are restated to reflect the number of equivalent shares received by the acquiring company.

On May 3, 2010, the Company agreed to convert a note payable of \$490,000 into 232,749,907 shares of common stock.

Also on May 3, 2010, the Company converted two convertible notes payable totaling \$75,000 into 33,750,013 shares of common stock.

On November 1, 2010, the Company issued 500,000 common shares of stock for \$70,000 cash.

On May 24, 2010, the Company completed an approximately 3:1 forward stock split.

On November 29, 2010, the Company completed a 5:1 forward stock split and increased its authorized share capital to 750,000,000 shares of common stock.

All share information presented in these financial statements and accompanying footnotes have been retroactively adjusted to reflect the increased number of shares resulting from these actions.

There were 500,499,965 and 500,499,965 shares of common stock issued and outstanding as of September 30, 2011 and December 31, 2010, respectively.

The Company entered into an Investment Agreement with Centurion Private Equity, LLC ("Centurion") on June 3, 2011. Pursuant to the Investment Agreement, Centurion committed to purchase up to \$5,000,000 of our common stock, over a period of time terminating upon 36 months from the date of the Investment Agreement, subject to an effective registration statement covering the resale of the common stock and subject to certain conditions and limitations set forth in the Investment Agreement, including limitations based upon the trading volume of the Company's common stock. The maximum aggregate number of shares issuable by us and purchasable by Centurion under the Investment Agreement is that number of shares of common stock having an aggregate purchase price of \$5,000,000.

During 2012 the company converted debt of \$288,973 into 797,742,625 of common stock.

During 2013 the company converted debt of \$200,760 into 2,433,892,333 of common stock

## 6. Describe the issuer's Business, Products and Services

### Company Overview

We were incorporated under the name Wishart Enterprises Limited in December 2006. On May 3, 2010, we entered into a share exchange (the "Share Exchange") with Vendum Batteries Limited ("VDL") whereby we acquired all of the issued and outstanding common stock of VDL and it became our wholly owned subsidiary. We changed our name to Vendum Batteries Inc. and our line of business from the health related business to working on the development of a new, environmentally friendly, cellulose-based power source. In connection with the Share Exchange we engaged in a 5 for 1 forward-split of our common stock. Do you own a hotel? A restaurant? A spa? A banquet or conference hall? Do you want to get more customers to book your services?

Then we are here to help you do just that. No matter what type of business you own or what type of service you provide, our team of experts will enable you to boost your business by making the reservation process simpler, easier, efficient and completely hassle-free!

#### How We Can Help You

Online booking has become highly popular worldwide due to the convenience and flexibility it offers. Now your customers simply need to provide their credit card information via email or phone to book your services from anywhere in the world.

But can you assure that the transaction will always be safe and secure? No matter what, there is always a risk of someone accessing your emails and sensitive information without your knowledge.

This can eventually start affecting your business with potential customers opting out of sending valuable information by email. This is where we come in!

Link Reservation is dedicated to make the reservation process simpler and safer for you and your potential clients. We assure the confidentiality and security of each and every credit card processing. Our skilled team will empower you to provide affordable and secure online booking services to your customers around the globe.

What's more? In case there is a cancellation of reservation, you will be able to offer an enhanced solution that will be beneficial for both you and your client. Your guests will have the peace of mind that their credit card information is safe and you will be confident about providing satisfactory services, even when there is a cancellation. Moreover, you will also be able to cater to those potential guests who do not prefer to send financial details over emails.

During the year ended December 31, 2010 we incurred a loss of (\$635,376). For the nine months ended September 30, 2011 we incurred a loss of (\$344,191) and at September 30, 2011 we had a working capital deficit of (\$573,088). To date we have not generated any revenue and have incurred significant operating losses since our inception, resulting in a deficit accumulated of \$1,003,532 at September 30, 2011 and \$659,341 at December 31, 2010. The opinion of our independent registered accounting firm for the fiscal years ended December 31, 2010 and December 31, 2009 is qualified subject to substantial doubt as to our ability as a going concern. Our current burn rate is \$26,000 per month and we anticipate that we will need a minimum of \$500,000 to accomplish our business goals. We have insufficient cash to operate our business at the current level for the next twelve months and insufficient cash to achieve our business goals. As of September 30, 2011 we have notes in the aggregate principal amount of \$209,500 outstanding. Of such amount, a note in the principal amount of \$25,000 was due in September 2011 and is currently in default, a note in the principal amount of \$50,000 was due July 27, 2011 and is currently in default and a note in the principal amount of \$7,000 was due in April 2011 and is currently in default. We do not have the funds to repay the notes. The success of our business plan is contingent upon us obtaining additional financing. We intend to fund operations through debt and/or equity financing arrangements such as our \$5,000,000 equity line (the "Equity Line") with Centurion Private Equity, LLC ("Centurion"); however it is doubtful that we will be able to use the full Equity Line due to the conditions to its use, which include having two members of our board of directors who are independent, and there can be no assurance that we will meet the conditions necessary to be able to use the Equity Line, in which case the funds to be raised

through the Equity Line will not be enough to achieve the basic goals of our business plan. Other than the Equity Line, we do not have any formal commitments or arrangements for the sales of stock or the advancement or loan of funds at this time. There can be no assurance that any additional financing will be available to us on acceptable terms, or at all. In addition, if the price that we issue any shares of our stock in a put is lower than the conversion price of our three notes in the principal amounts of \$65,000, \$32,500 and \$37,500, certain of our lenders will be entitled to reduce the price at which they convert their notes to shares of our common stock and therefore will be entitled to receive more shares than anticipated, which will have the effect of diluting the shares of common stock of our investors. However, a reduction in the conversion price as set forth above will result in us issuing a greater number of shares of common stock than anticipated, which will have the effect of diluting the shares of common stock of our investors.
