Minerco, Inc.
Consolidated Notes to the Financial Statements
(unaudited)

1. Basis of Presentation

The accompanying unaudited interim financial statements of Minerco, Inc. ("Minerco" or the "Company"), have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (the "SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in Minerco's Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein.

On October 24, 2014, through its subsidiary, Athena Brands, Inc. ("Athena"), the Company entered into an Agreement (the "Membership Interest Purchase Agreement") with Avanzar Sales and Distribution, LLC, a California Limited Liability Company ("Avanzar") to acquire an initial thirty percent (30%) equity position and fifty-one percent (51%) voting interest of Avanzar for the Purchase Price of \$500,000 with an option to acquire an additional twenty-one percent (21%) interest and Second Option to acquire up to seventy-five percent (75%) of Avanzar (the "Acquisition"). The Acquisition broadens the Company's base in the consumer packaged goods industry through vertical integration. The acquisition was accounted for in accordance with ASC 805, Business Combinations.

The Acquisition has been accounted for in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") for business combinations and accordingly, the Company's assets and liabilities, excluding deferred income taxes, were recorded using their fair value as of October 24, 2014. Under SEC rules, Avanzar is considered the predecessor business to Minerco given Avanzar's significant size compared to Minerco at the date of acquisition

The basis of presentation is not consistent between the successor and predecessor entities and the financial statements are not presented on a comparable basis. As a result, the accompanying consolidated statements of operations, cash flows and comprehensive income (loss) are presented for two different reporting entities:

Successor — relates to the financial periods and balance sheets succeeding the Membership Interest Purchase Agreement; and
Predecessor — relates to the financial periods preceding the Acquisition (prior to October 24, 2014).

Unless otherwise indicated, the "Company" as used throughout the remainder of the notes, refers to both the Successor and Predecessor.

On July 15, 2016, the Company entered into an Asset Purchase Agreement with Pacific Isle, Ltd., to divest of One Hundred percent (100%) of all of the Seller's rights, title and interest in and to Seller's subsidiary, Athena Brands, Inc., formerly Level 5 Beverage, Inc., including all Seller's right, title and interest to Avanzar Sales & Distribution, LLC. The Company issued Pacific Isle, Ltd. a Promissory Note in principal amount of Two Hundred and Fifty Thousand Dollars (US\$250,000).

2. Going Concern

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. During the Nine Months ended April 30, 2017, the Company has an accumulated deficit of \$40,308,355, net loss of \$6,356,342 and no revenue. The continuation of the Company as a going concern is dependent upon the Company's continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company intends to fund operations through revenue from operations and equity and debt financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending April 30, 2017.

ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company’s financial instruments consist principally of cash, accounts payable and accrued liabilities, and due to related party. Pursuant to ASC 820, the fair value of the Company's cash equivalents is determined based on “Level 1” inputs, which consist of quoted prices in active markets for identical assets. The Company believes that the recorded values of all of the other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The following table sets forth by level with the fair value hierarchy the Company’s financial assets and liabilities measured at fair value on April 30, 2017.

	Level 1	Level 2	Level 3	Total
