6. DESCRIBE THE ISSUER'S BUSINESS, PRODUCTS AND SERVICES

A. Description of the issuer's business operations.

1. Medical Marijuana Inc. (OTC Pink Sheets; MJNA) is the first publicly held company vested in the cannabis and industrial hemp space in America. Through its subsidiaries and investment holdings the Company focuses on the development, sale and distribution of hemp oil that contains naturally occurring cannabinoids, including cannabidiol ("CBD") and other products containing CBD-rich hemp oil ("Legal Hemp"). Company products are formulated for the pharmaceutical, nutraceutical and cosmeceutical industries, including dietary supplements, prescription-based hemp oil for sale in countries that have legalized our hemp oil for the treatment of various illnesses and conditions (such as Brazil and Mexico) and skin care products. The Company is not in the business of selling or dispensing either recreational or medical marijuana, directly or indirectly, so long as marijuana remains a federally controlled substance, however, we are poised and consider ourselves well-positioned for eventual cannabis legalization (the Company's products contain only those substances that are derived from the part of the cannabis plant that is excluded from the definition of marijuana under the Controlled Substances Act and are both federally legal and outside of the purview of the Drug Enforcement Administration).

2. The Company is in the development stage.

3. To the best of our knowledge the Company is not, nor has ever been, a "shell company."

4. The effect of existing or probable government regulations on the business of the Company is not known at this time. Due to the nature of the business of the Company, it is

anticipated that there may be increasing regulation upon the business of the Company and that may cause the company to have to take serious corrective actions, changes in business plan, or even close or stop its business practices and/or operations.

5. The Company presently has nineteen (19) employees (including subsidiaries).

B. Date and state of incorporation:

The Company was originally incorporated in Oregon in 2005 as Berkshire Collection, Inc.

C. The issuer's primary and secondary SIC Codes:

7380, Miscellaneous Business Services.

D. The issuer's fiscal year end date: December 31st.

E. Principal products or services and their markets:

The Company is comprised of a diversified portfolio of products, services, technology and businesses solely focused on the Legal Hemp industry. The Company's services include development of cannabinoid based health and wellness products, and the development of medical grade compounds.

1. **Company Subsidiaries.** The Company operates through the following fully or partially (50% or more) owned subsidiaries:

- i. HempMedsPX, LLC (100%)
- ii. Wellness Managed Services, LLC (80%)
- iii. Red Dice Holdings, LLC (100%)
- iv. CanChew® Biotechnologies, LLC (50%)
- v. Hempwire, LLC (50%)
- vi. Kannaway, LLC (100%)
- vii. HempVap, LLC (50%)
- viii. HempMeds Brasil (93.4%)

The following is a brief description of each of the Company subsidiary operations:

**i. HempMeds PX™, LLC
(100% owned by the Company)**

HempMeds PX, LLC is the Company's primary distributor, through its subsidiaries and affiliates (which include HempMeds Puerto Rico and HempMeds Mexico), for the Company's portfolio of Legal Hemp products. This division may utilize sub-distributors, where advisable, to distribute the Company's portfolio of products.

Real Scientific Hemp Oil™

HempMedsPX™ flagship product is Real Scientific Hemp Oil™ (RSHO™). RSHO™ is a full spectrum, complete CBD hemp oil, containing the highest quality natural Hemp Oil in the industry. RSHO™ CBD hemp oil supplements contain from 10-30% CBD content, and is offered in 3 varieties. RSHO™ Blue Label is the most popular version of the Company's CBD hemp oil, going through a decarboxylation process before being made ready for consumption. RSHO™ Gold Label is decarboxylated like our Blue Label product, then goes through an additional filtration process, creating a golden oil with great taste and smoother consistency. RSHO™ Green Label is the non-decarboxylated, raw variety of our Real Scientific Hemp Oil™, and is as close as you can get to juicing the hemp plant.

**ii. Wellness Managed Services™, LLC
(80% owned by the Company and 20% owned by Hemp Deposit and Distribution Corporation.)**

Wellness Managed Services, LLC provides management support and services to cooperatives, collectives, health and wellness facilities, and medical clinics. The services offered range from management to product distribution. Wellness Managed Services, LLC owns 50% of MPS International™, Inc. MPS International is a consulting firm and security firm that provides consulting and security services to businesses and individuals in the legal cannabis industry.

**iii. Red Dice Holdings™
(100% owned by the Company)**

Red Dice Holdings, LLC owns the Dixie Botanical™ brand of consumable products. The Company provides all of the necessary hemp-based CBD oil to Red Dice Holdings™ brands. The products can be found at retail locations throughout Colorado. Once brand awareness is further established through online presence and media presence, the company anticipates offers from national and international marketing and distribution companies, at which time the company may need to re-evaluate and modify its sales and marketing strategies to conform to a more typical sales and distribution organization.

**iv. CanChew® Biotechnologies, LLC
(50% owned by the Company)**

CanChew Biotechnologies, LLC focuses on the treatment of pain and other medical disorders with the application of chewing gum-based cannabis/cannabinoid medical products. The company is focused on the R&D and execution of their clinical development plan and the out-licensing of their technology. Clinical development focuses on the R&D of the formulation, production and the development of chewing gum-based products for the treatment of issues like pain, nausea and vomiting, anorexia, spasticity and various other medical issues.

Product Development

CanChew® gum was brought to market first for over-the-counter use. MedChewRX™ is

being developed for medical purposes, specifically pain treatment associated with a variety of long-term, chronic or degenerative diseases whereby cannabinoid therapy is finding increasing application in a global marketplace.

CanChew® Advantage

The CanChew® formulation offers a unique, socially acceptable, patient-friendly, taste-masked and convenient delivery format for delivery of cannabidiol (CBD) via the oral mucosal membranes.

Advantages of Oral-Mucosal Delivery System for MedChewRX™:

- Bypass of the gastrointestinal tract and hepatic portal system, increasing the bioavailability of orally-administered drugs that otherwise undergo hepatic first-pass metabolism.
- Drug is protected from degradation due to pH and digestive enzymes of the middle gastrointestinal tract.
- Improved patient compliance due to the elimination of associated pain with injections.
- Sustained drug delivery.
- A relatively rapid onset of action can be achieved relative to the oral route.
- Oral mucosal systems exhibit a faster initiation and decline of delivery than do transdermal patches.
- The large contact surface of the oral cavity contributes to rapid and extensive drug absorption.

CanChew is currently seeking a GMP pharmaceutical manufacturer for its MedChewRX™ pharmaceutical drug, as well as a partner for clinical development and trials. The two require different GMP certifications. The pharmaceutical drug GMP certification is much more strenuous and is required for MedChewRX's™ clinical development.

CanChew started its MedChewRX™ clinical trials in Europe in 2014, with the overall clinical development taking three to five years. The company has a significant strategic advantage to its product and the development of this business:

1. CanChew has already developed an over-the-counter product (CanChew®), which is available for sale currently. Most companies developing a pharmaceutical drug do not also have a product for sale on the over-the-counter market. This gives CanChew® Biotechnologies the ability to fuel its own growth and the growth of its pharmaceutical unit.
2. Gum-based delivery has a much greater efficacy over traditional methods of consuming cannabinoid-based products.

3. The safety profile of MedChewRX's™ APIs allows for more attractive sponsoring opportunities for research universities and doctors.

**v. Hempwire™, LLC
(50% owned by the Company)**

Hempwire, LLC is a joint venture between the Company and Cannalink, Inc. (Cannalink, Inc. acquired its 50% stake in Hempwire from LiveWire Ergogenics in late 2015) for the marketing and distribution of CBD-rich hemp oil functional food sales and nutritional supplements distributed through HempWire.

**vi. Kannaway™, LLC
(100% owned by the Company)**

Kannaway, LLC is a multi-level marketing company which distributes quality cannabidiol ("CBD") hemp oil-based products that promote a healthy lifestyle and financial independence. Kannaway utilizes Relationship Marketing, or multi-level marketing as a business model that has Independent Distributors market goods and services to consumers. Capital normally allocated for advertising and internal sales is paid directly to the distributor sales force. This model not only pays distributors a commission for their own sales, but it allows them to build a sales organization and receive commissions or bonuses on the sales generated by the distributors in the organizations. As the first and only Cannabis based MLM Company, Kannaway has become what is termed as a "Category Creator" in the space. Kannaway markets its products in the U.S. and Puerto Rico and is planning on expanding into Spain, Mexico, the Dominican Republic, and the U.K. Kannaway made its first sale in April 2014.

Kannaway's primary products are:

1. **rev!ve™**: an advanced nutritional product, powered by an exclusive Bi-Bong™ herbal formula, organic MCT oil, and natural CBD from hemp.;

2. **Kannakick™**: a first-of-its-kind functional food chew square that contains CBD oil.

3. **Defined Transformation™**: an anti-aging skin care line using proprietary formulations passed down through generations of master herbalists. This uplifting blend of natural and organic botanicals are revered for their skin-renewing properties, and include detoxifying herbs that work harmoniously with CBD oil for smooth, refreshed skin.

4. **HempVap™**: the first hemp-based CBD vaporizing product on the market. This cool and sleek-looking custom designed vaporizer doesn't use high-nicotine for an intense "buzz" like other vapes, electronic cigarettes, and hookahs do.

5. **Kannactiv™**: a natural, healthy alternative to most products available on the market for the treatment of troubled skin. Kannaway has a five-year exclusive sales agreement with the maker of Kannactiv.

**vii. HempVap® LLC
(50% owned by the Company)**

HempVap, LLC manufactures, markets and distributes a first of its kind hemp-based CBD-oil vaporizer pen that vaporizes a flavored high-CBD hemp oil.

**viii. HempMeds Brasil, LLC
(93.4% owned by the Company)**

HempMeds Brazil specializes in the sales and distribution of cannabis products in the Brazilian marketplace. To date HempMeds Brazil has received approvals for the import, marketing and sales as a prescription medication by a doctor for 10 medical conditions. These products are also paid for and covered under the Brazilian health care system. The Brazilian health care system is HempMeds Brazil's single largest client. The company was the first to be allowed access and first to be approved for import to Brazil. It is believed to also be the world's first prescription cannabis product for Epilepsy, Parkinson's, and pain.

2. Company Investment Holdings. The Company has investment holdings in the following companies:

- i. KannaLife Sciences™, Inc. (16.7%)
- ii. Axim Biotechnologies™, Inc. (45.5%)

i. **Kannalife Sciences, Inc.** As of June 30, 2016, the Company owns an approximate 16.7% equity stake in Kannalife Sciences, Inc. ("Kannalife"). Kannalife is a bio-pharmaceutical and phyto-medical company involved in the research and development of novel new therapeutic agents designed to reduce oxidative stress, and act as immuno-modulators and neuroprotectants. Kannalife currently holds two licenses with National Institutes of Health – Office of Technology Transfer for the Commercialization of U.S. Patent #6630507, "Cannabinoids as Antioxidants and Neuroprotectants". The first license, issued in June 2012, is an exclusive license to develop commercial drug candidates for the treatment of Hepatic Encephalopathy ("HE"). The second license, issued in July 2014, is a license to develop commercial drug candidates for the treatment of Chronic Traumatic Encephalopathy ("CTE"). KannaLife is currently conducting research and development at the Bucks County Pennsylvania Biotechnology Center in Doylestown, PA, and has filed its first PCT ("Patent Cooperation Treaty") Application with the United States Patent and Trademark Office (the "USPTO") for an international patent covering Kannalife's novel cannabidiol-like target drug candidates for the treatment of certain neurological disorders and as a novel neuroprotectant for the treatment of HE and CTE. HE and CTE are both neurodegenerative and oxidative stress related diseases that affects the hippocampus which controls cognitive and behavioral functions in humans.

ii. **Axim Biotechnologies, Inc.** As of March 31, 2016, the Company owns an approximate 45.5% equity stake in Axim Biotechnologies, Inc. ("Axim" - OTCBB: AXIM). Axim is an innovative biotechnology company working on the treatment of pain, spasticity, anxiety and

other medical disorders with the application of cannabinoids based products as well as focusing on research, development and production of pharmaceutical, nutraceutical, oral health and cosmetic products as well as procurement of genetically and nano-controlled active ingredients. Axim intends to broaden its current operations to include pharmaceutical products, manufacturing facilities, genetically controlled botanical products, extraction and purification of biomaterials technologies.

MEDICAL MARIJUANA, INC.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

Nature of Operations.

Marijuana Inc. ("MJNA" or "Company") is an Oregon corporation, which through its subsidiaries and investment holdings focuses on the development, sale and distribution of hemp oil that contains naturally occurring cannabinoids, including cannabidiol ("CBD") and other products containing CBD-rich hemp oil ("Legal Hemp"). Company products are formulated for the pharmaceutical, nutraceutical and cosmeceutical industries, including dietary supplements, skin care products and prescription-based hemp oil for sale in countries (such as Brazil and Mexico) that have approved, by doctor prescription, the Company's flagship hemp oil product, RSHO™, for the treatment of various illnesses and conditions. The Company is not in the business of selling or dispensing either recreational or medical marijuana, directly or indirectly, so long as marijuana remains a federally controlled substance (the Company's products contain only those substances that are derived from the part of the cannabis plant that is excluded from the definition of marijuana under the Controlled Substances Act and are both federally legal and outside of the purview of the Drug Enforcement Administration). Finally, MJNA services include the licensing of its proprietary testing, genetics, labeling, and packaging, tracking, production and standardization methods for the medicinal cannabinoid industry.

Basis of Financial Statement Presentation. The accompanying financial statements have been prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Cash Equivalents. Holdings of highly liquid investments with maturities of three months or less when purchased are considered to be cash equivalents.

Marketable Securities. Management classifies all investments as available-for-sale. Available-for-sale securities are carried at fair value with unrealized gains and losses included in accumulated comprehensive income (loss) in shareholders' equity.

Inventories. Inventories are valued at cost. Inventory consists of finished goods and raw materials.

Property, Plant, and Equipment. Property, plant, and equipment are recorded at cost less depreciation and amortization. Depreciation and amortization are primarily accounted for on the straight-line method based on estimated useful lives. The amortization of leasehold improvements is based on the shorter of the lease term or the life of the improvement. Betterments and large renewals which extend the life of the asset are capitalized whereas maintenance and repairs and small renewals are expensed as incurred.

Revenue Recognition. Revenue is recognized in the financial statements (and the customer billed) either when materials are shipped from stock or when the vendor bills the Company for the order. Net sales are arrived at by deducting discounts, and sales taxes from gross sales.

Supplementary Information. A breakdown of consolidating balance sheet by subsidiary has been included along with consolidating statements of income and cash flow.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2: Inventories

Inventories are comprised of hemp-based raw materials and finished goods. Inventory is valued at cost.

Note 3: Warrants, Options and Stock-Based Compensation.

At June 30, 2016 the Company had no warrants or options outstanding. For the period ending June 30, 2016 the Company paid \$11,500 in consulting fees through the issuance of 250,000 shares of its common stock.

Note 4: Common Stock

The Company has 5,000,000,000 authorized shares of common stock and 2,946,918,365 shares outstanding as of June 30, 2016.

Note 5: Restricted Securities

As of June 30, 2016 the Company held a beneficial interest in 2,000,000 shares of Cannavest Corp. (OTC: CANV), which it records at cost of \$2,000,000. The CANV shares serve as collateral for a \$2,000,000 promissory note issued to Cannavest for the purchase of hemp oil and the Company's interest in the shares is subject to a pledge agreement. The CANV shares were acquired from a third-party that had previously pledged the shares on behalf of the Company. The Company issued a convertible note to the third-party as consideration for the shares. (see also Footnote 7 - "Notes Payable - Long Term", section (iii), for a description of the convertible note) Foreclosure upon the shares at a predetermined value of \$1.00 per share is the sole remedy available to Cannavest upon an event of default under the promissory note. (see also Footnote 6 - "Notes Payable - Short Term")

Note 6: Notes Payable – Short Term

Short term notes payable of \$3,378,331 consists of (i) a \$2,081,414, which includes interest accrued thereon, issued to CannaVest Corp. for the purchase of hemp oil. The Note accrues interest at the rate of 6% per annum, matures on October 1, 2016, and is secured by 2,000,000 shares of CannaVest common stock (OTC:CANV) for which the Company holds a beneficial interest and classifies as restricted securities. Upon a default of the Note, CannaVest's sole remedy is to foreclose upon the collateral shares at a predetermined value of \$1.00 per share. (see also Footnote 5 - "Restricted Securities"), and (ii) a note totaling \$1,296,917 issued to General Hemp, LLC. The note bears interest at the rate of 8% per annum until maturity on January 1, 2017. General Hemp waived all interest due on the note since inception up through the period ending June 30, 2016. (see also Footnote 9 – "Related Party Transactions").

Note 7: Notes Payable – Long Term

At June 30, 2016 long term convertible notes payable totaling \$9,501,642 consist of; (i) a convertible note having a balance of \$3,790,620 including interest accrued thereon. The note is convertible at holder's option at any time at a conversion price equal to 70% of the average of the three (3) lowest closing bid prices in the 20-days prior to conversion. Conversions under the note are subject to a restriction if such conversion would result in holder and its affiliates owning more than 9.99% of the Company's common stock and further limited to a \$300,000 maximum on the amount of any conversion in any one month period. The note accrues interest at the rate of 8% per annum until maturity on October 17, 2017 and is secured by notes receivable owned by the Company that were issued to it by the lender. (see also Footnote 8 – “Notes and Loans Receivable”); (ii) a convertible note having a balance of \$1,532,973 including interest accrued thereon. The Note is convertible at the holder's option at any time at a fixed conversion price of \$0.02 per share, subject to a restriction if such conversion would result in holder and its affiliates owning more than 9.99% of the Company's common stock. The note pays interest on a quarterly basis beginning January 1, 2016 at the rate of eight percent (8%) per annum and matures on January 1, 2026; (iii) a convertible note, having a balance of \$2,040,352 including interest accrued thereon. The note is convertible at the holder's option at any time at a conversion price equal to 75% of the lowest closing price in the three trading days prior to conversion, subject to a restriction if such conversion would result in holder and its affiliates owning more than 9.99% of the Company's common stock. The note pays interest of three percent (3%) per annum payable on a quarterly basis and matures on October 15, 2027; and (iv) convertible notes having a balance of \$2,137,697 including interest accrued thereon. The notes are convertible at the lesser of the average conversion price of \$.03748 per share or 80% of the lowest closing price in the 10 days prior to conversion. The notes accrue interest at the rate of 3% per annum until maturity in FY 2028.

Note 8: Notes and Loans Receivable

Notes and loans receivable totaling \$4,447,190 consist of the following; (i) demand notes totaling \$2,298,153, including interest accrued thereon, payable by Axim Biotechnologies, Inc. (OTCBB: AXIM) to Canchew® Biotechnologies, LLC, a subsidiary of which the Company owns 50%. The Note accrues interest at the rate of 3% per annum until payable upon demand; (ii) a demand note totaling \$534,648, including interest accrued thereon, payable by the Chief Executive Officer of Axim Biotechnologies, Inc. to Canchew® Biotechnologies, LLC, a subsidiary of which the Company owns 50%. The Note accrues interest at the rate of 4% per annum until payable upon demand; (iii) a promissory note issued by Chicago Venture Partners, LLC totaling \$1,189,589 that accrues interest at the rate of 8% per annum and matures on October 17, 2017. The note serves as collateral for that certain note payable owed by the Company totaling \$4,608,513 as of June 30, 2016. The promissory note is secured by a 60% interest in Typenex Medical, LLC, a limited liability company engaged in the medical device manufacturing business; and (iv) various loans and notes receivable totaling \$424,780.

Note 9: Related Party Transactions

The Company has a note owing totaling \$1,296,917 issued to General Hemp, LLC. The note bears interest at the rate of 8% per annum until maturity on January 1, 2017. General Hemp waived all interest due on the note since inception up through the period ending June 30, 2016. (see also Footnote 7 – “Notes Payable – Short Term”).

Canchew® Biotechnologies, LLC loaned \$500,000 to its Chief Executive Officer (who is also the Chief Executive Officer of Axim Biotechnologies, Inc.) in the form of a demand note. The balance due on the note totals \$534,648, including interest accrued thereon, as of June 30, 2016. The Note accrues interest at the rate of 4% per annum until payable upon demand. (see also Footnote 8 – “Notes and Loans Receivable”)

Note 10: Stock Issuances

For the period ending June 30, 2016 the Company issued; (i) 3,164,104 shares of its common stock in exchange for \$65,000, (ii) 250,000 shares of its common stock as payment of \$11,500 in consulting fees, and (iii) 75,000,000 shares of its common stock pursuant to the conversion of \$1,500,000 of a convertible note.

Note 11: Litigation

In the ordinary course of business the Company defends against and prosecutes various legal actions. The following is a summary of outstanding, potentially material, legal actions the Company is a party to.

Medical Marijuana, Inc. & HempMeds PX, LLC v. CannLabs, Inc. Medical Marijuana, Inc. has filed a \$100,000,000 California Superior Court libel action against CannLabs, Inc., Rifle Mountain, LLC, Genifer Murray, Jason Cranford, Project CBD.com, Aaron Miguel Cantu and Martin Lee for damages resulting from false and libelous statements made by the defendants in regard to HempMeds PX, LLC’s RSHO product.

The Company intends to vigorously defend and prosecute all actions.
