B. Beneficial Shareholders.

The following table lists the beneficial ownership of shares of our common stock by (i) all persons and groups we know to own beneficially more than 5% of outstanding shares, (ii) each of our directors, nominees and named executive officers, and (iii) all our directors and executive officers as a group. Information is as of September 30, 2016, and is based on our books and records and information obtained from each individual. Unless otherwise stated, the business address of each individual or group is the same as our principal executive office and shares of common stock are owned solely by the person indicated.

Name and Address of Beneficial Owner	Title or Group	Amount and Nature of Beneficial Ownership (1)	Percent of Class (2)
Brian Wendt	President and Director	3,500,000	5.03%

The number of shares of common stock owned are those “beneficially owned” as determined under the rules of the SEC, including any shares of common stock as to which a person has sole or shared voting or investment power and any shares of common stock which the person has the right to acquire within 60 days through the exercise of any option, warrant or right. More than one person may be deemed to be a beneficial owner of the same securities.
- (2) The percentage of beneficial ownership by any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person, which includes the number of shares as to which such person has the right to acquire voting or investment power within 60 days, by the sum of the number of shares outstanding as of such date plus the number of shares as to which such person has the right to acquire voting or investment power within 60 days. Consequently, the denominator used for calculating such percentage may be different for each beneficial owner. As of September 30, 2016, no person was entitled to acquire shares of our common stock within 60 days.
