D) financial notes (unaudited)

NuVim, Inc.

NOTE 1 - BUSINESS AND BASIS OF PRESENTATION

A. BUSINESS

NuVim, Inc. (the "Company") markets and distributes powder mix dietary supplements under the NuVim® brand. The Company provides health conscious consumers with products that enhance their quality of life. Specifically, the NuVim® products help strengthen the immune system, enhance muscle and bone health, and aid in consistent digestion, while also delivering 100% of the daily requirement of vitamins C, E, and B12, and zinc. The powder mix form of the Company's products is sold on line at www.nuvim.com and through Amazon on-line sales. The strawberry, vanilla and chocolate varieties of the powder mix products are packaged 30 individual servings to a box with the recommendation that the consumer use one serving per day. Consumers add the NuVim powder mix to yogurt, cereal, milk, juice drinks, or bottled water.

B. Going Concern

The accompanying financial statements have been prepared with the prospect that the Company will continue as a going concern. As shown in the accompanying financial statements, the Company incurred net losses of $6,623 and $7,512 for the three months ended March 31, 2017 and 2016, respectively. Management also expects operating losses to continue throughout 2017 and into 2018. The Company's continued existence is dependent upon its NuVim, Inc. (the "Company") markets and distributes powder mix dietary supplements under the NuVim® brand. The Company provides health conscious consumers with products that enhance their quality of life. Specifically, the NuVim® products help strengthen the immune system, enhance muscle and bone health, and aid in consistent digestion, while also delivering 100% of the daily requirement of vitamins C, E, and B12, and zinc. The powder mix form of the Company's products is sold on line at www.nuvim.com and through Amazon on-line sales. The strawberry, vanilla and chocolate varieties of the powder mix products are packaged 30 individual servings to a box with the recommendation that the consumer use one serving per day. Consumers add the NuVim powder mix to yogurt, cereal, milk, juice drinks, or bottled water, and secure adequate financing to fund future operations. To date, the Company has supported its activities through the sale of its products and funding from Ryan Partners.

It is the Company's intention to raise additional capital, which will be needed in 2017, through sales of its products, borrowing form existing lenders, or additional sales of its common stock. No assurance can be given that these funding strategies will be successful in providing the necessary funding to finance the operations of the Company. Additionally, there can be no assurance, even if successful in obtaining financing, that the Company will be able to generate sufficient cash flows to fund future operations. Operating losses are expected to continue through 2017 and into 2018. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets or amounts and classification of liabilities that might be necessary related to this uncertainty.

C. BASIS OF PRESENTATION

The unaudited financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. The unaudited interim financial statements as of March 31, 2017 and 2016 reflect all adjustments (consisting of normal recurring accruals) which, in the opinion of management, are considered necessary for a fair presentation of its financial position as of March 31, 2017 and the results of its operations and its cash flows for the periods ended March 31, 2017 and 2016.

The Unaudited Statements of Operations for the three months ended March 31, 2017 and 2016 are not necessarily indicative of results for the full year.

While the Company believes that the disclosures presented are adequate to make the information not misleading, these financial statements should be read in conjunction with the unaudited financial statements and accompanying notes for the year ended December 31, 2016.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

A. Net Loss Per Share

Under ASC 260-10-45, “Earnings Per Share”, basic income (loss) per common share is computed by dividing the income (loss) applicable to common stockholders by the weighted average number of common shares assumed to be outstanding during the period of computation. Diluted income (loss) per common share is computed using the weighted average number of common shares and, if dilutive, potential common shares outstanding during the period. Accordingly, the weighted average number of common shares outstanding for the periods ended March 31, 2017 and 2016, respectively, is the same for purposes of computing both basic and diluted net income per share for such years.

B. Use of Estimates

The preparation of the financial statements in conformity with generally -accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the recorded amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – NOTES PAYABLE

During the first quarter of 2016, the Ryan Group loaned an additional $20,000 pursuant to the note. Notes payable consists of $92,358 payable to the Ryan Law Group and $28,111 payable to Craig Laughlin. The Laughlin Note is due January in 2019 and the Ryan note is due January 31, 2019. The Ryan note bears no interest and the Laughlin note beats interest at the annual rate of three (3%) percent. Notes payable was $120,469 and $120,317 as of March 31, 2017 and December 31, 2016, respectively.

During the third quarter of 2016 the company agreed to issue 500,000 shares of common stock in consideration for a note payable issued on March 11, 2011 to Derek R. Spence. The note had an original principal amount of $10,000 and accrued interest at the rate of 8% per annum. The amount due on the note had been recorded a gain on extinguish of debt in prior periods. Therefore, an expense for the value of the issuable stock was recorded in the year ended December 31, 2016. The market value of the stock issued in consideration of the note was approximately $750.

NOTE 4 - RELATED PARTY TRANSACTIONS

In the fourth quarter of 2015, Mr. Kundrat agreed to convert all of NuVim's debt to him for principal and interest on these and other advances into 1,000,000 shares of NuVim common stock.

NOTE 5 – SUBSEQUENT EVENTS

Management evaluated subsequent events through the date of this filing and determined that no additional events have occurred that would require adjustments or disclosure in the financial statements.
