**Item 6            Business Information**

- A.    PLAD, Inc. is a medical device development company that intends to design, patent, and market medical devices related to patient handling niche markets. Two devices have already been designed with the participation of leading firefighters, paramedics, and nurses involved with patient handling. Three patents are initially incorporated. The company projects upwards of \$2.4 million in sales in year three. The patent application on its first market entry has already been accomplished using a top patent law firm.
- B.    In 1981 Blue Ridge, Inc., a publically traded company, was incorporated in the State of Utah. Blue Ridge, Inc. bred champion horses. In 1984, Vencor Corporation was incorporated as a private company to produce and market DiDeeSnug Diaper, an environmentally responsible cloth diaper that was both washable and reusable. On March 14, 1986, the Vencor Corporation was merged into Blue Ridge, Inc. Under the terms of the merger, the combined entity changed its name to Vencor International, Inc.
- C.    The Company's primary SIC code is 5047
- D.    The Company's fiscal year end is December 31.
- E.    The mission of PLAD, Inc. is to create innovative patient lifting products that eliminate personnel injuries from patient handling. These products will be manufactured from the highest quality materials, will be lightweight, compact, and portable, and will be able to safely lift patients in a variety of situations. We strive to make the workplace environment for personnel involved with patient handling a safer place to be and a more comfortable experience for the patient.

**Item 10 Management Discussion and Analysis**

In 1981 Blue Ridge, Inc., a publically traded company, was incorporated in the State of Utah. Blue Ridge, Inc. bred champion horses. In 1984, Vencor Corporation was incorporated as a private company to produce and market DiDeeSnug Diaper, an environmentally responsible cloth diaper that was both washable and reusable. On March 14, 1986, the Vencor Corporation was merged into Blue Ridge, Inc. Under the terms of the merger, the combined entity changed its name to Vencor International, Inc. From its start to October 1989, Vencor developed and test marketed the DiDeeSnug diaper. DiDeeSnug is made from 100% cotton, is form fitting and has elasticized leg openings. Its Velcro® closures at the waist allow users to adjust the diaper to the exact size of the baby's waist. Consequently, there was no use and/or need for safety pins.

Although Vencor was established as a public company in 1986 it did not start selling DiDeeSnug at the national market level until early 1990. During this interim period Vencor spent considerable time and effort developing and test marketing the DiDeeSnug diaper in order to make sure it had properly developed this product.

In late 1991 and 1992, consumers lost interest, to some degree, in the environmental issues associated with disposable diapers. Meanwhile, given the nation's economic recession, retailers no longer wanted to invest in any new product inventory. For their part, consumers did not want to make the up-front investment in reusable diapers. All of this led Vencor to start investigating other product opportunities/ideas.

Drawing on its established expertise in infant diapers, Vencor decided in August 1992 to enter the adult incontinent market. Concurrent with the incontinent effort, mentioned above, Vencor also developed a line of novelty infant sleepwear products. The decision to develop an infant sleepwear line came during the fall of 1992, while Vencor was developing its adult incontinent products. Company management realized that the adult incontinent line would take time to fully develop and that an infant sleepwear line could be introduced more quickly to boost Vencor's cash flow. As such, Vencor began to develop and merchandise a line of sleepwear products.

In October of 1999, Vencor changed its name to Regal Apparel Group, Inc. On March 29, 2003, the Company changed its name back to Vencor International, Inc.

In Mid-2003, ACCUDX became part of VENCOR. ACCUDX was a development stage company offering at-home testing for HIV and Hepatitis C. These testing products could be purchased over the

Internet. The Company also planned to sell them over the counter at both drug stores and grocery stores. These quick tests were in the process of being approved globally and orders were pledged in Pakistan, Thailand, Switzerland Italy and Armenia. The financing for this project was delayed so this division never went forward to full production and finally was transferred back to the original owner ACCUDX in May of 2005.

October 1, 2008 Vencor International, Inc entered into a purchase agreement with Leisureworks Group, LLC a Nevada LLC. Vencor entered into an "Asset Purchase Agreement" the purchase amount was \$1,500,000 included in the agreement was the company name Leisureworks Group, LLC and is administered as such. The purchase price was for brand label value of "Robeworks" and "Leisureworks" plus inventory and equipment. November 1, 2008 Leisureworks Group, LLC entered into an agreement with Victiore, LLC to sell the rights of the Robeworks brand label, its inventory and customer list for \$575,600. Victiore, LLC paid \$175,600 as a down payment and Leisureworks Group, LLC carried a \$400,000 note at 6% interest per annum. The monthly payment principal and interest is \$9,394.01 for 4 years.

From 2009 to 2013, VENCOR was engaged in the business of the sales of robes and Leisurewear through wholesale channels; designing, merchandising and production investment for re-entry into the market in activewear; and finalizing international website development.

In 2014 Vencor International was in the business of providing torrefied wood pellets to customers around the world. Torrefied wood pellets are made from timber field waste using a process called torrefaction. Torrefied wood pellets are a renewable energy source that can replace traditional coal.

On August 10, 2015 PLAD, Inc. purchased Controlling Interest in Vencor International, Inc. and merged PLAD, Inc., into the Company. PLAD's goal is to eliminate the possibility of back injuries from performing non-emergent lift assists that are performed daily by firefighters, E.M.S. personnel, Assisted Living personnel, Nursing Home personnel, and home health workers. We've created an industry first lifting device that is light weight and portable, battery powered, can be deployed in a matter of minutes by one or two people, and can lift a patient from the ground to a standing position, into a chair, into a wheelchair, or onto a stretcher with just a pull of a trigger.

On November 5, 2015 the Company announced that it had changed its name to PLAD, Inc. and will now be trading under the stock symbol PLAD (OT Pink: PLAD) after the symbol VCORD expires within the next 20 open market days.

On April 19, 2016 All officers and directors resigned from their respective positions with PLAD, INC. a Utah Corporation Leaving Mr. Scott Forsythe as the Sole officer and Director. The Company is still operational and conducts day to day operations. The current management team is currently in negotiations with several companies to merge into the public company, which will result in a name and symbol change. The Company has just begun negotiations and is hopeful it will have a final candidate and fully executed agreement within the next 90 days.

#### Private Placement Memorandum

PLAD, Inc. will be offering a Private Placement Memorandum to Accredited Investors to raise funds for the Company. Management feels this is the best way to raise funds so its shareholders will not be diluted.

The Company has no current plans to raise funds using Free Trading Shares. The Company will use funds raised to develop additional products, acquire additional subsidiaries and help grow the Company to increase value.

The Company has entered into a Letter of Intent (LOI) with a premier Hemp Company. Once the fifteen (15) day due diligence period is up there will be a final Agreement put in place that will include a name and symbol change to better reflect the Company's new direction. Also, Mr. Scott Forsythe will resign from all positions with the Company and return all shares to treasury.
